FOR IMMEDIATE RELEASE – June 11, 2008

WELD INVESTIGATES DEATH OF FETUS

Weld County Sheriff's Office is investigating the report of a fetus found in a port a potty. The port a potty was one of two port a potties located at a sand and gravel business at county road 126 and 21 near Carr which is eight miles south of the Wyoming Colorado border. The call was received at approximately 3:30 p.m. from the employee who was assigned to pump and clean the port a potty. The port a potty was last cleaned two weeks ago. The employee discovered the body of a male fetus when the vacuum system shut down. Preliminary information is that the fetus may be in the early part of the third tri-mester. An autopsy is scheduled for Friday. There is no speculation on how long the body of the fetus had been there. Anyone with information is asked to contact the Weld County Sheriff's Office at 970 356 4015 Ext 2825.
