

Emergencies affect the entire family – including your pets.

But you can prepare.

First, download a pet emergency contact card from the AVMA and keep it in your wallet to easily reference any important phone numbers you need. Make sure you can reach the people and organizations you need when the time is critical.

Next, download our Saving the Whole Family booklet and other resources for tips on assembling emergency kits, checklists and plans.

+ My Pet Emergency numbers	
Boarding kennel	Pet sitter
Shelters/Pounds	Alternate caretaker information <i>(neighbor, family member)</i>
