PRESS RELEASE

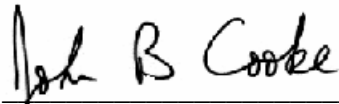

October 25, 2006

The Weld County Sheriff's Office now offers an electronic *E-Alert* system. The purpose of the system is to keep the public informed by e-mail of certain events. Currently, there are 3 lists available.

- Press Release Alerts - This list is designed to provide updates on new press releases.
- Most Wanted Alerts - This list is designed to provide updates on Weld's Most Wanted fugitives. Examples could be captures or recent sightings
- Be On the Look Out Alerts - This list is designed to send out any late breaking information which the public should be informed about. Examples could include a specific person or vehicle which the Sheriff's Office is looking for.

Anyone interested in these services may subscribe by visiting www.weldsheriff.com and selecting the list(s) for which they have an interest.

The alerts can be emailed to a desktop email account, or to a wireless account such as a cell phone, PDA, or both. A single user may choose to have alerts sent to multiple accounts. New E-Alert lists will be added in the future as the need arises.

JOHN B. COOKE
