JOHN B. COOKE
SHERIFF

FOR IMMEDIATE RELEASE – May 24, 2008

WELD FOOD BANK DONATION INFORMATION

GREELEY, Colo. – The following information was issued by the Weld Food Bank.

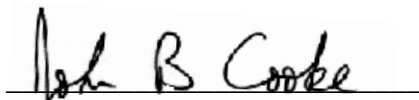

In response to the tornadoes recently experienced in Northern Colorado and in preparation for the resulting increased need in the near future, Weld Food Bank is building emergency food boxes for distribution to disaster victims. We are also supplying food and drink to area shelters and agencies.

Because of the tremendous outpouring of community volunteers, Weld Food Bank does NOT need additional volunteers at the food bank on Saturday. Please check back with us next week after we have had an opportunity to assess community needs and have coordinated efforts with other organizations providing disaster relief.

How you can help in our disaster response:

Donate cases of canned meats, stews and soups, canned fruits and vegetables, peanut butter and crackers. To expedite getting food to disaster victims, cases only please. Donate cash. Send checks or bring cash donations to our offices.

For more information about the Weld Food Bank please visit www.weldfoodbank.org or call them at 970-356-2199.

John B. Cooke – Sheriff
