

Weld County Spouses' Organization

Supporting Greatness!

Welcome to the Weld County Sheriff's Office family! In January of 2009, the Weld County Spouses' Organization was born. What began as two women saying "We should" soon materialized into "We are"! Originally, we came together to be a strong support system for each of the deputies, officers and their families. We also wanted to build friendships with the spouses' of the Weld County Sheriff's Office. What began as a simple reaching out to create a social network amongst the spouses, quickly evolved into a group of women who carried far more purpose and mission than we first envisioned. We wanted to have an organized system in place to offer support and help in time of need, and we knew that we were just beginning!

In addition to providing support and friendship to the S.O. family and each other, the Weld County Spouses' Organization has also established other activities that the group organizes. Such as quarterly spouse socials, an annual all family BBQ, meal coordination for families experiencing need, including new babies, illness, surgery, and tragedy. The Weld County Spouses' Organization recognizes the special dates of the participating members such as birthdays and anniversaries. The Weld County Spouses' Organization also keeps everyone up to date with quarterly newsletters.

In May 2010, by approval of the Sheriff, the formal logo and mission statement of the Weld County Spouses' Organization was created. The mission accurately reflects our vision: *Providing friendship and support to fellow spouses in times of celebration and in times of struggle. Giving back to the community that our men and women serve and protect, because serving the community is a family effort.*

As we continue to move forward, the Weld County Spouses' Organization has acknowledged the desire of the spouses to become an active participant in giving back to the community. Our inaugural event as a group, and one that will likely be an annual event for the Weld County Spouses' Organization and its participating members, is to serve refreshments at the annual Peace Officers Memorial. The Weld County Spouses' Organization is also currently involved in organizing food drives for the Weld County Food Bank, and possibly connecting with a school in the county that needs extra help for school supplies for their students. It is the hope of the Organization to include a variety of outreach opportunities for our members to connect with the community. The deputies and officers faithfully serve and protect Weld County and its residents and the spouses recognize that serving our community is a family effort!
