LAW ENFORCEMENT CODE OF ETHICS

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or abuse and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

The Office will take preventive and corrective action to address any behavior that violates this policy or the rights and privileges it is designed to protect.

All staff reports (e.g., reports assigned to a specific person for the purpose of responding to a problem or issue) shall incorporate the principle of "completed staff work," which requires the person to whom a task has been delegated to complete and document the delegated work to such an extent that the only thing left for the decision-maker to do is to approve, or decline to approve, the recommendation. Staff reports that only point out weaknesses or merely suggest needed actions are not completed staff work and are not acceptable.

The writer of the staff report should document the efforts made to have the report reviewed by or acted upon by those individuals representing work units or other entities likely to be affected by any proposed changes.

206.10 INTRODUCTORY SUMMARY MEMORANDUMS

Any memorandum that exceeds one page in length should contain a brief introductory summary section synthesizing the subject matter.

206.11 ADMINISTRATIVE REPORT FORMAT

All staff reports submitted via the chain of command to superior officers for further action should be written in accordance with the following format, when applicable.

Executive Summary Section - The staff report should begin with a brief statement of the problem or issue and what could be done about it. This summary should restate the main points of the report in general, non-technical language, leaving out details. The length of the executive summary section should range from one paragraph to one page.

Problem/Issue Identification Section - This section of a staff report is critical to the success of the reader's ability to grasp the issues involved and to arrive at an informed decision. It should strive to identify the true nature and scope of the problem by identifying the known facts and

background of the situation, including who has the problem, how long has it existed and the known or likely consequences of the problem.

Forecast Future Impacts - This section of the report should clearly define the problem and be accompanied by an analysis of relevant factors, supported by specific examples, details or testimony, clarifying what the problem is and why it exists. Generally, the reader should be able to leave this section of the report clearly understanding the issues involved and the consequences of taking no action.

Alternatives Analysis Section - Whenever the seriousness or complexity of a problem warrants the development of alternative solutions, a staff report should include a section containing a discussion of different courses of action and their consequences, taking into account the comments and positions of other staff members or entities affected by an Office response to the problem.

Supervision Staffing Levels

207.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Office intends to balance the employee's needs against its need and inherent managerial right to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet the operational requirements of the Office.

207.2 MINIMUM STAFFING LEVELS

Minimum staffing levels should result in scheduling at least one supervisor and four patrol deputies on-duty whenever possible. Shift Sergeants will ensure that they make themselves visible to their employees during each shift.

207.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, a deputy may be used as an acting shift supervisor for a limited period of time.

209.1 PURPOSE AND SCOPE

The purpose of this policy is to outline the process and conditions associated with the issuance, denial or revocation of a concealed weapon permit endorsement for retired deputies.

209.2 QUALIFIED RETIREES

Any qualified retired law enforcement deputy of this office who was authorized to, and did, carry a firearm during the course and scope of his/her employment may apply for a retiree concealed weapon permit.

Qualified retired law enforcement deputy means an individual who (4 CCR 901-1:27):

- (a) Separated in good standing from service as a law enforcement deputy, other than for reasons of mental instability.
- (b) Before retirement was authorized by law to engage in or supervise law enforcement activities for any violation of law and had statutory powers of arrest.
- (c) Before retirement was regularly employed as a law enforcement deputy for an aggregate of at least 10 years or more, or retired from service with a service-related disability after completion of probation.
- (d) During the most recent 12-month period has met the state standard for training and qualification to carry firearms.
- (e) Is not under the influence of alcohol or other intoxicating or hallucinatory drugs or substances.
- (f) Is not prohibited by any state or federal law from receiving or possessing a firearm or under a current court order.
- (g) Has in possession photographic identification from this office.

A former law enforcement officer is not "in good standing" if he/she was discharged for cause or resigned prior to the final disposition of allegations of misconduct. A former law enforcement officer is not "in good standing" if he/she has entered into an agreement with the Office in which that individual acknowledges that he/she is not qualified under this section for reasons relating to mental health and for those reasons will not receive or accept the required photographic identification.

Nothing in this policy will prohibit a retired law enforcement officer from seeking and obtaining a concealed weapon permit pursuant to CRS § 18-12-201 et seq.

209.2.1 FIREARMS QUALIFICATIONS

This office may offer a law enforcement officer who retired from this office, or other law enforcement agency, the opportunity to obtain the necessary certification for a concealed weapons permit. A retired officer from an outside law enforcement agency may be required to demonstrate proficiency in the handling and shooting of a firearm. The Office may impose a nonrefundable

fee in the amount necessary to pay the expenses for providing the firearms qualification or as allowed by law.

209.2.2 ISSUE OF PERMIT AND CERTIFICATE

Upon verification of required qualification standards, the Sheriff may issue a concealed weapon permit for retirees of this office. Applicants granted a concealed weapon permit will also be issued a certificate of proficiency that expires on the anniversary of the date the certificate was issued. A retired deputy may request an annual evaluation of weapons proficiency and issuance of a certificate of proficiency as needed to comply with the provisions of 18 USC § 926C.

209.2.3 IDENTIFICATION CARD

This Office issues photographic identification cards upon request of a qualified retired deputy who meets the requirements of 18 USC § 926C and state law (CRS § 24-33.5-112; CRS § 30-10-524; CRS § 31-30-106; CRS § 23-5-142).

Prior to issuing the identification card, the Office shall complete a criminal background check through a search of the National Instant Criminal Background Check System (NICS) and a search of the Colorado Integrated Criminal Justice Information System (CICJIS). If the background check indicates that the deputy is prohibited from possessing a firearm by state or federal law, the Office shall not issue the identification (CRS § 24-33.5-112; CRS § 30-10-524; CRS § 31-30-106; CRS § 23-5-142).

If the Sheriff does not issue the identification card to a retired deputy, the Office shall provide the retired deputy with a written statement showing the reason for the denial (CRS § 24-33.5-112; CRS § 30-10-524; CRS § 31-30-106; CRS § 23-5-142).

209.3 CARRYING FIREARMS OUT OF STATE

Subject to 18 USC § 926C and the Firearms and Qualification Policy, qualified retired deputies of this office may be authorized to carry a concealed firearm in other states.

209.4 OTHER QUALIFIED RETIREES

Law enforcement officers who have retired from other agencies may apply to the Sheriff of the county in which they reside for a concealed weapon permit. The Sheriff may provide certification if the retired law enforcement officer meets the criteria, standards for training and required qualifications. If such criteria are met, the Sheriff may issue a concealed weapon permit with a certificate of proficiency that expires on the anniversary of the date the certificate was issued.

The minimum requirements for this consideration include that the applicant must be a qualified retired law enforcement officer, who is entitled to carry a concealed firearm under 18 USC § 926C and state law. The Office may impose a nonrefundable fee in the amount necessary to pay the expenses in providing the certification.

The Sheriff or the authorized designee shall verify the applicant's form, recent firearms qualifications, retiree law enforcement identification and Colorado driver's license for completeness, validity and proper identification (4 CCR 901-1:27(I)(c)).

The qualification for a permit shall be validated, including a check for wants or warrants and any active court order, and a determination if the applicant is prohibited by state or federal law to possess or carry firearms. Any denial or revocation under this section shall also be considered disqualification under 18 USC § 926C(d). The permit or endorsement may be immediately and temporarily revoked by the Shift Sergeant when the conduct of a retired law enforcement officer compromises public safety.

Good cause, if challenged, shall be determined in the following manner:

- (a) In the event that an endorsement is initially denied, the retired deputy shall have 15 days from the date of denial to request a hearing. The failure to submit in a timely manner a written request for a hearing shall be deemed a waiver. The hearing, absent written agreement between the parties, shall be held no later than 90 days after the request is received.
- (b) Prior to revocation of any endorsement, the Office shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested, to the retiree's last known address. If immediate revocation is necessary, then direct contact may be made as necessary along with written notice.

- (c) The hearing for the denial or revocation of any endorsement should be conducted before a panel of three Office members.
 - 1. Any retiree who waives the right to a hearing or whose endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Office will then reissue a new identification card, which shall be stamped "No CWP Privilege."

209.6.1 SHIFT COMMANDER RESPONSIBILITY

Employees who have reason to suspect a retiree's conduct has compromised public safety should notify the Shift Sergeant as soon as practicable. The Shift Sergeant should take the following steps in these instances:

- (a) Take appropriate steps to promptly look into the matter.

- (c) In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Shift Sergeant should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Shift Sergeant may request that a law enforcement officer of that agency act as the Office's agent to deliver the written notification.
- (d) Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested.

Findings and Discipline

212.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure disciplinary actions taken by the Sheriff's Office are corrective in nature, provide a reasonable means for correcting performance, and are consistent with provisions of the Weld County Code.

212.2 REFERENCES

Board of County Commissioners of Weld v. Harold Andrews, Sheriff, 83CA0409; Weld County Code, Chapter 3 Human Resources, Article IV; Weld County Code 3-2-90 (c); WCSO General Order – Use of Accrued Vacation Leave In Lieu of Suspension.

212.3 DEFINITIONS

Complaint– an allegation of any misconduct by a member of the WCSO.

Findings – a conclusion based on analysis of information compiled in an internal investigation using specific evidentiary standard(s).

Findings Report– a report generated by the Administrative Captain detailing their analysis and resulting findings in response to an Internal Investigation.

Internal Investigation – an investigation of a complaint or allegation of misconduct, where a WCSO member is the alleged offending party.

Member– any person employed or appointed by the Weld County Sheriff's Office, including full-time deputies, reserve deputies, civilian employees, contract employees, and volunteers.

Personnel Management Software– a software program used to document an Internal Investigation (Blue Team, Benchmark, etc.).

Range of Discipline Report – a report generated by Internal Affairs detailing a subject members disciplinary history and findings from similar past disciplinary incidents.

Subject Member – the member who is the subject of an investigation.

212.4 FINDING TYPES

Exonerated– an investigative finding or conclusion that an event occurred but the totality of circumstances indicates there was no improper performance or conduct.

Inactivated – an investigative finding when the complainant fails to cooperate or provide enough specific information to conduct an effective investigation. Inactivated investigations are placed on hold pending further information and will be reactivated if actionable information is provided within 30 days.

Not Sustained– an investigative finding or conclusion that an event occurred but the totality of circumstances is insufficient to determine whether improper performance or conduct did, or did not, occur.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Findings and Discipline

Sustained– an investigative finding or conclusion that an event occurred, and the totality of circumstances indicates improper performance or misconduct was more likely than not.

Unfounded– an investigative finding or conclusion that an event never occurred and has no basis of fact.

212.5 EVIDENCE STANDARDS

Preponderance of the evidence – a burden of proof that requires the evidence to show that a fact or event was “more likely than not” to have occurred. It is commonly held that the preponderance of the evidence standard is defined as at least 51 percent of the evidence shows that a fact or event occurred.

Clear and Convincing evidence – a burden of proof that requires the evidence to show that a fact or event is “substantially more likely than not” to have occurred. This standard is higher than preponderance of the evidence, but it does not rise to the widely recognized standard of beyond a reasonable doubt that is used in criminal cases.

212.6 TYPES OF DISCIPLINE

- (a) There are three general categories of disciplinary action that may be taken.
 - (a) Discipline that does not affect pay or benefits.
 - (b) Discipline that does affect pay or benefits.
 - (c) Recommendation for dismissal.

 - i. The seriousness of the violation
 - ii. Prior work history
 - iii. Experience
 - iv. Mitigating, or aggravating, circumstances
 - 1. An effective intervention will be considered a mitigating factor in any discipline.

- (a) Once an internal investigation is completed it will be assigned to the Administrative Captain or their designee for review and determination of appropriate findings.
 - (a) When reviewing investigations involving allegations of untruthfulness or omissions of material fact, the Administrative Captain or designee will determine findings using the clear and convincing evidence standard.
 - (b) When reviewing investigations involving allegations of all other misconduct, the Administrative Captain or designee will determine findings using the preponderance of the evidence standard.
- (b) The findings will be based on the totality of circumstances and must be one of the following:
 - (a) Exonerated
 - (b) Inactivated

- (a) Discipline of this nature can be, but is not limited to; verbal warnings, verbal counseling, written warnings, and written reprimands when an internal investigation is not necessary.
- (b) Supervisors have unilateral authority to impose disciplinary action when the action does not involve a loss of pay and/or benefits, or dismissal (verbal warning, verbal counseling, written warning, or written reprimand).

212.11 RECOMMENDATION FOR DISMISSAL

- (a) If the Administrative Captain or designee's discipline recommendation is dismissal, they will provide the Sheriff or designee with the summary document.
 - (a) The Sheriff reviews the recommendation for dismissal and determines if a pre-dismissal hearing will be scheduled.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every deputy of this office is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner.

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

300.1.1 DEFINITIONS

Deadly Physical Force - Force, the intended, natural, and probable consequence of which is to produce death, and which does, in fact, produce death. (CRS § 18-1-901)

Excessive force - The use of more force than is objectively reasonable under the circumstances to accomplish a lawful purpose.

Less-lethal force – Any application of force that is neither reasonably anticipated to cause, nor intended to create, a substantial likelihood of death or serious bodily injury.

Use of Force - Any application of physical techniques or tactics, chemical agents, specialty tools, or weapons directed to another person, for the purposes of effecting an arrest, preventing an escape or preventing an imminent threat of serious bodily injury or death to the peace officer or another person. This includes pointing the weapon directly at the person. It is not a use of force when a weapon is displayed or when a deputy uses control holds for directing and guiding a compliant individual.

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Deputies are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Deputies must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Weld County Sheriff's Office recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting deputies with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation, and a careful balancing of all interests.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Use of Force

300.3 USE OF FORCE

Deputies shall use only that amount of force that reasonably appears necessary given the facts and circumstances perceived by the deputy at the time of the event to accomplish a legitimate law enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable deputy on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that deputies are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Prior to resorting to the use of force, deputies should, when practicable, attempt verbal persuasion, orders or other tactics to avoid or mitigate the need for forceful action.

Force shall never be used as punishment or retaliation.

Nothing in this policy is intended to require that force options be used in a particular order. However, the force option used must be objectively reasonable under the circumstances to accomplish a lawful objective.

Given that no policy can realistically predict every possible situation a deputy might encounter, deputies are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which deputies reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Office. Deputies may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires a deputy to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether to apply force and evaluating whether a deputy has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

- (a) Immediacy and severity of the threat to deputies or others.
- (b) The conduct of the individual being confronted, as reasonably perceived by the deputy at the time.
- (c) Deputy/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of deputies available vs. subjects).
- (d) The effects of drugs or alcohol.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Use of Force

- (e) Subject's mental state or capacity.
- (f) Proximity of weapons or dangerous improvised devices.
- (g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- (h) The availability of other options and their possible effectiveness.
- (i) Seriousness of the suspected offense or reason for contact with the individual.
- (j) Training and experience of the deputy.
- (k) Potential for injury to deputies, suspects and others.
- (l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the deputy.
- (m) The risk and reasonably foreseeable consequences of escape.
- (n) The apparent need for immediate control of the subject or a prompt resolution of the situation.
- (o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the deputy or others.
- (p) Prior contacts with the subject or awareness of any propensity for violence.
- (q) Any other exigent circumstances.

300.3.2 USE OF FORCE TO EFFECT AN ARREST OR PREVENT AN ESCAPE

Peace officers, in carrying out their duties, shall apply nonviolent means, when possible, before resorting to the use of physical force. A peace officer may use physical force only if nonviolent means would be ineffective in effecting an arrest, preventing an escape, or preventing an imminent threat of serious bodily injury or death to the peace officer or another person (CRS § 18-1-707).

When physical force is used, a peace officer shall:

- (a) Not use deadly physical force to apprehend a person who is suspected of only a minor or nonviolent offense;
- (b) Use only a degree of force consistent with the minimization of injury to others;
- (c) Ensure that assistance and medical aid are rendered to any injured or affected persons as soon as practicable; and
- (d) Ensure that any identified relative or next of kin of persons who have sustained serious bodily injury or death are notified as soon as practicable.

A peace officer is prohibited from using a chokehold upon another person.

- (a) For the purposes of this subsection, "chokehold" means a method by which a person applies sufficient pressure to a person to make breathing difficult or impossible and includes but is not limited to any pressure to the neck, throat, or windpipe that may prevent or hinder breathing or reduce intake of air.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Use of Force

- (b) "Chokehold" also means applying pressure to a person's neck on either side of the windpipe, but not to the windpipe itself, to stop the flow of blood to the brain via the carotid arteries.

A peace officer is justified in using deadly physical force to make an arrest only when all other means of apprehension are unreasonable given the circumstances and:

- (a) The arrest is for a felony involving conduct including the use or threatened use of deadly physical force;
- (b) The suspect poses an immediate threat to the peace officer or another person;
- (c) The force employed does not create a substantial risk of injury to other persons.

A peace officer shall identify himself or herself as a peace officer and give clear verbal warning of his or her intent to use firearms or other deadly physical force, with sufficient time for the warning to be observed, unless to do so would unduly place peace officers at risk of injury, would create a risk of death or injury to other persons.

Notwithstanding any other provision in this section, a peace officer is justified in using deadly force if the peace officer has an objectively reasonable belief that a lesser degree of force is inadequate and the peace officer has objectively reasonable ground to believe, and does believe, that he or another person is in imminent danger of being killed or receiving serious bodily injury.

300.3.3 USE OF FORCE TO SEIZE EVIDENCE

In general, deputies may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, deputies are discouraged from using force solely to prevent a person from swallowing evidence or contraband. While serving a search warrant, deputies are authorized to use such force as is reasonably necessary in the performance of the duties commanded by the warrant. C.R.S. § 16-3-304.

300.4 EXCESSIVE FORCE

Pursuant to CRS § 18-8-802 (1.5)(a), a peace officer who witnesses another peace officer use physical force that exceeds the degree of physical force permitted pursuant to CRS § 18-1-707 must report the excessive use of force to the officer's immediate supervisor.

300.4.1 DUTY TO INTERVENE

Any deputy present and observing another peace officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intervene to stop the continued use of unreasonable force and to prevent a subsequent use of unreasonable force.

300.4.2 REPORTING EXCESSIVE FORCE

Every deputy who witnesses another peace officer using force in excess of that permitted by statute (CRS § 18-1-707) must, without delay, verbally report the incident to his or her immediate supervisor. The reporting deputy must affirmatively state that he or she perceived the use of force as excessive.

Use of Force

- (a) **Although State statute requires that this report be made in writing within 10 days of occurrence, deputies of this Office shall make such written report prior to going off-duty, unless otherwise directed by a supervisor.
 - 1. The report shall include the date, time and place of the occurrence, the identity, if known, description of the participants, and a clear, concise description of the events and the force used.
- (b) In instances of suspected excessive force, notification shall be made to Office Executive Staff and Internal Affairs.

300.5 REPORTING THE USE OF FORCE

Every deputy use of force is an incident that shall be reported. Any deputy who uses force and any deputy directly observing the incident shall make a verbal report to a supervisor as soon as practicable and shall submit all requested documentation prior to going off-duty, unless directed otherwise by a supervisor.

The documentation will reflect the actions and responses of each deputy participating in the incident, as witnessed by the reporting deputy. To collect data for purposes of training, resource allocation, analysis and related purposes, the Office may require the completion of additional report forms, as specified in office policy, procedure or law.

The report should include:

- (a) A clear, detailed description of the incident, including any application of weapons or restraints.
- (b) The identity of all individuals involved in the incident (e.g., subject, staff, others).
- (c) The specific reasons for the application of force.
- (d) The threat as perceived by the staff involved.
- (e) Efforts made to temper the severity of a forceful response, and if there were none, the reasons why.
- (f) Description of any injuries to anyone involved in the incident, including the result of any medical checks that show the presence or absence of injury.
- Data to be included:
 - Time in restraints
 - Injuries
 - Deputy
 - Citizen
 - Suspect
 - Photographs
 - Medical Treatment
 - Witness Statement

Use of Force

- Damage to property

The supervisor responsible for gathering the reports may allow a reasonable delay in preparation of a report in consideration of immediate psychological and/or physical condition of the involved deputy.

300.6 MEDICAL CONSIDERATION

Subsequent to any use of force, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the deputy's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, or hospital staff. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and body worn camera recordings and, whenever practicable, should be witnessed by another officer and/or medical personnel.

The on-scene supervisor, or if not available, the primary handling deputy shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain, or who require a protracted physical encounter with multiple deputies to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Deputies who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage nearby until the scene is safe.

300.7 SUPERVISOR RESPONSIBILITY

The Shift Sergeant shall review all related reports of use of force incidents occurring on his/her command. The review is to determine whether the use of force was in compliance with policy, procedure and applicable law, and to determine if follow-up action or investigation is necessary. The Shift Sergeant should also ensure that a use of force report is prepared and forwarded to Internal Affairs via the chain of command.

When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

- (a) Obtain the basic facts from the involved deputies. Absent an allegation of misconduct or excessive force, this will be considered a routine use of force report, completed in the normal course of duties.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Use of Force

- (b) Ensure that any injured parties are examined and treated.
- (c) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be included in the use of force report.
- (d) Identify any witnesses not already included in related reports.
- (e) Review and approve all related reports.
- (f) Evaluate the circumstances surrounding the incident and contact the Internal Affairs Unit, if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit

300.8 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective. Deputies should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. A deputy should only discharge a firearm at a moving vehicle or its occupants when the deputy reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the deputy or others. A deputy is justified in using deadly physical force if the deputy has an objectively reasonable belief that a lesser degree of force is inadequate and the deputy has objectively reasonable grounds to believe, and does believe, that he or another person is in imminent danger of being killed or of receiving serious bodily injury.

Unless a deputy has special training and is using a vehicle interdiction weapon, deputies should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.9 TRAINING

The Training Sergeant ensures legal and agency training mandates are met. This training should include the following:

- (a) Use of force
- (b) Weapons training
- (c) Defensive tactics
- (d) Confrontation avoidance procedures:
 - i. Communication techniques
 - ii. De-escalation techniques
 - iii. Dealing with the mentally ill
 - iv. Application of restraints

- (e) General restraint training (soft and hard restraints)
- (f) Reporting procedures

300.9.1 PERIODIC TRAINING

Supervisors should conduct, and document, regular periodic briefings concerning this policy and the storage and use of weapons and control devices. Any test sheets or documentation of performance should be forwarded to the Training Sergeant to be included in the employee's training record.

Handcuffing and Restraints

301.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

301.2 POLICY

The Weld County Sheriff's Office authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and office training. Restraint devices shall not be used to punish, to display authority or as a show of force.

301.3 USE OF RESTRAINTS

Only members who have successfully completed Weld County Sheriff's Office-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, deputies should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

301.3.1 RESTRAINT OF DETAINEES

Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of deputies and others. When deciding whether to remove restraints from a detainee, deputies should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

301.3.2 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety.

No person who is in labor shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized determination that such restraints are necessary to prevent escape or injury.

Handcuffing and Restraints

301.3.3 NOTIFICATIONS

Whenever a deputy transports a person with the use of restraints other than handcuffs, the deputy shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the deputy reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

301.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Office. Deputies should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, deputies should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, deputies should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

301.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS

Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the deputy reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Deputies utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Deputies should provide assistance during the movement of restrained individuals due to the potential for impaired or distorted vision on the part of the individual. Deputies should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed.

and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

301.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only office-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

301.7 APPLICATION OF LEG RESTRAINT DEVICES

Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Office shall be used.

In determining whether to use the leg restraint, deputies should consider:

- (a) Whether the deputy or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.
- (b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting deputy while handcuffed, kicking at objects or deputies).
- (c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

301.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS

When applying leg restraints or nylon restraint devices, the following guidelines should be followed:

- (a) Once applied, absent a medical or other emergency, restraints should remain in place until the deputy arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.
- (b) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.
- (c) The restrained person should be continually monitored by a deputy while in the leg restraint. The deputy should ensure that the person does not roll onto and remain on his/her stomach.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Handcuffing and Restraints

- (d) The deputy should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.
- (e) When transported by ambulance/paramedic unit, the restrained person should be accompanied by a deputy when requested by medical personnel. The transporting deputy should describe to medical personnel any unusual behaviors or other circumstances the deputy reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

301.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the deputy shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The deputy should include, as appropriate:

- (a) The amount of time the suspect was restrained.
- (b) How the suspect was transported and the position of the suspect.
- (c) Observations of the suspect's behavior and any signs of physiological problems.
- (d) Any known or suspected drug use or other medical problems.

Control Devices and Techniques

302.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

302.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Weld County Sheriff's Office authorizes deputies to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

302.3 DEFINITIONS

Cruiser Ready Condition: A status of weapon readiness (shotgun/rifle) where the weapon is stored in a ready to use condition. Typically the weapon will be stored with:

- (a) Chamber empty
- (b) Bolt forward
- (c) Safety on
- (d) Magazine tube loaded or a fully loaded magazine in the magazine well

302.4 ISSUING, CARRYING AND USING CONTROL DEVICES

Control devices described in this policy may be carried and used by members of this office only if the device has been issued by the Office or approved by the Sheriff or the authorized designee.

Only deputies who have successfully completed office-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, deputies should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

302.5 RESPONSIBILITIES

302.5.1 SHIFT SERGEANT RESPONSIBILITIES

The Shift Sergeant may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

302.5.2 QUARTERMASTER RESPONSIBILITIES

The Quartermaster or their designee, shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Control Devices and Techniques

Every control device will be periodically inspected by the Quartermaster, or the designated instructor for a particular control device. The inspection shall be documented.

302.5.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Quartermaster, or their designee, for disposition. Damage to County property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

302.6 BATON GUIDELINES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

302.7 CHEMICAL AGENT GUIDELINES

In response to a protest or demonstration, members shall not:

- (a) Discharge kinetic impact projectiles and all other non or less-lethal projectiles in a manner that targets the head, pelvis, or back;
- (b) Discharge kinetic impact projectiles indiscriminately into a crowd; or
- (c) Use chemical agents or irritants, including pepper spray and tear gas, prior to issuing an order to disperse in a sufficient manner to ensure the order is heard and repeated if necessary, followed by sufficient time and space to allow compliance with the order.

Chemical agents may be used for riot control, riot dispersal or against barricaded suspects based on the circumstances. Only a supervisor may authorize the delivery and use of a chemical agent, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of chemical agents to control any fires and to assist in providing medical aid or chemical agent evacuation if needed.

Chemical agents should only be deployed by personnel who have been trained in the appropriate use and deployment of such agents.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Control Devices and Techniques

302.8 OLEORESIN CAPSICUM (OC) GUIDELINES

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in, violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

302.8.1 OC SPRAY

Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

302.8.2 PEPPER PROJECTILE SYSTEMS

Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the deputy reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the deputy or others. Pepper projectile systems should only be deployed by personnel who have been trained in the appropriate use and deployment of such systems.

Deputies encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

302.8.3 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

302.9 POST-APPLICATION NOTICE

Whenever chemical agent or OC has been introduced into a residence, building interior, vehicle or other enclosed area, deputies should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner's expense.

Information regarding the method of notice and the individuals notified should be included in related reports.

302.10 KINETIC ENERGY PROJECTILE GUIDELINES

This office is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

302.10.1 DEPLOYMENT AND USE

Only office-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Deputies are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved deputy determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and deputies takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

- (a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.
- (b) The suspect has made credible threats to harm him/herself or others.
- (c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or deputies.
- (d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

302.10.2 DEPLOYMENT CONSIDERATIONS

Kinetic energy projectiles should only be used by personnel who have been trained in the appropriate use and deployment of such projectiles.

302.10.3 SAFETY PROCEDURES

Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Deputies will inspect the shotgun and projectiles prior to loading to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects. Deputies shall visually inspect the kinetic energy projectile to ensure that conventional ammunition is not being loaded into the shotgun.

When it is not deployed, the shotgun will be kept in cruiser ready condition and properly and securely stored in the vehicle.

Deputies shall not load conventional ammunition in shotguns specially marked and designated to fire kinetic energy projectiles.

Control Devices and Techniques

302.10.4 PROTEST OR DEMONSTRATION CONSIDERATIONS

In response to protests or demonstrations, deputies should not discharge kinetic energy projectiles in a manner that intentionally targets the head, neck, pelvis, or back of any person (CRS § 24-31-905).

Deputies shall not indiscriminately discharge kinetic energy projectiles into a crowd (CRS § 24-31-905).

302.11 NOISE/FLASH DISTRACTION DEVICES

Noise/flash distraction devices, sting ball devices, chemical munitions and similar devices shall be used only at the direction of a supervisor and only by staff who have been trained in and are qualified for the use of the devices. The application of these devices should be based on the resistance encountered, totality of the circumstances and any safety concerns presented at the time of the use of force.

302.12 TIRE DEFLATION DEVICES

A device designed to puncture the tires of a vehicle, causing the tires to slowly deflate. These devices are typically used in pursuit intervention, but may be used to prevent pursuits from beginning, when deployed under a stationary vehicle. Tire deflation devices shall be used in accordance with the Vehicle Pursuits policy.

302.13 HEAVY BARRIER AND VEHICLE INTERDICTION WEAPON

A .50 caliber rifle with armor piercing ammunition that is primarily used to penetrate heavy barriers or disable a vehicle that other intervention techniques are ineffective against. This weapon is used only in deadly force encounters due to the probability of serious bodily injury, or death, resulting from the use. The weapon can only be deployed with a 2-man team, by personnel who have received the requisite training and authorization of supervisory staff.

302.14 CAROTID RESTRAINT

Deputies are prohibited from using a choke-hold upon another person

A "choke-hold" means a method by which a person applies sufficient pressure to a person to make breathing difficult or impossible and includes but is not limited to any pressure to the neck, throat, or windpipe that may prevent or hinder breathing or reduce intake of air. "Choke-hold" also means applying pressure to a person's neck on either side of the windpipe, but not to the windpipe itself, to stop the flow of blood to the brain via the carotid arteries.

302.15 PAIN COMPLIANCE TECHNIQUES

Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Deputies may only apply those pain compliance techniques for which they have successfully completed office-approved training. Deputies utilizing any pain compliance technique should consider:

- (a) The degree to which the application of the technique may be controlled given the level of resistance.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Control Devices and Techniques

- (b) Whether the person can comply with the direction or orders of the deputy.
- (c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the deputy determines that compliance has been achieved.

302.16 TRAINING FOR CONTROL DEVICES AND TECHNIQUES

The Professional Standards Unit shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

- (a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
- (b) All training and proficiency for control devices will be documented in the deputy's training file.
- (c) Deputies who fail to demonstrate proficiency with the control device or knowledge of this agency's Use of Force Policy will be provided remedial training. If a deputy cannot demonstrate proficiency with a control device or knowledge of this agency's Use of Force Policy after remedial training, the deputy will be restricted from carrying the control device and may be subject to discipline.

302.17 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES

Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the relevant agency Policy.

302.18 ADDITIONAL CHEMICAL AGENT DEPLOYMENT CONSIDERATIONS

In response to a protest or demonstration, deputies shall not use any chemical agents, including pepper spray or tear gas, without first issuing an order to disperse. The order shall be given in a reasonably sufficient manner to be heard, and repeated if necessary, and followed by sufficient time and space to allow compliance with the order (CRS § 24-31-905).

Conducted Energy Device

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

303.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to deputies and suspects.

303.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed office-approved training may be issued and may carry the CED.

The Quartermaster should keep a log and serial numbers of issued CED devices.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the office inventory.

Deputies shall only use the CED and cartridges/magazines that have been issued by the Office. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed deputies who have been issued the CED shall wear the device in an approved holster.

Deputies who carry the CED while in uniform shall carry it in a weak-side, cross draw holster on the side opposite the duty weapon.

- (a) All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- (b) Whenever practicable, deputies should carry two or more cartridges on their person when carrying the CED.
- (c) Deputies should not hold a firearm and the CED at the same time.

Non-uniformed deputies may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

303.3.1 USER RESPONSIBILITIES

Deputies shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the deputy's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Quartermaster for disposition. Deputies shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

303.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of deputies or when it is not practicable due to the circumstances.

The purpose of the warning is to:

- (a) Provide the individual with a reasonable opportunity to voluntarily comply.
- (b) Provide other deputies and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with a deputy's lawful orders and it appears both reasonable and feasible under the circumstances, the deputy may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the deputy deploying the CED in the related report.

303.5 USE OF THE CED

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, deputies should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, a deputy designated as lethal cover for any deputy deploying a CED may be considered for officer safety.

303.5.1 APPLICATION OF THE CED

The CED may be used when the circumstances reasonably perceived by the deputy at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm deputies, themselves, or others.

Mere flight from a pursuing deputy, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

303.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the deputy, the subject, or others, and the deputy reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes:

- (a) Individuals who are known to be pregnant.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Conducted Energy Device

- (b) Elderly individuals or obvious juveniles.
- (c) Individuals with obviously low body mass.
- (d) Individuals who are handcuffed or otherwise restrained.
- (e) Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.
- (f) Individuals whose position or activity is likely to result in collateral injury (e.g., falls from height, located in water, operating vehicles).

Any CED capable of being applied in the drive-stun mode (i.e., direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between deputies and the subject, thereby giving deputies time and distance to consider other force options or actions.

303.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, deputies should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

303.5.4 MULTIPLE APPLICATIONS OF THE CED

Once a deputy has successfully deployed two probes on the subject, the deputy should continually assess the subject to determine if additional probe deployments or cycles reasonably appear necessary. Additional factors deputies may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

303.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Deputies should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, deputies shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence (including confetti tags, when equipped on the device). The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Conducted Energy Device

303.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

303.5.7 OFF-DUTY CONSIDERATIONS

Deputies are not authorized to carry office CEDs while off-duty.

Deputies shall ensure that CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

303.6 DOCUMENTATION

Deputies shall document all CED discharges in the related arrest/crime and Use of Force reports. When practicable, photographs should be taken of any obvious probe impact or drive-stun application sites and included in the Use of Force report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges, pointing the device at a person, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using an office-approved process to preserve the data.

303.6.1 REPORTS

The deputy should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs
- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems

303.7 MEDICAL TREATMENT

Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel or deputies trained in probe removal and handling should remove CED probes from a person's body. Used CED probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by CED probes, who have been subjected to the electric discharge of the device, or who sustained direct exposure of the laser to the eyes shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

- (a) The person is suspected of being under the influence of controlled substances and/or alcohol.
- (b) The person may be pregnant.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Conducted Energy Device

- (c) The person reasonably appears to be in need of medical attention.
- (d) The CED probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).
- (e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e. more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another deputy and/or medical personnel and shall be fully documented in related reports. If an audio/video recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting deputy shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the CED (see the Medical Aid and Response Policy).

303.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the CED may be used. A supervisor should respond to all incidents where the CED was activated.

A supervisor should review each incident where a person has been exposed to a CED. The device's internal logs should be downloaded by an Office CED Armorer and saved with the related Use of Force report. The supervisor should arrange for photographs of probe sites to be taken and included in the related Use of Force report. -.

303.9 TRAINING

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial office-approved training.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of a deputy's knowledge and/or practical skills may be required at any time, if deemed appropriate, by the Training Sergeant. All training and proficiency for CEDs will be documented in the deputy's training files.

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Deputies who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with deputies who use the device.

The Training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of CEDs during training could result in injuries and should not be mandatory for certification.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Conducted Energy Device

The Training Sergeant should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.

Officer-Involved Shootings

304.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured as the result of an officer-involved shooting. The intent of this policy is to ensure that such incidents be investigated in a fair and impartial manner.

304.2 TYPES OF INVESTIGATIONS

Officer-involved shootings involve several separate investigations. The investigations may include:

- (a) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This office may, however, relinquish its criminal investigation to an outside agency with the approval of the Sheriff or the authorized designee.
- (b) A criminal investigation of the incident by the agency having jurisdiction where the incident occurred. This office may request that the criminal investigation be conducted by an outside agency with the approval of the Sheriff or the authorized designee.
- (c) A criminal investigation of the involved officer conducted by an outside agency.
- (d) An administrative investigation conducted by the involved officer's agency to determine if there were any violations of Office policy.

304.3 JURISDICTION

Jurisdiction is determined by the location of the shooting and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings.

304.3.1 WELD COUNTY SHERIFF'S OFFICE DEPUTY WITHIN THIS JURISDICTION

The Weld County Sheriff's Office is responsible for the criminal investigation of the suspect's actions, the civil investigation and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the 19th Judicial Critical Response Team (CIRT). In some instances and at the discretion of the Sheriff, or his designee, an uninvolved outside law enforcement agency may be requested to conduct the investigation.

304.3.2 OUTSIDE AGENCY'S OFFICER WITHIN THIS JURISDICTION

The Weld County Sheriff's Office is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted by the CIRT. The officer's employing agency will be responsible for any civil and/or administrative investigation.

304.3.3 WELD COUNTY SHERIFF'S DEPUTY IN ANOTHER JURISDICTION

The agency where the incident occurred has criminal jurisdiction and is responsible for the criminal investigation of the incident. That agency may relinquish its criminal investigation of the suspect to another agency. The Weld County Sheriff's Office will conduct timely civil and/or administrative investigations of its own personnel.

304.3.4 INVESTIGATION RESPONSIBILITY MATRIX

The following table identifies the possible scenarios and responsibilities for the investigation of officer-involved shootings.

	Criminal Investigation of suspect	Criminal Investigation of officer	Administrative/Civil Investigation
WCSO Deputy in this jurisdiction	WCSO Detectives	CIRT	WCSO Internal Affairs Unit
Outside agency's officer in this jurisdiction	WCSO Detectives	CIRT	Involved officer's agency
WCSO Deputy in another jurisdiction	Agency where incident occurred	Decision made by agency where incident occurred	WCSO Internal Affairs Unit

304.4 THE INVESTIGATION PROCESS

The following procedures are guidelines for use in the investigation of an officer-involved shooting.

304.4.1 DUTIES OF INITIAL OFFICER ARRIVING ON-SCENE

Upon arrival at the scene of an officer-involved shooting, the first uninvolved deputy will be the deputy in charge and assume the duties of a supervisor until relieved by the responding supervisor, and should:

- (a) Secure the scene, identify and eliminate hazards for all those involved.
- (b) Take all reasonable steps to obtain emergency medical attention for all apparently injured individuals.
- (c) Coordinate a perimeter or pursuit of suspects as appropriate.
- (d) Request additional resources, units or agencies as appropriate.
- (e) Brief the supervisor upon arrival.

304.4.2 DUTIES OF INITIAL ON-SCENE SUPERVISOR

Upon arrival at the scene of an officer-involved shooting, the first uninvolved supervisor should continue and complete the duties as outlined above, plus:

- (a) Attempt to obtain a brief overview of the situation from any non-shooter officers. In the event that there are no non-shooter officers, the supervisor should attempt to obtain a brief voluntary overview from one shooter officer.
- (b) If necessary, the supervisor may administratively order any deputy from this office to immediately provide the information necessary to secure the scene and pursue suspects. This would include such things as outstanding suspect information, number and direction of shots fired, parameters of the incident scene, identity of known witnesses and similar information.
- (c) Absent a voluntary statement from any deputy, the initial on-scene supervisor should not attempt to order any deputy to provide any information other than public safety information.

Officer-Involved Shootings

- (d) Provide all available information to the Shift Sergeant and Dispatch. If feasible, sensitive information should be communicated over secure networks.
- (e) Take command of and secure the incident scene with additional personnel until relieved by a Detective Unit supervisor or other assigned deputies.
- (f) If possible, assign an escort deputy to each shooter deputy.
- (g) As soon as practicable, shooter deputies should respond or be transported (separately, if feasible) to the station or away from the scene to a designated location free from the distractions of the investigative process for further direction.
 1. Each involved deputy should be given an administrative order not to:
 - (a) Discuss the incident with other involved deputies pending further direction from a supervisor.
 - (b) Alter their equipment or appearance pending further direction from a supervisor.
 - (c) View any video or audio recording of the incident pending further direction from a supervisor.

304.4.3 SHIFT COMMANDER DUTIES

Upon learning of an officer-involved shooting, the Shift Sergeant shall be responsible for coordinating all aspects of the incident until relieved.

304.4.4 NOTIFICATIONS

The following persons shall be notified as soon as practicable:

- Sheriff (via the chain of command)
- CIRT Coordinator or Team Leader
- Investigations Division Sergeant
- Outside agency investigators (if appropriate)
- Professional Standards Unit supervisor
- Psychological/peer support personnel
- Coroner (if necessary)
- Officer representative (if requested)
- Public Relations Officer

All outside inquiries about the incident shall be directed to the Shift Sergeant or PRO as deemed appropriate.

304.4.5 MEDIA RELATIONS

A single media release shall be prepared with input and concurrence from the CIRT and the agency representative responsible for each phase of the investigation. This release will be available to

Weld County Sheriff's Office

Officer-Involved Shootings

the Staff and maintained by the Public Relations Officer in the event of multiple inquiries from the media.

No involved deputy shall be subjected to contact from the media and no involved deputy shall make any comments to the press unless authorized by the Sheriff or his designee.

Employees receiving inquiries regarding incidents occurring in other agency jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

304.4.6 INVOLVED OFFICERS

A Supervisor should admonish each deputy that the incident shall not be discussed except with authorized personnel or representatives. The following shall be considered for the involved deputy:

- (a) Any request for legal representation will be accommodated.
- (b) While discussions with licensed attorneys will be considered privileged as attorney-client communications, no involved deputy shall be permitted to meet collectively or in a group with an attorney prior to providing a formal interview or report.
- (c) Discussions with Office representatives (e.g., peer support counselor) will be privileged only as to the discussion of non-criminal information. However, no involved deputy shall be permitted to meet collectively or in a group with a representative or attorney prior to providing a formal interview or report.
- (d) A psychologist or other psychotherapist shall be provided by the Office to each involved deputy or any deputy upon request.
 - 1. Interviews with a licensed psychotherapist will be considered privileged and will not be disclosed except to the extent that a report is required to determine whether the deputy is fit for return to duty.
 - 2. If an interview or session with a licensed psychotherapist takes place prior to the involved deputy providing a formal interview or report, the involved deputy shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
- (e) Although the Office will honor the sensitivity of communications with peer counselors, there is no legal privilege to such. Peer counselors are cautioned not to discuss the facts of any incident with an involved or witness deputy.

The Office does not allow involved deputies to access video/audio recording of the incident prior to the completion of all investigations related to this policy.

Care should be taken to preserve the integrity of any physical evidence present on the deputy's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Detectives shall make reasonable accommodations to the deputy's physical and emotional needs.

Officer-Involved Shootings

Paid administrative leave shall be considered on a case by case basis following an officer-involved shooting. It shall be the responsibility of the Shift Sergeant to make schedule adjustments to accommodate such leave.

304.5 SHOOTING INCIDENT CRIMINAL INVESTIGATION

304.5.1 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting, it shall be the responsibility of the Detective Unit supervisor to assign appropriate personnel to handle the investigation of related crimes. Detectives will be assigned to work with those from an outside agency should the investigation be assumed by another agency, and may be assigned to separately handle the investigation of any related crimes that are not being investigated by the outside agency.

All related reports, except reports deemed confidential and/or administrative, will be forwarded to the designated supervisor for approval. Confidential reports shall be maintained exclusively by personnel who are authorized for such access. Administrative reports will be forwarded to the appropriate persons.

304.5.2 CRIMINAL INVESTIGATION

This office may utilize an outside agency to conduct an independent criminal investigation into the circumstances of any officer-involved shooting involving injury or death.

If available, investigations personnel from this office may be assigned to partner with investigators from the outside agency to avoid duplicate efforts in related criminal investigations.

Once public safety issues have been addressed, detectives will be given the next opportunity to interview an involved deputy in order to give the deputy the opportunity to give a voluntary statement. The following shall be considered for the involved deputy:

- (a) Except for personnel assigned to the CIRT, Supervisors and Internal Affairs Unit personnel should not participate directly in any voluntary interview of the deputy. This will not prohibit such personnel from monitoring interviews or indirectly providing areas for inquiry.
- (b) If requested, any involved deputy will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal detectives. However, in order to maintain the integrity of each individual deputy's statement, the involved deputy shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
- (c) Any voluntary statement provided by the deputy will be made available for inclusion in the administrative or other related investigations.
- (d) Absent consent from the involved deputy or as required by law, no administratively coerced statement will be provided to any criminal detectives.

Weld County Sheriff's Office

Officer-Involved Shootings

304.5.3 REPORTS BY INVOLVED OFFICERS

In the event that suspects remain outstanding or are subject to prosecution for related offenses, this office shall retain the authority to require the involved deputy to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals.

While the involved deputy may write the report, it is generally recommended that such reports be completed by assigned detectives, who should interview the involved deputy as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of an involved deputy should focus on evidence to establish the elements of criminal activities by the involved suspects. Care should be taken not to duplicate information provided by an involved deputy in other reports.

Nothing in this section shall be construed to deprive an involved deputy of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures and should also be included for reference in the investigation of the officer-involved shooting.

304.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or other major incident may be lost or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from persons who claim they did not witness the incident but were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, a deputy should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where detectives may obtain a recorded statement. Such witnesses, if willing, may be transported by Office personnel.
 - 1. A written, verbal or recorded statement of consent for transportation should be obtained prior to transporting a witness in an Office vehicle. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

304.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting, this office will conduct an internal administrative investigation to determine conformance with Office policy.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Officer-Involved Shootings

This investigation will be conducted under the supervision of the Internal Affairs Unit and will be considered a confidential peace officer personnel file.

- (a) Any deputy involved in a shooting may be administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the deputy, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.
- (b) If any deputy has voluntarily elected to provide a statement to criminal detectives, the assigned administrative investigator should review that statement before proceeding with any further interview of the involved deputy.
 - 1. If a further interview of the deputy is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved deputy may be provided with a copy of his/her prior statement before proceeding with any subsequent interview.
- (c) In the event that an involved deputy has elected not to provide criminal detectives with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the deputy's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the deputy shall have the opportunity to select three uninvolved representatives, which may include legal representation, to be present during the interview. However, in order to maintain the integrity of each individual deputy's statement, an involved deputy shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
 - 3. Administrative interviews should be recorded by the investigator. The deputy may also record the interview.
 - 4. The deputy shall be informed of the nature of the investigation and shall be informed of all constitutional *Miranda* rights. Assuming there is no voluntary waiver, he/she will then be given his/her *Garrity* rights, and assuming there is no voluntary waiver, will then be given an administrative order to provide full and truthful answers to all questions.
 - 5. The administrative interview shall be considered part of the deputy's administrative investigation file.
 - 6. The Internal Affairs Unit shall compile all relevant information and reports necessary for the Office to determine compliance with applicable policies.
 - 7. Potential policy violations shall be determined in accordance with standard disciplinary procedures.
 - 8. The administrative investigation may utilize a truth verification device examination with the authorization of the Sheriff.

304.8 CIVIL LIABILITY RESPONSE

A deputy of this office may be assigned to work exclusively under the direction of the legal counsel for the Office to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation. However, persons preparing the response shall be given reasonable access to all other investigations.

304.9 POST-INCIDENT SERVICES FOR FAMILY

The family members and significant others of a deputy who has been involved in a shooting or deadly use of force should be provided, as office resources reasonably allow (CRS § 16-2.5-403):

- (a) At least one confidential post-incident meeting with a qualified mental health professional (CRS § 16-2.5-402) in a timely manner following the incident, including through telehealth services.
- (b) Ongoing confidential mental health services from a qualified mental health professional (CRS § 16-2.5-402) as needed, including through telehealth services.
- (c) Peer support, including office peer support or online or telehealth peer support.

304.10 PROTOCOLS FOR RETURN TO DUTY

The Office shall take steps to facilitate returning deputies back to their duty assignments following their involvement in a shooting or deadly use of force, taking into consideration the Office's size and resources (CRS § 16-2.5-403).

304.10.1 REINTEGRATION

Taking into account that involved deputies may experience psychological, physical, or emotional reactions, the Office shall implement a reintegration plan that considers having the deputy:

- (a) Return to the scene of the incident.
- (b) Fire the deputy's weapon at the range.
- (c) Participate in graded re-entry with a companion deputy or peer support deputy of the deputy's choosing.

304.10.2 ONGOING SUPPORTIVE MENTAL HEALTH SERVICES

A deputy who has been involved in a shooting or deadly use of force shall be provided ongoing supportive mental health services, including confidential follow-up by a qualified mental health professional (CRS § 16-2.5-402), either in person or through telehealth services.

304.11 POLICY REVIEW

The Office shall review this policy biennially and make any necessary updates to reflect current best practices and available resources (CRS § 16-2.5-403).

Firearms

305.1 PURPOSE AND SCOPE

This policy provides guidelines for duty firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

305.1.1 AUTHORIZATION TO CARRY FIREARMS

Only certified personnel who have met all state and Colorado Peace Officer Standards and Training (POST) requirements and have been authorized by the Sheriff shall have the peace officer privilege to carry a firearm both on-duty and off-duty. Detention Deputies who have met all Office requirements and have been authorized by the Sheriff because of assigned duties shall have the peace officer privilege to carry a firearm ONLY on duty (CRS § 16-2.5-101, 16-2.5-103, 16-2.5-110). Within this section, the term "deputy" includes Detentions Deputies who are POST certified and have been authorized by the Sheriff to carry a firearm.

305.1.2 ELIGIBLE IMMIGRANTS

An eligible immigrant who has been hired by the Office to enroll in a POST-approved training academy may possess and use a firearm in accordance with this policy at the academy and may transport, store, clean, and maintain a firearm as necessary for purposes of completing such training (CRS § 16-2.5-101).

305.2 SAFE HANDLING OF FIREARMS

The intent of this policy is to promote proper firearm safety on and off duty. Employees shall maintain the highest level of safety when handling firearms and shall consider the following.

305.2.1 SAFETY CONSIDERATIONS

- (a) Deputies shall not unnecessarily display or handle any firearm.
- (b) While at the range, deputies shall be governed by all rules and regulations pertaining to the use of the range, shall obey all orders issued by the Armorer, Range Master or Range Instructors and shall not dry fire or practice quick draws except under Range Instructor supervision.
- (c) Deputies shall not clean, repair, load or unload a firearm anywhere in the Office or classrooms, except where there are clearing barrels or chambers, or in other office-designated locations.
- (d) Shotguns or rifles removed from vehicles or the equipment storage rooms shall be loaded and unloaded outside buildings and vehicles in a safe manner.
- (e) Deputies shall not place or store any firearm or other weapon on office premises, except where the place of storage is locked. No one shall carry firearms into the jail or

any part thereof when securing or processing a prisoner, but shall place all firearms in a secured location. It shall be the responsibility of the master control operator and booking officer to make sure that persons from outside agencies do not enter the jail with any firearm.

- Firearms shall only be allowed in the secure perimeter of the facility when it is necessary to protect the safety and security of staff, inmates, contractors, volunteers or the public.
 - Firearms shall only be allowed inside the secure perimeter with the approval of the Detentions Captain or authorized designee and under the direct supervision of a supervisor.
- (f) Deputies shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor or when an emergency or exigency reasonably requires immediate use of the weapon.
- (g) Any firearm authorized by the Office to be carried on- or off-duty, that is found by the deputy to be malfunctioning or needing service shall not be carried. Any malfunctioning office issued duty firearm shall be promptly presented to the Office Armorer for inspection. Any malfunctioning privately owned firearm shall be presented to a qualified armorer or gunsmith for inspection. Any firearm determined to be in need of service or repair during an inspection by the Office Armorer, firearms instructor or gunsmith will be immediately removed from service. If the firearm is the deputy's primary duty firearm, a replacement firearm will be issued to the deputy until the duty firearm is serviceable.

305.2.2 STORAGE OF FIREARMS AT HOME

Deputies shall ensure that all Office issued firearms and ammunition are stored in a safe manner while in their homes, vehicles or any other area under their control with appropriate measures taken to ensure the firearm is inaccessible to children and irresponsible adults. Storage of duty firearms, including rifles, pistols and less lethal shotguns, in personally owned cars and patrol cars left unattended overnight is prohibited unless the firearm is a rifle, or less lethal shotgun and it is locked in an agency locking rack mounted in a patrol car. Deputies who take patrol cars home or leave patrol cars overnight, any place other than the Weld County Sheriff's Office or Sheriff's substation, shall remove all firearms, except a rifle secured in an agency locking rack mounted in the patrol car, from the patrol car and secure them in the Armory or in their home consistent with this section. Deputies shall not store duty firearms in personally owned cars overnight.

305.3 AUTHORIZED FIREARMS

No duty firearms will be carried that have not been thoroughly inspected by the Armorer or a private gunsmith during a regularly scheduled inspection date. Except in an emergency or as directed by a supervisor, no duty firearm shall be carried by a member who has not qualified with that firearm at an authorized office range under the supervision of an agency firearms instructor.

All other weapons, including but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by office policy, may not be carried by personnel in the performance of their official duty without

the express written authorization of the Sheriff of his designee. This exclusion does not apply to the carrying of a single folding pocketknife that is not otherwise prohibited by law.

305.3.1 DUTY FIREARMS

The authorized office-issued handgun is the Smith & Wesson, Military & Police, 9mm or 45 ACP. Alternative duty handguns may be purchased at the employee's expense, but must be a double/single action, double action only or single action semi-automatic handgun with approved calibers being 9mm, 40 Smith & Wesson and 45 ACP. Alternative duty handguns must also have a minimum barrel length of 3.00 inches. Alternative duty handguns must be compliant with the manufacturer's recommended trigger pull poundage for that particular model of firearm.

The authorized office issued rifle is the semi-automatic LWRC or Colt 5.56 caliber configured to satisfy the needs of a specific assignment. Only issued or approved less lethal shotguns and rifles are authorized for on-duty use. Rifles must be a semi-automatic .223 or 5.56 caliber firearm with an 11 inch minimum barrel length and a trigger pull in compliance with the manufacturer's recommendations. Brands and models of acceptable firearms must fit a "reputable manufacturer" standard. Authorized manufacturers and approved models of firearms are listed in Appendix A of the Alternative Duty Firearms Policy.

305.3.2 AUTHORIZED OFF-DUTY FIREARMS

An authorized employee may feel the need to carry a firearm during their off-duty time, for personal protection. The carrying of firearms by certified deputies while off-duty is permitted by the Sheriff but may be rescinded should circumstances dictate (e.g., administrative leave). Certified deputies who choose to carry a firearm while off-duty will be required to meet the following guidelines:

- (a) Employees that choose to carry a weapon off-duty are required to conform with all applicable laws pertaining to the carrying of firearms.
- (b) The firearm shall be in good working order. It is recommended that deputies have personally owned firearms inspected annually by a certified armorer or gunsmith.
- (c) The purchase of the firearm and ammunition, if other than an office-issued duty weapon, shall be the responsibility of the deputy.
- (d) The firearm shall be carried in a safe manner to prevent unintentional discharge or loss of physical control.
- (e) When carrying a weapon, while off-duty, it is recommended that deputies carry their badge and office identification, at a minimum.

305.3.3 AMMUNITION

Deputies shall carry only office-authorized ammunition in their duty firearms. Deputies shall be issued fresh duty ammunition in the specified quantity as needed and by the replacement schedule set forth by the Range Master. Replacements for unserviceable or depleted ammunition issued by the Office shall be dispensed by the Quartermaster when needed, in accordance with established procedure.

The Office will issue up to 52 rounds of 9mm, .40 or .45 caliber duty handgun ammunition. One additional pistol magazine and enough duty ammunition to fully load it may be issued by the office if requested by the deputy. Deputies shall not carry more than three spare handgun magazines on the duty belt unless authorized by the Sheriff or designee. If a deputy carries a secondary handgun, the office may issue enough ammunition to fully load 2 magazines for the secondary handgun. If office authorized ammunition is not available for the secondary handgun, the office may issue ammunition that is a close equivalent. Additional handgun ammunition is not authorized to be carried on the person or agency vehicle except for the Special Weapons and Tactics team call out gear.

Additional rifle ammunition or magazines are not authorized to be carried on the person or agency vehicle except for the Special Weapons and Tactics team call out gear.

305.3.4 ALCOHOL AND DRUGS

Firearms shall not be carried by any deputy who has consumed any amount of any alcoholic beverage or taken any drugs that would tend to adversely affect the deputy's senses or judgment.

305.3.5 OPTICS OR SIGHTS

Optics may only be installed on a firearm carried on duty after the sights have been examined and approved by the Armorer or qualified gunsmith.

- (a) Any approved sight shall only be installed in strict accordance with manufacturer specifications
- (b) Once the approved sights have been properly installed on any firearm, the deputy shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying on duty.

Personally owned red dot sights (RDS) may only be installed in personally owned handguns after examination and approval by the Armorer or qualified gunsmith.

- (a) The handgun must be configured by the manufacturer to accept the RDS, or the slide may be milled by a qualified gunsmith.
- (b) The handgun must be equipped with secondary back-up sights.
- (c) The Deputy is responsible for maintenance, support equipment and battery replacement of the RDS.
- (d) The Deputy shall demonstrate proficiency with RDS in an approved training course prior to carrying on duty.
- (e) Refer to Appendix A of the Alternative Duty Firearms policy for a list of approved RDS for duty use.

Laser sights are not authorized unless authorized by the Sheriff for SWAT. Weapon mounted laser sighting devices with the activation switch mounted below the trigger of the firearm are prohibited.

305.3.6 HOLSTERS

Only agency-approved holsters can be used while on-duty, during training, or while conducting any agency-related business.

- (a) Holsters for handguns equipped with a RDS carried by uniformed personnel must have a security hood that covers the sight.
- (b) Holsters for uniformed personnel must have a minimum of Level II retention capabilities, to prevent the weapon from becoming dislodged during physical activity and to reduce the ability for others to disarm the deputy.
 - 1. Holsters for uniformed personnel must be black basket weave.
- (c) Holsters for non-uniformed personnel shall retain the weapon during strenuous activity to include running, jumping, climbing and squatting.
- (d) Holsters with an auto-locking, trigger finger manipulation retention device are banned from use while on-duty, during training, or while conducting any agency-related business.
 - 1. The Blackhawk SERPA is an example of a holster with the auto-locking, trigger finger manipulation retention device.
 - 2. Deputies are authorized to carry the Safariland model 6004 drop flex holster at their own expense. The office will continue to issue the standard duty holster.

305.4 DUTY FIREARMS QUALIFICATIONS

Bi-annually, every deputy shall demonstrate a minimum level of proficiency in the use of each duty firearm he/she is authorized to use. Refer to the Firearms Qualification Policy. There shall be no less than a six-month interval between each qualification. Deputies will attend qualification dates as scheduled by the Range Master. A deputy failing to demonstrate a minimum level of proficiency with any duty firearm he/she is authorized to use may not carry or use the duty firearm until he/she participates in the remedial duty firearm course provided by the Office.

At least annually, all personnel carrying a duty firearm will receive training on the Office Use of Force policy and demonstrate their knowledge and understanding.

305.4.1 QUARTERLY FIREARMS TRAINING

All personnel are required to train quarterly in the firearms simulator and show firearms proficiency with their duty firearm(s) on an approved range training course or as directed by the Range Master. Training courses shall be designed to simulate field situations including shoot and no-shoot situations. Low and no light training shall occur no less than once per year for each member authorized to carry a duty weapon.

305.4.2 NON-QUALIFICATION

If a deputy is unable to qualify for any reason, including injury, illness, duty status or scheduling conflict, that deputy shall submit a memorandum to his/her immediate supervisor and Ranger Master prior to the end of the required shooting period.

Members who fail to demonstrate duty firearms proficiency as required by policy, or who fail to qualify over a six-month period may be relieved from field assignment and appropriate disciplinary action may follow. Refer to the Firearms Qualification Policy.

A failure to qualify for reasons other than proficiency, including any malfunction of firearms, ammunition or otherwise, is not considered a failed attempt at qualification.

305.5 WARNING AND OTHER SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the deputy reasonably believes that they appear necessary, effective and reasonably safe.

305.6 DESTRUCTION OF ANIMALS

Deputies are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective. Deputies should follow their training to identify animal behaviors that may reasonably put local law enforcement officers or other individuals in imminent danger, in addition to animal behaviors that do not reasonably suggest or pose an imminent danger.

In circumstances where deputies have sufficient advance notice that a potentially dangerous animal may be encountered, deputies should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any deputy from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

Subject to safety concerns or other exigent circumstances, deputies should consider alternatives to the use of firearms. Such alternatives include using the deputy's TASER device or allowing the owner to control or remove the animal from the immediate area.

305.6.1 INJURED ANIMALS

A deputy may euthanize a domestic animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled or diseased past recovery. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).

Injured wildlife may be euthanized whenever the deputy determines that no other reasonable action would be practical, humane or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).

Firearms

A gunshot to the head is an accepted method of euthanasia by the American Veterinary Medical Association, taking into consideration people and nearby animals. The procedure should be performed outdoors and away from public access or visibility, whenever possible.

If a disease such as rabies or chronic wasting disease is suspected, euthanasia by gunshot to the head should not be performed.

305.7 REPORT OF FIREARM DISCHARGE

Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on or off duty, shall make a verbal report to his/her supervisor as soon as circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shooting Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

- (a) If on-duty at the time of the incident, the member shall file a written report with his/her supervisor or if necessary, provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.
- (b) If off-duty at the time of the incident, the member shall report the incident to the law enforcement agency of jurisdiction and immediately notify the on duty Sergeant.

305.8 ARMORER DUTIES

The Armorer has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by deputies of this office to verify proper operation. The Armorer has the authority to deem any privately owned firearm unfit for service. The deputy will be responsible for all repairs to his/her personal firearm; it will not be returned to service until inspected by the Armorer or such repair or inspection certification is completed by a private qualified gunsmith or private certified armorer, as directed by the Armorer. Upon inspection by a private certified armorer or private qualified gunsmith, the deputy will provide the Sheriff's Office Quartermaster with a letter of certification for the certified firearm provided by the private gunsmith or armorer.

The Armorer has the responsibility to ensure each deputy on a yearly basis can demonstrate proficiency in the care and cleaning of the duty firearm.

305.8.1 FIREARMS INSTRUCTOR PROFICIENCY

Each firearms instructor shall meet the proficiency requirements required by the State of Colorado and POST. Firearms instructors are also required to qualify as outlined in the Duty Firearms Qualification section of this policy.

305.9 MAINTENANCE AND REPAIR

Personal and office-owned duty firearms shall be inspected annually to determine the safety and functioning of the firearm.

Firearms carried on-duty shall be maintained in a clean, serviceable condition. Since the use of personally owned firearms is at the option of the individual deputy, that deputy will be responsible for the furnishing, maintenance and repair of such firearm. Personally owned firearms used as duty firearms shall be inspected by a certified gunsmith or armorer. Upon certifying personally owned duty firearms, the deputy shall submit a letter of certification to the Quartermaster that is provided by the private gunsmith or armorer.

305.9.1 REPAIR OR MODIFICATIONS OF DUTY FIREARMS

Firearms that are the property of the Office may be repaired or modified only by a person certified as an Armorer or gunsmith in the repair of the specific firearm; either the Armorer or other authorized person.

All repairs and/or modifications of office-issued firearms not performed by the Armorer must be authorized in advance by the Armorer and accomplished by a qualified office gunsmith or certified armorer, who is certified to repair such firearm.

Any repairs or modifications to the deputy's personally owned duty firearm shall be done at his/her expense by a certified armorer or qualified gunsmith. Repairs and modifications shall follow manufacturer recommended practices. Armorer

305.10 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to deputies who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR § 1544.219):

- (a) Deputies wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Office based on the law and published TSA rules.
- (b) Deputies must carry their office identification card, bearing the deputy's name, a full-face photograph, identification number, the deputy's signature and the signature of the Sheriff or the official seal of the Office, and must present this identification to airline officials when requested. The deputy should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver's license, passport).
- (c) The Weld County Sheriff's Office must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the deputy's travel. If approved, TSA will send the Weld County Sheriff's Office an NLETS message containing a unique alphanumeric identifier. The deputy must present the message on the day of travel to airport personnel as authorization to travel while armed.
- (d) An official letter signed by the Sheriff authorizing armed travel may accompany the deputy. The letter should outline the deputy's need to fly armed, detail his/her itinerary

and should include that the deputy has completed the mandatory TSA training for a law enforcement officer flying while armed.

- (e) Deputies must have completed the mandated TSA security training covering deputies flying while armed. The training shall be given by the office-appointed instructor.
- (f) It is the deputy's responsibility to notify the air carrier in advance of the intended armed travel. This notification can be accomplished by early check-in at the carrier's check-in counter.
- (g) Any deputy flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.
- (h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The deputy must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.
- (i) Deputies should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.
- (j) Deputies shall not consume alcoholic beverages while aboard an aircraft or within eight hours prior to boarding an aircraft.

305.11 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time deputies of this office are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- (a) The deputy shall carry his/her Weld County Sheriff's Office identification card whenever carrying such firearm.
- (b) The deputy is not the subject of any current disciplinary action.
- (c) The deputy may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- (d) The deputy will remain subject to this and all other office policies (including qualifying and training).

Deputies are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield a deputy from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Non certified Detentions Deputies who have met all Office requirements and have been authorized by the Sheriff because of assigned duties shall have the peace officer privilege to carry a firearm ONLY on duty when carrying firearms out of state.

305.12 TRAINING

In addition to general training regarding the use of firearms, the Training Sergeant shall ensure that training is provided on encounters with dogs in the course of duty as required by CRS § 29-5-112. At a minimum, the training must cover the policies and procedures adopted by this office.

305.13 SECONDARY PISTOLS

Secondary pistols are approved, personally owned duty pistols that are carried on duty in addition to the primary duty pistol. Deputies who want to carry personally owned or issued secondary pistols are subject to the following restrictions:

- (a) The pistol shall be in good working order and on the list of approved firearms in Appendix A of the Alternative Duty Firearms Policy.
- (b) Only one secondary pistol may be carried at a time.
- (c) The purchase of a secondary pistol shall be the responsibility of the deputy.
- (d) The secondary pistol shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.
- (e) The secondary pistol should be used as a last resort when the primary duty pistol is inoperable inaccessible or unavailable for use.
- (f) The secondary pistol shall be inspected by a certified Armorer or qualified gunsmith prior to being carried and thereafter subject to inspection no less than yearly or at the request of the Range Master or Armorer. A letter certifying the inspection by the certified Armorer or qualified gunsmith shall be provided to the Quartermaster.
- (g) Duty ammunition for secondary pistols shall be issued by the Quartermaster. If office authorized duty ammunition is not available, the Quartermaster may issue a close equivalent. The Quartermaster may issue enough ammunition to fully load 2 magazines.
- (h) The secondary pistol may be a revolver or semi-automatic. The approved calibers for secondary duty pistols include 9mm, .40, .45 caliber 38 special, .357 and .380 ACP. Any deviation from the above calibers must be approved by the Sheriff or his authorized designee.
- (i) Prior to carrying the secondary pistol, deputies shall qualify under range supervision and thereafter shall qualify in accordance with the office qualification schedule. Deputies must demonstrate proficiency and safe handling of the pistol.
- (j) Deputies shall provide written notice of the make, model, color, serial number and caliber of a secondary pistol to the Quartermaster, who shall maintain a list of such information. Deputies shall also submit the secondary pistol to the Armorer, Range Master or Quartermaster upon request or as scheduled.

- (k) Secondary duty pistols shall only be carried in approved configurations. Secondary duty pistols shall be secured at all times to prevent loss of control. The following are the approved configurations for carrying a secondary duty pistol:
 - (a) Secured in a soft or hard holster fastened to the deputy's bullet resistant vest.
 - (b) Secured in an ankle holster that sufficiently secures the weapon preventing the pistol from falling out under all possible duty circumstances (running, jumping, upside down, etc).
 - (c) Secondary duty pistols should be configured in a way that allows the Deputy to draw from a strong or weak hand.

Vehicle Pursuits

306.1 PURPOSE AND SCOPE

Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide deputies with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to minimize the potential for pursuit-related collisions. Vehicle pursuits require deputies to exhibit a high degree of common sense and sound judgment. Deputies must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing deputies (CRS § 42-4-108).

306.1.1 PHILOSOPHY

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the risk to public safety created by vehicle pursuits, no deputy or supervisor shall be criticized or disciplined for deciding not to engage in a vehicle pursuit due to the risk involved. This includes circumstances where Office policy would permit the initiation or continuation of the pursuit. It is recognized that vehicle pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit. Deputies must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Deputies conduct during a pursuit must be objectively reasonable; that is, what a reasonable deputy would do under the circumstances.

306.2 DEFINITIONS

Definitions related to this policy include:

Vehicle pursuit - An event involving one or more peace officers attempting to apprehend a suspect who is trying to avoid arrest while operating a motor vehicle by using high speed or other evasive tactics, such as disregarding traffic warning signs, stop signs, red lights, driving off a roadway, turning suddenly or driving in a legal manner but willfully failing to yield to a deputy's signal to stop.

Ramming - The deliberate act of impacting a violator's vehicle with another vehicle to functionally damage or otherwise force the violator's vehicle to stop.

Roadblocks - A tactic designed to stop a violator's vehicle by intentionally placing a vehicle or other immovable object in the path of the violator's vehicle.

Tire deflation device, spikes or tack strips - A device that extends across the roadway and is designed to puncture the tires of the pursued vehicle.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Vehicle Pursuit Management Technology - A pursuit management system containing a miniature GPS module encased in a tracking projectile/dart that is deployed from a fixed launcher

mounted on a law enforcement vehicle. Once the tracker is affixed, its location can be tracked using a computer with an internet connection.

306.3 DEPUTY RESPONSIBILITIES

It is the policy of this office that a vehicle pursuit shall be conducted using an authorized emergency vehicle that is equipped with a siren and horn, and at least one signal lamp mounted as high as practicable and can display a flashing, oscillating or rotating red light visible from the front (CRS § 42-4-213).

The following policy is established to provide deputies with guidelines for driving with due regard and caution for the safety of all persons using the highway.

306.3.1 WHEN TO INITIATE A PURSUIT

Deputies are authorized to initiate a pursuit when it is objectively reasonable to believe that a suspect has committed a felony involving the use or threatened use of deadly physical force or felony crime of violence and is attempting to evade arrest or detention by fleeing in a vehicle that has been given a signal to stop by a peace officer (CRS § 42-4-107). Pursuits for non-violent felonies, petty offense, misdemeanor, traffic or civil infractions are prohibited.

The following factors individually and collectively shall be considered in deciding whether to initiate or continue a pursuit:

- (a) The apparent nature of the fleeing suspect and the alleged criminal charges (e.g., whether the suspect represents a serious threat to public safety).
- (b) The identity of the suspect has been verified and there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- (c) The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones) and the speed of the pursuit relative to these factors.
- (d) The pursuing deputy's familiarity with the area of the pursuit, the quality of radio communication between the pursuing units and the dispatcher/supervisor, and the driving capabilities of the pursuing deputies under the conditions of the pursuit.
- (e) The weather, traffic and road conditions that unreasonably increase the danger of the pursuit when weighed against the risks resulting from the suspect's escape.
- (f) The performance capabilities of the vehicles used in the pursuit in relation to the speed and other conditions of the pursuit.
- (g) Vehicle speeds.
- (h) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).
- (i) The availability of other resources, such as aircraft assistance.
- (j) The sheriff's unit is carrying passengers other than on-duty sheriff's deputies. Pursuits should not be undertaken with a prisoner in the pursuit vehicle unless exigent circumstances exist, and then only after the need to apprehend the suspect is weighed

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

against the safety of the prisoner in transport. A unit containing more than a single prisoner should not participate in a pursuit.

306.3.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the deputy or supervisor during the pursuit indicates that the present risk of continuing the pursuit reasonably appears to outweigh the risk resulting from the suspect's escape.

Operating an emergency vehicle in a pursuit with emergency lights and siren does not relieve the operator of an authorized emergency vehicle of the duty to drive with due regard for the safety of all persons and does not protect the driver from the consequences of his/her reckless disregard for the safety of others (CRS § 42-4-108(4)).

The above factors on when to initiate a pursuit are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Deputies and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves and the public when electing to continue a pursuit. In the context of this policy, the term "terminate" shall be construed to mean to discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed above, the following factors should be considered when deciding whether to terminate a pursuit:

- (a) The distance between the pursuing deputies and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time or distance.
- (b) The pursued vehicle's location is no longer definitely known.
- (c) The deputy's pursuit vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- (d) The pursuit vehicle has an emergency equipment failure that causes the vehicle to no longer qualify for emergency operation use.
- (e) The hazards to uninvolved bystanders or motorists.
- (f) When the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, deputies should strongly consider discontinuing the pursuit and apprehending the offender at a later time.
- (g) When directed to terminate the pursuit by a supervisor.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

306.3.3 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the deputy and supervisor. Vehicle speeds and environmental conditions shall be taken into consideration to maintain safe and maneuverable control of the pursuit vehicle, prevent endangering public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, deputies and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit (CRS § 42-4-108(2)(c)):

- (a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- (b) Pursuit speeds have exceeded the driving ability of the deputy.
- (c) Pursuit speeds are beyond the capabilities of the pursuit vehicle, thus making its operation unsafe.

306.4 PURSUIT UNITS

Pursuit units should be limited to two vehicles. However, the number of units involved will vary with the circumstances. A supervisor may follow the pursuit while operating emergency lights and siren on an authorized emergency vehicle to provide supervision during the pursuit and at the point of termination.

A deputy or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of deputies involved would be insufficient to safely arrest the suspect. All other deputies shall stay out of the pursuit but should remain alert to its progress and location. Any deputy who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

Distinctively marked patrol vehicles should replace unmarked vehicles involved in a pursuit whenever practicable.

306.4.1 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Vehicles not equipped with a red or blue emergency light and siren are prohibited from initiating or joining in any pursuit (CRS § 42-4-213). Deputies in such vehicles may provide support to pursuing units as long as the vehicle is operated in compliance with all traffic laws.

306.4.2 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing deputy will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator's vehicle. The primary responsibility of the deputy initiating the pursuit is the apprehension of the suspect without unreasonable danger to him/herself or other persons.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Pursuits

The primary unit should notify Dispatch, commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable, provide information including, but not limited to:

- (a) The reason for the pursuit.
- (b) The location and direction of travel.
- (c) The speed of the fleeing vehicle.
- (d) The description of the fleeing vehicle and license number, if known.
- (e) The number of occupants.
- (f) The identity or description of the known occupants.
- (g) The weather, road and traffic conditions.
- (h) The identity of other agencies involved in the pursuit.
- (i) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the deputy in the primary unit shall be responsible for broadcasting the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary unit should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit to minimize distractions and allow the primary unit to concentrate foremost on safe pursuit tactics.

306.4.3 SECONDARY UNIT RESPONSIBILITIES

The second deputy in the pursuit is responsible for:

- (a) Immediately notifying the dispatcher of his/her entry into the pursuit.
- (b) Remaining at a safe distance behind the primary unit unless directed to assume the role of primary deputy, or if the primary unit is unable to continue the pursuit.
- (c) Broadcasting the progress of the pursuit unless the situation indicates otherwise.
- (d) Serving as backup to the primary unit once the subject has been stopped.

306.4.4 PURSUIT DRIVING TACTICS

The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

- (a) Deputies, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- (b) Deputies may proceed past a red or stop signal or stop sign but only after slowing down as may be necessary for safe operation.
- (c) Because intersections can present increased risks, the following tactics should be considered:

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Pursuits

1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 2. Pursuing units shall exercise due caution and slow down as may be necessary for safe operation when proceeding through controlled intersections (CRS § 42-4-108(2)(b)).
- (d) As a general rule, deputies should not pursue a vehicle driving the wrong way on a roadway, highway or freeway. In the event the pursued vehicle does so, the following tactics should be considered (CRS § 42-4-108(2)(d)):
1. Maintaining visual contact with the pursued vehicle by paralleling on the correct side of the roadway.
 2. Requesting other units to observe exits available to the suspect.
- (e) Notifying the Colorado State Patrol or other law enforcement agency if it appears the pursuit may enter their jurisdiction.
- (f) Deputies involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and a clear understanding of the maneuver process exists between the involved deputies.

306.4.5 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be limited/minimal paralleling of the pursuit route. Deputies are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Deputies should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a nonemergency manner, observing the rules of the road.

The primary unit, secondary unit and a supervisor should be the only units operating under emergency conditions (emergency lights and siren) unless other units are assigned to the pursuit.

306.4.6 PURSUIT TRAILING

If the initiating unit from this agency relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspect.

The term "trail" means to follow the path of the pursuit at a safe speed, while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units to clearly indicate an absence of participation in the pursuit.

306.5 SUPERVISORY CONTROL AND RESPONSIBILITIES

It is the policy of this office that available supervisory and management control will be exercised over all vehicle pursuits involving deputies from this office.

The supervisor will be responsible for the following:

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Pursuits

- (a) Upon becoming aware of a pursuit, immediately notifying involved deputies and Dispatch of supervisory presence, and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established Office guidelines.
- (b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- (c) Exercising management and control of the pursuit even if not engaged in it.
- (d) Ensuring that no more than the number of required law enforcement units needed are involved in the pursuit under the guidelines set forth in this policy.
- (e) Directing that the pursuit be terminated if, in his/her judgment, it is not justified to continue the pursuit under the guidelines of this policy.
- (f) Ensuring that the proper radio channel is being used.
- (g) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.
- (h) Controlling and managing WCSO units when a pursuit enters another jurisdiction.
- (i) Ensuring necessary criminal and administrative reports are completed.

306.5.1 SHIFT COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Shift Sergeant should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Shift Sergeant has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Shift Sergeant shall complete all pertinent reports (Use of Force/Blue Team) and forward them to the Captain via the Chain of Command.

306.6 COMMUNICATIONS

If the pursuit is confined within the County limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this office or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

306.6.1 DISPATCH RESPONSIBILITIES

Upon notification that a pursuit has been initiated, Dispatch will be responsible for:

- (a) Coordinating pursuit communications of the involved units and personnel.
- (b) Notifying and coordinating with other involved or affected agencies as practicable.
- (c) Assigning an incident number and logging all pursuit activities.
- (d) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (e) Notifying the Shift Sergeant as soon as practicable.

306.6.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating the vehicle. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

306.7 INTERJURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary deputy or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary deputy or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

306.7.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Weld County Sheriff's Office deputies will discontinue the pursuit when another agency has assumed the pursuit unless the continued assistance of the Weld County Sheriff's Office is requested by the agency assuming the pursuit. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation. A supervisor should coordinate with the agency managing the termination point to determine the supervisor's need to respond or otherwise assist in the investigation. The supervisor should obtain any information that is necessary for inclusion in any reports from the agency managing the termination point.

The role and responsibilities of deputies at the termination of a pursuit that was initiated by this office shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies, a request for another agency's assistance will mean that its personnel will assume responsibility for the pursuit. For the same reasons, when a pursuit leaves another jurisdiction and a request for assistance is made to this office, the other agency should relinquish control.

306.7.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this office should not join a pursuit unless specifically requested to do so by the agency whose peace officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this office may join the pursuit until sufficient units from the initiating agency join the pursuit. When a request is made for this office to assist or take over a pursuit that has entered this jurisdiction, the supervisor should consider these additional factors:

- (a) Ability to maintain the pursuit

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Pursuits

- (b) Circumstances serious enough to continue the pursuit
- (c) Adequate staffing to continue the pursuit
- (d) The public's safety within this jurisdiction
- (e) Safety of the pursuing deputies

As soon as practicable, a supervisor or the Shift Sergeant should review a request for assistance from another agency. The Shift Sergeant or supervisor, after consideration of the above factors, may decline to assist in or assume the other agency's pursuit.

Assistance to a pursuing outside agency by deputies of this office will terminate at the County limits provided that the pursuing peace officers have sufficient assistance from other sources. Ongoing participation from this office may continue only until sufficient assistance is present.

If a pursuit from another agency terminates within this jurisdiction, deputies shall notify the initiating agency of the termination of the pursuit, provide appropriate assistance to peace officers from the initiating and other involved agencies including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

306.8 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, tire deflation devices, ramming or roadblock procedures.

306.8.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, deputies/supervisors should balance the risk of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the deputies, and persons in or on the pursued vehicle. The decision to use any intervention tactic should be reasonable in light of the circumstances apparent to the deputy at the time of the decision.

306.8.2 VEHICLE PURSUIT MANAGEMENT TECHNOLOGY

Vehicle pursuit management technology (VPMT) shall only be utilized by those deputies who have been trained in its proper use.

A pre-deployment of VPMT may be utilized for traffic situations, such as DUI/DUID, traffic infractions, stolen vehicles, failure to yield, or other criminal investigations when practicable. VPMT deployment as a pursuit prevention may require the time and tactics similar to initiating a traffic stop but shall not meet the criteria for initiating or engaging in a pursuit. The VPMT will not be deployed on motorcycles or other similar non-enclosed vehicles.

A supervisor must approve any pre-deployments of VPMT on stationary or unoccupied vehicles. Deputies in VPMT equipped vehicles who have prisoners shall not deploy VPMT.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Pursuits

It is recommended that deputies involved in authorized pursuits attempt to utilize VPMT whenever practicable. VPMT equipped patrol vehicles may join a pursuit for the potential use of the device upon approval from a supervisor. Once a VPMT equipped vehicle joins a pursuit, it becomes an authorized unit in accordance with this policy.

Unless directed otherwise, the VPMT equipped vehicle shall join the pursuit as the last patrol vehicle. A total number of two pursuing vehicles involved in the pursuit shall remain in effect unless more are approved by a supervisor.

The decision to discharge the VPMT rests solely on the deploying deputy, who shall consider:

- The safety of the community, involved deputies, deploying deputy and occupants of the subject vehicle
- Whether the deputy can safely pass any other vehicle involved in the pursuit and will do so only after notifying and receiving acknowledgment from the unit to be passed
- Whether the deputy can safely maneuver close enough to the suspect vehicle to come within targeting range of the VPMT
- Circumstances that would indicate the device could be ineffective (e.g. adverse weather conditions, suspect vehicle weaving etc.)

Once successfully deployed, all units will discontinue actively pursuing the subject vehicle and shall immediately notify a supervisor and Weld County Dispatch. The on-duty supervisor shall coordinate recovery efforts of the subject vehicle.

After a successful deployment, pursuing and assisting units should respond in a non-emergent manner for the purpose of recovering the subject vehicle and/or occupants unless specifically authorized by a supervisor to respond emergent.

If a subject vehicle leaves Weld County or passes through other jurisdictions, the supervisor shall coordinate mutual aid efforts to recover the vehicle and/or occupants.

All VPMT deployments require report documentation to include detailing the number of GPS devices deployed, whether an apprehension was made, if the subject vehicle or property was recovered, any damage and suspect information, if known.

306.8.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Deputies should not utilize firearms during an ongoing pursuit unless the conditions and circumstances meet the requirements authorizing the use of deadly force. Nothing in this section shall be construed to prohibit any deputy from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

306.8.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the deputies, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly

Vehicle Pursuits

force, and are subject to Office policies guiding such use. Deputies shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

- (a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety, and when deputies reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risk involved, this technique should only be employed by deputies who have received training in such tactics and after considering the following:
 - 1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risk of injury or death to occupants of the suspect vehicle, deputies, or other members of the public.
 - 2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
 - 3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
 - 4. The target vehicle is stopped or traveling at a low speed.
 - 5. At no time should civilian vehicles be used to deploy this technique.
- (b) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the deputy's disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. When ramming is used to stop a fleeing vehicle, one or more of the following factors should be present:
 - 1. The suspect is an actual or suspected felon, who reasonably appears to represent a serious threat to the public if not apprehended.
 - 2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.
 - 3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.
- (c) Tire deflation devices should be deployed only when it is reasonably apparent that only the pursued vehicle will be affected by their use. Prior to the deployment of spike strips, the deputy shall notify pursuing units and the supervisor of the intent and location. Deputies should carefully consider the limitations of such devices as well as the potential risk to deputies, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials or a school bus transporting children, deputies and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.
- (d) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor, and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially

outweighs the risk of injury or death to occupants of the pursued vehicle, deputies or other members of the public.

306.8.5 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Deputies shall use only that amount of force that reasonably appears necessary under the circumstances to properly perform their lawful duties.

Unless relieved by a supervisor, the primary deputy should coordinate efforts to apprehend the suspect following the pursuit. Deputies should consider the safety of the public and the involved deputies when formulating plans to contain and capture the suspect.

306.9 REPORTING AND REVIEW REQUIREMENTS

All appropriate reports shall be completed to comply with local and state regulations.

- (a) The primary deputy shall complete appropriate crime/arrest reports.
- (b) The primary deputy or supervisor shall complete the appropriate pursuit report.
- (c) After first obtaining available information, the on-duty field supervisor shall promptly notify their immediate supervisor to provide information to the Sheriff via the chain of command. Information should be inclusive of the following items:
 - 1. Date and time of pursuit
 - 2. Length of pursuit in distance and time
 - 3. Involved units and deputies
 - 4. Initial reason and circumstances surrounding the pursuit
 - 5. Starting and termination points
 - 6. Alleged offense, charges filed or disposition: arrest, citation or other release
 - 7. Arrestee information should be provided if applicable
 - 8. Injuries and/or property damage
 - 9. Medical treatment
 - 10. The outcome of the pursuit
 - 11. Name of supervisor handling or at the scene
 - 12. A preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted
- (d) After receiving copies of reports, logs and other pertinent information, the Sheriff or the authorized designee may conduct or assign the completion of a post-pursuit review as appropriate to the circumstances.
- (e) Periodically, the Sheriff may direct a documented review and analysis of Office vehicle pursuits to minimally include policy suitability, policy compliance and training needs.

306.9.1 REGULAR AND PERIODIC PURSUIT TRAINING

In addition to initial and supplementary training on pursuits, all certified employees will participate, no less than annually, in regular and periodic training addressing this policy and the importance of vehicle safety and protecting the public at all times. Training will include a recognition of the need to balance the known offense and the need for immediate capture against the risks to deputies and others.

306.9.2 POLICY REVIEW

Certified members of this office shall certify in writing that they have received, read and understand this policy initially and upon any amendments.

Deputy Response to Calls

307.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to all emergency and non-emergency situations.

307.2 RESPONSE TO CALLS

Deputies responding to any call shall proceed with due regard for the safety of all persons and property.

Deputies not responding to a call as an emergency response shall observe all traffic laws and proceed without the use of emergency lights and siren.

Deputies responding to a call as an emergency response shall continuously operate emergency lighting equipment and shall sound the siren as reasonably necessary (CRS § 42-4-108(3) and CRS § 42-4-213).

Responding with emergency lights and siren does not relieve a deputy of the duty to drive with due regard for the safety of all persons and property and does not protect the deputy from the consequences of reckless disregard for the safety of others (CRS § 42-4-108(4)).

The use of any other warning equipment without emergency lights and siren does not generally provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Deputies should only respond to a call as an emergency response when so dispatched or when responding to circumstances the deputy reasonably believes involves the potential for immediate danger to persons or property. Examples of such circumstances may include:

- A deputy who requires urgent assistance.
- A burglary in process that appears to involve a threat to any person's safety.
- A robbery in progress.
- A person brandishing a weapon.
- An apparent homicidal situation.
- A suicide in progress.
- A fight, riot or other large disturbance involving injuries.
- An assault or other act of violence in progress.
- A domestic dispute where injury is reasonably believed to be imminent, or has just occurred and the suspect is present.
- A kidnapping in progress.
- A traffic collision with injuries reported, or other event involving a serious injury or the possibility of injury that may reasonably require immediate medical aid.

307.3 REQUESTING EMERGENCY ASSISTANCE

Deputies may request emergency assistance when they reasonably believe that there is an imminent threat to the safety of deputies, or assistance is needed to prevent imminent serious harm to a citizen.

If a Deputy feels that they are in immediate need of assistance to protect their own safety, the announcement of a "Code 5" shall signify that they are in distress and need immediate assistance.

If circumstances permit, the requesting deputy should give the following information:

- The unit number.
- The location.
- The reason for the request and type of emergency.
- The number of units required.

Where a situation has stabilized and emergency response is not required, the requesting deputy shall promptly notify Dispatch.

307.3.1 NUMBER OF UNITS PARTICIPATING

Normally, only those units reasonably necessary should respond to a call with an emergency response. The Shift Sergeant or the field supervisor should monitor all emergency responses and reduce or enhance the response as warranted.

307.4 INITIATING EMERGENCY CALL RESPONSE

If a deputy believes an emergency response to any call is appropriate, the deputy shall immediately notify the Shift Sergeant or supervisor. An emergency response of any unit should initiate notification of and coordination by Dispatch to avoid any unanticipated intersecting of response routes.

The Shift Sergeant or field supervisor will make a determination regarding the appropriateness of the response and reduce or enhance the response as warranted.

307.5 RESPONSIBILITIES OF THE RESPONDING DEPUTY

Deputies shall exercise sound judgment and care with due regard for life and property when responding to a call with an emergency response. During a call involving an emergency response deputies may (CRS § 42-4-108(2)):

- (a) Disregard regulations governing parking or standing when using a warning lamp.
- (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation.
- (c) Exceed any speed limits provided this does not endanger life or property.
- (d) Disregard regulations governing direction of movement or turning in specified directions.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Deputy Response to Calls

The decision to continue as an emergency response is at the discretion of the deputy. If, in the deputy's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the deputy may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the deputy should immediately notify Dispatch. A deputy shall also discontinue an emergency response when directed by a supervisor or as otherwise appropriate.

Upon determining that an emergency response is appropriate, a deputy shall immediately give the location from which he/she is responding.

The first deputy arriving at an emergency response scene should determine whether to increase or reduce the level of the response and notify Dispatch of their determination. Any subsequent change in the appropriate response level should be communicated to Dispatch by the deputy in charge of the scene unless a supervisor assumes this responsibility.

307.5.1 EMERGENCY RESPONSE SPECIAL CONDITIONS

While performing certain emergency response tasks, the use of emergency lights or sirens may increase the danger to the responding deputies or the public. In the following circumstances, deputies may consider the appropriateness of an emergency response without siren, emergency lights or both:

- (a) A deputy is attempting to confirm his/her suspicion that a driver has violated the traffic code (CRS § 42-4-108(3)).
- (b) An emergency response requires an element of stealth that would be defeated by the use of emergency lighting or siren. This response should use a siren and emergency lights until a stealth response without lights and siren is required, and the response should then continue accordingly.

Any emergency response without the use of emergency lights and siren shall be conducted with due regard for the safety of the public and property and the recognition that such a response may not provide an exemption from the vehicle laws (CRS § 42-4-108(3)).

Any emergency response without the use of lights or siren shall cease if the circumstances no longer warrant such a response.

307.6 SUPERVISORY RESPONSIBILITIES

Upon being notified that an emergency response has been initiated, the Shift Sergeant or the field supervisor shall verify the following:

- (a) The proper response has been initiated.
- (b) No more than those units reasonably necessary under the circumstances are involved in the response.
- (c) Affected outside jurisdictions are being notified as practicable.

The field supervisor shall, whenever practicable, monitor the response until it has been stabilized or terminated, and assert control by directing units into or out of the response if necessary. If, in the

Weld County Sheriff's Office

Deputy Response to Calls

supervisor's judgment, the circumstances require additional units to be assigned an emergency response, the supervisor may do so.

It is the supervisor's responsibility to terminate an emergency response that, in his/her judgment, is inappropriate due to the circumstances.

When making the decision to authorize an emergency response, the Shift Sergeant or the field supervisor should consider the following:

- The type of call or crime involved
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

307.7 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the deputy must terminate the emergency response and continue accordingly.

The deputy shall notify the Shift Sergeant, field supervisor or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.

Canine Program

308.1 PURPOSE AND SCOPE

The canine program was established to augment law enforcement services to the community. Highly skilled and trained teams of handlers and canines are used to supplement law enforcement operations to locate individuals, contraband and to apprehend criminal offenders.

308.2 GUIDELINES FOR THE USE OF CANINES

A canine may be used in the investigation of a crime or possible crime, in the execution of a warrant, and to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following conditions exist:

- (a) There is a reasonable belief the individual poses an imminent threat of violence or serious harm to the public, any deputy or the handler.
- (b) The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- (c) The individual is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of deputies or the public.
- (d) It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Absent a reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from a pursuing deputy shall not serve as good cause for the use of a canine to apprehend an individual.

Once the individual has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be leashed or otherwise secured as soon as it becomes reasonably practical.

308.2.1 PREPARATIONS FOR UTILIZING A CANINE

Prior to the use of a canine to search for or apprehend any individual, the canine handler and/or the supervisor on-scene shall carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

- (a) The individual's perceived age.
- (b) The nature of the suspected offense.
- (c) Any potential danger to the public and/or other deputies at the scene if the canine is released.
- (d) The degree of resistance or threatened resistance, if any, the subject has shown.
- (e) The potential for escape or flight if the canine is not utilized.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Canine Program

(f) The potential for injury to deputies or the public caused by the suspect if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved personnel to minimize the risk of unintended injury.

A canine handler shall have the ultimate authority not to deploy the canine. The handler will evaluate each situation and determine if the use of a canine is technically feasible. Generally, the decision to deploy the canine shall remain with the handler. However, a supervisor sufficiently apprised of the situation may decide not to deploy the canine.

308.2.2 WARNINGS GIVEN TO ANNOUNCE THE USE OF A CANINE

Unless it would otherwise increase the risk of injury or escape, a clearly audible warning to announce that a canine will be released if the person does not come forth shall be made prior to releasing a canine. The canine handler, when practicable, shall first advise the supervisor of his/her decision if a verbal warning is not given prior to releasing the canine. In the event of an apprehension, the handler shall document in any related report whether a verbal warning was given and, if none was given, the reasons why.

308.2.3 USE OF NARCOTIC-DETECTION CANINES

A narcotic detection-trained canine may be used in accordance with current law under the following circumstances:

- (a) To assist in the search for narcotics during a search warrant service.
- (b) To obtain a search warrant by using the detection canine in support of probable cause.
- (c) To search vehicles, buildings, bags and any other articles as deemed necessary.
- (d) A narcotic detection-trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics, or a physical barrier exists which would not allow the K9 to have contact with the person.

308.2.4 GUIDELINES FOR NON-APPREHENSION USE

Because canines have senses far superior to those of humans, they may be effectively utilized to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention) or even suspects wanted for minor criminal offenses. In such circumstances, it will be necessary for the handler to evaluate the conditions and ability of the canine to determine the feasibility of such an application.

- (a) Absent a change in circumstances that present an imminent threat to deputies, the canine or the public, such applications should be conducted on-leash or under such conditions that the canine will not bite or otherwise injure the individual, if located.
- (b) Throughout the deployment of the canine in such circumstances, the handler should give periodic verbal assurances that the canine will not bite or hurt the person.
- (c) Unless otherwise directed by a supervisor, assisting personnel should take direction from the handler in order to minimize interference with the canine.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Canine Program

(d) Once the individual has been located, the canine should be placed in a down stay or otherwise secured as soon as it becomes reasonably practicable.

308.2.5 REPORTING CANINE USE, BITES AND INJURIES

Whenever the canine is deployed, a report of the incident shall be completed by the handler and turned in before going off-duty.

Whenever the use of the canine results in a bite or any injury, a report of the incident shall be completed and included along with any pertinent use of force report. Canines controlled by peace officers are exempt from regulatory action relating to bites.

Color photographs shall be taken of the bite or injury as soon as practicable after tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current office evidence procedures.

The injured party should be transported to an appropriate medical facility if the injury requires medical attention beyond first aid. If the injured party is in custody, a deputy should remain with the suspect until treatment has been rendered.

If a subject alleges an injury that is not visible, a supervisor shall be notified and the location of the alleged injury should be photographed as described above.

308.2.6 REPORTING CANINE INJURIES

In the event that a canine is injured, the injury will be immediately reported to the shift sergeant.

Medical care for any injured canine shall follow the protocol established in this policy.

The injury will be documented appropriately.

308.2.7 ASSIGNMENT OF CANINES

The canine teams shall be assigned to the patrol division to supplement and assist the patrol division.

Canine teams should function primarily as cover units. However, they are likely to be assigned to other functions based on the needs of the watch at the time.

Canine teams should not be assigned to handle matters that will take them out of service for extended periods of time, if possible, unless it is necessary to meet the needs of the watch.

308.3 REQUEST FOR USE OF CANINE TEAMS

Personnel within the office are encouraged to freely solicit the use of the canines. Requests for a canine team from outside of the Sheriff's Office shall go through the canine unit sergeant or the shift sergeant.

308.3.1 REQUEST FOR ASSISTANCE FROM OTHER AGENCIES

The shift sergeant or the canine unit sergeant must approve all requests for canine assistance from outside agencies subject to the following provisions:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Canine Program

(b) The handler has the ultimate authority to decide whether the canine is to be used for a specific assignment.

(c) Canine teams shall not be called out while off-duty or used outside the jurisdiction of the Weld County Sheriff's Office unless authorized by the shift sergeant or the canine unit sergeant.

(d) It shall be the responsibility of the canine handler to coordinate with outside agency personnel in order to minimize the risk of unintended injury.

308.3.2 REQUEST FOR PUBLIC DEMONSTRATIONS

All public requests for a canine team shall be approved by the canine unit sergeant prior to making any commitment.

Handlers shall not demonstrate any apprehension work to the public unless authorized to do so by the canine unit sergeant.

308.4 SELECTION OF CANINE HANDLERS

The following are the minimum qualifications for the assignment of canine handler:

(a) The handler is a Weld County Sheriff's Office deputy currently off initial review.

(b) The handler resides in an adequately fenced, single-family residence (minimum 5-foot high fence or 6 foot enclosed kennel with locking gates).

(c) It is preferred that the handler lives within Weld County.

(d) The handler agrees to be assigned to the position for a minimum of three years.

308.5 CANINE HANDLER RESPONSIBILITIES

308.5.1 AVAILABILITY

The handler shall be available for call-out under conditions specified by the canine unit sergeant.

308.5.2 CARE FOR THE CANINE AND EQUIPMENT

The handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions. The handler will be responsible for the following:

(a) Unless required by a particular application, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.

(b) The handler shall maintain all office equipment under his/her control in a clean and serviceable condition.

(c) When a handler takes a vacation or extended number of days off, the assigned canine vehicle shall be maintained at the Sheriff's Office facility.

(d) Handlers shall permit the canine unit sergeant to conduct spontaneous on-site inspections of affected areas of their residence, as well as the canine vehicle, to verify that conditions and equipment conform to this policy.

Weld County Sheriff's Office

(e) Any changes in living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine unit sergeant as soon as possible.

(f) When off-duty, canines shall be maintained in kennels at the homes of their handlers. When a canine is kenneled at the handler's home, the gate shall be secured. When off-duty, canines may be let out of their kennels while under the direct control of their handlers.

(g) Under no circumstances will the canine be lodged at another location unless approved by the canine unit sergeant or shift sergeant.

(h) When off-duty, handlers shall not involve their canines in any activity or conduct other than training unless approved in advance by the canine unit sergeant or shift sergeant.

(i) Whenever a canine handler anticipates taking a vacation or an extended number of days off, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine unit sergeant so that appropriate arrangements can be made.

308.5.3 CANINES IN PUBLIC AREAS

All canines shall be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canines are trained.

(a) Canines shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

308.5.4 HANDLER COMPENSATION

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine, in accordance with the Fair Labor Standards Act.

308.6 MEDICAL CARE OF THE CANINE

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency as provided within this policy.

308.6.1 NON-EMERGENCY MEDICAL CARE

Non-emergency medical care will be coordinated through the canine unit sergeant.

Any indication that a canine is not in good physical condition shall be reported to the canine unit sergeant or shift sergeant as soon as practicable.

308.6.2 EMERGENCY MEDICAL CARE

The handler shall notify the canine unit sergeant as soon as practicable when emergency medical care for the canine is required.

Depending on the severity of the illness or injury, the canine shall either be treated by the designated veterinarian or transported to a designated emergency medical facility for treatment. If the handler and canine are out of the area, the handler may use the nearest available veterinarian.

308.7 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current recognized national standards or the vendor's standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics shall be trained and certified to meet a nationally recognized standard or vendor standards established for such detection canines. Canine teams may not be used outside the scope of their certification unless under extreme emergency circumstances and with supervisor approval.

The canine unit sergeant shall be responsible for scheduling periodic training for all office personnel in order to familiarize them with how to conduct themselves in the presence of canines.

308.7.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to a current nationally recognized standard or the vendor's standards on an annual basis. Additional training considerations are as follows:

- (a) Canine teams shall receive training to a current nationally recognized standard by the Office's canine trainer.
- (b) Canine handlers are encouraged to engage in additional training with approval of the canine unit sergeant.
- (c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by the Office.
- (d) All canine training shall be conducted while on-duty unless otherwise approved by the canine unit sergeant or shift sergeant.

308.7.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. If the team has a single certification, when reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

308.7.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training files.

308.8 CANINE UNIT SERGEANT RESPONSIBILITIES

The canine unit sergeant shall be appointed by the staff and shall supervise the canine program. The canine unit sergeant is directly responsible to the assigned lieutenant or captain. The canine unit sergeant shall be responsible for, but not limited to:

- (a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- (b) Maintaining liaison with vendor kennels.
- (c) Maintaining liaison with administrative staff and functional supervisors.

- (h) Ensuring the canine teams are scheduled for continuous training to maximize the capabilities of the teams.

308.9 CONTROLLED SUBSTANCE TRAINING AIDS

Controlled substance training aids are required to effectively train and maintain drug detection dogs. Controlled substances can also be an effective training aid during training sessions for law enforcement personnel and the public.

The Sheriff, or authorized designee, at his/her discretion, may authorize an employee to:

- (a) Seek a Drug Enforcement Administration (DEA) registration.
 - (a) Which specifically authorizes the recipient to possess controlled substances;
 - i. While providing substance abuse training to law enforcement.
 - ii. While providing substance abuse training to the community.
 - iii. While providing canine drug detection training.
- (b) Request narcotics training aids.
 - (a) The Sheriff, or an authorized designee, may request controlled substance training aids, for providing substance abuse training or canine drug detection training, from the DEA by filling out the DEA-225 form found on the DEA website.
- (c) Seek a court order to allow controlled substances from a completed criminal case to be transferred to the Sheriff's Office, provided that;
 - (a) The controlled substances are no longer needed as criminal evidence.
 - (b) The person receiving the controlled substances possesses a current and valid DEA registration.

All necessary controlled substance training aids shall be acquired from outside agencies authorized to provide controlled substance training aids or from evidence personnel.

- (a) Upon receipt, all controlled substance training aids shall be weighed and presumptively tested prior to the first use.
- (b) The weight and test results shall be recorded and maintained by the professional standards lieutenant, with a copy provided to the canine training sergeant.

In accordance with 21 USC 802 (21) a canine handler is deemed to be a researcher and is subject to registration and licensing requirements. This applies to any duly-authorized peace officer, or

civilian drug-detection canine trainer, working under the direction of the Weld County Sheriff's Office.

308.9.1 PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of accidental ingestion of these controlled substances by the canine, the following procedures shall be strictly followed:

1) The professional standards lieutenant and the canine training sergeant will conduct an annual audit. All controlled substance training aids will be inspected, weighed, and presumptively tested on an annual basis. The results of the annual testing shall be recorded and maintained by the professional standards lieutenant and a copy will be forwarded to the canine training sergeant.

2) The canine unit trainer shall conduct a visual inspection of all controlled substances on a monthly basis. The trainer shall record the results of the visual inspection in the canine handler's training log. The theft, loss, damage or tampering of the controlled substance shall be immediately reported to the canine unit sergeant and the professional standards lieutenant.

3) All controlled substance training aids will be stored in airtight and watertight cases at all times, except during training. The cases shall be stored in the designated, locked safe.

- (a) There are no exceptions to this procedure.
- (b) The individual who signs the training aids out for a training event is responsible:
 - i. To ensure the training aids are returned in the same condition as when they were checked out.
 - ii. Or to document any changes to the condition of the training aids.

4) The canine training sergeant shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

5) Any unusable controlled substance training aids shall be documented as unusable and destroyed according to agency policy 804.7.1 (Exceptional Dispositions).

- (a) A copy of the form DEA-41 (Registrant's Inventory of Drugs Surrendered) must be submitted to the DEA Laboratory before new training aids will be supplied.

308.9.2 PHYSICAL SECURITY AND CONTROL OF CONTROLLED SUBSTANCES USED FOR TRAINING

All controlled substance training aids, received from an authorized outside agency, or pursuant to a court order, shall be stored pursuant to the requirements in 21 CFR 1301.72.

1) Controlled substance training aids shall be stored in a safe, or steel cabinet;

- (a) With the following specifications, or equivalent:

 - (c) That is located in a storage area that is accessible only to an absolute minimum number of specifically authorized personnel.
- 2) All controlled substance training aids will be returned to the storage area at the completion of each training event.

308.9.3 NOTIFICATION REQUIREMENTS OF THEFT OR LOSS OF CONTROLLED SUBSTANCES USED FOR TRAINING

- 1) Records shall be kept regarding any loss of or damage to the controlled substance training aids.
- (a) Pursuant to 21 CFR 1301.76, the registrant shall notify the Field Division Office of the Administration in the area, in writing, of the theft or significant loss of any controlled substances within one business day of discovery of such loss or theft. The registrant shall also complete, and submit to the Field Division Office in his area, DEA form 106 regarding the loss or theft. When determining whether a loss is significant, a registrant should consider, among others, the following factors:
 - i. The actual quantity of controlled substances lost in relation to the type of business;
 - ii. The specific controlled substances lost;
 - iii. Whether the loss of the controlled substances can be associated with access to those controlled substances by specific individuals, or whether the loss can be attributed to unique activities that may take place involving the controlled substances;
 - iv. A pattern of losses over a specific time period, whether the losses appear to be random, and the results of efforts taken to resolve the losses; and, if known,
 - v. Whether the specific controlled substances are likely candidates for diversion;
 - vi. Local trends and other indicators of the diversion potential of the missing controlled substance.

308.9.4 RESEARCH PROTOCOL

A protocol shall be established pursuant to 21 CFR 1301.18. The regulation requires that the research protocol contain the following information;

1) Registrant information

- (a) Name, business address, DEA registration number
- (b) Agency affiliation
- (c) Qualifications (i.e. canine training sergeant, supervisor, etc.), curriculum vitae, if applicable

2) Project information

Domestic Violence

309.1 PURPOSE AND SCOPE

The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this office to take enforcement action when appropriate, to provide assistance to victims and to guide deputies in the investigation of domestic violence.

309.1.1 DEFINITIONS

Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

309.2 POLICY

The Weld County Sheriff's Office's response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this office to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

309.3 OFFICER SAFETY

The investigation of domestic violence cases often places deputies in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all deputies to exercise due caution and reasonable care in providing for the safety of any deputies and parties involved.

309.4 INVESTIGATIONS

The following guidelines should be followed by deputies when investigating domestic violence cases:

- (a) Calls of reported, threatened, imminent, or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.
- (b) When practicable, deputies should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.
- (c) Deputies should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
- (d) When practicable and legally permitted, video or audio record all significant statements and observations.

Weld County Sheriff's Office

Domestic Violence

- (e) All injuries should be photographed, regardless of severity, taking care to preserve the victim's personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the initial responding deputy or the deputy currently assigned to service that particular service area in the event that the injuries later become visible.
- (f) Deputies should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.
- (g) If the suspect is no longer at the scene, deputies should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement, and make an arrest or seek an arrest warrant if appropriate.
- (h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence.
- (i) When completing an incident or arrest report for violation of a court order, deputies should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting deputy should attach a copy of the order to the incident or arrest report.
- (j) Deputies should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:
 - 1. Whether the suspect lives on the premises with the victim.
 - 2. Claims by the suspect that the victim provoked or perpetuated the violence.
 - 3. The potential financial or child custody consequences of arrest.
 - 4. The physical or emotional state of either party.
 - 5. Use of drugs or alcohol by either party.
 - 6. Denial that the abuse occurred where evidence indicates otherwise.
 - 7. A request by the victim not to arrest the suspect.
 - 8. Location of the incident (public/private).
 - 9. Speculation that the complainant may not follow through with the prosecution.
 - 10. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or marital status of the victim or suspect.
 - 11. The social status, community status, or professional position of the victim or suspect.

309.4.1 IF A SUSPECT IS ARRESTED

If a suspect is arrested, deputies should:

- (a) Advise the victim that there is no guarantee the suspect will remain in custody.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Domestic Violence

- (b) Provide the victim's contact information to the jail staff to enable notification of the victim upon the suspect's release from jail.
- (c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

309.4.2 IF NO ARREST IS MADE

- (a) If probable cause for arrest does not exist, the deputy should:
 - 1. Advise the parties of any options, including but not limited to:
 - (a) Voluntary separation of the parties.
 - (b) Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim advocate).
 - 2. Document the resolution in a report.
- (b) If probable cause for arrest exists but the suspect cannot be located, the deputy should:
 - (a) Advise the parties of any options, including but not limited to:
 - (a) Restraining order through courts
 - (b) Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim advocate).
 - (b) Document the incident in a report.
 - (a) Apply for an arrest warrant for suspect

309.5 VICTIM ASSISTANCE

Victims may be traumatized or confused. Deputies should:

- (a) Recognize that a victim's behavior and actions may be affected.
- (b) Provide the victim with the office's domestic violence information handout, even if the incident may not rise to the level of a crime.
- (c) Alert the victim to any available victim advocates, shelters and community resources.
- (d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
- (e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
- (f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the deputy determines that a need exists.
- (g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.

Weld County Sheriff's Office

Domestic Violence

- (h) Seek or assist the victim in obtaining an emergency order if appropriate.

309.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Deputies should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

309.7 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by deputies as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

309.8 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, deputies should carefully review the actual order when available, and, where appropriate and practicable:

- (a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
- (b) Check available records or databases that may show the status or conditions of the order.
- (c) Contact the issuing court to verify the validity of the order.
- (d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Deputies should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Deputies should contact a supervisor for clarification when needed.

309.8.1 VERIFICATION OF TRIBAL PROTECTION ORDERS

If any party to a domestic dispute is a member of a tribe or consider themselves a Native American person, deputies should ask whether there are any protection orders from a tribal court.

Deputies should take reasonable steps to verify the protection order, including calling the relevant tribe's dispatch line, and not rely solely on National Crime Information Center or other databases.

309.9 LEGAL MANDATES AND RELEVANT LAWS

Colorado law provides for the following:

309.9.1 STANDARDS FOR ARRESTS

Deputies investigating a domestic violence report should consider the following:

- (a) If a deputy has probable cause to believe an offender has committed an offense of domestic violence, an arrest shall be made (CRS § 18-6-803.6).
- (b) A deputy is not required to arrest both parties involved in an alleged act of domestic violence when both claim to have been victims of such domestic violence (CRS § 18-6-803.6). If a deputy receives complaints of domestic violence from two or more opposing persons, the deputy shall evaluate each complaint separately to determine if a crime has been committed by one or more persons.
- (c) In determining whether a crime has been committed by one or more persons, the deputy shall consider the following (CRS § 18-6-803.6):
 - 1. Any prior complaints of domestic violence.
 - 2. The relative severity of the injuries inflicted on each person.
 - 3. The likelihood of future injury to each person.
 - 4. The possibility that one of the persons acted in self-defense.
- (d) Unless impractical, if probable cause exists to believe an offender has violated a court order and that such offender had notice of the court order, an arrest shall be made (CRS § 18-6-803.5). If the circumstances make arrest impractical, the deputy shall seek a warrant of arrest for the offender (CRS § 18-6-803.5).
- (e) If a restrained person is arrested for violating or attempting to violate any provision of a court order, the arresting deputy shall make all reasonable efforts to contact the protected party to notify him/her of such arrest (CRS § 18-6-803.5).

309.9.2 SERVICE OF COURT ORDERS

Deputies responding to a domestic violence call who encounter a person named in a court order that has not been otherwise served shall serve the person with a copy of the order, if a copy is readily available (CRS § 13-14-107).

309.9.3 REPORTS AND RECORDS

The Records Supervisor will maintain records on the number of domestic violence-related calls reported to the Weld County Sheriff's Office and forward such records to the state as required (CRS § 18-6-803.9).

In the event that an individual is arrested by the Weld County Sheriff's Office for violating a court order, the Records Supervisor shall forward to the issuing court a copy of the arrest report, a list of witnesses to the violation, and, if applicable, a list of any charges filed or requested against the restrained person. The Records Supervisor shall also ensure that a copy of the same information

is provided to the protected party. The agency shall delete the address and telephone number of a witness from the list sent to the court upon request of such witness, and such address and telephone number shall not thereafter be made available to any person, except law enforcement officials and the prosecuting agency, without order of the court (CRS § 18-6-803.5).

If a restrained person is on bond in connection with a violation or attempted violation of a protection order in this or any other state and is subsequently arrested by the Weld County Sheriff's Office for violating or attempting to violate a protection order, the Records Supervisor shall notify the prosecuting attorney so that a motion may be filed with the court that issued the prior bond for the revocation of the bond and for the issuance of a warrant, if appropriate (CRS § 18-6-803.5).

Search and Seizure

310.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Weld County Sheriff's Office personnel to consider when dealing with search and seizure issues.

310.2 POLICY

It is the policy of the Weld County Sheriff's Office to respect the fundamental privacy rights of individuals. Members of this office will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this office will comply with relevant federal and state law governing the seizure of persons and property.

In accordance with the Weld County Sheriff's Office Training Policy, the Office will provide relevant and current training to deputies as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

310.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this office is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, deputies are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

Search and Seizure

310.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- (a) Members of this office will strive to conduct searches with dignity and courtesy.
- (b) Deputies should explain to the person being searched the reason for the search and how the search will be conducted.
- (c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- (d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- (e) When the person to be searched is of the opposite gender as the searching deputy, a reasonable effort should be made to summon a deputy of the same gender as the subject to conduct the search. When it is not practicable to summon a deputy of the same gender as the subject, the following guidelines should be followed:
 1. Another deputy or a supervisor should witness the search.
 2. The deputy should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

310.5 DOCUMENTATION

Deputies are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite gender, any efforts to summon a deputy of the same gender as the person being searched and the identification of any witness deputy

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and Office policy have been met.

Temporary Custody of Juveniles

311.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Weld County Sheriff's Office (34 USC § 11133).

311.1.1 DEFINITIONS

Definitions related to this policy include:

Detained or Confined - To hold, keep or restrain a person such that he is not free to leave, except that a juvenile held by law enforcement solely for the purpose of returning him to his parent or guardian or pending his transfer to the custody of a child welfare or social service agency is not detained or confined within the meaning of this definition.

Juvenile non-offender - A juvenile that is not charged with any offenses, and is abused, neglected, dependent, or an alien may only be detained if he, or she is at risk of harm to self or others. Juvenile non-offenders may include a juvenile taken into protective custody for being under the influence or incapacitated by substances but should be taken directly to a medical facility or mental health and substance abuse facility.

Juvenile status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender.

Juvenile offender - A juvenile under 18 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (CRS § 19-1-103(18); CRS § 19-1-103(68)). Juvenile offenders include juveniles taken into custody for possession of a handgun under CRS § 18-12-108.5 (28 CFR 31.303).

Non-secure custody - When a juvenile is seated in the presence of a deputy or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication, is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation.

Safety checks - Direct visual observation by a member of this office performed at random intervals, within time frames prescribed in this policy, to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is detained or confined in a locked room, a set of rooms, or a cell, they are in secure custody. Secure custody also includes being physically secured to a stationary object.

Examples of secure custody include:

Weld County Sheriff's Office

Temporary Custody of Juveniles

- (a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.
- (b) A juvenile handcuffed to a rail.
- (c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- (d) A juvenile being processed in a secure booking area when an unsecure booking area is available.
- (e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- (f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- (g) A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact.

311.2 POLICY

The Weld County Sheriff's Office is committed to releasing juvenile delinquents from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Weld County Sheriff's Office. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release and no longer than six (6) hours.

311.3 JUVENILES WHO SHOULD NOT BE HELD

Juvenile non-offenders and status offenders shall not be detained or confined in an Adult Jail or Lockup, unless they are in immediate risk of harm to self or others.

Juveniles who exhibit certain behaviors or conditions should not be held at the Weld County Sheriff's Office. These include:

- (a) Unconsciousness or having been unconscious while being taken into custody or transported.
- (b) Serious injuries or a medical condition requiring immediate medical attention.
- (c) A suspected suicide risk or showing obvious signs of severe emotional or mental disturbance (see the Civil Commitments Policy).
 - 1. If the deputy taking custody of a juvenile believes that he/she may be a suicide risk, the deputy shall ensure continuous direct supervision until evaluation, release or transfer to an appropriate facility is completed.
- (d) Significant intoxication or showing signs of having ingested any substance that poses a significant risk to their health, whether or not they appear intoxicated.
- (e) Extremely violent or continuously violent behavior.

Weld County Sheriff's Office

- (f) Afflicted with, or displaying symptoms of, a communicable disease that poses an unreasonable exposure risk.

Deputies taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation.

These juveniles should not be held at the Weld County Sheriff's Office unless they have been evaluated by a qualified medical and/or mental health professional.

311.4 CUSTODY OF JUVENILES

Deputies should take custody of a juvenile delinquent and temporarily hold the juvenile at the Weld County Sheriff's Office when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile who is suspected of being a victim.

No juvenile should be held in temporary custody at the Weld County Sheriff's Office without authorization of the arresting deputy's supervisor or the Shift Sergeant. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent, legal guardian, or other responsible adult, or transferred to a juvenile custody facility or to other authority as soon as practicable. In no event shall a juvenile be held beyond six hours from the time of his/her entry into the Weld County Sheriff's Office (34 USC § 11133).

311.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should not be held at the Weld County Sheriff's Office. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders may not be held in secure custody (34 USC § 11133).

311.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should be released by citation or with a warning rather than taken into temporary custody. However, deputies may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Juvenile status offenders may not be held in secure custody (34 USC § 11133).

311.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Weld County Sheriff's Office unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

311.4.4 REQUIREMENTS FOR CUSTODY OF JUVENILE OFFENDERS

A juvenile offender may be taken into temporary custody (CRS § 19-2-502):

- (a) When there are reasonable grounds to believe that he/she has committed a violation of a statute, ordinance or court order that would subject an adult to an arrest.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Temporary Custody of Juveniles

(b) Pursuant to a lawful warrant issued by a court pursuant to CRS § 19-2-503.

A juvenile offender shall not be held longer than is reasonably necessary to obtain basic identification information and to contact the juvenile's parents, guardian, or legal custodian (CRS § 19-2-507(4)).

The juvenile shall be released to the care of the juvenile's parents or other responsible adult unless a determination is made in accordance with CRS § 19-2-507(2) that the juvenile poses a substantial risk of serious harm to others.

If the juvenile is not released to the care of his/her parents or other responsible adult, the juvenile shall be taken directly to the court, a detention facility, or shelter designated by the court, or a preadjudication service program without unnecessary delay (CRS § 19-2-507(4)).

As an alternative to taking a juvenile offender to a detention facility or shelter, a deputy may, if authorized by policy of the court, serve a written promise to appear for juvenile proceedings upon the juvenile and the juvenile's parent, guardian, or legal custodian (CRS § 19-2-507(5)).

When a juvenile is not released pending charges, the deputy shall:

- Notify the screening team for the judicial district in which the juvenile was taken into custody (CRS § 19-2-507(1)).
- Promptly provide to the court and to defense counsel the affidavit supporting probable cause for the arrest and a copy of the arrest report if available (CRS § 19-2-508).

311.4.5 PETTY OFFENSE TICKETS

Offenders 10 years of age or older who have committed an offense that would be a petty offense or municipal ordinance violation if committed by an adult may be issued a petty offense ticket. The Weld County Sheriff's Office shall maintain annual data on the petty offense tickets issued, including the age, ethnicity and gender of each juvenile ticketed and the disposition of each ticket (CRS § 19-2-302.5).

311.5 ADVISEMENTS

The screening team for the judicial district generally notifies the juvenile's parent, guardian, or legal custodian that, if the juvenile is placed in detention or a temporary holding facility, all parties have a right to a prompt hearing to determine whether the juvenile is to be further detained. The notification may be made to a person with whom the juvenile is residing if a parent, guardian, or legal custodian cannot be located. If the screening team is unable to make the notification, deputies may make it (CRS § 19-2.5-303).

311.5.1 REPORTING

The Records Manager shall ensure incidents that result in a citation, summons, arrest or custody of a juvenile that occurs on public school grounds or vehicles, or at school activities or events are reported to the Division of Criminal Justice (DCJ) as required by CRS § 22-32-146. The reports shall be in the format provided by DCJ and include:

- (a) The juvenile's full name, date of birth, race, ethnicity and gender.

- (b) The name of the school where the incident occurred or the name of the school that either operated the vehicle or held the activity or event.
- (c) The date the juvenile was arrested, taken into custody or issued a summons or ticket.
- (d) The arrest or incident report number assigned by the Weld County Sheriff's Office.
- (e) The most serious offense for which the juvenile was arrested, issued a summons or ticket, based on the National Crime Information Center (NCIC) crime code.
- (f) The type of weapon involved, if any, for offenses classified under the NCIC incident-based reporting system as group A offenses.
- (g) The originating reporting identifier of the Weld County Sheriff's Office.

311.6 JUVENILE SCHOOL CONTACTS

Absent exigent circumstances, deputies should make every reasonable effort to notify responsible school officials prior to contacting a student on campus while school is in session.

- (a) Reasonable efforts should be taken to coordinate with school officials to minimize disruption of school functions and maintain a low-profile law enforcement presence when contacting a student.
- (b) Whenever circumstances warrant the temporary detention or formal interview of a juvenile student on campus, the deputies should:
 1. When practicable and when it would not unreasonably interfere with the investigation, take reasonable steps to notify a parent, guardian or responsible adult, including those phone numbers listed on any contact card on file with the school or provided by the student. All efforts to make contact with parents and/or the reasons contact was not attempted should be documented.
 2. A formal interview with the juvenile may not proceed without the consent and presence of a parent, guardian or custodian (CRS § 19-2-511).
 3. The selected parent or other responsible adult will be permitted to be present during any interview.
 - (a) An adult suspected of child abuse or other criminal activity involving the juvenile, or an adult who, in the opinion of the deputy, appears to be under the influence of alcohol or drugs or is otherwise unable or incompetent to exercise parental rights on behalf of the juvenile, will not be permitted to be present.
 - (b) If the deputy reasonably believes that exigent circumstances exist which would materially interfere with the deputy's ability to immediately interview the juvenile, the interview may proceed without the parent or other responsible adult. The exigent circumstances should be set forth in a related report.

311.7 NO-CONTACT REQUIREMENTS

Sight and sound separation shall be maintained between all juveniles and adult inmates while in custody at the Office (34 USC § 11133). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Weld County Sheriff's Office shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact.

311.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Weld County Sheriff's Office shall ensure the following:

- (a) The Shift Sergeant is notified if it is anticipated that a juvenile may need to remain at the Weld County Sheriff's Office more than four hours. This will enable the Shift Sergeant to ensure no juvenile is held at the Weld County Sheriff's Office more than six hours.
- (b) Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.

However, non-offenders and status offenders must not be handcuffed to any stationary object that would prohibit them from leaving the facility but can be placed in handcuff if they are combative or threatening.

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Shift Sergeant. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others.

Juveniles in restraints shall be kept away from other unrestrained individuals in custody and monitored in such a way as to protect the juvenile from abuse.

Adult Abuse

312.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with direction and understanding of their role in the prevention, detection and intervention in incidents of the abuse of an at-risk person. It is the policy of the Weld County Sheriff's Office to treat reports involving at-risk adults as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspect.

312.1.1 DEFINITIONS

Definitions related to this policy include (CRS § 26-3.1-101):

At-risk adult - An individual 18 years of age or older who is susceptible to mistreatment, self-neglect or exploitation because the individual is unable to perform or obtain services necessary for the individual's health, safety or welfare, or lacks sufficient understanding or capacity to make or communicate responsible decisions concerning the individual's person or affairs.

Exploitation - An act or omission that:

- (a) Uses deception, harassment, intimidation or undue influence to permanently or temporarily deprive an at-risk adult of the use, benefit or possession of his/her money, assets or property.
- (b) Employs the services of a third party without authority and for the profit or advantage of the person or another person to the detriment of the at-risk adult.
- (c) Forces, compels, coerces or entices an at-risk adult to perform services for the profit or advantage of the person or another person against the will of the at-risk adult.
- (d) Misuses the property of an at-risk adult in a manner that adversely affects the at-risk adult's ability to receive health care or health care benefits or to pay bills for basic needs or obligations.

Mistreatment - An act or omission that threatens the health, safety or welfare of an at-risk adult or exposes the adult to an imminent risk of death, serious bodily injury or bodily injury to the adult.

Mistreatment includes, but is not limited to:

- (a) Abuse which occurs where there is infliction of physical pain or injury, unreasonable confinement or restraint or subjection to criminal non-consensual sexual conduct.
- (b) Caretaker neglect, such as inadequate food, clothing, shelter, psychological care, physical care, medical care or supervision for the at-risk adult.

Self-neglect - An act or failure to act, whereby an at-risk adult substantially endangers his/her health, safety, welfare or life by not seeking or obtaining services necessary to meet his/her essential human needs.

312.2 POLICY

The Weld County Sheriff's Office will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

Weld County Sheriff's Office

Adult Abuse

312.3 MANDATORY NOTIFICATION

Members of the Weld County Sheriff's Office should notify the county department of human or social services when the member (CRS § 26-3.1-102):

- (a) Observes the mistreatment or self-neglect of an at-risk adult.
- (b) Has reasonable cause to believe that an at-risk adult has been mistreated or is self-neglecting.
- (c) Has reasonable cause to believe that an at-risk adult is in imminent risk of mistreatment or self-neglect.

Cross reporting to social services is mandatory for at-risk adults who have an intellectual and developmental disability or are seventy years of age or older (CRS § 18-6.5-102; CRS § 18-6.5-108).

For purposes of notification, mistreatment includes abuse, neglect, exploitation, or any act by a person with a relationship to the at-risk adult even when it does not rise to the level of abuse, caretaker neglect, or exploitation but causes harm to the health, safety, or welfare of an at-risk adult (CRS § 26-3.1-101).

Notification is not required for someone who was merely present when a qualified person self-administered a prescribed medical aid-in-dying medication (CRS § 25-48-116).

312.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (CRS § 26-3.1-102; CRS § 18-6.5-108):

- (a) Notification should occur as soon as practicable.
- (b) Written report should be forwarded within 24 hours.
- (c) The report should contain the following, if known:
 - 1. The name, address, and age of the adult victim.
 - 2. The name and address of the adult's caretaker, if any.
 - 3. The nature and extent of any injuries.
 - 4. The nature and extent of the condition that may reasonably result in abuse.

312.4 INVESTIGATIONS AND REPORTING

All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated. The written report shall be forwarded to the department of human services.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected adult abuse victim is contacted.
- (b) Any relevant statements the victim may have made and to whom he/she made the statements.

- (c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.
- (d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
- (e) Whether the victim was transported for medical treatment or a medical examination.
- (f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
- (g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
- (h) Previous addresses of the victim and suspect.
- (i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
- (j) Whether a death involved the Colorado End-of-Life Options Act (CRS § 25-48-119):
 - (a) Whether an individual knowingly or intentionally forged or altered a request for medical aid-in-dying medication to end an individual's life without the individual's authorization.
 - (b) Whether an individual knowingly or intentionally concealed or destroyed a rescission of a request for medical aid-in-dying medication.
 - (c) Whether an individual knowingly or intentionally coerced or exerted undue influence on a person with a terminal illness to request medical aid-in-dying medication or to destroy a rescission of a request for such medication.

An ombudsman should be called to the scene if the abuse occurred in a long-term care facility (CRS § 26-11.5-101 et seq.).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

312.5 PROTECTIVE CUSTODY

Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the deputy should make reasonable attempts to contact the county department of human or social services. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the deputy should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger

Weld County Sheriff's Office

the victim or result in abduction. If this is not a reasonable option, the deputy shall ensure that the adult is delivered the county department of human or social services.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control or have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

312.6 SUPPORT PERSONNEL

The following persons should be considered if it appears an in-depth investigation is appropriate:

- Patrol supervisor
- Investigative personnel
- Evidence collection personnel
- County or State Protective Services Agency personnel
- Ombudsman if the abuse is in a long-term care facility (CRS § 26-11.5-101-112)
- Victim advocate

312.6.1 PROTECTIVE ORDERS AND EMERGENCY PROTECTIVE ORDERS

In any situation where a deputy reasonably believes that a vulnerable person is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the deputy may contact the county court or Adult Protective Services and request a temporary restraining or protective order against the person alleged to have committed or threatened such abuse if that person is not in custody. If an offense is taken where it is clear there has been domestic violence against an elderly or at-risk adult, upon arrest of the suspect, the deputy should seek an emergency court order.

312.7 AT-RISK ADULT ABUSE REPORTING

Every allegation of at-risk adult abuse shall be documented. When documenting at-risk adult abuse cases the following information should minimally be included in the report (CRS § 26-3.1-102(2)):

- (a) The name, address and approximate age of the at-risk adult
- (b) The name and address of the person responsible for his/her care, if there is one
- (c) The name and address, if available, of the person who is alleged to have abused, neglected or exploited the at-risk adult
- (d) The nature and extent of the alleged abuse, neglect or exploitation of the at-risk adult

(f) The basis of the reporter's belief that the at-risk adult has been abused, neglected, exploited or isolated

(g) Any other information that would assist in the investigation of the report

Reporting cases of older person or at-risk adult abuse is confidential and will only be released as per the Records Release and Security Policy, or as necessary for the coordination of a multi-agency investigation of a report or for the provision of protective services to an at-risk adult (CRS § 26-3.1-102(7)).

The deputy should document in the report that initial oral notification was made to Adult Protective Services through the hotline (970) 346-7676 or by other means.

312.8 AT-RISK ADULT ABUSE IN A CARE FACILITY

Deputies shall investigate all allegations relating to the abuse, neglect or exploitation of an at-risk adult in a care facility or under the care of a facility. Deputies shall immediately notify the Colorado Department of Human Services and the District Attorney's Office whether a crime report was taken.

312.9 OBTAINING ARREST WARRANT

Deputies should promptly seek a warrant for the arrest of any person for whom probable cause exists to believe the person is criminally responsible for the abuse, neglect or exploitation of an at-risk adult.

Child Abuse

313.1 PURPOSE AND SCOPE

313.1.1 DEFINITIONS

Definitions related to this policy include:

Child - Unless otherwise specified by a cited statute, a child is any person under the age of 18.

Child abuse - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child's care or any other act that would mandate notification to a social service agency or law enforcement (CRS § 19-3-304; CRS § 19-1-103).

313.2 POLICY

The Weld County Sheriff's Office will investigate all reported incidents of alleged criminal child abuse and ensure the county department of human services is notified as required by law.

313.3 MANDATORY NOTIFICATION

Members of the Weld County Sheriff's Office shall notify the county department of human or social services when (CRS § 19-1-103; CRS § 19-3-308):

- (d) They have probable cause to believe a child is a victim of human trafficking of a minor for sexual servitude (CRS § 18-3-504; CRS § 18-7-201.4).

For purposes of notification, abuse and neglect are acts or omissions that threaten the health or welfare of a child, including but not limited to suspicious injuries such as bruising, bleeding, or burns; sex offenses; emotional abuse; failure to provide adequate food, clothing, or care; or exposure to dangerous environments (CRS § 19-1-103).

Deputies shall take into account accepted child-rearing practices of the culture in which the child participates, including but not limited to accepted work-related practices of agricultural communities, in determining abuse. Abuse does not include a reasonable exercise of parental

An investigating deputy and his/her supervisor shall notify the school district superintendent when there is a reasonable belief that an incident of abuse or neglect has been committed by a person acting in his/her official capacity as an employee of the school district (CRS § 19-3-308).

313.3.2 REPORTS

Employees responding to incidents of suspected child abuse where it cannot initially be shown that a crime occurred are still required to document the incident and/or contact through written report.

- (f) Participate in or coordinate with multidisciplinary investigative teams as applicable.

313.5 INVESTIGATIONS AND REPORTING

In all reported or suspected cases of child abuse, a report will be written. Deputies shall write a report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as applicable:

- (a) The overall basis for the contact. This should be done by the investigating deputy in all circumstances where a suspected child abuse victim was contacted.
- (b) The exigent circumstances that existed if deputies interviewed the child victim without the presence of a parent or guardian.
- (c) Any relevant statements the child may have made and to whom he/she made the statements.
- (d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

such investigation with any concurrent abuse investigation being conducted by the Department of Education or the school district to the extent that such coordination is possible and deemed appropriate (CRS § 19-3-308).

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

313.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the deputy should make reasonable attempts to contact the county Department of Human Services. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this office should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the deputy should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the deputy shall ensure that the child is delivered to the county Department of Human Services.

Whenever practicable, the deputy should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, deputies should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations (CRS § 19-3-401):

- (a) When a court order has been issued authorizing the removal of a child.
- (b) Without a court order when the child is seriously endangered in his/her surroundings or seriously endangers others and immediate removal appears to be necessary for the child's protection or the protection of others.
 - 1. A child shall be removed from his/her home and placed in protective custody if an emergency exists because the child is seriously endangered, as described above, the safety or well-being of the child is immediately at issue and there is no other reasonable way to protect the child without removing the child from his/her home.
- (c) Without a court order when an arrest warrant has been issued for the child's parent or guardian on the basis of an alleged violation of CRS § 18-3-304.
- (d) A seriously endangered newborn child (less than 72 hours old) may be detained in a hospital, without a warrant, by a deputy upon the recommendation of the county Department of Human Services, a physician, a registered nurse, a licensed practical nurse or a physician's assistant, while an order of the court pursuant to CRS §

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Child Abuse

19-3-405(1) is being pursued. The newborn child must be released if a court order is denied.

313.6.1 COURT ORDERS

Unless already being addressed by the county department of social services, a deputy should apply for a court order prior to taking a child into protective custody or as soon as practical thereafter when the deputy (CRS § 19-3-405):

- (a) Believes that the circumstances or conditions of the child are such that continuing in his/her place of residence or in the care and custody of the person responsible for the child's care and custody would present a danger to that child's life or health in the reasonably foreseeable future.
- (b) Believes that the child is able to remain safely in his/her place of residence or in the care and custody of the person responsible for the child's care and custody only if certain emergency protection orders are entered.

313.6.2 RELATED NOTIFICATIONS

If the county Department of Human Services is unable to take custody of a child, deputies taking a child into protective custody shall (CRS § 19-3-402):

- (a) Deliver the child, without unnecessary delay, directly to the court or to a place designated by the court.
- (b) At the earliest opportunity, notify the court that the child has been taken into protective custody.
- (c) Promptly file a brief written report with the court and any agency or person so designated by the court stating the facts that led to the child being taken into custody and the reason why the child was not released.

Whenever a child is taken into temporary protective custody, the child's parent, guardian or legal custodian shall be notified without unnecessary delay (CRS § 19-3-402(1)). The notification shall include information regarding the right to a hearing.

313.6.3 SAFE HAVEN ACT PROVISIONS

Any newborn infant (72 hours old or younger) who has been surrendered by a parent to an on-duty firefighter or hospital staff member under the safe haven provisions of CRS § 19-3-304.5 shall be taken into temporary protective custody by a deputy pursuant to CRS § 19-3-401. A supervisor and the county Department of Human Services should be notified without delay.

313.7 INTERVIEWS

313.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, deputies should record the preliminary interview with suspected child abuse victims. Deputies should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Child Abuse

When practicable, investigating deputies should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

313.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW

A deputy should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

- (a) Exigent circumstances exist, such as:
 - 1. A reasonable belief that medical issues of the child need to be addressed immediately.
 - 2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
 - 3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.
- (b) A court order or warrant has been issued.

313.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating deputy should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The deputy should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, deputies should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for deputies to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

313.9 DRUG-ENDANGERED CHILDREN

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

313.9.1 SUPERVISOR RESPONSIBILITIES

The Investigations Unit Supervisor should:

- (a) Work with professionals from the appropriate agencies, including the county Department of Human Services, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by their exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

Weld County Sheriff's Office

Child Abuse

- (b) Activate any available interagency response when a deputy notifies the Investigations Unit Supervisor that the deputy has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.
- (c) Ensure that when deputies and detectives respond to drug labs or other narcotics crime scenes they note and report the environmental, medical, social and other conditions that may affect the child.

313.9.2 DEPUTY RESPONSIBILITIES

Deputies responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

- (a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.
- (b) Notify the Investigations Unit Supervisor so an interagency response can begin.

313.10 STATE MANDATES AND OTHER RELEVANT LAWS

Colorado requires or permits the following:

313.10.1 RELEASE OF REPORTS

Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (CRS § 19-1-307; CRS § 24-72-304).

313.10.2 SERVICE OF PROTECTION ORDER

Deputies responding to a call for assistance who determine that a civil protection order has been issued and that the restrained person has not been personally served, shall serve the restrained person with a copy of the order (CRS § 19-1-104).

313.11 TRAINING

The Office should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

- (a) Participating in multidisciplinary investigations, as appropriate.
- (b) Conducting forensic interviews.

314.2 POLICY

All personnel shall accept any report, including any telephone report, of a missing person, including runaways, without delay and shall give priority to the handling of these reports over the handling of reports relating to crimes involving property. A missing person report shall be accepted if (CRS § 16-2.7-102(2)):

- (a) The missing person resides within this Office's jurisdiction and the last-known location is his/her residence or is unknown.
- (b) There is credible information indicating that the missing person was last believed to be within this Office's jurisdiction.

Office personnel are not required to accept a missing person report if the person is the subject of a missing person report under investigation by another law enforcement agency within Colorado (CRS § 16-2.7-102(5)).

If the location where a person has been missing or was last seen cannot be clearly and easily established, the local law enforcement agency having jurisdiction over the missing person's last known residence should take the report. In any instance where there is a disagreement over reporting responsibility that is not immediately resolved, it is the policy of this office to promptly take and investigate a missing person report.

Any investigation completed and information obtained in a case that is ultimately the responsibility of another jurisdiction shall be recorded in an incident report, including information regarding the determination of jurisdiction, and forwarded to the appropriate agency.

Bias-Motivated Crimes

317.1 PURPOSE AND SCOPE

The Weld County Sheriff's Office recognizes and places a high priority on the rights of all individuals guaranteed under the Constitution and the laws of Colorado . When such rights are infringed upon by violence, threats or other harassment, this office will utilize all available resources to see that justice is served under the law. This policy has been developed to meet or exceed the provisions of the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act, and provides members of this office with guidelines for identifying and investigating incidents and crimes that may be motivated by hatred or other bias.

317.1.1 FEDERAL JURISDICTION

Federal law prohibits discrimination-based acts. The U.S. Department of Justice (DOJ) may obtain jurisdiction over crimes of violence where the perpetrator has selected the victim because of the person's actual or perceived race, color, religion, national origin, gender, sexual orientation, gender identity or disability (18 USC § 245).

317.2 DEFINITIONS

Definitions related to this policy include:

Bias-motivated crime - A person commits a bias-motivated crime if, with the intent to intimidate or harass another person because of that person's actual or perceived race, color, religion, ancestry, national origin, ethnicity, gender, sexual orientation, gender identity or expression, or physical or mental disability, he/she (CRS § 18-9-121(2)):

- (a) Knowingly causes bodily injury to another person.
- (b) By words or conduct, knowingly places another person in fear of imminent lawless action directed at that person or that person's property, and such words or conduct are likely to produce bodily injury to that person or damage to that person's property.
- (c) Knowingly causes damage to or destruction of the property of another person.

317.3 PREVENTING AND PREPARING FOR LIKELY BIAS-MOTIVATED CRIMES

While it is recognized that not all crime can be prevented, this office is committed to taking a proactive approach to preventing and preparing for likely bias-motivated crimes by among other things:

- (a) Making an affirmative effort to establish contact with persons and groups within the community who are likely targets of bias-motivated crimes to form, and cooperate with, prevention and response networks.
- (b) Providing victim assistance and follow-up as outlined below, including community follow-up.
- (c) Educating community and civic groups about bias-motivated crime laws.

Bias-Motivated Crimes

317.4 PROCEDURE FOR INVESTIGATING BIAS-MOTIVATED CRIMES

Whenever any member of this Office receives a report of a suspected bias-motivated crime or other activity that reasonably appears to involve a potential bias-motivated crime, the following should occur:

- (a) Deputies will be promptly assigned to contact the victim, witness or reporting party to investigate the matter further as circumstances may dictate.
- (b) A supervisor should be notified of the circumstances as soon as practicable.
- (c) Once "in progress" aspects of any such situation have been stabilized (e.g., treatment of victims or apprehension of present suspects), the assigned deputies will take all reasonable steps to preserve available evidence that may tend to establish that a bias-motivated crime was involved.
- (d) The assigned deputies will interview available witnesses, victims and others to determine what circumstances, if any, indicate that the situation may involve a bias-motivated crime. No victim of, or a witness to, a bias-motivated crime who is not otherwise charged with or convicted of a crime under state law may be detained for or turned over to federal authorities exclusively for any actual or suspected immigration violation.
- (e) Depending on the situation, the assigned deputies or supervisor may request additional assistance from investigators or other resources to further the investigation.
- (f) The assigned deputies will include all available evidence indicating the likelihood of a bias-motivated crime in the relevant reports. All related reports will be clearly marked as "Bias-Motivated Crimes" and, absent prior approval of a supervisor, will be completed and submitted by the assigned deputies before the end of the shift.
- (g) The assigned deputies should also make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as required by the Victim Assistance Policy.
- (h) The assigned deputies and supervisor should take reasonable steps to ensure that any such situation does not escalate further and should provide information to the victim regarding legal aid, e.g., a possible Temporary Restraining Order through the courts or District Attorney or County Attorney.

317.5 INVESTIGATIONS UNIT RESPONSIBILITIES

If a case is assigned to the Investigations Unit, the assigned investigator will be responsible for following up on the reported bias-motivated crime by:

- (a) Coordinating further investigation with the District Attorney and other appropriate law enforcement agencies.
- (b) Maintaining contact with the victim and other involved individuals, as needed.

Report Preparation

318.1 PURPOSE AND SCOPE

Report preparation is a major part of each employee's job. The purpose of reports is to document sufficient information to refresh the employee's memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formal and on-the-job training.

318.1.1 REPORT PREPARATION

Employees should ensure that their reports are sufficiently detailed for their purpose and reasonably free of errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty, unless permission to delay submission of the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads or arrest reports where the suspect remains in custody should not be delayed.

Handwritten reports must be prepared legibly. If the report is not prepared legibly, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, witnesses, all pertinent information seen, heard or assimilated by any other sense and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee's opinions should not be included in reports unless specifically identified as such.

318.2 REQUIRED REPORTING

Written reports are required in all of the following situations on the appropriate office-approved form unless otherwise approved by a supervisor.

318.2.1 CRIMINAL ACTIVITY REPORTING

When an employee responds to a call for service, a crime has been reported or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the employee is required to document the activity. The fact that a victim does not desire prosecution is not an exception to documentation. The following are examples of required documentation:

- (a) In every instance where a crime has been reported, is believed to have occurred, or is directly observed, the documentation shall take the form of a written report.
- (b) In every case where any force is used against any person by sheriff's personnel
- (c) All incidents involving reports of domestic violence
- (d) All arrests

- (i) Suspicious incidents that may place the public or others at risk.
- (j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor.

318.2.3 DEATH REPORTS

Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigations Policy. A deputy handling a death investigation should notify and apprise a supervisor of the circumstances surrounding the incident and a determination will be made on how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

- (a) Sudden or accidental deaths.
- (b) Suicides.
- (c) Homicide or suspected homicide.
- (d) Unattended deaths (no physician or qualified hospice care during the period immediately preceding death).
- (e) Found dead bodies or body parts.

318.2.4 DRUG OR ALCOHOL OVERDOSE EVENT

1. An overdose means an acute condition including, but not limited to, physical illness, coma, mania, hysteria, or death resulting from the consumption or use of a controlled substance, or of alcohol, or another substance with which a controlled substance or alcohol was combined, and that a layperson would reasonably believe to be a drug or alcohol overdose that requires medical assistance (C.R.S. 18-1-711(5)).

- (b) There is an attempted suicide.
- (c) The injury is major or serious, whereas death could result.
- (d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event.

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

318.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all employees and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

318.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for consistency.

318.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

318.4 REPORT CORRECTIONS

Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should inform the employee through the reporting system, stating the reasons for rejection. The original report with recommended corrections should be returned to the reporting employee for correction as soon as practicable. It shall be the responsibility of the originating employee to ensure that any report returned for correction is processed in a timely manner.

318.5 REPORT CHANGES OR ALTERATIONS

Reports that have been approved by a supervisor and submitted to the Weld County Records for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Weld County Records may be corrected or modified by the authoring employee only with the knowledge and authorization of the reviewing supervisor.

Media Relations

319.1 PURPOSE AND SCOPE

This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

319.2 RESPONSIBILITIES

The ultimate authority and responsibility for the release of information to the media shall remain with the Sheriff. However, in situations not warranting immediate notice to the Sheriff and in situations where the Sheriff has given prior approval, Captains, Shift Sergeants and the designated Public Information Officer (PIO) may prepare and release information to the media in accordance with this policy and the applicable law.

319.2.1 MEDIA REQUEST

Any media request for information or access to a law enforcement situation shall be referred to the designated Office media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

- (a) At no time shall any employee of this office make any comment or release any official information to the media without prior approval from a supervisor or the designated Office media representative.
- (b) In situations involving multiple law enforcement agencies or other criminal justice agencies including, but not limited to, prosecutors and coroners, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this office.
- (c) Under no circumstance should any member of this office make any comments to the media regarding any law enforcement incident not involving this office without prior approval of the Sheriff.

319.2.2 PUBLIC INFORMATION OFFICER COMMUNITY RELATIONS

The designated PIO is responsible for maintaining a relationship with the local community (e.g., local businesses, service clubs, schools, religious organizations, other government agencies) that is consistent with the goals and objectives of this office. The PIO shall maintain documentation on all public education efforts including classes, informational flyers and other documentation, meetings and press releases.

319.3 MEDIA ACCESS

Authorized members of the media should be provided access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities. Access by the media is subject to the following conditions:

All information released to the media should be coordinated through the PIO or other designated spokesperson.
- (c) No member of this office shall be required to submit to media visits or interviews without the consent of the involved employee.
- (d) Media interviews with individuals who are in custody shall not be permitted unless in compliance with a jail facility policy. Exceptions are only permitted with the approval of the Sheriff and the express written consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Office members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the PIO.

319.3.1 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Shift Sergeant. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident. It should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

319.3.2 PROVIDING ADVANCE INFORMATION

To protect the safety and rights of deputies and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media nor should media representatives be invited to be present at such actions except with the prior approval of the Sheriff.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Sheriff will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

319.4 SCOPE OF INFORMATION SUBJECT TO RELEASE

The Office will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through an automated reporting process. This log will consist of data classified as public and should generally contain:

323.3 REGISTRATION

The Investigations Unit supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the Colorado Bureau of Investigation (CBI) (CRS § 16-22-109; CRS § 16-22-110; CRS § 16-13-903).

323.3.1 CONTENTS OF REGISTRATION

The registrant shall be required to complete the registration form provided by CBI.

Registration by a person who lacks a fixed residence shall be accepted unless it includes a location that would violate state law or local ordinance. The registrant shall be advised of any such violation and allowed five days to secure an alternate location (CRS § 16-22-108).

- (b) Review of information on CBI's Convicted Sex Offender Registry website.
- (c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the Investigations Unit supervisor.

Following a registrant's first registration with the Office, the residence verification referenced above shall occur as soon as possible after the registration and annually thereafter. Residence confirmation shall occur quarterly if the registrant is a sexually violent predator (CRS § 16-22-109).

323.5 DISSEMINATION OF PUBLIC INFORMATION

Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisors. The supervisor should evaluate the request and forward the information to the Sheriff or the authorized designee if warranted. A determination will be made by the Sheriff or the authorized designee, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on registrants should be provided with CBI's Convicted Sex Offender Registry website or the Weld County Sheriff's Office's website.

- (f) The death results from the action of a peace officer, or while the person was in the custody of law enforcement officials or incarcerated in a public institution.
- (g) The death was sudden, and happened to a person who was in apparent good health.
- (h) The body is unidentifiable, decomposed, charred or skeletonized.

Death Investigation

- (i) The death occurs under circumstances that the Coroner determines may warrant further inquiry in order to determine the cause and manner of death, or that requires further law enforcement investigation.

In cases involving any of the above mentioned circumstances, the body of the deceased shall not be removed from the place of death prior to the arrival of the Coroner. This restriction shall not apply if the Coroner grants permission for removal or removal is necessary to identify the victim, protect property from damage, preserve evidence, or protect life, health or safety.

When the Coroner arrives at the scene, law enforcement personnel shall make all reasonable accommodations to allow him/her to collect time-sensitive information.

If a suicide note is found at the place of death, investigating deputies or the Coroner shall take custody of the note based on a prior agreement. If there is no prior agreement, investigating deputies have the authority to take custody of the suicide note and shall provide a copy to the Coroner.

324.2.2 SEARCHING DEAD BODIES

The Coroner or an assistant and authorized investigators are generally the only persons permitted to move, handle or search a body. Should exigent circumstances indicate to a deputy that any other search of a known dead body is warranted prior to the arrival of the Coroner, the investigating deputy shall first obtain verbal consent from the Coroner when practicable.

Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the deputy pending the arrival of the Coroner. The name and address of this person shall be included in the narrative of the death report. Whenever personal effects are removed from the body of the deceased by the Coroner, a general description of the items removed should be documented.

324.2.3 DEATH NOTIFICATION

The Weld County Coroner is responsible to make or arrange for notification of next-of-kin of a deceased person and may request the assistance from Office personnel to identify or locate next-of-kin. The Coroner will make arrangements for notifications outside this county when necessary.

If a deceased person has been identified as a missing person, this Office shall assist the Coroner in locating family members and coordinate follow-up investigation with the Coroner to ensure notification occurs prior to law enforcement contact. All efforts to locate and notify family members shall be recorded in appropriate reports and properly retained.

324.2.4 DEATH INVESTIGATION REPORTING

All incidents involving a death shall be documented in the records management system in a timely manner.

324.2.5 SUSPECTED HOMICIDE

If the initially assigned deputy suspects that the death involves a homicide or other suspicious circumstances, the deputy shall take steps to protect the scene. A supervisor shall be notified

Weld County Sheriff's Office

Death Investigation

to determine the possible need for an investigator to respond to the scene for further immediate investigation.

If the on-scene supervisor, through consultation with the Investigations Sergeant , is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The official determination as to the cause of death will be the Coroner's responsibility.

The assigned investigator investigating a homicide or a death under suspicious circumstances may, with the approval of his/her supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

324.2.6 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to and determines that a death, serious illness or serious injury has occurred as a result of an accident at or in connection with the victim's employment may ensure that the regional Occupational Safety and Health Administration (OSHA) office is notified by telephone or teletype with all pertinent information.

Identity Theft

325.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

325.2 REPORTING

- (a) To maintain uniformity in reporting, deputies shall initiate a report for victims residing within the jurisdiction of this office when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, deputies should observe the following:
 1. For any victim not residing within this jurisdiction, the deputy may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he/she resides (CRS § 16-5-103(4)).
- (b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, deputies of this office should investigate and report crimes occurring within this jurisdiction that have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the fraud, usage of services or receipt of goods were acquired or occurred in this jurisdiction).
- (c) Deputies should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- (d) Deputies should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and Department of Motor Vehicles) with all known report numbers.
- (e) The reporting deputy should inform victims of identity theft that an Order of Factual Innocence is available to help those who are wrongly linked to crimes (CRS § 16-5-103(2)(b)). A court may order identifying information contained in criminal justice records to show that the information is not accurate and does not reflect the perpetrator's identity because of identity theft. Information can be obtained by contacting the Department of Revenue.
- (f) Following supervisory review and Office processing, the initial report should be forwarded to the appropriate investigator for follow-up investigation, coordination with other agencies and prosecution as circumstances dictate.

325.3 PREVENTIVE MEASURES

The victim should be advised to place a security freeze on his/her consumer report, as allowed by law. A victim may also access

Private Persons Arrests

326.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for handling private person's arrests and detentions made pursuant to CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115.

326.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Deputies should use sound discretion in determining whether to advise an individual of the arrest process.

- (a) When advising any individual regarding the right to make a private person's arrest, deputies should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest, as listed below.
- (b) Private individuals should be discouraged from using force to effect a private person's arrest. Absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

326.3 ARRESTS BY PRIVATE PERSONS

A private person may arrest another under the following circumstances (CRS § 16-3-201, CRS § 16-3-202(2) and CRS § 16-19-115):

- (a) For any crime that has been or is being committed or attempted in his/her presence
- (b) When directed by any peace officer to assist a peace officer
- (c) When there is reasonable information that the accused has been charged in the courts of a state with a crime punishable by death or imprisonment for a term exceeding one year
 - 1. The accused shall be taken before a judge without unnecessary delay and a complaint must be made against the accused under oath by the private person making the arrest.

326.4 DEPUTY RESPONSIBILITIES

Any deputy presented with a private person who has made a private person's arrest must determine whether there is reasonable cause to believe that such an arrest would be lawful.

- (a) Should any deputy determine that there is no reasonable cause to believe that a private person's arrest is lawful, the deputy should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, to determine the lawfulness of the arrest and protect the public safety.

Weld County Sheriff's Office

Private Persons Arrests

1. Any deputy who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual. The deputy must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the deputy, the deputy should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- (b) Whenever a deputy determines that there is reasonable cause to believe that a private person's arrest is lawful, the deputy may exercise any of the following options:
1. Take the individual into physical custody for booking.
 2. Release the individual upon a misdemeanor citation or pending formal charges.

326.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must be willing to sign a statement that they will testify to the arrest in subsequent court proceedings. If the person fails or refuses to do so, the arrested subject shall be released unless the deputy has an independent reason to take the person into custody.

In addition to the signed statement (and any other related documents, such as citations and booking forms), deputies shall complete a narrative report regarding the circumstances and disposition of the incident.

Limited English Proficiency Services

327.1 PURPOSE AND SCOPE

Language barriers can sometimes inhibit or even prohibit individuals with Limited English Proficiency (LEP) from gaining meaningful access to, or an understanding of important rights, obligations and services. It is the policy of this Office to take all reasonable steps to ensure timely and equal access to all individuals, regardless of national origin or primary language (Title VI of the Civil Rights Act of 1964, § 601, 42 USC § 2000 d).

327.1.1 DEFINITIONS

Definitions related to this policy include:

Bilingual - The ability to communicate in two languages fluently, including the ability to communicate technical and law enforcement terminology. Bilingual includes a variety of skill levels. Some bilingual individuals may be fluent enough to engage in direct communication in a non-English language but insufficiently fluent to interpret or translate from one language into another. A bilingual individual, depending on skill level, could be utilized to communicate fluently in a non-English language but not to interpret between two languages if he/she does not possess the necessary specialized skills. To be utilized to interpret or translate from one language into another, an individual must possess the skill, training and demonstrated competence. For purposes of this policy, employees must initially and periodically demonstrate the level of skill and competence such that the Office is able to determine the purposes for which an employee's language skills may be used.

Interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language) while retaining the same meaning.

Limited English Proficient (LEP) - Designates individuals whose primary language is not English and who have a limited ability to read, write, speak or understand English. LEP individuals may be competent in certain types of communication (e.g., speaking or understanding), but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific. An individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Person disabled in communication - A person who cannot fully understand legal proceedings or charges involving him/her because of difficulty in speaking or comprehending the English language.

Translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

327.2 POLICY

Since there are potentially hundreds of languages that Office personnel could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) *LEP Guidance to Federal Financial Assistance Recipients* available at the DOJ website, <http://www.lep.gov/>

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Limited English Proficiency Services

[resources/resources.html](#), to determine which measures will provide reasonable and meaningful access to various rights, obligations, services and programs to everyone. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis must remain flexible and requires an ongoing balance of the following four factors:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by Office personnel, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with Office personnel, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

As indicated above, the intent of this analysis is to create a balance that reasonably ensures meaningful access by LEP individuals to critical services, while not imposing undue burdens on the Office or its personnel.

While this office will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right, the above analysis will be utilized to determine the availability and level of assistance provided to any LEP individual or group.

327.2.1 IDENTIFICATION OF LEP INDIVIDUAL'S LANGUAGE

The Office will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language in an effort to avoid mistakes when identifying a language. [See attachment: crcl-i-speak-booklet.pdf](#)

327.3 LEP COORDINATOR

Depending on the balance of the four factors listed above, this office will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services, where reasonably available. LEP individuals may elect to accept interpreter services offered by the Office at no cost or choose to provide their own interpreter services at their own expense. Office personnel should document in any related report whether the LEP individual elected to use interpreter services provided by the Office or some other source. Office-provided interpreter services may include, but are not limited to, the assistance methods described in this section.

327.3.1 BILINGUAL PERSONNEL

Personnel utilized for LEP services need not be certified as interpreters but must have demonstrated a level of competence to ascertain whether his/her language skills are best suited to monolingual communication, interpretation, translation, or all or none of these functions.

All personnel used for communication with LEP individuals must demonstrate knowledge of the functions of an interpreter and the ethical issues involved when functioning as a language conduit. In addition, employees who serve as interpreters and/or translators must have demonstrated

Weld County Sheriff's Office

competence in both English and the non-English language. When bilingual personnel from this office are not available, personnel from other County departments who have the requisite training may be used.

327.3.2 TELEPHONE INTERPRETER SERVICES

The Weld County Regional Communications Center will maintain a list of qualified interpreter services. These services shall be available, with the approval of a supervisor, to assist personnel in communicating with LEP individuals via telephone.

327.3.3 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF INTERPRETATION

Where competent bilingual office personnel or other County-certified staff are unavailable to assist, responsible members of the community who have demonstrated competence in either monolingual (direct) communication and/or in interpretation and translation (as noted above) may be called upon to assist in communication efforts. Sources for these individuals may include neighboring law enforcement agencies, university language and linguistics departments, local businesses, banks, churches, neighborhood leaders and school officials. Office personnel should ensure that community members are able to provide unbiased assistance. The nature of the contact and relationship between the LEP individual and the individual offering services must be carefully considered (e.g., victim/suspect).

Except for exigent or very informal and non-confrontational circumstances, the use of an LEP individual's bilingual friends or family members, particularly children, are generally not recommended. Office personnel shall make case-by-case determinations on the appropriateness of using such individuals (for further guidance, see Section V(3) of the U.S. DOJ Final Guidance available at <http://www.justice.gov>).

327.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Office will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- (a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by office members, or who may benefit from programs or services within the jurisdiction of the Office or a particular geographic area.
- (b) The frequency with which LEP individuals are likely to come in contact with office members, programs or services.
- (c) The nature and importance of the contact, program, information or service provided.
- (d) The cost of providing LEP assistance and the resources available.

Weld County Sheriff's Office

Limited English Proficiency Services

327.4.1 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

To provide LEP individuals with meaningful access to law enforcement services when they are victims of, or witnesses to, alleged criminal activity or other emergencies, this office has designated 9-1-1 calls as its top priority for language services. Office personnel will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines through any or all of the above resources.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

327.4.2 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Office personnel must assess each situation to determine the need and availability for translation services and utilize the methods outlined above to provide appropriate language assistance.

Although not every situation can be addressed in this policy, it is important that Office personnel are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action taken with an LEP individual. For example, it would be meaningless to request consent to search if the person requesting is unable to effectively communicate with an LEP individual.

327.4.3 INVESTIGATIVE INTERVIEWS

In any situation where the translation of an interview may contain information that might be used in a criminal trial, it is important to take certain steps to improve the chances of admissibility. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. The identification and contact information for the interpreter (e.g., name, address) should be documented so the person can be subpoenaed for trial if necessary.

Any person selected as an interpreter and/or translator must have demonstrated competence in both English and the non-English language involved and knowledge of the functions of an interpreter that allow for correct and effective translation, and should not be a person with an interest in the case. The person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation to the court.

327.4.4 CUSTODIAL INTERROGATIONS AND BOOKINGS

To protect the rights of LEP individuals during arrest and custodial interrogation, this Office places a high priority on providing competent interpretation during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, Office personnel providing interpretation services or translated forms in these situations will have demonstrated competence

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Limited English Proficiency Services

in interpretation/translation and make every reasonable effort to accurately interpret/translate all communications with LEP individuals.

To ensure that translations during criminal investigations are documented accurately and are admissible as evidence, audio recordings of interrogations, victim interviews and witness interviews should be used whenever reasonably possible.

Employees providing interpretation or translation services shall also be aware of the inherent communication impediments to gathering information from the LEP individual throughout the booking process or any other situation in which an LEP individual is under the control of Office personnel. Medical screening questions are commonly used to elicit information on an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, symptoms of withdrawal from certain medications or the need to segregate the arrestee from other prisoners. Therefore it is important for members of this office to make every reasonable effort to provide effective language services in these situations.

327.4.5 COMPLAINTS

The Office shall ensure access to LEP persons who wish to file a complaint regarding the discharge of Office duties. The Office may do so by providing interpretation assistance or translated forms to such individuals. If the Office responds to complaints filed by LEP individuals, the Office shall attempt to communicate its response in an accessible manner.

327.4.6 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this Office have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. This Office will continue to work with community groups, local businesses and neighborhoods to provide equal access to programs and services to LEP individuals and groups.

327.5 TYPES OF LEP ASSISTANCE AVAILABLE

In an effort to ensure that all personnel in public contact positions or who have contact with those in custody are properly trained, the Office will provide periodic training to personnel about LEP policies and procedures, including how to access office-authorized, telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring all new personnel receive LEP training and that all personnel receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, with a copy in each member's training file, in accordance with established records retention schedules.

327.6 AUDIO RECORDINGS

The following materials will be made available to employees to assist in providing access and service to LEP individuals:

- (a) Access to telephonic interpretation services through the Weld County Regional Communications Center (language line)

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Limited English Proficiency Services

- (b) Translated *Miranda* warning cards and other frequently used documents
- (c) Audio recordings/warnings that are developed in non-English languages

327.7 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established office procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this office is not available, personnel from other County departments, who have been identified by the Office as having the requisite skills and competence, may be requested.

327.8 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this office will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this office is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Office or some other identified source.

327.9 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the deputy is unable to effectively communicate with an LEP individual.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Limited English Proficiency Services

If available, deputies should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

327.10 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, deputies should consider calling for an authorized interpreter in the following order:

- An authorized office member or allied agency interpreter
- An authorized telephone interviewer
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

327.11 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

327.12 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

327.13 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Office will provide periodic training on this policy and related procedures, including how to access office-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Communications with Persons with Disabilities

328.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

328.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids -These are used to communicate with people who are deaf, hard of hearing or have impaired speech. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; use of a notepad and pen or pencil to exchange written notes; use of a computer or typewriter; use of an assistive listening system or device to amplify sound; use of a teletypewriter (TTY), videophones (video relay service or VRS); or use of a qualified interpreter.

Deaf or hard of hearing - An individual who has or is regarded as having substantially limited hearing with or without assistance. This includes a person who has a functional hearing loss of sufficient severity to prevent aural comprehension, even with the assistance of hearing aids (CRS § 13-90-202(6)).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, transliterators, sign language interpreters and intermediary interpreters. Qualified interpreters should have a valid certification of competency accepted by the Commission for the Deaf and Hard of Hearing (CRS § 13-90-202(8)).

328.2 POLICY

Because the nature of any law enforcement contact may vary substantially from one situation to the next, employees of this office should consider all information reasonably available to them when determining how to communicate with an individual suffering from any disability. These factors may include, but are not limited to:

- (a) The extent to which a disability is obvious or otherwise made known to the involved employee. Impaired or disabled individuals may be reluctant to acknowledge their condition and may even feign a complete understanding of a communication, despite actual confusion.
- (b) The nature of the disability (e.g., total deafness or blindness versus impairment).
- (c) The nature of the law enforcement contact (e.g., emergency versus non-emergency, custodial versus consensual).
- (d) The availability of resources to aid in communications.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communications with Persons with Disabilities

When considering these and other available information, the involved employee should carefully balance all factors in an effort to reasonably ensure meaningful access to critical services, while not imposing undue burdens on the Office or its deputies.

328.2.1 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, Office employees should be alert to the possibility of communication problems. They should exercise special care in the use of all gestures and with verbal and written communications to minimize initial confusion or misunderstanding when dealing with any individual with known or suspected disabilities or communication impairments.

328.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

Depending on the balance of the factors available for consideration at the time, this office will make every reasonable effort to provide meaningful and timely assistance to disabled individuals through a variety of services, where available. Disabled individuals may elect to accept such assistance at no cost, choose to provide their own communication services at their own expense, or any combination thereof. In any situation, the individual's choice of a communication method shall be given primary consideration and shall be honored unless the employee can adequately demonstrate that a more effective method of communication exists under the circumstances.

Deputies should document the type of communication utilized in any related report and whether a disabled or impaired individual elected to use services provided by the Office or some other identified source. Office-provided services may include, but are not limited to, the following.

328.3.1 FIELD RESOURCES

Individual deputies and employees are encouraged to utilize resources immediately available to them in any contact with a known or suspected disabled or impaired person. Examples of this would include such simple methods as:

- (a) Hand gestures or written communications exchanged between the employee and a deaf or hearing-impaired individual.
- (b) Facing an individual who uses lip reading, and speaking slowly and clearly.
- (c) Slowly and clearly speaking or reading simple terms to any visually or mentally impaired individual.

328.3.2 TELEPHONE INTERPRETER SERVICES

The dispatch center will maintain a list of qualified interpreter services, to be contacted at Office expense and upon the approval of a supervisor, to assist deaf or hearing-impaired individuals. When utilized, notification to such interpreters shall be made at the earliest reasonable opportunity. The interpreter should be available to respond within a reasonable time, generally not to exceed three hours.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communications with Persons with Disabilities

328.3.3 TTY AND RELAY SERVICES

Individuals who are deaf or hearing-impaired must be given the opportunity to use available text telephones (TTY or TDD). All calls placed by such individuals through such services shall be accepted by this office.

328.3.4 FAMILY AND FRIENDS OF DISABLED OR IMPAIRED INDIVIDUAL

While family and friends of a disabled or impaired individual may frequently offer to assist with interpretation, employees should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in emergency or critical situations. Further, the nature of the contact and relationship between the disabled individual and the individual offering services must be carefully considered (e.g., victim/suspect).

328.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this office should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- (a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- (b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- (c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).
- (d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

328.4.1 QUALIFIED INTERPRETER REQUIRED IN ARRESTS

A deputy who arrests a person who, due to deafness or a physical speaking impairment, cannot readily understand or communicate in the English language or cannot understand the proceedings, shall inform his/her supervisor of the arrest and ensure a qualified interpreter as specified by law is available at public expense to the arrestee before an interrogation or the taking of a statement (CRS § 13-90-204(1)(d)).

The arresting deputy shall immediately make arrangements to provide a qualified interpreter at the earliest possible time at the place of detention. The deputy shall, with the assistance of the interpreter, explain to the person disabled in communication, all charges filed and all

procedures relating to the person's detention and release. The interpreter shall assist with all other communications including those relating to needed medical attention.

328.4.2 CUSTODIAL INTERROGATIONS AND BOOKINGS

To ensure that the rights of all disabled and impaired individuals are protected during arrest and custodial interrogation, this Office places a high priority on providing reasonable communication assistance during such situations. It is further recognized that miscommunication during custodial interrogations may have a substantial impact on the evidence presented in any related criminal prosecution. As such, Office personnel providing communication assistance in these situations will make every reasonable effort to accurately and effectively communicate with disabled or impaired individuals.

Employees providing such assistance shall also be aware of the inherent impediments to gathering information from disabled or impaired individuals throughout the booking process or any other situation in which a disabled or impaired individual is under the control of Office personnel. Medical screening questions are commonly used to elicit information regarding an individual's medical needs, suicidal inclinations, presence of contagious diseases, potential illness, symptoms of withdrawal from certain medications or the need to segregate the arrestee from other prisoners. It is important for this office to make every reasonable effort to provide effective communication assistance in these situations.

- (a) Individuals who require communication aids (e.g., hearing aids) should be permitted to retain such devices while in custody.
- (b) While it may present officer safety or other logistical problems to allow a physically disabled individual to retain devices, such as a wheelchair or crutches during a custodial situation, the removal of such items will require that other reasonable accommodations be made to assist such individuals with access to all necessary services.
- (c) Whenever a deaf or hearing-impaired individual is detained or arrested and placed in handcuffs, deputies should consider, safety permitting, placing the handcuffs in front of the body to allow the individual to sign or write notes.

328.4.3 QUALIFIED INTERPRETER REQUIRED FOR VICTIMS AND WITNESSES

A deputy shall make arrangements to provide a qualified interpreter to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

328.4.4 FIELD ENFORCEMENT AND INVESTIGATIONS

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve disabled or impaired individuals. The scope and nature of these activities and contacts will inevitably vary. The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every deputy in the field. Each deputy and/or

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communications with Persons with Disabilities

supervisor must assess each situation to determine the need and availability for communication assistance to any and all involved disabled or impaired individuals.

Although not every situation can be addressed within this policy, it is important that employees are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with a deaf individual.

328.4.5 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office have become increasingly recognized as important to the ultimate success of more traditional law enforcement duties. As such, this office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services to disabled individuals and groups.

328.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- (a) The methods of communication usually used by the individual.
- (b) The nature, length and complexity of the communication involved.
- (c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communications with Persons with Disabilities

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Weld County Sheriff's Office, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

328.6 TYPES OF ASSISTANCE AVAILABLE

Weld County Sheriff's Office members shall never refuse to assist an individual with disabilities who is requesting assistance. The Office will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Office will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept office-provided auxiliary aids or services or they may choose to provide their own.

Office-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

328.7 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or the investigation. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- (a) Available within a reasonable amount of time but in no event longer than one hour if requested.
- (b) Experienced in providing interpretation services related to law enforcement matters.
- (c) Familiar with the use of VRS and/or video remote interpreting services.
- (d) Certified in either American Sign Language (ASL) or Signed English (SE).
- (e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- (f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use office-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

328.8 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Office to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, office members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

328.9 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- (a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- (b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

328.10 REPORTING

Whenever any member of this office is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Office or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

328.11 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communications with Persons with Disabilities

The Office recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this office. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the deputy is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, deputies should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

328.11.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- (a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- (b) Exchange of written notes or communications.
- (c) Verbal communication with an individual who can speech-read by facing the individual and speaking slowly and clearly.
- (d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.
- (e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

328.11.2 QUALIFIED INTERPRETER OR AUXILIARY SERVICE REQUIRED FOR VICTIMS AND WITNESSES

A deputy shall make arrangements to provide a qualified interpreter or auxiliary service to assist in an interview or questioning of a victim or witness who is deaf or hard of hearing, or deaf-blind and uses sign language for effective communication (CRS § 13-90-204(1)(f)).

328.12 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing, deaf-blind, or have speech impairment are protected during a custodial interrogation, this office will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the

Weld County Sheriff's Office

individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf, hard of hearing, or deaf-blind by a qualified interpreter or by providing a written *Miranda* warning card (CRS § 13-90-204(1)(d)).

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

328.12.1 WAIVER

Any waiver to a qualified interpreter or auxiliary service shall be in writing. The person may have access to counsel for advice and shall have actual, full knowledge of the right to effective communication (CRS § 13-90-208).

If there is no waiver, *Miranda* warnings shall be given by the interpreter prior to any attempt to interrogate or take a statement from the person (CRS § 13-90-204(1)(d)).

328.13 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this office are important to the ultimate success of more traditional law enforcement duties. This office will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

328.14 TRAINING

To ensure that all members who may have contact with individuals who are disabled are properly trained, the Office will provide periodic training that should include:

- (a) Awareness and understanding of this policy and related procedures, related forms and available resources.
- (b) Procedures for accessing qualified interpreters and other available resources.
- (c) Working with in-person and telephone interpreters and related equipment.

The Training Sergeant shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

Pupil Arrest Reporting

329.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the procedures to follow when a pupil is arrested on school grounds and during school hours.

329.2 PUPIL ARREST REPORTING

In the event a school pupil is arrested on school grounds and during school hours, the arresting deputy shall include in the report the necessary information to ensure that the Weld County Records notifies the chief administrative officer of the school or the appropriate designee of the arrest of a pupil.

329.2.1 PUPIL ARREST AFTER NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to notify the school prior to the arrest. Prior notification and assistance from the school may reduce disruption to school operations and other students.

329.2.2 PUPIL ARREST BEFORE NOTIFICATION

Based upon the circumstances of the investigation, it may be appropriate to arrest the pupil before notifying the school. This may be appropriate if the pupil is a flight risk, if prior notification will impede the investigation or if notification creates additional risks to students, faculty, the deputy or the public.

Proper notification to the school after the pupil's arrest should then be made when circumstances reasonably allow.

329.2.3 PARENTAL NOTIFICATION

Upon arrest, it is the arresting deputy's responsibility to ensure the parents of the arrested pupil are properly notified. Notification shall be made by the deputy, regardless of subsequent notifications by the juvenile detention facility. Notifications should be documented and include the charges against the pupil and information as to where the pupil will be taken.

If there is any question as to the receiving person's intent, chaplains should verify that the person is desirous of spiritual counseling or guidance before engaging in such discussion.

Chaplains may not accept gratuities for any services or any subsequent actions or follow-up that was provided while on-duty as a chaplain for the Weld County Sheriff's Office.

330.7 CLERGY-PENITENT CONFIDENTIALITY

No person who provides chaplain services to members of the office may work or volunteer for the Weld County Sheriff's Office in any capacity other than that of chaplain.

Office chaplains shall be familiar with state evidentiary laws and rules pertaining to the limits of the clergy-penitent privilege and shall inform office members when it appears reasonably likely that the office member is discussing matters that are not subject to the clergy-penitent privilege. In such cases, the office chaplain should consider referring the member to a non-office counseling resource.

No chaplain shall provide counsel to or receive confidential communications from any Weld County Sheriff's Office employees concerning an incident personally witnessed by the chaplain or concerning an incident involving the chaplain.

330.8 COMMAND STRUCTURE

- (a) Under the general direction of the Sheriff or the authorized designee, chaplains shall report to the Chaplain Coordinator and/or Shift Sergeant.

330.9.1 UNIFORMS AND BADGES

A distinct uniform, identification and the necessary safety equipment will be provided for the chaplains. This uniform may be similar to that worn by the personnel of this office.

330.10 TRAINING

The Office will establish a minimum number of training hours and standards for office chaplains. The training may include stress management, death notifications, post-traumatic stress syndrome, burnout for officers and chaplains, legal liability and confidentiality, ethics, responding to crisis situations, the law enforcement family, substance abuse, suicide, officer injury or death, and sensitivity and diversity, as approved by the Training Sergeant.

Child and Dependent Adult Safety

331.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this office.

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse Policy and the Adult Abuse Policy.

331.2 POLICY

It is the policy of this office to mitigate, to the extent reasonably possible, the stressful experience individuals may have when a parent or caregiver is arrested. The Weld County Sheriff's Office will endeavor to create a strong cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

331.2.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered minor children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of minor children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. The following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of minor children and dependent adults with a responsible party, as appropriate.
 1. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts. Consideration regarding familiarity with the surroundings, comfort, emotional state and safety should be paramount.
 2. Except when a court order exists limiting contact, the deputy should attempt to locate and place dependent children or adults with a non-arrested parent or guardian.
- (b) Provide for the immediate supervision of minor children or a dependent adult until an appropriate caregiver arrives.
- (c) Notify the Department of Human Services if appropriate.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Child and Dependent Adult Safety

- (d) Notify the field supervisor or Shift Sergeant of the disposition of minor children or dependent adults.

If children or dependent adults are at school or a known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be included in the associated report.

331.2.2 REPORTING

For incidents where an arrest is made and unsupervised (outside of the arrestee parent) children, or an unsupervised (outside of the arrestee caregiver) dependent adult is present, or a deputy learns of dependent children or a dependent adult who won't have supervision when the caregiver is arrested, the reporting deputy should format the children or dependent adult in the reporting system. The deputy should document what actions were taken involving either children or dependent adults and whether the dependent adult(s) reasonably appears to be able to care for him or herself

331.2.3 SUPPORT AND COUNSELING REFERRAL

Should it be apparent that law enforcement action may have a delayed or lingering effect upon children or dependent adults, providing referral information for available support, counseling, victim advocate, a crisis line or similar services should be considered.

331.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, deputies should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, deputies should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken:

- (a) Look for evidence of children and dependent adults. Deputies should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (b) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, deputies should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, deputies should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the deputy at the scene should

Weld County Sheriff's Office

explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

331.3.1 AFTER AN ARREST

Whenever an arrest is made, the deputy should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults.

Deputies should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

- (a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
 - 1. Deputies should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.
- (b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), deputies should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
 - 1. Except when a court order exists limiting contact, the deputy should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.
- (c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.
- (d) Notify the Department of Human Services, if appropriate.
- (e) Notify the field supervisor or Shift Sergeant of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting deputy should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependents. The result of such actions should be documented in the associated report.

331.3.2 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling deputies, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

Service Animals

332.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Weld County Sheriff's Office recognizes this need and is committed to making reasonable modifications to its policies, practices and procedures in accordance with Title II of the Americans with Disabilities Act (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

332.2 SERVICE ANIMALS

The ADA defines a service animal as any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the owner's disability (28 CFR 35.104).

Service animals also include assistance dogs that are in the process of being trained and are accompanied by a trainer (CRS § 24-34-803).

332.2.1 USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar. Service animals are not pets and may be trained by an individual or organization to assist people with disabilities.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, or follow daily routines.

332.3 MEMBER RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the public is allowed. Office members are expected to treat individuals with

Service Animals

service animals with the same courtesy and respect that the Weld County Sheriff's Office affords to all members of the public.

If an animal exhibits vicious behavior, poses a direct threat to the health of others or unreasonably disrupts or interferes with normal business operations, a deputy may direct the owner to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the animal. Each incident must be considered individually. Past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this office are expected to provide all services as are reasonably available to an individual with the disability.

If it is apparent or if a deputy is aware the animal is a service animal, the owner should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the deputy should ask the individual only the following questions:

- Is the animal required because of a disability?
- What task or service has the animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal, and no further question as to the animal's status should be asked. The person should not be questioned about his/her disabilities nor should the person be asked to provide any license, certification or identification card for the service animal.

Service animals are not pets. Office members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

When handling calls of a complaint regarding a service animal, members of this office should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their owner in all areas that other customers or members of the public are allowed.

Absent a violation of law independent of the ADA, deputies should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice.

Volunteers

333.1 PURPOSE AND SCOPE

It is the policy of this office to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Office and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, certified deputies and civilian personnel. Volunteers can be an important part of any organization and have proven to be a valuable asset to law enforcement agencies. Volunteers help to increase office responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Office and prompt new enthusiasm.

333.1.1 DEFINITIONS

Definitions related to this policy include:

Volunteer - An individual who performs a service for the Office without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid deputies, interns, victim advocates, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

333.1.2 VOLUNTEER ELIGIBILITY

Requirements for participation as an Weld County Sheriff's Office volunteer include:

- (f) No conviction of a felony, any crime of a sexual nature, any crime related to assault, any crime related to moral turpitude or any crime related to impersonating a law enforcement officer.
- (g) No conviction of a misdemeanor crime within the past 36 months, excluding petty traffic offenses.
- (h) No condition of mental illness or chemical dependency that may adversely affect the person's ability to serve in the position. Refer to the Drug and Alcohol Workplace Safety policy for disqualifying criteria related to the use of unlawful substances.

The Sheriff may apply exceptions for eligibility based on organizational needs and the qualification of the individual.

333.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis in accordance with Office policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist, the Office in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the chain of command. A complete position description and a requested time frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or the authorized designee should conduct a face-to-face interview with the applicant.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

A truth verification exam may be required of each applicant depending on the type of assignment. All victim advocate volunteers are required to complete a truth verification exam and drug screening, prior to being accepted.

A volunteer whose assignment requires the use of, access to or places him/her in the vicinity of criminal histories, investigative files or information portals shall require submission of prints and clearance through the Colorado Bureau of Investigation.

333.2.4 SELECTION AND PLACEMENT

Service as a volunteer shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Office, who will normally be the Volunteer Coordinator. No volunteer should begin performance of any position until he/she has been officially accepted for that position and completed all necessary screening and documentation.

At the time of final acceptance, each volunteer should complete all necessary enrollment documentation and will receive a copy of the job description and agreement of service with the Office. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and with the needs of the Office.

Reserve Unit volunteers are generally assigned to augment regular staffing levels.

333.2.5 EMPLOYEES WORKING AS RESERVE

Certified employees of this office, when authorized, may also serve as reserve deputies. However, the Office must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws. Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve, auxiliary or volunteer capacity (29 CFR 553.30).

333.2.6 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Office, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Depending on the assignment, training may include the following:

- (a) Role of the volunteer
- (b) Office policies
- (c) Training specific to the procedure manual for the volunteer position
- (d) Discrimination and harassment training

Pursuant to Colorado Peace Officer Standards and Training (POST) rules and regulations, the Office may establish training, licensing and continuing education requirements for its reserve deputies.

Training should reinforce to volunteers that they should not intentionally represent themselves as, or by omission infer, that they are certified deputies or other full-time members of the Office. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Office. Whenever a rule, regulation or guideline in this manual refers to a certified deputy, it shall also apply to a volunteer, unless by its nature it is inapplicable.

333.2.7 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

333.2.8 DRESS CODE

As representatives of the Office, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by certified deputies. No volunteer shall wear his/her uniform or identifiable parts of that uniform while off-duty.

Volunteers shall be required to return any issued uniform or office property at the termination of service.

333.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Office must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as, and act as, a supervisor of other volunteers, provided the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and the necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

333.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to private and confidential information, such as criminal histories or investigative files. Unless otherwise directed by a supervisor, the duties of the position or office policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by office policy and supervisory personnel.

Each volunteer will receive training in data practices and be required to sign a nondisclosure agreement before being given an assignment with the Office. Subsequent unauthorized disclosure of any private or confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any

information concerning the activities of the Office, or maintain that they represent the Office in such matters without permission from the proper office personnel.

333.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn and visible at all times while on-duty. Any fixed and portable equipment issued by the Office shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Office and shall be returned at the termination of service.

333.5.1 VEHICLE USE

Volunteers assigned to duties that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing
- (b) Verification that the volunteer possesses a valid driver's license
- (c) Verification that the volunteer carries current vehicle insurance

The Volunteer Coordinator should ensure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating an Office vehicle, volunteers shall obey all rules of the road, including seat belt requirements.

Volunteers should not operate a marked patrol car unless it is being operated during an approved skills course; that it is being used to transport equipment; that it is being used to provide supplementary assistance under the direction of an on-duty certified deputy. Volunteers are not authorized to operate an Office vehicle for enforcement patrol operations or under emergency conditions (lights and siren).

333.5.2 RADIO AND MDT USAGE

Volunteers shall successfully complete state and federal database access training and radio procedures training prior to using the law enforcement radio or MDT and shall comply with all related provisions. The Volunteer Coordinator should ensure that radio and database access training is provided for volunteers whenever necessary.

333.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Sheriff or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing. The hearing shall be limited to a single appearance before the Sheriff or the authorized designee.

Volunteers may resign from volunteer service with this office at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

333.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Office.

333.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum job satisfaction on the part of volunteers.

333.8 EMERGENCY CALL-OUT FOR VOLUNTEER PERSONNEL

The Volunteer Coordinator shall develop a plan outlining an emergency call-out procedure for volunteer personnel.

Native American Graves Protection and Repatriation

334.1 PURPOSE AND SCOPE

This policy is intended to ensure the protection and security of ancient or historic grave sites, including notification of personnel responsible for cultural items, in compliance with the Native American Graves Protection and Repatriation Act (NAGPRA) (25 USC § 3001 et seq.). The protection of Native American human remains, funerary objects, sacred objects or objects of cultural patrimony on federal lands while in the performance of duties is the responsibility of all members. Such protection includes minimizing destruction, contamination, inadvertent disruption or complicated custody transfer processes.

334.2 DEFINITIONS

Definitions related to NAGPRA include (43 CFR 10.2):

Native American human remains - The physical remains of the body of a person of Native American ancestry.

Funerary objects and associated funerary objects - Items that, as part of the death rite or ceremony of a culture, are reasonably believed to have been placed intentionally at the time of death or later, with or near individual human remains, or that were made exclusively for burial purposes or to contain human remains.

Sacred objects - Specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents.

Objects of cultural patrimony - Items having ongoing historical, traditional or cultural importance central to the Indian tribe or Native Hawaiian organization itself, rather than property owned by an individual tribal or organization member.

334.3 COMPLIANCE WITH NAGPRA

Upon discovery or arrival upon a scene where it reasonably appears a Native American grave, human remains, funerary objects, sacred objects or objects of cultural patrimony are exposed or otherwise unsecured, members shall secure the site in the same manner as a crime scene. All activity at the scene, other than scene preservation activity, must cease (43 CFR 10.4, et seq.).

No photography or video recording may be permitted by the media or any group or individual who may wish to exhibit the remains.

Without delay, notify the Weld County Coroner when the scene involves human remains. The Coroner will make required agency notifications when the human remains are without forensic value.

Native American Graves Protection and Repatriation

Scenes that include possible funerary objects and associated funerary objects, sacred objects or objects of cultural patrimony but the scene does not have apparent human remains require notification of the state archaeologist. The state archaeologist will recommend security measures for the site until an on-site inquiry is conducted.

334.4 EVIDENCE AND PROPERTY RELEASE

If the scene has been investigated as a possible homicide prior to identification as a NAGPRA site, investigators shall work with other agencies and individuals to ensure the proper transfer and repatriation of material collected, photographs and other records, to the appropriate agency or individual responsible for disposition of the site, and that any remains or artifacts are expediently processed (43 CFR 10.6).

Off-Duty Law Enforcement Actions

335.1 PURPOSE AND SCOPE

The decision to become involved in a law enforcement action when off-duty can place a deputy as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for deputies of the Weld County Sheriff's Office with respect to taking law enforcement action while off-duty.

335.2 POLICY

Deputies generally should not initiate law enforcement action while off-duty. Deputies should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

When the safety of the public or the prevention of major property damage requires immediate action, a deputy should first consider reporting and monitoring the activity and only take direct action as a last resort.

Deputies are not expected to place themselves in unreasonable peril. However, any certified member of this office who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death or significant property damage may take reasonable action to minimize the threat.

335.3 FIREARMS

Deputies of this office may carry firearms while off-duty in accordance with federal regulations, state law and Office policy. All firearms and ammunition must meet guidelines as described in the Firearms Policy. When carrying firearms while off-duty, deputies shall also carry their office-issued badge and identification.

Deputies should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any deputy who has consumed an amount of an alcoholic beverage or taken any drugs that would tend to adversely affect the deputy's senses or judgment. The carrying of firearms is prohibited while under the influence of alcohol or a controlled substance (CRS § 18-12-106(d)).

335.4 DECISION TO INTERVENE

There is no legal requirement for off-duty deputies to take law enforcement action. However, should deputies decide to intervene, they must evaluate whether the action is necessary or desirable and should take into consideration:

- (a) The tactical disadvantage of being alone and that there may be multiple or hidden suspects.
- (b) The inability to communicate with responding units.
- (c) The lack of equipment, such as handcuffs, oleoresin capsicum (OC) spray or a baton.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Off-Duty Law Enforcement Actions

- (d) The lack of cover.
- (e) The potential for increased risk to bystanders if the off-duty deputy were to intervene.
- (f) Unfamiliarity with the surroundings.
- (g) The potential for the off-duty deputy to be misidentified by other peace officers or members of the public.

Deputies should consider waiting for on-duty uniformed deputies to arrive and gather as much accurate intelligence as possible, instead of immediately intervening.

335.4.1 INTERVENTION PROCEDURE

If involvement is reasonably necessary, the deputy should attempt to call or have someone else call 9-1-1 to request immediate assistance. The operator should be informed that an off-duty deputy is on-scene and should be provided a description of the deputy if possible.

Whenever practicable, the deputy should loudly and repeatedly identify him/herself as an Weld County Sheriff's Office deputy until acknowledged. Official identification should also be displayed.

335.4.2 INCIDENTS OF PERSONAL INTEREST

Deputies should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances, deputies should call the responsible agency to handle the matter.

335.4.3 RESPONSIBILITIES

Civilian personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

335.4.4 OTHER CONSIDERATIONS

When encountering a non-uniformed deputy in public, uniformed deputies should wait for acknowledgement by the non-uniformed deputy in case he/she needs to maintain an undercover capability.

335.5 REPORTING

Any deputy shall, if reasonable, prior to taking any off-duty enforcement action, notify and receive approval of a supervisor (or other applicable law enforcement authority if acting outside the jurisdiction of the Weld County Sheriff's Office). If prior contact is not reasonably possible, a deputy shall notify the applicable local law enforcement agency as soon as reasonably practicable. The Shift Sergeant shall determine whether a report should be filed by the employee.

Deputies should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

Extreme Risk Protection Orders

336.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for interacting with Extreme Risk Protection Orders (CRS § 13-14.5-108).

336.1.1 DEFINITIONS

Definitions related to this policy include:

Extreme risk protection order - An order prohibiting a named person from having in his/her custody or control, purchasing, possessing, or receiving prohibited items.

Prohibited items - Firearms and concealed carry permits that are prohibited by an extreme risk protection order.

336.2 POLICY

It is the policy of the Weld County Sheriff's Office to NOT petition for extreme risk protection orders as the law appears to be, on face value, in violation of the Constitution of the State of Colorado as well as the United States Constitution. If a private citizen petitions directly to the Court for an extreme risk protection order, the service of said order will be at the sole discretion of the Sheriff.

336.3 EXTREME RISK PROTECTION ORDERS

A deputy who receives information from the Courts in reference to the issuance of an extreme risk protection order shall immediately notify the Sheriff via the chain of command.

If a Deputy is requested, through a call for service, to investigate a situation for the purposes of obtaining an extreme risk protection order, the Deputy will gain as much information as possible to address the situation through other lawful methods in lieu of obtaining an extreme risk protection order. The Deputy will also inform the citizen that if they are a household/family member, as defined by the law, that they can appeal directly to the court for an extreme risk protection order.

336.4 SAFETY CONSIDERATIONS

Upon receipt of an extreme risk protection order issued by the Weld County Courts, the Sheriff will evaluate the circumstances of the order and consider what precautions are appropriate for service of the protection order.

336.5 SURRENDER OF PROHIBITED ITEMS

The Weld County Sheriff's Office will not take possession of a person's firearms if they are attempting to turn them in as a result of an extreme risk protection order. The person will be directed to the utilization of privately owned/operated storage options that are compliant with the law.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the functions of the patrol unit of the Office to ensure intraorganizational cooperation and information sharing.

400.1.1 FUNCTION

Deputies will generally patrol in clearly marked vehicles. They will patrol assigned jurisdictional areas of Weld County, identify community needs, provide support and assistance to the community, respond to calls for assistance, act as a deterrent to crime, enforce state and local laws and respond to emergencies 24 hours a day seven days a week.

Patrol will generally provide the following services within the limits of available resources:

- (a) Patrol that is directed at the prevention of criminal acts, traffic violations and collisions, the maintenance of public order and the discovery of hazardous situations or conditions.
- (b) Crime prevention activities, such as residential inspections, business inspections and community presentations.
- (c) Calls for service, both routine and emergency.
- (d) Investigation of both criminal and non-criminal acts.
- (e) The apprehension of criminal offenders.
- (f) Community Oriented Policing and problem-solving activities, such as citizen assists and individual citizen contacts of a positive nature.
- (g) The sharing of information between the patrol and other divisions within the Office, as well as other government agencies.
- (h) The application of resources to specific problems or situations within the community that may be improved or resolved by Community Oriented Policing and problem-solving strategies.
- (i) Traffic direction and control.
- (j) Response to disasters, civic unrest and natural emergencies.
- (k) Assist in the service of civil papers.
- (l) Other duties as assigned.

400.1.2 TERRORISM

The Office of Preparedness and Security (OPS) coordinates Colorado's response to terrorism (CRS § 24-33.5-1601(1)(g); CRS § 24-33.5-1606).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Patrol Function

It is the goal of the Weld County Sheriff's Office to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Deputies should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI).

The supervisor should ensure that all terrorism-related reports and FIs are forwarded to the Investigations Unit Supervisor in a timely fashion.

The Investigations Unit Supervisor should forward the information as soon as practicable to the OPS Colorado Information Analysis Center.

400.2 PATROL INFORMATION SHARING PROCEDURES

The following guidelines are intended to develop and maintain intraorganizational cooperation and information flow between the various divisions and divisions of the Weld County Sheriff's Office.

400.2.1 CRIME ANALYSIS UNIT

The Crime Analysis Unit will be the central unit for information exchange. Criminal information and reports can be submitted to the Weld County Records for distribution to all divisions within the Office through daily and special bulletins.

400.2.2 CRIME REPORTS

A crime report may be completed by any patrol deputy who receives criminal information. The report will be processed and forwarded to the appropriate unit, division, or division for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS

Supervisors and special unit sergeants are encouraged to share information as much as reasonably possible. All supervisors and/or deputies will be provided an opportunity to share information through daily informal patrol briefings, as time permits.

400.3 CROWDS, EVENTS AND GATHERINGS

Deputies may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Deputies should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Deputies responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Deputies are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns. It is policy of the Weld County Sheriff's Office that law enforcement officers shall not use excessive force against individuals engaged in lawful and nonviolent civil rights demonstrations.

Weld County Sheriff's Office

Deputies should consider enforcement of applicable state and local laws when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Gun Legislation Standards

401.1 PURPOSE AND SCOPE

Effective July 1st, 2013 the Colorado Legislature, with the signed approval of Governor John Hickenlooper, enacted House Bills (HB) 13-1224 and (HB) 13-1229. Outlines of the gun control bills are as follows: HB 13-1224: Prohibits the sale, transfer, or possession of an ammunition feeding device that is capable of accepting, or that can be readily converted to accept, more than 15 rounds of ammunition or 5 shotgun shells (large-capacity magazines). A person may possess a large-capacity magazine if he or she owns the large-capacity magazine as of July 1st of 2013 and maintains continuous possession of the large-capacity magazine. A person who sells, transfers, or possesses a large-capacity magazine in violation of the above provision commits a class 2 misdemeanor. A large-capacity magazine that is manufactured in Colorado on or after July 1st of 2013 must include a serial number and the date upon which the large-capacity magazine was manufactured or assembled. More specifically any person who manufactures a large-capacity magazine in Colorado commits a class 2 misdemeanor.

HB 13-1229: Requires "universal" background checks before any sale or transfer of a firearm can occur, with some exceptions. This bill requires citizens to use a Federal Firearms Licensee for any sell, temporary use, or loaning of a firearm from one person to another and limits the fee for the FFL to no more than 10 dollars. Currently, there is no clear way to determine what "continuous possession" means as outlined in HB 13-1224 and most all ammunition magazines have a removable base plate which makes them capable of being modified to hold more than 15 rounds of ammunition. In addition, determining a way of monitoring the sale, transfer, and possession of large capacity magazines is not practical for law enforcement and has no relevant value in reducing crime. As outlined in HB 13-1229, transfers of firearms from one person to another through common forms of firearms sharing, temporary use, and even sales, requires an official FFL transfer. This type of requirement is not easily monitored, regulated, or important to law enforcement officers for purposes absent other extenuating circumstances (i.e. illegal transfer of a firearm to a known felon). As both of these Bills have ambiguousness and vague interpretive language which may subject our citizens to unnecessary and possible illegal search and seizure that would bring into question the constitutionality and enforceability of these laws, all Weld County Sheriff's Deputies are directed to take no action in their enforcement; effective July 1st, 2013.

Bias-Based Policing

402.1 PURPOSE AND SCOPE

This policy provides guidance to office members that affirms the Weld County Sheriff's Office's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the office's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS

Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability, or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (CRS § 24-31-309).

402.2 POLICY

The Weld County Sheriff's Office is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this office to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit a deputy from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES

Every member of this office shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of racial- or bias-based profiling to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

Deputies shall provide, without being asked, a business card to any person who was detained in a traffic stop and was not cited or arrested. Bias-Based Policing

402.4.1 REASON FOR CONTACT

Deputies contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.

After making a consensual or nonconsensual contact for the purpose of enforcing the law or investigating possible violations of the law, deputies should complete a report as required by CRS 24-31-309. To the extent that written documentation would otherwise be completed (e.g., arrest report, Field Interview (FI) card), the involved deputy should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any deputy to document a contact that would not otherwise require reporting.

402.5 SUPERVISOR RESPONSIBILITIES

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy. Supervisors should ensure that the identity of a person filing a bias-based profiling complaint is kept confidential to the extent permitted by law or unless necessary for further processing of the complaint (CRS § 24-31-309).

- (a) Supervisors should discuss any issues with the involved deputy and his/her supervisor in a timely manner.
 - 1. Supervisors should document these discussions, in the prescribed manner.
- (b) Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Data Terminal, (MDT) data and any other available resource used to document contact between deputies and the public to ensure compliance with this policy.
 - 1. Supervisors should document these periodic reviews.
 - 2. Recordings that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
- (c) Supervisors shall initiate investigations of any actual or alleged violations of this policy.
- (d) Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this office who discloses information concerning bias-based policing.

402.6 STATE REPORTING

The Office shall compile, on at least an annual basis, any information derived from complaints of profiling that are received due to the distribution of business cards as provided in this policy. The information shall be made available to the public but shall not include the names of deputies or the names of persons alleging profiling (CRS § 24-31-309).

402.7 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Professional Standards Unit.

Bias-Based Policing

All certified members will attend regular training on the subject of bias-based policing (CRS § 24-31-309). All newly employed deputies should receive a copy of this policy and initial training on the subject of bias-based policing.

402.8 PUBLIC INFORMATION

The Patrol Captain will ensure that this policy is made available to the public for inspection during business hours (CRS § 24-31-309).

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The protection and integrity of a crime scene is of the utmost importance for the successful apprehension of criminals and successful prosecution. The integrity of a disaster scene is equally as critical for the protection of life and property and investigation by proper authorities.

403.2 CRIME SCENE RESPONSIBILITIES

The first deputy at the scene of a crime or major incident is generally responsible for taking reasonable efforts to preserve the scene. Deputies shall also consider officer safety and public safety, including reasonable efforts to render medical aid to any obviously injured parties. Once a deputy has assumed or been assigned to maintain the integrity of the crime/disaster scene, the deputy shall continue the assignment until relieved by a supervisor.

403.2.1 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the functions which the first responder should reasonably attempt to take at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation, the availability of resources, capacity of personnel and totality of each circumstance:

- (a) Ensure no suspects are still in the area.
- (b) Broadcast emergency information, including all requests for additional assistance.
- (c) Provide first aid to injured parties if it can be done safely.
- (d) Evacuate the location as required.
- (e) Identify hazards or dangerous conditions to responding personnel.
- (f) Secure the inner and outer perimeter if needed.
- (g) Protect items of apparent evidentiary value.
- (h) Identify potential witnesses.
- (i) Start a chronological log noting critical times and personnel allowed access.
- (j) Prevent unauthorized access of personnel, the media or the public.

403.2.2 EXECUTION OF HEALTH ORDERS

Any certified member of this Office is authorized to execute and enforce all orders of the local health officer, which have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease.

403.3 SEARCHES AT CRIME OR DISASTER SCENES

Deputies arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims and to determine if suspects are present and pose a threat. Once deputies are satisfied that no additional suspects are present and/or there are no injured persons

to be treated, those exigent circumstances will likely no longer exist. Deputies should thereafter secure the scene and conduct no further search until proper authority for the search is obtained.

403.3.1 CONSENT

Deputies should obtain consent to search from authorized individuals where possible. However, in the case of serious crimes or major investigations it may be prudent to obtain a search warrant. Consent may be sought even in cases where a search warrant has been granted.

Weld County Regional SWAT Team

404.1 PURPOSE AND SCOPE

The Weld County Regional SWAT Team is comprised of specialized teams: the Crisis Negotiation Team (CNT), the Entry/Containment team, and the Sniper / Observer team. The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appears to be necessary.

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the SWAT Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a law enforcement response vary greatly from incident to incident, and because such events often demand on-scene evaluation, the Operational Policy outlined in this section serves as a guideline to Office personnel, allowing for appropriate on-scene decision-making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.2 SWAT TEAM DEFINED

SWAT team - A designated unit of law enforcement officers, including a multi-jurisdictional team, that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex or unusual that they may exceed the capabilities of first responders or investigative units. This includes, but is not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of office policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.2 POLICY

It is the policy of this office to maintain a SWAT team and to provide the equipment, manpower and training necessary to maintain a SWAT team. The SWAT team should develop sufficient resources to perform three basic operational functions:

- (a) Command and control
- (b) Containment
- (c) Entry/apprehension/rescue

It is understood that it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators and potential incident commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Weld County Regional SWAT Team

404.2.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SWAT missions and operations that are appropriate to this office. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SWAT commander or the authorized designee.

404.2.2 ORGANIZATIONAL PROCEDURES

This office shall develop a separate written set of organizational procedures that should address, at minimum, the following:

- (a) Locally identified specific missions the team is capable of performing
- (b) Team organization and function
- (c) Personnel selection and retention criteria
- (d) Training and required competencies
- (e) Procedures for activation and deployment
- (f) Command and control issues, including a clearly defined command structure
- (g) Multi-agency response
- (h) Extrajurisdictional response
- (i) Specialized functions and supporting resources

404.2.3 OPERATIONAL PROCEDURES

This office shall develop a separate written set of operational procedures, in accordance with its level of capability, using sound risk reduction practices. The operational procedures should be patterned after the National Tactical Officers Association's Suggested SWAT Best Practices. Because such procedures are specific to SWAT members and will outline tactical and officer safety issues, they are classified as confidential security data and are not included within this policy. The operational procedures should include, at minimum, the following elements:

- (a) Personnel responsible for developing an operational or tactical plan should be designated prior to, and/or during SWAT operations (time permitting).
 - 1. All SWAT team members should have an understanding of operational planning.
 - 2. SWAT team training should consider planning for both spontaneous and planned events.
 - 3. SWAT teams should incorporate medical emergency contingency planning as part of the SWAT operational plan.
- (b) Plans for mission briefings should be conducted prior to an operation, unless circumstances require immediate deployment.
 - 1. When reasonably possible, briefings should include the specialized units and supporting resources.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Weld County Regional SWAT Team

- (c) Protocols for a sustained operation should be developed. These may include relief, rotation of personnel and augmentation of resources.
- (d) A generic checklist to be worked through prior to initiating a tactical action should be developed. This will provide a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SWAT.
 - 1. For additional guidelines, refer to the Warrant Service and Operations Planning and Deconfliction Policies
- (e) The appropriate role for a trained negotiator should be defined, including decision-making authority and identification of any non-negotiable items.
- (f) A standard method of determining whether a warrant should be regarded as high risk should be developed.
- (g) A method for deciding how best to serve a high-risk warrant should be developed, with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
- (h) The elements of post-incident scene management should include:
 - 1. Documentation of the incident.
 - 2. Transition to investigations and/or other units.
 - 3. Debriefing after every deployment of the SWAT team.
 - (a) After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments. It also helps to identify training needs and reinforces sound risk management practices.
 - (b) Debriefing should not be conducted until involved deputies have had the opportunity to individually complete the necessary reports or provide formal statements.
 - (c) To maintain candor and a meaningful exchange, debriefing will generally not be recorded.
 - (d) When appropriate, debriefing should include specialized units and resources.
- (i) Sound risk management analysis should be included.
- (j) Standardization of equipment should be addressed.

404.3 TRAINING NEEDS ASSESSMENT

The SWAT commander should conduct an annual SWAT training needs assessment to ensure that training is conducted within team capabilities and office policy.

404.3.1 INITIAL TRAINING

SWAT team operators and SWAT supervisors/team leaders should not be deployed until successful completion of an approved basic SWAT course or its equivalent.

SWAT team operators and SWAT supervisors/team leaders should complete update or refresher training every 24 months.

404.3.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SWAT function at the organizational level. This is to ensure that personnel who provide active oversight at the scene of SWAT operations understand the purpose and capabilities of the team.

Command personnel who may assume incident command responsibilities should attend a SWAT or critical incident commander course or its equivalent. SWAT command personnel should attend a SWAT commander or tactical commander course or its equivalent that has been approved by the office.

404.3.4 SWAT ONGOING TRAINING

Training shall be coordinated by the SWAT commander. The SWAT commander may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise, in addition to specialized training. Training shall consist of the following:

- (a) Each SWAT member shall perform a physical fitness test once each year. A minimum qualifying score must be attained by each team member.
- (b) Any SWAT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- (c) Those members who are on vacation, ill or are on limited duty status with a medical provider's note of approval on the test date shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member who fails to arrange for and perform the physical fitness test within the 30-day period shall be considered as having failed to attain a qualifying score for that test period.
- (d) Bi-Annually each SWAT team member shall perform the mandatory SWAT handgun and rifle qualification courses. The qualification course shall consist of the SWAT basic drill for the handgun and rifle. Failure to qualify will require the deputy to seek remedial training from an instructor approved by the SWAT commander. Team members who fail to qualify will not be used in SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team.

Team members who fail to qualify on their specialty weapon may not utilize the specialty weapon on SWAT operations until qualified. Team members who fail to qualify must retest within 30 days. Failure to qualify with specialty weapons within 30 days may result in the team member being removed from the team or permanently disqualified from use of that particular specialty weapon.

404.3.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

404.3.6 SCENARIO-BASED TRAINING

SWAT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.3.7 TRAINING DOCUMENTATION

A separate agency SWAT training file shall be maintained with documentation and records of all team training.

- (f) Participants who are not law enforcement officers shall not be permitted to accompany the office member into a private residence without the express consent of the resident or other authorized person.

The member assigned to provide a ride-along shall advise the [dispatcher] that a ride-along participant is present in the vehicle before going into service. A deputy with a ride-along participant should use sound discretion when encountering a potentially dangerous situation, such as a high-speed pursuit and, if feasible, let the participant out of the vehicle in a well-lit public place. The [dispatcher] will be advised of the situation and as soon as practicable have another office member respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Conduct by a person participating in a ride-along that results in termination of the ride, or is otherwise inappropriate, should be immediately reported to the Shift Sergeant. The member should enter comments regarding the reasons for terminating the ride-along on the waiver form.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Hazardous materials present a potential harm to employees and others as a result of their exposure. To comply with applicable law, the following represents the policy of this office.

406.1.1 HAZARDOUS MATERIAL DEFINED

Hazardous material - A substance which by its nature, containment and reactivity, has the capability of inflicting harm to people, other living organisms, property or the environment during exposure. Hazardous materials are characterized as being toxic, corrosive, flammable, explosive, oxidizing, asphyxiating, pathogenic, allergenic, biohazardous, or radioactive and pose a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic collision, chemical spill or fire. When employees come into contact with a suspected hazardous material, they should take certain steps to protect themselves and other persons.

The fire department is the agency trained and equipped to properly respond and mitigate most hazardous materials and biohazards.

Responders should not perform tasks or use equipment without proper training.

A responder entering the area may require decontamination before he/she is allowed to depart the scene and should be evaluated by appropriate technicians and medical professionals for signs of exposure.

The following steps should be considered at any scene involving suspected hazardous materials:

- (a) Make the initial assessment of a potential hazardous material from a safe distance.
- (b) Remain upwind, uphill and at a safe distance, maintaining awareness of weather and environmental conditions, until the material is identified and a process for handling has been determined.
- (c) Wear personal protective gear, being cognizant that some hazardous material may quickly volatilize into a form which is readily inhaled.
- (d) Attempt to identify the type of hazardous material from a safe distance using optical aids (binoculars/spotting scopes) if they are available. Identification can be determined by:
 1. Placards and use of the Emergency Response Guidebook.
 2. Driver's statements or shipping documents from the person transporting the material.

3. Information obtained from any involved person with knowledge regarding the hazardous material.
- (e) Obtain information from any involved party who has knowledge regarding the hazardous material. Information should include:
 1. The identity of the material.
 2. How to secure and contain the material.
 3. Any other information to protect the safety of those present, the community and the environment.
 - (f) Notify the appropriate fire department. Provide weather conditions, wind direction, a suggested safe approach route and any other information pertinent to responder safety.
 - (g) Provide first aid to injured parties if it can be done safely and without contamination.
 - (h) Begin evacuation of the immediate and surrounding areas, dependent on the material. Voluntary evacuation should be considered. Depending on the material, mandatory evacuation may be necessary.
 - (i) Make reasonable efforts to secure the scene to prevent access from unauthorized personnel.
 - (j) Establish a decontamination area when needed.
 - (k) Contact the local Colorado State Patrol Dispatch to request assistance from the Colorado State Patrol Hazardous Materials Unit.
 - (l) If available, activate reverse 9-1-1 calling to the affected area.

406.3 REPORTING EXPOSURE

Office personnel who believe they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented appropriately and forwarded via chain of command to Human Resources as soon as practicable. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the documentation on behalf of the employee and submit it accordingly.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness, in addition to a crime report or incident report.

406.3.1 SUPERVISOR RESPONSIBILITIES

When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to treat the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Office will be obtained through the appropriate fire department.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where deputies have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the deputies by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that deputies encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

407.2 POLICY

Promises of immunity or leniency and payment of ransom demands are rarely effective and will generally not be offered to barricaded persons. Trained crisis negotiators, however, will be permitted to exercise flexibility in each situation, consistent with their training and based upon the circumstances presented.

Personnel involved in barricaded/hostage situations are urged to exercise patience and extreme caution. The use of deadly force against any armed suspect will be governed by the Use of Force Policy with due regard for the safety of hostages.

407.3 COMMUNICATION

Upon determining that a hostage/barricaded-person situation exists, the first responder shall immediately request that a supervisor respond and shall provide the supervisor with an overview of the situation. If a supervisor is unavailable, the first responder shall assume the duties of the supervisor.

Until the supervisor arrives, the first deputy on the scene of an actual or potential hostage/barricade situation shall, if practicable:

- (a) Attempt to avoid confrontation in favor of controlling and containing the situation until the arrival of trained personnel and/or trained crisis negotiation personnel.
- (b) Evacuate and provide medical treatment to the injured if they can be reached.
- (c) Determine the immediate threat area.

- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Establish an inner and outer perimeter.
- (f) Establish a Command Post location.
- (g) Evacuate bystanders, residents and businesses.
- (h) Notify tactical and crisis negotiation personnel.
- (i) Notify appropriate persons within and outside the agency, such as command officers, dog handlers or helicopter pilots.
- (j) Request ambulance, rescue, fire and surveillance equipment as needed.
- (k) Establish a primary reaction team prior to CRU arrival. The team actions may include:
 - 1. Securing any subject or suspect who may surrender.
 - 2. Taking action to mitigate a deadly threat or behavior.
- (l) Coordinate pursuit/surveillance vehicles and control of travel routes.

407.3.1 EMERGENCY COMMUNICATIONS

Any office member supervising a hostage or barricade situation in this jurisdiction may order a security employee of a communications or internet access provider to cut, reroute or divert telephone lines or a cellular or digital communications signal to prevent the suspect from communicating with any person other than a law enforcement officer (CRS § 18-9-312).

Any office member supervising a hostage or barricade situation may also order a telecommunication provider to disclose location information of any hostage's or other named person's telecommunications device if the supervising member reasonably believes that the time required to obtain a court order would increase the risk of death or serious bodily injury to the hostage or any person with the named person (CRS § 18-9-312). The supervising member shall ensure that a court order is obtained within 48 hours of the initial request for the location information (CRS § 18-9-312).

407.4 FIRST RESPONDER CONSIDERATIONS

- (a) Upon being notified that a hostage/barricaded-person situation exists, the supervisor shall immediately respond to the scene. Upon arrival, the supervisor shall:
 - 1. Rapidly evaluate and assess the situation, including being briefed by the initial responders.
 - 2. Assume the role of Incident Commander and retain this role until relieved.
 - 3. Assume and complete any outstanding first responder responsibilities and designate assistants as required.
 - 4. Authorize news media access in accordance with the Media Relations policy.
- (a) The supervisor or Shift Sergeant should advise the CRU supervisor with as much of the following information as is available at the time:
 - 1. The number of persons, known weapons and resources

Weld County Sheriff's Office

2. If the person is in control of hostages
3. If the person is barricaded
4. The type of crime involved
5. If the person has threatened or attempted suicide
6. The location of the Command Post and a safe approach path
7. The extent of any perimeter and the number of deputies involved
8. Any other important facts critical to the immediate situation and whether the person has refused an order to surrender

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, deputies handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. In the interim, the following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (d) Provide responding emergency personnel with a safe arrival route to the location.
- (e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- (g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- (h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (i) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.

- (j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- (k) Establish a command post.

407.4.2 HOSTAGE SITUATION

Deputies presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that deputies react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- (a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- (b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- (c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- (d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- (e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- (f) Provide responding emergency personnel with a safe arrival route to the location.
- (g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.
- (h) Coordinate pursuit or surveillance vehicles and control of travel routes.
- (i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.
- (j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- (k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- (l) Determine the need for and notify the appropriate persons within and outside the Office, such as command officers and the Public Information Officer.

- (m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon arrival of the Crisis Response Unit at the scene, the Incident Sergeant shall brief the CRU commander(s) and team supervisors about the situation. Upon review, it will be the Incident Sergeant's decision, with input from the CRU commander(s), whether to deploy the Crisis Response Unit. Once the Incident Sergeant authorizes deployment, the CRU commander(s) will be responsible for the tactical portion of the operation. The Incident Sergeant shall continue supervision of the Command Post operation, outer perimeter security and support for the Crisis Response Unit. The Incident Sergeant and the CRU commander(s) or the authorized designee shall maintain communications at all times.

407.6 CRISIS RESPONSE UNIT RESPONSIBILITIES

In an emergency where it is believed that an armed and barricaded suspect or a person holding a hostage is committing a crime, the supervisor may order a designated telephone company security official to cut or otherwise control telephone lines to prevent telephone communication by the armed suspect or the hostage holder with a person other than a peace officer or person authorized by law enforcement (CRS § 18-9-312).

407.6.1 REPORTING

Unless otherwise relieved by a supervisor or IC, the handling deputy at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

These guidelines have been prepared to assist deputies in their initial response to incidents involving explosives, explosive devices, suspected explosive devices, suspicious packages or explosion/bombing incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety shall always be the primary consideration.

408.2 FOUND EXPLOSIVES/SUSPECT DEVICES

When a deputy responds to a call of a suspected explosive device, the following guidelines shall be followed:

- (a) The device should not be touched or transported to any other location.
- (b) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging. The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
- (c) A perimeter should be secured for a minimum of 300 feet around the location, or an otherwise safe distance depending on the surrounding physical environment and allowing for an entrance for support personnel.
- (d) As much initial information as possible should be relayed to the Shift Sergeant without touching the device, including:
 1. The stated threat.
 2. Exact comments.
 3. Time of discovery.
 4. Exact location of the device.
 5. Full description (e.g., size, shape, markings, construction).
- (e) Deputies should not transmit on any equipment that produces radio frequency energy within 300 feet.
- (f) Consideration should be given to the possibility of evacuation if a device is located within a building.
- (g) An additional perimeter should be secured around any suspected device.
- (h) Deputies should consider the ingress/egress of additional support personnel, such as paramedics and fire department personnel.
- (i) A search of the area should be conducted for secondary devices or other objects that are either hazardous or foreign to the area.
- (j) Explosive or military ordnance of any type should be handled only by bomb squad technicians.
- (k) When in doubt, call for assistance from the bomb squad.

Response to Bomb Calls

408.3 EXPLOSION/BOMBING INCIDENTS

When an explosion has occurred, there are multiple considerations that may confront a deputy. As in other catastrophic incidents, a rapid response will help to minimize such things as further injury to victims, contamination of the scene by gathering crowds, additional damage from resulting fires or unstable structures.

Whether the explosion was the result of an accident or a criminal act, the following concerns may confront the deputy:

- Injury to victims
- Existence of additional or secondary devices
- First aid
- Evacuation of victims

408.3.1 NOTIFICATIONS

When an explosion has occurred, the following people shall be notified as soon as practicable if their assistance is needed:

- (a) Fire department and/or state fire marshal
- (b) Bomb squad
- (c) Additional deputies
- (d) Field supervisor
- (e) Shift Sergeant
- (f) Investigators
- (g) Forensic science services
- (h) Colorado Bureau of Investigation (CBI)
- (i) Bureau of Alcohol, Tobacco, Firearms and Explosives (BATF)

408.3.2 CROWD CONTROL

Scene access should be restricted to those with a legitimate public safety purpose.

408.3.3 SCENE OF INCIDENT

As in any other crime scene, steps should immediately be taken to preserve the scene. The scene could extend over a wide area. Evidence may be imbedded in nearby structures or hanging in trees and bushes.

408.4 BOMB THREATS AT SHERIFF'S FACILITY

This procedure shall be followed should a bomb threat be received at a sheriff's facility and a search initiated for a destructive device.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Response to Bomb Calls

408.4.1 BOMB THREATS RECEIVED BY TELEPHONE

The following questions shall be asked if a call of a bomb threat is received at a sheriff's facility:

- When is the bomb going to explode?
- When did you place the bomb?
- What would cause the bomb to explode?
- Where is the bomb?
- What kind of bomb is it?
- What does it look like?
- Why did you place the bomb?
- Where are you?
- Who are you? To avoid possible termination of the call, this should be asked after the preceding questions.

Attempt to keep the caller on the line as long as possible and obtain expanded answers to these prior questions. During this time, document the following:

- Time of the call
- Exact words of the person as accurately as possible
- Estimated age and gender of the caller
- Speech patterns and/or accents
- Background noises

If the threat is received at a sheriff's facility on a recorded line, steps should be taken to ensure that the recording is preserved in accordance with current Office evidence procedures.

408.4.2 RESPONSIBILITIES

As soon as a bomb threat has been received, the Shift Sergeant will be advised and fully informed of the details. The Shift Sergeant will then direct and assign deputies as required for coordinating a general building search or evacuation as deemed appropriate.

408.5 BOMB THREATS AT PUBLIC OR PRIVATE FACILITY

This procedure shall be followed should a bomb threat occur at a private facility or another public facility and the Office is informed of the threat.

408.5.1 BOMB THREAT RESPONSE OPTIONS

The options available to the person in charge of the facility are generally:

- (a) No search and no evacuation.
- (b) Search without evacuation.
- (c) Evacuation without search.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Response to Bomb Calls

- (d) Evacuation and search.

408.5.2 REQUEST FOR ASSISTANCE

Should the person in charge of the facility request assistance, the Shift Sergeant shall be notified and will make the decision whether the Office renders assistance and to what level. Should the information and circumstances indicate a reasonably apparent imminent threat to safety, a more active approach, including law enforcement control over the facility, may be considered.

408.5.3 EVACUATION OR SEARCH ASSISTANCE

Should the Shift Sergeant determine that the Office will assist or control a bomb threat incident, the Shift Sergeant will determine:

- (a) The level of assistance.
- (b) The plan for assistance.
- (c) Whether to evacuate and/or search.
- (d) The appropriate support necessary.

Considerations regarding the involvement of the facility staff in searching and evacuating is important. A search or evacuation can be difficult without a working familiarity of the facility. The person in charge of the facility should be made aware of the possibility of damage to the facility as a product of a search. The safety of all participants is the paramount concern.

Consideration for additional support resources should include notification and response, or standby notice, for fire, medical and ambulance.

408.5.4 BOMB THREATS AT A FEDERAL BUILDING OR PROPERTY

A bomb threat incident at a federal building or property shall be reported to the Federal Protective Service (877-437-7411). The Federal Protective Service will provide a uniformed police response, which may include use of its Explosive Detector Dog Teams.

Summons Releases

409.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of the Weld County Sheriff's Office with guidance on when to release adults who are suspected offenders on a summons for a criminal offense, rather than having the person held in custody for a court appearance or released on bail.

Additional release restrictions may apply to those detained for domestic violence, as outlined in the Domestic Violence Policy.

409.2 POLICY

The Weld County Sheriff's Office will consider its resources and its mission of protecting the community when exercising any discretion to release suspected offenders on a summons, when authorized to do so.

Deputies are authorized to use verbal or written warnings in lieu of arrest or citation to resolve minor traffic and criminal violations when appropriate.

409.3 RELEASE

A suspected offender may be released on issuance of a summons as follows:

- (a) For a misdemeanor or petty offense when the deputy is satisfied that the person will comply with the requirements of the summons (CRS § 16-3-105)
- (b) For a civil infraction (CRS § 16-2.3-103)
- (c) For certain traffic violations punishable as a misdemeanor, petty offense, or misdemeanor traffic offense in accordance with CRS § 42-4-1707
- (d) For crimes other than those described in CRS § 24-4.1-302(1), and for certain other felonies when the local district attorney has approved criteria for the issuance of a summons unless any of the following apply (CRS § 16-5-206):
 1. There is a reasonable likelihood that the person will not appear.
 2. The person has had a felony arrest in the preceding five years.
 3. There is an allegation that the person used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
 4. The person has an outstanding arrest warrant.

In addition, for civil infractions and certain parking violations, the deputy may give the offender a penalty assessment notice and release the offender upon its terms (CRS § 16-2-201; CRS § 16-2.3-102; CRS § 42-4-1701(5)(a)). The penalty assessment notice must be a summons and complaint that contains the information required by CRS § 16-2-201, CRS § 16-2.3-102, or CRS § 42-4-1707.

Summons Releases

409.4 PROHIBITIONS

The release of a suspected offender on a summons is not permitted for felony offenses, except when local district attorney has approved criteria for the issuance of a summons for non-violent offenses pursuant to CRS § 16-5-206 (CRS § 16-3-105).

See the Domestic Violence Policy for release restrictions related to those investigations.

409.4.1 PROHIBITIONS IN CERTAIN NON-VIOLENT OFFENSES

A summons otherwise authorized pursuant to procedures approved by the local district attorney shall not be issued in lieu of a custodial arrest when a deputy reasonably believes that any of the following apply (CRS § 16-5-206):

- (a) There is a reasonable likelihood that the person will not appear in court.
- (b) The defendant has had a felony arrest during the preceding five years.
- (c) There is an allegation that the defendant used a deadly weapon (e.g., firearm, knife, bludgeon, any other weapon capable of producing death or serious bodily injury) in the commission of the crime.
- (d) The person has an outstanding arrest warrant.

409.5 CONSIDERATIONS

In determining whether to cite and release a person when discretion is permitted, deputies should consider:

- (a) The type of offense committed.
- (b) The known criminal history of the suspected offender.
- (c) The ability to identify the suspected offender with reasonable certainty.
- (d) Whether there is any record of the individual failing to appear in previous cases or other articulable indications that the individual may not appear in court for this offense (CRS § 16-3-105).
- (e) The individual's ties to the area, such as residence, employment or family.
- (f) Whether there is reasonable likelihood that criminal conduct by the individual will continue.

409.6 REQUESTING CASE NUMBERS

Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. However, criminal state statute sections will require a incident report to document the incident properly. This section does not preclude a deputy from completing a incident report if he/she feels the situation should be documented more thoroughly in a case report.

Foreign Diplomatic and Consular Representatives

410.1 PURPOSE AND SCOPE

The Vienna Convention on Consular Relations sets forth certain rights of foreign nationals from member countries when they are arrested, detained or imprisoned by law enforcement officials in this country. This policy provides direction to deputies when considering a physical arrest or detention of a foreign national. All foreign service personnel shall be treated with respect and courtesy, regardless of the level of established immunity. As noted herein, the United States is a party to several bilateral agreements that obligate authorities to notify the consulate upon the person's detention, regardless of whether the detained person requests that his/her consulate be notified. The list of specific countries that the United States is obligated to notify can be found on the U.S. Department of State (DOS) website, <http://www.travel.state.gov>.

410.1.1 DEFINITIONS

Definitions related to this policy include:

Foreign national - Anyone who is not a citizen of the United States. A person with dual U.S. and foreign citizenship is not a foreign national.

Immunity- Refers to various protections and privileges extended to the employees of foreign governments who are present in the U.S. as official representatives of their home governments. These privileges are embodied in international law and are intended to ensure the efficient and effective performance of their official missions (i.e., embassies and consulates) in foreign countries. Proper respect for the immunity to which an individual is entitled is necessary to ensure that U.S. diplomatic relations are not jeopardized and to maintain reciprocal treatment of U.S. personnel abroad.

Although immunity may preclude U.S. courts from exercising jurisdiction, it is not intended to excuse unlawful activity. It is the policy of the DOS Office of Foreign Missions (OFM) that illegal acts by foreign service personnel should always be pursued through proper channels. The host country's right to protect its citizens supersedes immunity privileges. Peace officers may intervene to the extent necessary to prevent the endangerment of public safety or the commission of a serious crime, regardless of immunity claims.

410.2 ARREST OR DETENTION OF FOREIGN NATIONALS

Deputies should take appropriate enforcement action for all violations observed, regardless of claims of diplomatic or consular immunity by violators. A person shall not, however, be subjected to in-custody arrest when diplomatic or consular immunity is claimed by the individual or suspected

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Foreign Diplomatic and Consular Representatives

by the deputy, and the deputy has verified or reasonably suspects that the claim of immunity is valid.

410.3 LEVELS OF IMMUNITY

The specific degree of immunity afforded to foreign service personnel within the U.S. is directly related to their function and position in this country.

410.3.1 DIPLOMATIC AGENTS

Diplomatic agents (e.g., ambassadors and United Nations representatives) are afforded the highest levels of immunity. They are exempt from arrest or detention and are immune from all criminal (and most civil) prosecution by the host state. The family members of diplomatic agents enjoy these same immunities.

410.3.2 CONSULAR OFFICERS

Consular officers are the ranking members of consular posts, who perform various formal functions on behalf of their own governments. Typical titles include consul general, consul and vice consul. These officials are immune from arrest or detention, except pursuant to a felony warrant. They are only immune from criminal and civil prosecution arising from official acts. Official acts immunity must be raised as an affirmative defense in the court of jurisdiction, and its validity determined by the court. Under this defense, the prohibited act itself must have been performed as an official function. It is not sufficient that the consular agent was on-duty or in an official capacity at the time of the violation. The family members of consular officers generally enjoy no immunity. However, any family member who has a higher level of immunity is issued an identification card by DOS enumerating any privileges or immunities on the back of the card. Examples are consular officers and family members from Russia or China.

410.3.3 HONORARY CONSULS

Honorary consuls are part-time employees of the country they represent and are either permanent residents of the U.S. or U.S. nationals (unlike career consular officers, who are foreign nationals on temporary assignment to the U.S.). Honorary consuls may be arrested and detained. Limited immunity for official acts may be available as a subsequent defense. Family members have no immunity.

410.4 IDENTIFICATION

All diplomatic and consular personnel who are entitled to immunity are registered and issued distinctive identification cards by the DOS Protocol Office. These cards are the best means of identifying Foreign Service personnel. They include a photograph, identifying information, and on the reverse side, a brief description of the bearer's immunity status. These identification cards are not always promptly issued by DOS. In addition to the DOS identification card, Foreign Service personnel should have a driver's license issued by the DOS Diplomatic Motor Vehicle Office (DMVO), which in most circumstances replaces the operator's license issued by the state (22 USC § 4301).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Foreign Diplomatic and Consular Representatives

410.4.1 VEHICLE REGISTRATION

Vehicles that are owned by foreign missions or Foreign Service personnel and their dependents are registered with DOS OFM, and display distinctive red, white and blue license plates. Vehicles assigned to diplomatic or consular officers will generally have license plates labels with the words "diplomat" or "consul." Vehicles owned by honorary consuls are not issued OFM license plates but may have Colorado license plates with an "honorary consul" label. A driver's identity or immunity status should not be presumed from the type of license plates displayed on the vehicle. The status of an OFM license plate should be run via the National Law Enforcement Telecommunications System (NLETS), designating "U.S." as the state, if the deputy has reason to question the legitimate possession of the license plate.

410.5 ENFORCEMENT PROCEDURES

The following procedures provide a guideline for handling enforcement of foreign nationals.

410.5.1 CITABLE OFFENSES

An enforcement document shall be issued at the scene for all violations warranting such action, regardless of the violator's immunity status. The issuance of a citation is not considered an arrest or detention under current DOS guidelines. Whenever the equivalent of a notice to appear is issued to an immunity claimant, the following additional procedures shall be followed by the issuing deputy:

- (a) Identification documents are to be requested of the claimant.
- (b) The title and country represented by the claimant are to be recorded on the back of the deputy's copy of the notice to appear for later reference. Do not include this information on the face of the notice to appear.
- (c) Verified diplomatic agents and consular officers, including the staff and family members from countries with which the U.S. has special agreements, are not required to sign the notice to appear. The word "Refused" shall be entered in the signature box and the violator shall be released.
- (d) Claimants other than verified diplomatic agents and consular officers shall be requested to sign the notice to appear. If the claimant refuses, the identity and immunity status of the individual shall be conclusively established.
- (e) Verified consular staff members, excluding those from countries with which the U.S. has special agreements, are generally obligated to sign the notice to appear. But a signature shall not be required if the immunity status is uncertain.
- (f) All other claimants are subject to the provisions of policy and procedures outlined here.
- (g) The violator shall be provided with the appropriate copy of the notice to appear.

410.5.2 IN-CUSTODY ARRESTS

Diplomatic agents and consular officers are immune from arrest or detention unless they have no identification and the detention is to verify their diplomatic status. Proper identification of immunity claimants is imperative in potential in-custody situations. Claimants who are not entitled to immunity shall be placed in custody in accordance with the provisions outlined in this policy.

A subject who is placed under arrest and claims diplomatic or consular immunity shall not be physically restrained before verification of the claim, unless restraint is necessary for the protection of the deputy or others. A supervisor shall be promptly notified and should respond to the scene when reasonably possible. Field verification of the claimant's identity is to be attempted as follows:

- (a) An identification card issued by the DOS Protocol Office is the only valid evidence of diplomatic or consular immunity. The following types of identification cards are issued: Diplomatic (blue bordered), Consular (red bordered) and Official (green bordered). The DOS identification cards are 3-3/4 inch by 1-1/2 inch and contain a photograph of the bearer.
- (b) Newly arrived members of diplomatic or consular missions may not yet have official DOS identity documents. Verify immunity by telephone with the DOS any time an individual claims immunity and cannot present satisfactory identification, if the deputy has reason to doubt the claim of immunity, or there is a possibility of physical arrest. Office personnel should use the following numbers in order of preference:

Office of Foreign Missions
Chicago, IL

Members of diplomatic or consular missions also may have other forms of identification. These include identification cards issued by the Colorado Consular Corps, local law enforcement agencies, the foreign embassy or consulate, a driver's license issued by DOS, and DOS license indicia on the vehicle. All these items are only an indication that the bearer may have some form of immunity.

Subjects verified through the above procedures as being officials entitled to immunity (diplomatic agent, consular officers and consular staff and family members from countries with which the U.S. has special agreements) may not be arrested. The procedures below shall be followed. These procedures should also be used in the event immunity cannot be verified but another form of identification indicates that immunity is probable.

If the release of the violator will not create an additional hazard, adequate information to properly identify the violator shall be obtained before the official is released. A supervisor's approval for the release shall be obtained whenever reasonably possible. The necessary release documents and/ or a Certificate of Release Form should only be issued under the proper conditions.

Weld County Sheriff's Office

If the violator appears to have been driving while under the influence, field sobriety tests, including Preliminary Alcohol Screening (PAS) device tests and chemical tests should be offered and obtained whenever reasonably possible. However, these tests cannot be compelled. The subject shall not be permitted to drive. A supervisor's approval for release shall be obtained whenever reasonably possible and alternative transportation should be arranged.

All facts of the incident shall be documented in accordance with this policy in an Driving While Impaired (DWI) Arrest - Investigation Report, and/or any other relevant report form. Notwithstanding the field release of the subject, prosecution is still appropriate and should be pursued if the violator is either stopped or issued a notice to appear for a violation while operating a motor vehicle. The deputy shall either complete a notice to appear or a written report documenting the incident.

This Office shall then contact DOS as soon as practicable to verify the violator's status and immunity. Within five working days of the stop, this office shall send to the Bureau of Diplomatic Security, OFM of the DOS, a copy of the notice to appear and any collision or other written report documenting the incident. The DOS will take appropriate sanctions against errant Foreign Service personnel, even where prosecution is not undertaken by the Office.

410.6 TRAFFIC COLLISIONS

Persons involved in traffic collisions who possess a DOS OFM Diplomatic Driver License, issued by the DMVO, shall have "D" coded in the license "class" box of the Traffic Accident Report. The actual driver's license class (e.g., 1, 2, 3, or A, B, C, M) shall be entered in the miscellaneous box on page two of the traffic report. If subsequent prosecution of the claimant is anticipated, the claimant's title, country and type of identification presented should be recorded for future reference. Issuance of a citation to, or arrest of, an immunity claimant at the accident scene should be handled in accordance with the procedures specified in this policy.

410.6.1 VEHICLES

Vehicles which are owned by subjects with full immunity may not be searched, stored or impounded without the owner's permission. Such permission may be assumed if the vehicle has been stolen. These vehicles may, however, be towed the necessary distance to remove them from obstructing traffic or creating any other hazard.

410.6.2 REPORTS

A photocopy of each Traffic Accident Report involving an identified diplomat and/or immunity claimant shall be forwarded to the office of the Sheriff within 48 hours, regardless of whether the claim is verified. The words "Immunity Claim" shall be marked on the photocopy, together with a notation of the claimant's title, country and type of identification presented, if applicable. In addition to the report, a follow-up cover memorandum should be submitted if the violation was flagrant, if the claimant was uncooperative, or if there were any other unusual aspects of the enforcement

contact that should be reported to DOS for further action. The Shift Sergeant/supervisor apprised of the incident/collision shall also send a copy of all documents and reports submitted by the investigating deputy, along with any supervisor's notes, materials and/or logs, to the Sheriff's office within 48 hours of the incident. The Sheriff's office will check to ensure the notification of DOS and all necessary follow-up occurs.

410.7 FOREIGN NATIONALS WHO DO NOT CLAIM IMMUNITY

These policies and procedures apply to foreign nationals who do not claim diplomatic or consular immunity.

Deputies shall arrest foreign nationals only under the following circumstances:

- (a) There is a valid warrant issued for the person's arrest.
- (b) There is probable cause to believe that the foreign national has violated a federal criminal law, a state law or a local ordinance.
- (c) Deputies shall not arrest foreign nationals solely for alleged undocumented entry into the U.S. unless the undocumented entry is committed in the deputy's presence.

After a lawful detention or criminal arrest, deputies may detain foreign nationals solely for alleged undocumented presence in the U.S. if the U.S. Immigration and Customs Enforcement (ICE) is contacted and can respond to take custody within a reasonable time. Deputies shall not arrest foreign nationals for undocumented presence. Federal courts have consistently held that undocumented presence is not a crime but a federal civil violation only enforceable by federal officers.

- Deputies shall not stop or detain persons solely for determining immigration status.
- International treaty obligations provide for notification of foreign governments when foreign nationals are arrested or otherwise detained in the U.S.
- Whenever a deputy arrests and incarcerates a foreign national or detains a foreign national for investigation for over two hours, the deputy shall promptly advise the individual that he/she is entitled to have his/her government notified of the arrest or detention. If the individual wants his/her government notified, the deputy shall begin the notification process.

410.7.1 ARREST PROCEDURE

Whenever a deputy physically arrests or detains an individual for criminal investigation and the deputy reasonably believes the person to be a foreign national, the deputy shall inquire to determine the person's citizenship.

If the individual indicates that he/she is other than a U.S. citizen, the deputy shall advise the individual that he/she has a right to have the nearest appropriate embassy or consulate notified of the arrest/detention (Vienna Convention on Consular Relations, Art. 36, (1969)).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Foreign Diplomatic and Consular Representatives

If the individual requests such notification, the deputy shall contact Dispatch as soon as practicable and request the appropriate embassy/consulate be notified. Deputies shall provide Dispatch with the following information concerning the individual:

- Country of citizenship
- Full name of the individual, including paternal and maternal surname, if used
- Date of birth or age
- Current residence
- Time, date, place, location of incarceration/detention and the 24-hour telephone number of the place of detention, if the place of detention is different from the Office itself

If the individual claims citizenship of one of the countries for which notification of the consulate/embassy is mandatory, deputies shall provide Dispatch with the information above as soon as practicable, regardless of whether the individual desires that the embassy/consulate be notified. This procedure is critical because of treaty obligations with the particular countries. The list of countries and jurisdictions that require notification can be found on the DOS website, <http://www.travel.state.gov>.

410.7.2 DOCUMENTATION

A deputy who has probable cause to believe that an arrestee is not legally present in the United States shall report such arrestee to ICE if the arrestee is not being held at a detention facility. If the arrestee is held at a detention facility, jail personnel will promptly notify the receiving officials when the arrestee is suspected of not being legally present in the United States (CRS § 29-29-103 (2)(a)(I)).

410.7.3 DOCUMENTATION

Deputies shall document on the face page and in the narrative of the appropriate arrest or investigation report the date and time Dispatch was notified of the foreign national's arrest/detention and his/her claimed nationality.

410.7.4 REPORTING

The Weld County Sheriff's Office shall annually report to the Legislative Council of the General Assembly on or before March 1 of each year the number of arrests reported to ICE (CRS § 29-29-103(b)).

Rapid Response and Deployment

411.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist deputies in situations that call for rapid response and deployment.

411.2 POLICY

The Weld County Sheriff's Office will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

411.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding deputies should consider reasonable options to reduce, prevent or eliminate the threat.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, deputies should take immediate action, if reasonably practicable, while requesting additional assistance.

Deputies should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action deputies should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- (b) Whether to wait for additional resources or personnel. This does not preclude an individual deputy from taking immediate action.
- (c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- (d) Whether the suspect can be contained or denied access to victims.
- (e) Whether the deputies have the ability to effectively communicate with other personnel or resources.
- (f) Whether planned tactics can be effectively deployed.
- (g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

Weld County Sheriff's Office

Rapid Response and Deployment

- (h) Availability of rescue task force or advanced medical care.

In a case of a barricaded suspect with no hostages and no immediate threat to others, deputies should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

411.4 CONSIDERATIONS

When dealing with a crisis situation members should:

- (a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.
- (b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.
- (c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.
- (d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

411.5 PLANNING

The Patrol Captain should coordinate critical incident planning. Planning efforts should consider:

- (a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Availability of building plans and venue schematics of likely critical incident target sites.
- (c) Communications interoperability with other law enforcement and emergency service agencies.
- (d) Training opportunities in critical incident target sites, including joint training with site occupants.
- (e) Patrol first-response training.
- (f) Response coordination and resources of emergency medical and fire services.
- (g) Equipment needs.
- (h) Mutual aid agreements with other agencies.
- (i) Coordination with private security providers in critical incident target sites.

411.6 TRAINING

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

- (a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
- (b) Communications interoperability with other law enforcement and emergency service agencies.

Rapid Response and Deployment

- (c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
- (d) First aid, including gunshot trauma.
- (e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

411.7 EQUIPMENT

The Office may issue active shooter kits to first responders. Active shooter kits consist of hard body armor in molle carriers and ballistic helmets with face shields. They are intended to provide the first responder additional lifesaving protection during crisis and riot situations.

For specific guidance on active shooter kits, refer to the agency Body Armor policy.

411.7.1 EQUIPMENT DEPLOYMENT

Deputies should only don the active shooter kits if there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger.

Reporting Law Enforcement Activity Outside of the Jurisdiction

412.1 PURPOSE AND SCOPE

This policy provides general guidelines for reporting law enforcement activity, while on- or off-duty, that is occurring outside the jurisdiction of the Weld County Sheriff's Office.

412.1.1 ASSISTANCE TO AGENCIES OUTSIDE THE COUNTY

When a deputy is on-duty and is requested by an outside agency to participate in law enforcement activity in another jurisdiction, he/she shall obtain prior approval from the immediate supervisor or the Shift Sergeant and shall respond to the request as outlined in the Mutual Aid and Outside Agency Assistance Policy. If the request is of an emergency nature, the deputy shall notify Dispatch before responding and thereafter notify a supervisor as soon as practicable.

412.1.2 LAW ENFORCEMENT ACTIVITY OUTSIDE THE COUNTY

Any on-duty deputy who engages in self-initiated law enforcement activities of any type outside the immediate jurisdiction of the Weld County Sheriff's Office that are not part of a mutual aid request shall notify his/her supervisor or the Shift Sergeant at the earliest possible opportunity. Any off-duty deputy who engages in any law enforcement activities, regardless of jurisdiction, shall notify the Shift Sergeant as soon as reasonably practicable.

The supervisor shall determine if a case report or other documentation of the deputy's activity is required. The report or other documentation shall be forwarded to the Sheriff via the chain of command as necessary.

Immigration Violations

413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Weld County Sheriff's Office relating to immigration and interacting with federal immigration officials.

413.2 POLICY

It is the policy of the Weld County Sheriff's Office that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this office in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or Colorado constitutions.

413.3.1 BASIS FOR CONTACT

Deputies must make legitimate contact with and have reasonable suspicion that an individual is an undocumented alien prior to investigating immigration status. The fact that an individual is suspected of being an undocumented alien should generally not be the sole basis for contact, detention or arrest.

413.3.2 SWEEPS

The Weld County Sheriff's Office does not independently conduct sweeps or other concentrated efforts to detain suspected undocumented aliens.

When enforcement efforts are increased in a particular area, equal consideration should be given to all suspected violations and not just those affecting a particular race, ethnicity, age, gender, sexual orientation, religion, socioeconomic status or other group.

The disposition of each contact (e.g., warning, citation or arrest), while discretionary in each case, should not be affected by such factors as race, ethnicity, age, gender, sexual orientation, religion or socioeconomic status.

413.3.3 ICE REQUEST FOR ASSISTANCE

Deputies have a duty to cooperate with state and federal officials with regard to enforcement of state and federal laws regarding immigration.

If a specific request is made by ICE or any other federal agency, this office will provide available support services, such as traffic control or peacekeeping efforts, during the federal operation.

Weld County Sheriff's Office

Immigration Violations

413.3.4 IDENTIFICATION

Whenever an individual is reasonably suspected of a criminal violation (e.g., infraction, misdemeanor or felony), the investigating deputy should take reasonable steps to determine the individual's identity through valid identification or other reliable sources. If an individual would have otherwise been released for an infraction or misdemeanor on a citation, the person should be taken to the station and given a reasonable opportunity to verify his/her true identity (e.g., telephone calls). If the person's identity is thereafter reasonably established, the original citation release should be completed without consideration of immigration status.

413.3.5 ARRESTS

If the deputy intends to take enforcement action and the individual is unable to reasonably establish his/her true identity, the deputy may take the person into custody on the suspected criminal violation if there is a substantial likelihood that the individual will not show up at a later date. A field supervisor shall approve all such arrests.

413.3.6 DETENTION

A person detained exclusively for a traffic violation or misdemeanor should not be detained longer than necessary for the purpose of establishing his/her true identity.

413.3.7 NOTIFICATION OF IMMIGRATION AND CUSTOMS ENFORCEMENT

A deputy who has probable cause to believe that an arrestee is not legally present in the United States shall report such arrestee to ICE if the arrestee is not being held at a detention facility. If the arrestee is held at a detention facility, the arresting deputy shall promptly notify the receiving custody officials when the arrestee is suspected of not being legally present in the United States.

Deputies are not required to make the above report to ICE when the person was arrested for domestic violence as defined by CRS § 18-6-800.3.

413.4 DETENTIONS

A deputy should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

A deputy who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of federal immigration law may detain the person for a reasonable period of time in order to contact federal immigration officials to verify whether an immigration violation is a federal civil violation or a criminal violation. If the violation is a criminal violation, the deputy may continue to detain the person for a reasonable period of time if requested by federal immigration officials (8 USC § 1357(g)(10)). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the deputy has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request a federal immigration official to respond to the location to take custody of the detained person (8 USC § 1357(g)(10)).

Immigration Violations

A deputy is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities, or the potential to obstruct a separate investigation outweigh the need for the detention.

A deputy should notify a supervisor as soon as practicable whenever an individual is being detained for a criminal immigration violation.

413.5 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Sheriff.

Emergency Utility Service

414.1 PURPOSE AND SCOPE

The County Public Works Department has personnel available to handle emergency calls 24 hours a day, seven days a week. Calls for service during non-business hours are frequently directed to the Sheriff's Office. Requests for such service received by this office should be handled in the following manner.

414.1.1 ELECTRICAL LINES

County Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, a deputy should be dispatched to protect against personal injury or property damage that might be caused by power lines. The electric company or Public Works should be promptly notified, as appropriate.

414.1.2 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies will be maintained by Dispatch.

414.2 TRAFFIC SIGNAL MAINTENANCE

The County of Weld County contracts with a private company to furnish maintenance for all traffic signals within the County, other than those maintained by the Colorado Department of Transportation (CDOT).

414.2.1 DEPUTY'S RESPONSIBILITIES

Upon observing a damaged or malfunctioning signal, the deputy will advise Dispatch of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Patrol Rifles

415.1 PURPOSE AND SCOPE

To more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Weld County Sheriff's Office will make patrol rifles available to qualified deputies as an additional and more immediate tactical resource.

415.2 PATROL RIFLE

415.2.1 DEFINITIONS

Definitions related to this policy include:

Patrol rifle - An authorized weapon which is made available to properly trained and qualified deputies as a supplemental resource to their duty handgun. No personally owned rifles may be carried for patrol duty unless pre-approved by the Office Armorer.

415.3 SPECIFICATIONS

Only weapons and ammunition that meet agency authorized specifications, approved by the Sheriff may be used by deputies in their law enforcement responsibilities. The authorized patrol rifle issued by the Office is the LWRC.

415.4 RIFLE MAINTENANCE

- (a) Primary responsibility for maintenance of patrol rifles shall fall on the Armorer, who shall inspect and service each patrol rifle at scheduled intervals.
- (b) Each patrol deputy carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.
- (c) Each patrol deputy shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle to a supervisor or the Armorer.
- (d) Any patrol rifle found to be unserviceable shall also be clearly identified as non-serviceable, including details regarding the unserviceable condition.
- (e) Each patrol rifle shall be subject to inspection by a supervisor or the Armorer at any time.
- (f) No modification shall be made to any patrol rifle without prior written authorization from the Armorer.

415.5 TRAINING

Deputies shall not carry or utilize the patrol rifle unless they have successfully completed Office training. This training shall consist of an initial patrol rifle user's course and qualification score with a certified patrol rifle instructor. Deputies shall thereafter be required to successfully complete quarterly training as provided by the range team. Additionally, deputies shall be required to

Weld County Sheriff's Office

successfully complete bi-annual firearms proficiency qualifications as outlined in the Firearms Qualifications policy.

415.6 DEPLOYMENT OF THE PATROL RIFLE

Deputies may deploy the patrol rifle in any circumstance where the deputy can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

- (a) Situations where the deputy reasonably anticipates an armed encounter.
- (b) When a deputy is faced with a situation that may require the delivery of accurate and effective fire at long range.
- (c) Situations where a deputy reasonably expects the need to meet or exceed a suspect's firepower.
- (d) When a deputy reasonably believes that there may be a need to deliver fire on a barricaded person or a person with a hostage.
- (e) When a deputy reasonably believes that a suspect may be wearing body armor.
- (f) When authorized or requested by a supervisor.
- (g) When appropriate to aid in the dispatch of an animal.

415.7 DISCHARGE OF THE PATROL RIFLE

The discharge of the patrol rifle shall be governed by the Use of Force Policy and the Report of Firearms Discharge policy.

415.8 PATROL READY

Any qualified deputy carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned deputy, the fire selector switch is in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well.

415.9 RIFLE STORAGE

- (a) Patrol rifles should be secured in the vehicle gun lock or case in a locked trunk while on duty.
- (b) Storage of firearms at home consists of deputies ensuring that all firearms and ammunition are stored in a safe manner while in their homes or any other area under their control with appropriate measures taken to insure the firearm is inaccessible to children and irresponsible adults.
- (c) Deputies who take patrol cars home or leave patrol cars overnight, any place other than at the Sheriff's Office or Sheriff's substation, shall remove all firearms from the patrol car (unless the firearm is a rifle and it is locked in an agency locking rack mounted in a patrol car) and secure them in the Armory or in their home consistent with section b.

Aircraft Accidents

416.1 PURPOSE AND SCOPE

The purpose of this policy is to provide office members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

416.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

416.2 POLICY

It is the policy of the Weld County Sheriff's Office to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

416.3 ARRIVAL AT SCENE

Deputies or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- (a) Protect persons and property.
- (b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
- (c) Preserve ground scars and marks made by the aircraft.
- (d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- (e) Maintain a record of persons who enter the accident site.
- (f) Consider implementation of an Incident Command System (ICS).

416.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

Aircraft Accidents

416.5 NOTIFICATIONS

When an aircraft accident is reported to this office, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- (a) Fire department
- (b) Appropriate airport tower
- (c) Emergency medical services (EMS)

416.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- (a) FAA.
- (b) Fire department, EMS or other assisting law enforcement agencies.
- (c) Coroner.
- (d) Air Carrier/Operators investigative teams with NTSB approval.
- (e) Appropriate branch of the military, when applicable.
- (f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this office will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene office supervisor should ensure the accident is still appropriately investigated and documented.

416.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- (a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
- (b) Pressure vessels, compressed gas bottles, accumulators and tires.
- (c) Fluids, batteries, flares and igniters.

Aircraft Accidents

- (d) Evacuation chutes, ballistic parachute systems and composite materials.

416.8 DOCUMENTATION

All aircraft accidents occurring within the County of Weld County shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of WCSO members deployed to assist; other County resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

416.8.1 WRECKAGE

When reasonably safe, members should:

- (a) Obtain the aircraft registration number (N number) and note the type of aircraft.
- (b) Attempt to ascertain the number of casualties.
- (c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 - 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).

Civil Commitments

418.1 PURPOSE AND SCOPE

This policy provides guidelines for when deputies may place an individual under protective custody for civil commitment (CRS § 27-65-106; CRS § 27-65-107).

418.2 POLICY

It is the policy of the Weld County Sheriff's Office to protect the public and individuals through legal and appropriate use of the civil commitment process.

418.3 AUTHORITY

Deputies may take a person into protective custody:

- (a) When the deputy has probable cause to believe that a person is either gravely disabled or an imminent danger to self or others due to a mental health disorder (CRS § 27-65-106).
 1. The deputy should transport the person to a designated or approved facility for a 72-hour treatment and evaluation.
- (b) When the deputy has probable cause to believe that a person is experiencing a behavioral health crisis and in immediate need of professional intervention to prevent harm to self or others (CRS § 27-65-107).
 1. The deputy should consult with a behavioral health crisis response team, if available, and transport the person to a designated or approved outpatient mental health facility or other clinically appropriate facility.
 2. The deputy should provide the person to be transported an opportunity to make a telephone call, absent any safety concerns.

If an appropriate facility is not available, deputies should take the person to an emergency medical services facility, as defined by CRS § 27-65-102 (CRS § 27-65-106; CRS § 27-65-107).

418.3.1 DETENTION

Detention of a person under this policy does not constitute an arrest. When a person is taken into custody, that person shall not be detained in the jail, lockup, or other place used for the confinement of persons charged with an offense (CRS § 27-65-106).

418.3.2 WRITTEN DOCUMENTATION

The deputy shall complete an application for emergency admission and provide it to the staff member assigned to that patient. The deputy will retain a copy of the emergency admission form for inclusion in the case report.

The deputy shall also provide a verbal summary to a receiving facility staff member regarding the circumstances leading to the involuntary detention.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Civil Commitments

418.3.3 SECURING OF WEAPONS

If a receiving facility prohibits weapons or if an extraordinary event occurs in the treatment facility and deputies determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the sheriff's unit.

418.4 CONSIDERATIONS AND RESPONSIBILITIES

Any deputy handling a call involving an individual who may qualify for a civil commitment should consider, as time and circumstances reasonably permit:

- (a) Available information that might assist in determining the cause and nature of the individual's action or stated intentions.
- (b) Community or neighborhood mediation services.
- (c) Conflict resolution and de-escalation techniques.
- (d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade deputies from taking reasonable action to ensure the safety of the deputies and others.

Civil commitments should be preferred over arrest for people who have mental health issues and are suspected of committing minor crimes or creating other public safety issues.

418.5 TRANSPORTATION

When transporting any individual for a civil commitment, the transporting deputy should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Deputies may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of a deputy during the transport, Shift Sergeant approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the deputy will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the deputy should provide the staff member with the written application for a civil commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting deputy should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the deputy may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, deputies will not apply facility-ordered restraints.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Civil Commitments

418.7 FIREARMS AND OTHER WEAPONS

Whenever an individual is taken into custody for a civil commitment, the handling deputies should seek to determine if the individual owns or has access to any firearm or other deadly weapon. Deputies should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Deputies are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A warrant may also be needed before searching for or seizing weapons.

The handling deputy should further advise the individual of the procedure for the return of any firearm or other weapon that has been taken into custody.

418.8 TRAINING

This office will endeavor to provide office-approved training on interaction with persons with mental health disorders, behavioral health crises, on civil commitments, and crisis intervention.

Obtaining Air Support Assistance

419.1 PURPOSE AND SCOPE

The use of air support can be invaluable in certain situations. This policy specifies potential situations where the use of air support may be requested and the responsibilities for making a request.

419.2 REQUEST FOR AIR SUPPORT ASSISTANCE

If a supervisor or deputy in charge of an incident determines that the use of air support would be beneficial, a request to obtain air support assistance may be made once approved by the Sheriff or his designee via the chain of command.

419.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY

After consideration and approval of the request for air support, the Shift Sergeant or the authorized designee will call the closest agency having air support available. The Shift Sergeant will apprise that agency of the specific details of the incident prompting the request.

419.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED

Law enforcement air support may be requested under any of the following conditions:

- (a) When the aircraft is activated under existing mutual aid agreements
- (b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the aircraft is likely to reduce such hazard
- (c) When the use of aircraft will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community
- (d) When an aircraft is needed to locate a person who is lost and whose continued absence constitutes a serious health or safety hazard
- (e) Pre-planned events or actions that require air support
- (f) When the Shift Sergeant or equivalent authority determines a reasonable need exists

While it is recognized that the availability of air support will generally provide valuable assistance to ground personnel, the presence of air support will not replace the need for deputies on the ground and is rarely available without considerable preplanning. The Sheriff's Office does not maintain any type of aircraft support and would be relying solely on the assets of another jurisdiction, the Department of Wildlife, or privately owned aircraft.

Contacts and Temporary Detentions

420.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

420.2 POLICY

The Weld County Sheriff's Office respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the deputy, the decision to temporarily detain a person and complete an FI, pat-down search, or field photograph shall be left to the deputy based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

420.3 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When a deputy contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Consensual search - A search performed by a deputy following the voluntary consent of the person being searched, or the person having control of the place or item being searched.

Contact - an in-person interaction with an individual, whether or not the person is in a motor vehicle, initiated by a peace officer, whether consensual or nonconsensual, for the purpose of enforcing the law or investigating possible violations of the law. "Contact" does not include routine interactions with the public at the point of entry or exit from a controlled area; a non-investigatory and consensual interaction with a member of the public, initiated by a member of the public, unless and until the interaction progresses into an investigation of a possible violation of the law; a motorist assist; undercover interactions; or routine interactions with persons detained in a jail or detention facility.

Demographic information: race, ethnicity, sex, and approximate age.

Field interview (FI) - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the deputy's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio/Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Contacts and Temporary Detentions

Pat-down search - A type of search used by deputies in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the deputy, the detainee, or others.

Peace Officer - any person employed by a political subdivision of the state required to be certified by the P.O.S.T. board pursuant to section 16-2.5-102, a Colorado State Patrol Officer as described in section 16-2.5-114, and any noncertified deputy sheriff as described in section 16-2.5-103 (2).

Reasonable suspicion - When, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When a deputy intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when a deputy actually restrains a person's freedom of movement.

420.4 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, a deputy may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the deputy's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Weld County Sheriff's Office to strengthen community involvement, community awareness, and problem identification.

420.4.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the deputy should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- (a) Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act.
- (b) Actions suggesting that he/she is engaged in a criminal activity.
- (c) Presence in an area at an inappropriate hour of the day or night.
- (d) Presence in a particular area is suspicious.
- (e) Carrying of suspicious objects or items.
- (f) Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon.
- (g) Location in proximate time and place to an alleged crime.
- (h) Physical description or clothing worn that matches a suspect in a recent crime.
- (i) Prior criminal record or involvement in criminal activity as known by the deputy.

420.5 CONSENSUAL SEARCHES

A deputy may conduct a consensual search of a person who is not under arrest, and any effects of the person or a vehicle as follows (CRS § 16-3-310):

- (a) The person has apparent or actual authority to provide permission to search the vehicle or effects, if any.
- (b) The person is informed that he/she is being asked to voluntarily consent to a search.
- (c) The person is informed that he/she has the right to refuse the request to search.
- (d) The person voluntarily provides consent.

When asking for consent, deputies should explain the scope of the search. Deputies should stop a consent search if the person withdraws consent.

Deputies should, whenever practicable, obtain written consent. If written consent is not possible, the deputy should record any verbal consent.

420.6 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the deputy's training and experience, a deputy may pat a suspect's outer clothing for weapons if the deputy has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the deputy to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to (see also CRS § 16-3-103(2)):

- (a) The type of crime suspected, particularly in crimes of violence where the use or threat of weapons is involved.
- (b) Where more than one suspect must be handled by a single deputy.
- (c) The hour of the day and the location or area where the stop takes place.
- (d) Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- (e) The actions and demeanor of the suspect.
- (f) Visual indications which suggest that the suspect is carrying a firearm or other dangerous weapon.

When reasonably possible, pat-down searches should be performed by deputies of the same gender as the suspect. Whenever practicable, a pat-down search should not be conducted by a lone deputy. A cover deputy should be positioned to ensure safety and should not be involved in the search.

420.7 FIELD PHOTOGRAPHS

All available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the deputy shall carefully consider, among other things, the factors listed below.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Contacts and Temporary Detentions

420.7.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the deputy should document the subject's consent through a written report or other reasonable means.

420.7.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The deputy must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the deputy's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

420.7.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Shift Sergeant with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Shift Sergeant should review and forward the photograph to one of the following locations:

- (a) If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Shift Sergeant will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Intelligence Policy.
- (b) Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Weld County Records.

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

420.7.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken. Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

420.8 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, deputies should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- (a) Identifying all persons present at the scene and in the immediate area.
 - 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 - 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, deputies should attempt to identify the witness prior to his/her departure.
- (b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by office members.
 - 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

420.9 DATA REPORTING RELATING TO CONTACTS AND ENTRIES INTO A RESIDENCE

Deputies shall report all contacts and entries into a residence, including a forcible entry, using the software approved for citizen contact data collection. Deputies shall report (C.R.S. 24-31-903 (2)(c)):

- (a) Except for a witness or a survivor of a crime, the perceived demographic information of the person contacted based on the observed and perceived characteristics and other available data.
- (b) Whether the contact was a traffic stop.
- (c) Whether the contact was a showup, as defined in C.R.S. 16-1-110 (1)(b).
- (d) The time, date, and location of the contact.
- (e) The duration of the contact.
- (f) The reason for the contact.
- (g) The suspected crime.
- (h) The result of the contact, such as:
 - 1. No action, warning, citation, property seizure, or arrest.
 - 2. If a warning or citation was issued, the warning provided or violation cited.
 - 3. If an arrest was made, the offense charged.
 - 4. If the contact was a traffic stop, the information collected, which is limited to the driver.

 1. Consent to search the person was requested, and, if so, whether consent was provided.

420.10 DATA REPORTING RELATING TO UNANNOUNCED ENTRIES INTO A RESIDENCE

Deputies shall report all unannounced entries into a residence, with or without a warrant, using the software approved for citizen contact data collection. Deputies shall report (C.R.S. 24-31-903 (2)(d)):

- (a) The date, time, and location of the use of unannounced entry.
- (b) The perceived demographic information of the subject of the unannounced entry provided that the identification of these characteristics is based on the observation and perception of the Deputy making the entry and other available data.
- (c) Whether a peace officer unholstered or brandished a weapon during the unannounced entry, and, if so, the type of weapon; and
- (d) Whether a peace officer discharged a weapon during the unannounced entry.

421.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Weld County Sheriff's Office appropriately utilizes criminal intelligence systems to support investigations of criminal offenders, organizations and enterprises. Shift Commanders

422.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with Office policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant heads each watch.

422.2 DESIGNATION AS ACTING SHIFT COMMANDER

When a Sergeant is unavailable for duty as Shift Sergeant, in most instances the qualified deputy shall be designated as acting Shift Sergeant. This policy does not preclude designating a less senior deputy as an acting Shift Sergeant when operational needs require or training permits.

Mobile Data Terminal Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Data Terminal (MDT) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between office members and Dispatch.

423.2 POLICY

Weld County Sheriff's Office members using the MDT shall comply with all appropriate federal and state rules and regulations and shall use the MDT in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any office technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDT use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDT system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDT by another member to their supervisors or Shift Sergeants.

Use of the MDT system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Office. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDT system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDT system unless directed to do so by a supervisor. Members are required to log off the MDT or secure the MDT when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

423.4.1 USE WHILE DRIVING

Use of the MDT by the vehicle operator should generally be limited to times when the vehicle is stopped. When the vehicle is in motion, the operator should only attempt to read messages that are likely to contain information that is required for immediate enforcement, investigative or safety needs (CRS § 42-4-201).

Mobile Data Terminal Use

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

At no time when the vehicle is in motion should the display be viewed by the driver for visual entertainment, including Internet browsing or the use of social media or email.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Shift Sergeant or other office-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the sheriff's radio and electronically via the MDT unless security or confidentiality prevents such broadcasting.

MDT and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- (a) All contacts or activity shall be documented at the time of the contact.
- (b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- (c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDT.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the sheriff's radio or through the MDT system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDT.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available deputy should respond in accordance with the Deputy Response to Calls Policy.

Members should ensure a field supervisor and the Shift Sergeant is notified of the incident without delay.

Deputies not responding to the emergency shall refrain from transmitting on the sheriff's radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.6 EQUIPMENT CONSIDERATIONS

423.6.1 MALFUNCTIONING MDT

Whenever possible, members will not use vehicles with malfunctioning MDTs. Whenever members must drive a vehicle in which the MDT is not working, they shall notify Dispatch. It shall

be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the sheriff's radio.

423.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDTs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDT could cause some devices to detonate.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this office while in the performance of their duties.

This policy does not apply to surreptitious interception of electronic communications for lawful authorized investigative purposes.

424.2 POLICY

The Weld County Sheriff's Office should provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Office by accurately capturing contacts between members of the Office and the public (CRS § 24-31-902).

424.3 PRIVACY

All recordings made by personnel acting in their official capacity as members of this office shall remain the property of the Office and should not be considered private, regardless of whether those recordings were made with office-issued or personally owned recorders.

424.4 MEMBER RESPONSIBILITIES

Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder, issued by the Office, and that the recorder is in good working order.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful.

424.5 USE OF AUDIO RECORDERS

Members may activate an audio recorder during all enforcement stops, field interview or interrogation situations, and any other time the member reasonably believes that a recording of an on-duty contact may be useful. Once started, recordings should continue without interruption, until the contact ends, if feasible, or until entry into the detention facility.

At no time is a member expected to jeopardize his/her safety in order to activate a recorder or change the recording media. However, the recorder should be activated in required situations as soon as practicable.

424.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER

Colorado law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (CRS § 18-9-303).

Weld County Sheriff's Office

Portable Audio/Video Recorders

Members of the Office may surreptitiously record any conversation during the course of a criminal investigation in which the deputy reasonably believes that such a recording will be beneficial to the investigation.

Members shall not surreptitiously record another office member without a court order, unless lawfully authorized by the Sheriff or the authorized designee.

424.5.2 USE OF VIDEO RECORDERS

The agency-issued smart phone may be used as a video recording device; however, agency-issued or personally-owned video-recording devices shall not be used as an improvised body camera.

Members may activate a video recording device during field interviews or interrogations. The focus should be to record the particular statement of a victim, witness, or suspect; rather than recording a general situation, to establish a sequence of events. Once started, the recording should continue, without interruption, until the interview or interrogation is complete, if feasible.

The video recorder may also be used to document evidence, or important information. Members should consider the device's limitations/capabilities and environmental factors when determining if use of the device is appropriate for the situation. Alternative means of documenting evidence, or important information, should be used when the device's limitations/capabilities and/or environmental factors preclude the effective use of the device.

424.6 PROHIBITED USE OF PORTABLE RECORDERS

Members are prohibited from using office-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with office-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate office business purposes. All such recordings shall be retained at the Office.

Any member who uses a personally owned recorder for office-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment or ridicule.

Any member who may have questions regarding the application of this policy is encouraged to seek clarification from supervisory personnel.

424.7 RETENTION OF RECORDINGS

Any time a member records any portion of a contact the member shall obtain a case number and download the file in accordance with the Computers and Digital Evidence Policy and document the existence of the recording in the related case report.

424.7.1 RETENTION REQUIREMENTS

All recordings shall be retained for a period consistent with the requirements of the organization's records retention schedule but in no event for a period less than 180 days.

424.8 REVIEW OF RECORDINGS

Recordings made using portable recording devices pursuant to this policy are office records and may only be released as provided in the Records Release and Security Policy or for other authorized legitimate office business purposes.

424.9 REVIEW OF RECORDED MEDIA FILES

When preparing written reports, members may review their recordings as a resource. However, members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, reports of meritorious conduct, or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

- (a) Upon approval by a supervisor, by any member of the Office who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
- (b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.
- (c) By media personnel with permission of the Sheriff or the authorized designee
- (d) In compliance with a public records request, if permitted, and in accordance with the Records Release and Security Policy.

Body Worn Camera Program

425.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and management of Body Worn Cameras and recorded data by members of this Office while in performance of their duties. Body Worn Camera recording devices include all recording systems, whether body-worn, handheld or integrated into portable equipment.

The purpose of this policy is to enhance the mission of the Office by providing a method of recording contacts between members of the Office and the public. Body Worn Cameras enhance the accountability of members and citizens, improve community relations, and provide transparency for the Office.

The Sheriff's Office adopts this policy with the awareness that a recording from a body-worn camera does not capture the full context of a police-citizen contact, nor does it have the capability of documentation of the contact, and the focus of the member must remain on fulfilling the law enforcement duty, not on the efficacy of the video. Because of the limitations and placement of the camera, a recording may capture different information and stimuli than what is perceived by a member and may record more information than a member retains or observes under the stress of a law enforcement contact. Members must make decisions concerning any incident based on the totality of the circumstances at the moment the decision is made, using information that is perceived and available to the member.

425.1.1 DEFINITIONS

Contact - An in-person interaction with an individual, whether or not the person is in a motor vehicle, initiated by a peace officer, whether consensual or nonconsensual, for the purpose of enforcing the law or investigating possible violations of the law. "Contact" does not include routine interactions with the public at the point of entry or exit from a controlled area; a non-investigatory and consensual interaction with a member of the public, initiated by a member of the public, unless and until the interaction progresses into an investigation of a possible violation of the law; a motorist assist; undercover interactions; or routine interactions with persons detained in a jail or detention facility.

Member - An employee or volunteer of the Office, sworn or civilian, irrespective of rank

Body Worn Camera (BWC) - An electronic device, provided by the Office, capable of capturing audio, video or both in a self-contained, rechargeable unit

Body Worn Camera Program Technician- Members(s) assigned to manage the Body Worn Camera Program and Digital Evidence Management System

Digital Evidence Management System - A CJIS compliant software package for the management and access of BWC recordings

425.2 POLICY

The Sheriff's Office shall provide members with access to BWCs for use during the performance of their duties. The use of BWCs is intended to enhance and supplement the mission of the Office by providing a recording of contacts between members of the Office and the public. Members may apply discretion and may record contacts with citizens regarding non-law enforcement issues. In applying discretion, members will balance the need for the recording against the privacy concerns of the citizen(s) and other sensitive matters.

425.3 BODY WORN CAMERA PROGRAM TECHNICIAN

The Sheriff or authorized designee should appoint BWC Technician responsible for establishing procedures for:

- (a) The security, storage and maintenance of data and recordings
- (b) Accessing data and recordings
- (c) Auditing system performance, access and compliance with policy
- (d) Transferring, viewing, downloading, tagging or marking events

425.4 MEMBER PRIVACY EXPECTATIONS

All recordings made by Deputies on any Office issued device at any time, and any recording made while acting in an official capacity, regardless of ownership of the device it was made on, shall remain the property of the Office. Deputies shall have no expectation of privacy or ownership interest in the content of these recordings.

Members may request the restriction of accidental recordings of personal business or personal conversations through a written submission to the BWC Program Technician, subject to approval by the Professional Standards Lieutenant. Recordings related to a law enforcement function and/or the performance of the member's official duty will be retained in accordance with the Records Maintenance and Release Policy and the Classification and Retention of Body Worn Camera Recordings section of this Policy.

425.5 MEMBER RESPONSIBILITIES

Body worn cameras will be assigned at the discretion of the Office to members who have completed Office approved training. All BWCs will be assigned by the Office, personally owned body worn cameras are not authorized for use while on duty.

Before the beginning of each shift, each member assigned a BWC is responsible for verifying it is in good working order, by recording the member's name, badge number, current date and time on the BWC, and through the MDT's radio log. Members are responsible for their assigned BWC and will treat it with due care. If a BWC is not in working order or malfunctions at any time, the member shall promptly report the failure to their supervisor and obtain a functioning devices as soon as practicable.

Members should not intentionally obscure or cover the BWC's view of events. If asked, and if safety is not compromised, members should inform those inquiring that a BWC is in use.

Weld County SO Patrol Policy Manual

Body Worn Camera Program

Members assigned a BWC will wear the device in the manufacturer recommended mounting system, unless necessary for the investigations' circumstance or special assignment as approved by a supervisor.

425.6 DOCUMENTATION OF A BODY WORN CAMERA RECORDING

Deputies shall document the existence of a BWC recording in any report, supplemental report, citation or other official record of the contact as appropriate. Documentation should include instances where the BWC malfunctioned or was deactivated. Deputies should include the reason for the deactivation.

Recordings do not replace written reports, victim or witness statements, or evidence photographs, which will be generated in accordance with policy and in the same manner as they were before the implementation of the BWC program (see Report Preparation Policy). Members shall not use the existence of a recording as a reason to write a less detailed report.

425.6.1 SAVING AND TRANSFERRING OF A BWC RECORDING

Recordings from a BWC shall only be transferred/saved to the secure digital evidence management system authorized by the Sheriff's Office. Uploading of a BWC shall follow the procedures established by the manufacturer and Office training. Saving recordings to personal devices is not authorized.

Members shall follow all procedures concerning transfer, tagging and documentation of recordings designated for retention. At a minimum, every member shall tag the BWC recording with the date, time and incident number in the digital evidence management system and in accordance with Office approved training.

Members shall not edit or redact recordings, except as authorized. This will typically be done by the BWC Program Technician for Records Release purposes.

425.7 TRAINING

BWC devices will not be issued to members who have not received the required agency approved training. Members should operate the BWC in accordance with this policy and training.

425.8 ACTIVATION OF THE BODY WORN CAMERA

This policy is not intended to describe every possible situation in which the BWC should be used. Members should activate the BWC any time they are in contact with the public to; record an incident for evidentiary purposes, mutual accountability of the member and citizen, or to preserve valuable visual/audio information for later use. The device should be activated if a member is unsure whether the BWC should be activated.

The BWC should be activated before the arrival on the scene, or as soon as practicable.

The Sheriff's Office recognizes that some incidents may not begin as situations that would normally be recorded. It is also understood that incidents may not always have a clear starting point. The lack of a clear starting point does not indicate that the recording was purposefully or negligently delayed.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Body Worn Camera Program

The Sheriff's Office also recognizes that many incidents are unpredictable, dynamic and happen very quickly and may not be anticipated. Members are advised that the safety of the public and members is paramount. Members shall not compromise their safety or that of the public to activate a BWC.

425.8.1 PRIVACY CONSIDERATIONS

As per Colorado SB 20-217, there is little allowance or variance for an individual's privacy concerns at the time the BWC recording is made. If available for release, certain information may be redacted or blurred from the video to protect the substantial privacy interest, while still allowing the footage to be publicly released.

425.8.2 MUTING AND DEACTIVATION OF RECORDINGS

Once activated, the BWC shall remain on continuously until and unless the member reasonably believes that his/her direct participation in the incident is complete or the situation no longer fits the criteria for activation. Deputies that fail to activate the BWC, fail to record the entire contact, or interrupts the recording should document the reason in the associated incident report.

The BWC may be deactivated/muted when any of the following apply:

- (a) When in contact with undercover officers, or when interviewing confidential informants.
- (b) When the recording of security procedures and security measures of citizens, residences or organizations has no investigative value or unreasonably compromises their safety and security.
 - 1. Avoids recording personal information that is not case related
- (c) When discussing administrative, tactical or management issues to include discussions between Field Training Officers and deputies in training.
- (d) When the deputy is placed on an assignment that has no investigative purpose such as a traffic post, shift briefing, scene processing, scene security post, awaiting the arrival of a tow truck or family member or other similar non-confrontational or non-evidentiary situation.
- (e) When the member is in a situation where there is a significant period of inactivity such as report writing, administrative duties, meal breaks or other breaks from direct participation in an incident that requires activation.

425.9 SURREPTITIOUS USE OF THE BODY WORN CAMERA

Colorado law permits an individual to surreptitiously record any conversation in which one party to the conversation has given his/her permission (CRS § 18-9-303).

Members may surreptitiously record any conversation during a criminal investigation when the recording is lawful, and the member reasonably believes such a recording will be beneficial to the investigation.

Members shall not surreptitiously record another office member without a court order or unless lawfully authorized by the Sheriff or authorized designee.

Access and review of recordings will be allowed by authorized users and for official purposes only. Access or review of recordings for other than official purposes is strictly prohibited. Persons not employed by the Office will not be allowed to view the recordings, except when a review of a recording is permitted by a supervisor, as part of a Professional Standards investigation, pursuant to a court order or as required for litigation purposes.

- (f) To assess the proper functioning of the BWC.

425.13.2 REVIEW FOR CRITICAL INCIDENT INVESTIGATIONS

If a member is involved in a critical incident, requiring the response of the Critical Incident Response Team (CIRT), the member will not review the recording until authorized by the Sheriff or designee. The following shall apply after a critical incident that requires the response of CIRT:

- (a) Members shall continue the recording until the scene is declared safe by a supervisor
- (b) The BWC shall be removed by a CIRT member.
- (c) The recording shall be tagged as confidential in the digital evidence management system by the CIRT Coordinator or designee.
- (d) Digital and/or hard copies, as designated by CIRT, shall be made available to the CIRT representative as soon as practicable.
- (e) The recording shall not be reviewed by other members unless authorized by the Sheriff or CIRT Coordinator.

425.13.3 REVIEW FOR USE IN TRAINING

Members may notify a supervisor if a recording may be useful for training, tactical debrief or administrative purposes. Recordings identified as potential training tools will be reviewed and approved for use by the Patrol Division Captain before being made available to the Training Unit. Objections by the involved member(s) will be submitted to the Sheriff or designee to determine if the training value outweighs the member(s) objection.

425.13.4 SUPERVISOR AND COMMAND AUTHORITY REVIEW

Supervisors are authorized to review relevant recordings under the following circumstances:

- (a) **Administrative Review:** A supervisor may review specific BWC recordings or data to conduct an administrative investigation or investigate a personnel complaint. Administrative reviews may also be conducted to identify videos with potential training value and exceptional performance.
- (b) **Quality Assurance Review:** Supervisors should conduct four random monthly reviews of recordings from his/her subordinates to reinforce positive performance and provide guidance on how to improve performance. However, nothing in this policy prohibits a supervisor from reviewing a specific recording if the supervisor believes it is necessary to ensure adherence to policy and performance standards by a deputy. These reviews will be used to enhance the performance review of members.
 1. Supervisors shall not utilize recordings to harass, humiliate, degrade or otherwise discriminate one employee over another with greater scrutiny.
 2. The supervisor should provide feedback based on the quality assurance review.
 3. The quality assurance review of member recordings shall not result in formal disciplinary action unless the recording discloses:
 - (a) Gross misconduct or violation of ethical standards
 - (b) A continued pattern of previously addressed and documented behavior

Reviews outside the scope of these categories are not permitted.

425.14 CLASSIFICATION AND RETENTION OF BODY WORN CAMERA RECORDINGS

All recordings shall be maintained in accordance with the Sheriff's Office video retention schedule. Any member or supervisor may request that a recording be retained. Most BWC recordings will be classified and retained through the Computer Aided Dispatch integration software. Members may be required to modify these initial classifications. Any BWC recording can be changed to a different classification or have its retention status changed for the benefit of an investigation or Office needs. Classifications, descriptions and retention are as follows:

- (a) Un-categorized - An automatic classification that requires the BWC user to take further action on the recordings metadata. Examples may include follow-up investigations and assisting other agencies.
 - 1. The presumptive retention period will be 99 years until the classification has been manually changed.
- (b) Accidental, Test - When the BWC is inadvertently activated when conducting a test at the beginning of a shift or documenting a miscellaneous activation of the BWC, which does not meet the requirements of any other classification.
 - 1. The retention period will be 90 days.
- (c) Incident only - An automatic classification documenting an activation where there may be the possibility of a complaint or future action. Examples include traffic stops with no citation, motorist assists, traffic control, general citizen contacts and contacts for a violation of the law but the member chose to issue a verbal warning.
 - 1. The retention period will be 2 years.
- (d) General - an automatic classification documenting all calls for service generating a case report.
 - 1. The retention period will be 5 years.
- (e) Misdemeanors, Traffic Citation -
 - 1. Misdemeanor cases, petty offenses, traffic offenses with a summons issued, non-fatality traffic accidents, and similar cases - where viable suspect information may or may not exist.
 - (a) The retention period will be 3 years.
- (f) Felonies (Major felonies and violent crimes)
 - 1. Major felonies - Cases such as arson with fatalities, forgery, unrecovered firearms, homicides, kidnappings, deaths, sexual assault on a child, and officers killed. Any felony crime where an arrest occurs or viable suspect information may lead to an arrest.
 - (a) The retention period will be permanent
 - 2. Other felony cases - Cases such as special investigations related to aggravated assault, arson without fatalities, fatal traffic accidents, and similar cases - where viable suspect information may or may not exist.
 - (a) The retention period will be 10 years.

3. Sexual assault cases - cases related to the investigation of a sexual assault crime.
 - (a) The retention period will be permanent.
- (g) Restricted - A manual classification of BWC recordings that require restricted access to select individuals. Such recordings are deemed to be sensitive. This classification could be made by any member, and is subject to general rules and policies regarding the retention of case related evidence.
 1. The retention period is dependent on the other category that is selected.
- (h) Use of Force, Complaint or Internal Affairs - A BWC recording that the member believes may result in a conduct complaint, administrative investigation or when a use of force investigation and report is required.
 1. The retention period will be 5 years.
- (i) Training - A manual classification for BWC recordings made during any initial BWC training or functionality testing of the BWC device. General deputy training is not approved for BWC use.
 1. The retention period will be 7 days.

425.15 PURGING AND DELETIONS

The retention categories in this policy indicate that, in most cases, the recordings will be purged when they reach the maximum retention time, based on the category selected with the longest retention. If the evidence in a case/incident is ordered to be disposed of by the courts, regardless of the retention category, the recording may also be purged as long as there is no other legal or administrative purpose for retention.

Medical Marijuana

426.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this office with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under Colorado's medical marijuana laws.

426.1.1 DEFINITIONS

Definitions related to this policy include:

Allowed amount of marijuana - No more marijuana than is medically necessary to address a debilitating or disabling medical condition. Though the amount may be greater, anything at or below the following amount qualifies as an allowed amount (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106):

- (a) No more than 2 ounces of a usable form of marijuana
- (b) No more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana

Medical use - The acquisition, possession, production, use or transportation of marijuana or paraphernalia related to the administration of such marijuana to address the symptoms or effects of a patient's debilitating or disabling medical condition, which may be authorized only after a diagnosis of the patient's debilitating or disabling medical condition by a physician (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Patient - A person who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14; CRS § 25-1.5-106).

Primary caregiver - A person, other than the patient and the patient's physician, who is 18 years of age or older and has significant responsibility for managing the well-being of a patient who has a debilitating or disabling medical condition (Colo. Const. art. XVIII, § 14). A primary caregiver may have one or more relationships with a patient, including as (CRS § 25-1.5-106):

- (a) A parent of a child and anyone who assists that parent with caregiver responsibilities, including cultivation and transportation.
- (b) An advising caregiver who advises a patient on which medical marijuana products to use and how to dose them, and does not possess, provide, cultivate or transport marijuana on behalf of the patient.
- (c) A transporting caregiver who purchases and transports marijuana to a patient who is homebound.
- (d) A cultivating caregiver who grows marijuana for a patient.

Registry Identification Card(RIC) - That document, issued by the Colorado Department of Public Health and Environment, that identifies a patient authorized to engage in the medical use of

marijuana and such patient's primary caregiver, if one has been designated (Colo. Const. art. XVIII, § 14).

Usable form of marijuana - The seeds, leaves, buds and flowers of the plant (genus) cannabis, and any mixture or preparation thereof, which are appropriate for medical use. It does not include the plant's stalks, stems and roots.

426.2 POLICY

It is the policy of the Weld County Sheriffs Office to enforce laws related to marijuana while exercising discretion to avoid unreasonably burdening individuals protected under Colorado law and the resources of the Office.

Colorado medical marijuana laws are intended to provide protection from prosecution to those who acquire, possess, manufacture, produce, use, sell, distribute, dispense or transport marijuana for debilitating medical conditions. However, Colorado medical marijuana laws do not affect federal laws, and there is no medical exception under federal law for the possession or distribution of marijuana.

426.3 INVESTIGATION

Investigations involving the acquisition, possession, manufacture, production, use, sale, distribution, dispensing or transportation of marijuana generally fall into one of the following categories:

- (a) Investigations when no person makes a medicinal claim.
- (b) Investigations when a medical use claim is made by an adult who has not been issued a RIC.
- (c) Investigations when a medical use claim is made by an adult who has been issued a RIC.
- (d) Investigations when a medical use claim is made by a juvenile.

426.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is being used for medicinal purposes, the deputy should proceed with a criminal investigation if the amount is greater than permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16). A medicinal defense may be raised at any time, so deputies should document any statements and observations that may be relevant as to whether the marijuana was possessed or produced for medicinal purposes.

426.3.2 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS NOT BEEN ISSUED A RIC

An adult making a medical-use claim, either as a patient or primary caregiver, should not be arrested for a marijuana-related offense when:

Weld County Sheriff's Office

- (a) The patient (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):
 - 1. Was previously diagnosed by a physician as having a debilitating or disabling medical condition.
 - 2. Was advised by his/her physician, in the context of a bona fide physician-patient relationship, that the patient might benefit from the medical use of marijuana in connection with a debilitating or disabling medical condition.
 - 3. Was collectively in possession of an allowed amount of marijuana.
- (b) The amount is permitted for personal use of marijuana under the Colorado Constitution (Colo. Const. art. XVIII, § 16).

A copy of an application submitted to the Colorado Department of Public Health and Environment, including the written documentation and proof of the date of mailing or other transmission of the written documentation, shall be accorded the same legal effect as a RIC until such time as the patient receives notice that the application has been denied (Colo. Const. art. XVIII, § 14(3)(d)).

426.3.3 INVESTIGATIONS INVOLVING A MEDICAL-USE CLAIM BY AN ADULT WHO HAS BEEN ISSUED A RIC

An adult making a medical-use claim, either as a patient or primary caregiver, shall not be arrested for a marijuana-related offense when all of the following exist (Colo. Const. art. XVIII, § 14(2); CRS § 25-1.5-106):

- (a) The patient or primary caregiver is in lawful possession of a RIC.
- (b) The marijuana in question is for medical use.
- (c) The patient or primary caregiver is in possession of no more than 2 ounces of a usable form of marijuana and no more than six marijuana plants, with three or fewer being mature, flowering plants that are producing a usable form of marijuana.

A patient or primary caregiver in lawful possession of a RIC should not be arrested for any quantity of marijuana above the specified amounts of marijuana (2 ounces, six plants) if the amount is no more than is medically necessary to address a debilitating or disabling medical condition.

Evidence that an extended amount is medically necessary may include a voluntary disclosure by the patient in his/her registration information that he/she intends to cultivate more than six plants for his/her own medical use (CRS § 25-1.5-106).

426.3.4 INVESTIGATIONS RELATED TO A MEDICAL-USE CLAIM BY A JUVENILE

A juvenile under the age of 18 shall not be arrested for a marijuana-related offense if all of the following conditions exist (Colo. Const. art. XVIII, § 14(6); CRS § 25-1.5-106):

- (a) The juvenile is in lawful possession of a RIC.
- (b) The juvenile and parental primary caregiver collectively possess no more than an allowed amount of marijuana.

Medical Marijuana

- (c) The parental primary caregiver controls the acquisition, dosage and frequency of use of the marijuana.

426.3.5 EXCEPTIONS

Deputies may take enforcement action against a patient or primary caregiver who (Colo. Const. art. XVIII, § 14(5); CRS § 25-1.5-106):

- (a) Engages in the medical use of marijuana in a way that endangers the health or well-being of any person.
- (b) Unlawfully engages in the medical use of marijuana in plain view of, or in a place open to, the general public (CRS § 44-10-702).
- (c) Undertakes any task while under the influence of medical marijuana, when doing so would constitute negligence or professional malpractice.
- (d) Possesses or uses non-smokable medical marijuana without authorization on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (e) Possesses or uses smokable medical marijuana on school grounds, in a school bus, or at a school-sponsored event (CRS § 22-1-119.3; CRS § 25-1.5-106).
- (f) Engages in the use of medical marijuana in a correctional facility, community corrections facility, or in a vehicle, aircraft, or motorboat.
- (g) Engages in the use of medical marijuana while sentenced to jail/prison.
- (h) Operates, navigates, or is in actual physical control of any vehicle, aircraft, or motorboat while under the influence of medical marijuana.
- (i) Manufactures marijuana concentrate in an unregulated environment using an inherently hazardous substance (CRS § 18-18-406.6).
- (j) Grows or possesses on residential property more than the number of marijuana plants as set forth in CRS § 25-1.5-106.

426.4 FEDERAL LAW ENFORCEMENT

Federal law provides that regardless of the prosecution status or disposition of any related criminal case, law enforcement will not be responsible for the return of any marijuana seized as evidence, except as may be required by a valid court order (21 USC § 885(d)). However, state law stipulates that any property of interest that is possessed, owned or used in connection with the medical use of marijuana or acts incidental to such use, shall not be harmed, neglected, injured or destroyed while in possession of the Weld County Sheriff's Office, where such property has been seized in connection with the claimed medical use of marijuana (Colo. Const. Art. 18, § 14(2)(e)):

- (a) Any such property shall not be forfeited unless a sentence is imposed after a conviction of a criminal offense or entry of a plea of guilty to such offense.
- (b) Any marijuana and paraphernalia seized from a patient or primary caregiver that is entitled to claimed medical use shall be returned immediately upon determination of a District Attorney or his/her designee.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Weld County Evidence Supervisor should follow the Property and Evidence Policy and related procedures.

The Weld County Evidence Supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigations Unit Supervisor.

Foot Pursuit Policy

427.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist deputies in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the deputy, the public or the suspect.

427.1.1 POLICY

It is the policy of this Office when deciding to initiate or continue a foot pursuit that deputies must continuously balance the objective of apprehending the suspect with the risk and potential for injury to Office personnel, the public or the suspect.

Deputies are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of Office personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Deputies must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and Office personnel.

427.2 DECISION TO PURSUE

Deputies may be justified in initiating a foot pursuit of any individual the deputy reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. However, this decision must be continuously reevaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as the sole justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity.

Deciding to initiate or continue a foot pursuit is a decision that a deputy must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits potentially place Office personnel and the public at significant risk. Therefore, no deputy or supervisor is likely to be criticized or disciplined for deciding not to engage in a foot pursuit because of a perceived risk involved unless their conduct is considered to be grossly negligent.

If circumstances reasonably permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, a deputy should continuously consider reasonable alternatives to pursuit based upon the circumstances and resources available, such as the following:

- (a) Containment of the area
- (b) Canine search

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Foot Pursuit Policy

- (c) Saturation of the area with patrol personnel
- (d) Air support
- (e) Apprehension at another time, when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the pursuit.

427.3 GUIDELINES FOR FOOT PURSUIT

Unless the deputy reasonably believes that exigent circumstances exist (e.g. a serious threat to the safety of personnel or members of the public), deputies should consider alternatives to engaging in or continuing a foot pursuit under the following conditions:

- (a) When directed by a supervisor to terminate the foot pursuit, such an order shall be considered mandatory.
- (b) The deputy is acting alone.
- (c) When two or more deputies become separated, lose visual contact with one another or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single deputy keep the suspect in sight from a safe distance and coordinate the containment effort.
- (d) The deputy is unsure of his/her location and direction of travel.
- (e) When pursuing multiple suspects and the pursuing deputies do not reasonably believe that they would be able to control the suspect should a confrontation occur.
- (f) When the physical condition of the deputies renders them incapable of controlling the suspect if apprehended.
- (g) When the deputy loses radio contact with Dispatch or with backup deputies.
- (h) When the suspect enters a building, structure, confined space or a wooded or otherwise isolated area and there are insufficient deputies to provide backup and containment. The primary deputy should consider discontinuing the pursuit and coordinating containment pending the arrival of sufficient deputies.
- (i) The deputy becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to deputies or the public.
- (j) The deputy reasonably believes that the danger to the pursuing deputies or public outweighs the objective of immediate apprehension.
- (k) The deputy loses possession of his/her firearm or other essential equipment.
- (l) The deputy or a third party is injured during the pursuit, requiring immediate assistance and there are no other emergency personnel available to render assistance.
- (m) The suspect's location is no longer definitely known.
- (n) The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Foot Pursuit Policy

immediate threat to Office personnel or the public if the suspect is not immediately apprehended.

- (o) The deputy's ability to safely continue the pursuit is impaired by inclement weather, darkness or other conditions.

427.4 RESPONSIBILITIES IN FOOT PURSUITS

427.4.1 INITIATING DEPUTY RESPONSIBILITIES

Unless relieved by another deputy or a supervisor, the initiating deputy shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating deputy should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient deputies are present to safely apprehend the suspect.

Early communication of available information from the involved deputies is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Deputies initiating a foot pursuit should broadcast the following information as soon as it becomes practicable and available:

- (a) Unit identifier
- (b) Location and direction of travel
- (c) Reason for the foot pursuit
- (d) Number of suspects and description
- (e) Whether the suspect is known or believed to be armed

Deputies should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any deputy unable to promptly and effectively broadcast this information should terminate the pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the deputy will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary.

427.4.2 ASSISTING DEPUTY RESPONSIBILITIES

Whenever any deputy announces that he/she is engaged in a foot pursuit, all other deputies should minimize non-essential radio traffic to permit the involved deputies maximum access to the radio frequency.

Any deputy who is in a position to intercept a fleeing suspect or who can assist the primary deputy with the apprehension of the suspect, shall act reasonably and in accordance with Office policy, based upon available information and his/her own observations.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Foot Pursuit Policy

427.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever reasonably possible. The supervisor does not, however, need to be physically present to exercise control over the pursuit. The supervisor should continuously assess the situation in order to ensure the foot pursuit is conducted within established Office guidelines.

The supervisor should terminate the foot pursuit when the danger to pursuing deputies or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor should promptly proceed to the termination point to direct the post-pursuit activity.

427.4.4 DISPATCH RESPONSIBILITIES

Upon being notified or becoming aware that a foot pursuit is in progress, Dispatch personnel shall, as soon as practicable, notify the field supervisor and provide available information. In addition, Dispatch personnel shall:

- (a) Clear the radio channel of nonemergency traffic.
- (b) Repeat the transmissions of the pursuing deputy as needed.
- (c) Ensure that a field supervisor is notified of the pursuit.
- (d) Relay all pertinent information to responding personnel.
- (e) Contact additional resources as indicated.
- (f) Coordinate response of additional resources to assist with the foot pursuit.

427.5 REPORTING

The initiating deputy shall complete the appropriate crime/arrest reports documenting, at minimum:

- (a) The reason for initiating the foot pursuit.
- (b) The identity of involved personnel.
- (c) The course and approximate distance of the pursuit.
- (d) Whether a suspect was apprehended as well as the means and methods used.
 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- (e) Any injuries or property damage.

Assisting deputies taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

In any case in which a suspect is not apprehended and there is insufficient information to warrant further investigation, a supervisor may advise the initiating deputy that he/she need not complete a supplemental report in conjunction with the report normally required to document the incident.

Automated License Plate Readers (ALPR)

428.1 PURPOSE AND SCOPE

Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. The ALPR is used by the Weld County Sheriff's Office to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. The ALPR may also be used to gather information related to active warrants, electronic surveillance, suspect interdiction and stolen property recovery.

428.2 ADMINISTRATION OF ALPR DATA

All installation, access and maintenance of ALPR equipment, - shall be managed by the Strike Team Unit Sergeant. The Strike Team Unit Sergeant will assign personnel under his/her command to administer the day-to-day operation of the ALPR equipment.

The Strike Team Sergeant, in consultation with the Training Unit, shall develop a training program for the use of ALPR equipment. ALPR employee training records shall be managed by the Training Unit.

ALPR data will be hosted and managed by an entity approved by the Colorado Department of Public Safety.

428.3 ALPR OPERATION

Use of an ALPR is restricted to the purposes outlined below. Department personnel shall not use, or allow others to use, the equipment or database records for any unauthorized purpose.

- (a) An ALPR shall only be used for official and legitimate law enforcement business.
- (b) An ALPR may be used in conjunction with any patrol operation or official department investigation. Reasonable suspicion or probable cause is not necessary before using an ALPR.
- (c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- (d) No Deputy shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- (e) No Deputy should operate the ALPR without first downloading the most recent Colorado Bureau of Investigation data to the ALPR.
- (f) The Deputy should verify an ALPR response through the Colorado Bureau of Investigation before taking enforcement action that is based solely upon an ALPR alert.

- (g) Alerts from the ALPR system do not constitute reasonable suspicion or probable cause. Deputies shall establish reasonable suspicion or probable cause prior to initiating enforcement action.
- (h) No ALPR operator may access the Colorado Bureau of Investigation data unless authorized to do so.

428.4 ALPR DATA COLLECTION AND RETENTION

All data and images gathered by the ALPR are for the official use of the Weld County Sheriff's Office and because such data may contain confidential information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.

The Strike Team Sergeant is responsible to ensure proper collection of ALPR data and for transferring ALPR data stored in department vehicles to the server on a regular basis, not to exceed 30 days between transfers. The Strike Team Sergeant is also responsible for coordinating data retention and management activities with the entity hosting the server and data.

All ALPR data downloaded to the server should be stored for a minimum of 21 days and thereafter may be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

428.5 ACCOUNTABILITY AND SAFEGUARDS

All saved data will be closely safeguarded and protected by both procedural and technological means. The Weld County Sheriff's Office will observe the following safeguards regarding access to and use of stored data:

- (a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Records Custodian and processed in accordance with applicable law.
- (b) All ALPR data downloaded to the mobile work station and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.
- (c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- (d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies as permitted by law for legitimate law enforcement purposes.
- (e) ALPR system audits should be conducted on a regular basis.

Homeless Persons

429.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide deputies during all contacts with the homeless, whether consensual or for enforcement purposes. The Weld County Sheriff's Office recognizes that members of the homeless community are often in need of special protection and services. The Weld County Sheriff's Office will address these needs in balance with the overall mission of this office. Therefore, deputies will consider the following policy when serving the homeless community.

429.1.1 POLICY

It is the policy of the Weld County Sheriff's Office to provide law enforcement services to all members of the community while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this office will not use homelessness solely as a basis for detention or law enforcement action.

429.2 FIELD CONTACTS

Deputies are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade a deputy from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a nonviolent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, deputies are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals, counseling and summons and release in lieu of physical arrest.

Deputies should provide homeless persons with resource and assistance information whenever it is reasonably apparent such services may be appropriate.

429.2.1 OTHER CONSIDERATIONS

Homeless members of the community will receive the same level and quality of service provided to other members of our community. The fact that a victim or witness is homeless can, however, require special consideration for a successful investigation and prosecution. Deputies should consider the following when handling investigations involving homeless victims, witnesses or suspects:

- (a) Document alternate contact information. This may include obtaining addresses and telephone numbers of relatives and friends.
- (b) Document places the homeless person may frequent.
- (c) Provide homeless victims with victim/witness resources when appropriate.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Homeless Persons

- (d) Obtain statements from all available witnesses in the event a homeless victim is unavailable for a court appearance.
- (e) Consider whether the person may be a dependent adult or elder and if so, proceed in accordance with the Adult Abuse Policy.
- (f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.
- (g) Consider whether a crime should be reported and submitted for prosecution even when a homeless victim indicates he/she does not desire prosecution.

429.3 PERSONAL PROPERTY

The personal property of homeless persons must not be treated differently than the property of other members of the public. Deputies should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, deputies should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the arrestee's personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the deputy, a supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor's responsibility to coordinate the removal and safekeeping of the property.

Deputies should not conduct or assist in cleanup operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor.

Deputies who encounter unattended encampments, bedding or other personal property in public areas that reasonably appear to belong to a homeless person should not remove or destroy such property but take appropriate measures if such property appears to involve a trespass, is blight to the community or is the subject of a complaint.

429.4 MENTAL HEALTH DISORDERS AND MENTAL IMPAIRMENTS

Some homeless persons may suffer from a mental health disorder or a mental impairment. Deputies shall not detain a homeless person for an emergency admission to a mental health facility unless facts and circumstances warrant such a detention (CRS § 27-65-105)

When a mental health disorder hold is not warranted, the contacting deputy should provide the homeless person with contact information for mental health assistance, as appropriate. In these circumstances, deputies may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

429.5 ECOLOGICAL ISSUES

Sometimes homeless encampments can affect the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Deputies are encouraged to

notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.

Public Recording of Law Enforcement Activity

430.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this office. In addition, this policy provides guidelines for situations where the recordings may be evidence.

430.2 POLICY

The Weld County Sheriff's Office recognizes the right of persons to lawfully record members of this office who are performing their official duties. Members of this office will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Deputies should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

430.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

- (a) Recordings may be made from any public place or any private property where the individual has the legal right to be present.
- (b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 - 1. Tampering with a witness or suspect.
 - 2. Inciting others to violate the law.
 - 3. Being so close to the activity as to present a clear safety hazard to the deputies.
 - 4. Being so close to the activity as to interfere with a deputy's effective communication with a suspect or witness.
- (c) The individual may not present an undue safety risk to the deputies, him/herself or others.

430.4 DEPUTY RESPONSE

Deputies should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, deputies should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, deputies or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Public Recording of Law Enforcement Activity

individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, a deputy could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, deputies shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

430.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the deputy and:

- (a) Request any additional assistance as needed to ensure a safe environment.
- (b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- (c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- (d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- (e) Explain alternatives for individuals who wish to express concern about the conduct of Office members, such as how and where to file a complaint.

430.6 SEIZING RECORDINGS AS EVIDENCE

Deputies should not seize recording devices or media unless (42 USC § 2000aa; CRS § 16-3-311):

- (a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
- (b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
- (c) The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 - (a) Before obtaining consent, the member shall provide the person with his/her identification, agency name and the reason the information is requested.
 - (b) If the person voluntarily provides his/her device or media to the member, the search of the device or media shall be limited to the

Weld County Sheriff's Office

relevant recording and the device or media returned as soon as practicable.

2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a office device.
3. Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

430.6.1 SEARCH WARRANTS

When a member seizes a recording device or media without the person's consent or without a search warrant, a search warrant for the recording shall be sought within 72 hours of the seizure (CRS § 16-3-311).

Suspicious Activity Reporting

431.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

431.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

431.2 POLICY

The Weld County Sheriff's Office recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

431.3 RESPONSIBILITIES

The Patrol Captain and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for office participation in criminal intelligence systems as outlined in the Criminal Intelligence Policy.

The responsibilities of the Patrol Captain include, but are not limited to:

- (a) Remaining familiar with those databases available to the Office that would facilitate the purpose of this policy.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Suspicious Activity Reporting

- (b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- (c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- (d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Office.
- (e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- (f) Coordinating investigative follow-up, if appropriate.
- (g) Coordinating with any appropriate agency or fusion center.
- (h) Ensuring that, as resources are available, the Office conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

431.4 REPORTING AND INVESTIGATION

Any office member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any civilian member who receives such information should ensure that it is passed on to a deputy in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, a deputy becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

431.5 HANDLING INFORMATION

The Weld County Records will forward copies of SARs, in a timely manner, to the following:

- Investigations Unit supervisor
- Crime Analysis Unit
- Other authorized designees

First Amendment Assemblies

432.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

432.2 POLICY

The Weld County Sheriff's Office respects the rights of people to peaceably assemble. It is the policy of this office not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

432.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, loitering and disrupting lawful assembly. However, deputies shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors deputies may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Deputies should not:

- (a) Engage in assembly or demonstration-related discussion with participants.
- (b) Harass, confront or intimidate participants.
- (c) Seize the cameras, cell phones or materials of participants or observers unless a deputy is placing a person under lawful arrest.

Supervisors should continually observe office members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

432.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating office performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

432.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding deputy should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

432.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

432.5.1 INFORMATION GATHERING AND ASSESSMENT

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

First Amendment Assemblies

- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

432.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- (a) Command assignments, chain of command structure, roles and responsibilities.
- (b) Staffing and resource allocation.
- (c) Management of criminal investigations.
- (d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- (e) Deployment of specialized resources.
- (f) Event communications and interoperability in a multijurisdictional event.
- (g) Liaison with demonstration leaders and external agencies.
- (h) Liaison with County government and legal staff.
- (i) Media relations.
- (j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- (k) Traffic management plans.
- (l) First aid and emergency medical service provider availability.
- (m) Prisoner transport and detention.
- (n) Review of policies regarding public assemblies and use of force in crowd control.
- (o) Parameters for declaring an unlawful assembly.
- (p) Arrest protocol, including management of mass arrests.
- (q) Protocol for recording information flow and decisions.
- (r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- (s) Protocol for handling complaints during the event.

- (t) Parameters for the use of body-worn cameras and other portable recording devices.

432.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

432.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

432.7 USE OF FORCE

Use of force is governed by current office policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants' conduct reasonably appears to present the potential to harm deputies, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this office shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

432.8 ARRESTS

The Weld County Sheriff's Office should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- (a) Reasonable measures to address the safety of deputies and arrestees.
- (b) Dedicated arrest, booking and report writing teams.
- (c) Timely access to medical care.
- (d) Timely access to legal resources.
- (e) Timely processing of arrestees.
- (f) Full accountability for arrestees and evidence.
- (g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Summons and Release Policy).

432.9 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

432.10 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

Weld County Sheriff's Office

432.11 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- (a) Operational plan
- (b) Any incident logs
- (c) Any assignment logs
- (d) Vehicle, fuel, equipment and supply records
- (e) Incident, arrest, use of force, injury and property damage reports
- (f) Photographs, audio/video recordings, Dispatch records/tapes
- (g) Media accounts (print and broadcast media)

432.11.1 AFTER-ACTION REPORTING

The Incident Commander should work with County legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- (a) Date, time and description of the event
- (b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
- (c) Problems identified
- (d) Significant events
- (e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

432.12 TRAINING

Office members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management. The Office should, when practicable, train with its external and mutual aid partners.

Civil Disputes

433.1 PURPOSE AND SCOPE

This policy provides members of the Weld County Sheriff's Office with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by Colorado law.

433.2 POLICY

The Weld County Sheriff's Office recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this office will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

433.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- (a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- (b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- (c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- (d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- (e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

433.4 COURT ORDERS

Disputes involving court orders can be complex. Where no mandate exists for a deputy to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Civil Disputes

court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating deputy should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating deputy should document the following:

- (a) The person's knowledge of the court order or whether proof of service exists.
- (b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

433.4.1 STANDBY REQUESTS

Any person wanting standby assistance will obtain a court order requiring the Weld County Sheriff's Office to participate in the standby.

Deputies responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. Deputies will review a copy of the court order to verify the Sheriff's Office is required to participate in the standby. Deputies will accompany the person to the location of the property, if required by the court order. The person will be advised that items that are disputed will not be allowed to be removed. The person may be advised to seek private legal advice as to the distribution of disputed property. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

Deputies are advised to ask if the other party will allow retrieval of the property or whether the other party would retrieve the property. If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Deputies will not order the other party to allow entry or to retrieve any items.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

433.5 VEHICLES AND PERSONAL PROPERTY

Deputies may be faced with disputes regarding possession or ownership of vehicles or other personal property. Deputies may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, deputies should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

433.6 REAL PROPERTY

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Medical Aid and Response

434.1 PURPOSE AND SCOPE

This policy recognizes that deputies often encounter persons who appear to be in need of medical aid when Emergency Medical Services (EMS) are immediately unavailable and may require a law enforcement response.

434.2 POLICY

It is the policy of the Weld County Sheriff's Office to respond to medical aid calls when a nexus to criminal activity can be established, or when requested by EMS when reasonably necessary to provide security. All deputies should be trained to provide basic emergency medical aid and to facilitate an emergency medical response.

434.3 FIRST RESPONDING DEPUTY RESPONSIBILITIES

Deputies should request an EMS response when a person is seriously injured, seriously ill or in need of medical care.

Whenever practicable, deputies should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the deputy can safely do so.

Prior to initiating medical aid, the deputy should contact Dispatch and request response by Emergency Medical Services (EMS) as the deputy deems appropriate.

Deputies should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Deputies should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the deputy should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

- (a) The location where EMS is needed.
- (b) The nature of the incident.
- (c) Any known scene hazards.
- (d) Information on the person in need of EMS, such as:
 - (a) Signs and symptoms as observed by the deputy.
 - (b) Changes in apparent condition.
 - (c) Number of patients, sex, and age, if known.
 - (d) Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.

Medical Aid and Response

- (e) Whether the person is showing signs of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Deputies should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Deputies should not direct EMS personnel regarding whether to transport the person for treatment.

Primary responsibility for the scene should be transferred to EMS unless there is a nexus to criminal activity.

434.4 TRANSPORTING ILL AND INJURED PERSONS

Except in extraordinary cases where alternatives are not reasonably available, deputies should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Deputies should search any person who is in custody before releasing that person to EMS for transport.

A deputy should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Deputies should not provide emergency escort for medical transport or civilian vehicles.

434.5 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, a deputy shall not force that person to receive care or be transported.

In cases where a mental health disorder may be a factor, the deputy should consider proceeding with a 72-hour treatment and evaluation in accordance with the Civil Commitments Policy.

If a deputy believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The deputy may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the deputy will require the person to be transported to the nearest medical facility or request EMS to respond to evaluate the custody. In such cases, the deputy should consult with a supervisor prior to the transport.

Deputies shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

434.6 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

434.7 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Deputies should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

434.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A deputy should use an AED only after the deputy has received the required training (CRS § 13-21-108.1).

434.8.1 AED USER RESPONSIBILITY

Deputies who are issued AEDs for use in office vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Quartermaster who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any deputy who uses an AED shall contact Dispatch as soon as possible and request response by EMS (CRS § 13-21-108.1).

434.8.2 AED REPORTING

Any deputy using an AED will complete an incident report detailing its use.

434.8.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training that includes training in CPR and AED use is provided to deputies authorized to use an AED (CRS § 13-21-108.1).

The Quartermaster is responsible for ensuring AED devices are appropriately maintained and tested consistent with the manufacturer's operational guidelines and will retain records of all maintenance and testing in accordance with the established records retention schedule (CRS § 13-21-108.1).

434.9 ADMINISTRATION OF OPIATE ANTAGONIST

Only deputies authorized by the Office may possess or administer an opiate antagonist such as naloxone hydrochloride or any similarly acting drug for the treatment of a drug overdose. The medication shall be administered in accordance with written protocol specified by the medical professional who prescribed the overdose medication for use by the deputy (CRS §12-36-117.7; CRS § 12-38-125.5; CRS § 12-42.5-120)

434.9.1 OPIATE ANTAGONIST USER RESPONSIBILITIES

Deputies who are qualified to administer an opiate antagonist should handle, store and administer the medication consistent with their training. Deputies should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Quartermaster.

Any deputy who administers an opiate antagonist should contact Dispatch as soon as possible and request response by EMS (CRS § 12-36-117.7; CRS § 12-38-125.5; CRS § 12-42.5-120).

434.9.2 OPIATE ANTAGONIST REPORTING

Any deputy administering an opiate antagonist should detail its use in an appropriate report as prescribed in training.

434.9.3 OPIATE ANTAGONIST TRAINING

The Training Sergeant should ensure training is provided to deputies authorized to administer an opiate antagonist.

The Training Sergeant should coordinate training with the prescribing medical professional (CRS § 12-36-117.7; CRS § 12-38-125.5; CRS § 12-42.5-120).

434.10 FIRST AID TRAINING

Subject to available resources, the Training Sergeant should ensure deputies receive periodic first aid training appropriate for their position.

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for improving public safety through education and enforcement of traffic-related laws.

500.2 POLICY

It is the policy of the Weld County Sheriff's Office to educate the public on traffic-related issues and to enforce traffic laws. The efforts of the Office will be driven by such factors as the location and/or number of traffic accidents, civilian complaints, traffic volume, traffic conditions, and other traffic-related needs. The ultimate goal of traffic law enforcement and education is to increase public safety.

500.3 DEPLOYMENT

Enforcement efforts may include such techniques as geographic/temporal assignment of office members and equipment, the establishment of preventive patrols to deal with specific categories of unlawful driving, and a variety of educational activities. These activities should incorporate methods that are suitable to the situation; timed to events, seasons, past traffic problems or locations; and, whenever practicable, preceded by enforcement activities.

Several factors are considered in the development of deployment schedules for office members. State and local data on traffic accidents are a valuable resource. Factors for analysis include but are not limited to:

- Location.
- Time.
- Day.
- Violation factors.
- Requests from the public.
- Construction zones.
- School zones.
- Special events.

Office members assigned to uniformed patrol or traffic enforcement functions will emphasize the enforcement of violations that contribute to traffic accidents, and also will consider the hours and locations where traffic accidents tend to occur. Members will take directed enforcement action on request, and random enforcement action when appropriate. Members shall maintain high visibility while working general enforcement, especially in areas where traffic accidents frequently occur.

500.4 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This office does not establish ticket quotas and the

Weld County Sheriff's Office

Traffic Function and Responsibility

number of arrests or citations issued by any deputy shall not be used as the sole criterion for evaluating deputy overall performance. The visibility and quality of a deputy's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions (CRS § 42-4-101 and CRS § 42-4-104):

500.4.1 WARNINGS AND STOPS WITHOUT CITATION OR ARREST

Warnings should be considered in minor traffic infractions and substituted for arrests or citations when circumstances warrant. Circumstances that do not result in a citation or arrest require the documentation of the warning in the approved report management system, and providing a business card in compliance with the law, as outlined in the Bias-Based Policing Policy.

500.4.2 TRAFFIC CITATIONS

Traffic citations may be issued when a deputy believes it is appropriate. It is essential that deputies fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Deputies should provide the following information at minimum:

- (a) Explanation of the violation or charge
- (b) Court appearance procedure, including the optional or mandatory appearance by the motorist
- (c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court
- (d) The court contact information

500.4.3 TRAFFIC CITATION COURT JURISDICTION

A deputy who issues a traffic citation shall ensure that the place specified in the summons, complaint or penalty assessment notice is a county court within the county in which the offense is alleged to have been committed (CRS § 42-4-1707(5)).

500.4.4 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses. These physical arrest cases usually deal with but are not limited to (CRS § 42-4-1705(1)):

- (a) Vehicular homicide.
- (b) Driving under the influence of alcohol/drugs.
- (c) Hit-and-run resulting in serious injury or death.
- (d) Hit-and-run resulting in damage to any vehicle or property.
- (e) Reasonable cause to believe the violator may leave the state.

500.5 SUSPENDED OR REVOKED DRIVER'S LICENSE

If a deputy contacts a traffic violator also driving on a suspended or revoked license, the deputy should issue a traffic citation or make an arrest as appropriate.

Weld County Sheriff's Office

Traffic Function and Responsibility

500.6 HIGH-VISIBILITY VESTS

The Office has provided American National Standards Institute (ANSI) Class II high-visibility vests to reduce the danger to employees who may be exposed to hazards presented by passing traffic, construction vehicles and disaster recovery equipment (Federal Manual on Uniform Traffic Control Devices, 23 CFR 655.601).

Although intended primarily for use while performing traffic-related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the employee.

500.6.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, deputies should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used anytime a plainclothes deputy might benefit from being readily identified as a deputy.

500.6.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, and in the saddlebag or gear bag of each sheriff's bicycle. Each vest should be stored inside the resealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service, each employee shall ensure a serviceable high-visibility vest is properly stored.

Additional high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Sergeant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Accident Response and Reporting

501.1 PURPOSE AND SCOPE

The public safety responsibilities of law enforcement include responding to traffic accidents, providing aid and assistance, documentation of the incident and identification of criminal activity. The Weld County Sheriff's Office prepares traffic accident reports in compliance with CRS § 42-4-1606 and as a public service makes traffic accident information available to the public.

501.2 CALL RESPONSE

Deputies should respond without delay when dispatched to a traffic accident. A traffic accident with injuries reported may include an emergency response if the deputy reasonably believes such a response is appropriate.

501.2.1 RESPONSE CONSIDERATIONS

A deputy responding to and upon arrival at an accident, should consider the following:

- (a) The most appropriate route to the incident
- (b) Proper placement of the emergency vehicle to provide protection for deputies and the scene
- (c) Potential for involvement of hazardous materials
- (d) Additional support that may be necessary (e.g., traffic control, medical aid, HAZMAT, ambulance, tow vehicles and airship landing)
- (e) Providing first aid to any injured parties if it can be done safely, and obtaining medical assistance as necessary
- (f) Traffic control and protection of the scene
- (g) Clearance of the roadway

501.3 ACCIDENT INVESTIGATION

Investigation of traffic collisions should include, at minimum, the following:

- (a) Identification and interview of all involved parties
- (b) Identification and interview of any witnesses
- (c) Determination if any crime has occurred and taking appropriate enforcement action
- (d) Identification and protection of items of apparent evidentiary value
- (e) Documentation of the incident as necessary (e.g., statements, measurements, photographs, collection of evidence and reporting) on appropriate report forms

501.4 TAKING ENFORCEMENT ACTION

After a thorough investigation in which physical evidence or independent witness statements indicate that a violation of Colorado law led to the accident, deputies should issue a traffic citation

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Traffic Accident Response and Reporting

or a misdemeanor citation to the offending driver. Deputies may arrest a person when there is probable cause to believe that an offense was committed by the person to be arrested (CRS § 16-3-102).

Incidents involving more serious violations, such as driving under the influence of drugs or alcohol, vehicular manslaughter or other felonies, shall be enforced immediately. If a driver subject to enforcement is admitted to a hospital, a supervisor shall be contacted to determine the best enforcement option.

501.5 TRAFFIC ACCIDENT REPORTING

501.5.1 DEPUTY RESPONSIBILITIES

Office members shall utilize forms approved by the Department of Revenue, Motor Vehicle Division (CRS § 42-4-1608) for the reporting of traffic accidents. All traffic accident reports taken by members of this office shall be forwarded to the On Duty Supervisor for approval prior to data entry into the records management system.

501.5.2 MODIFICATIONS TO TRAFFIC ACCIDENT REPORTS

A change or modification of a written report that alters a material fact in the report may be made only by the person who prepared the report. A written supplemental report may be made by any authorized employee.

501.6 REPORTING SITUATIONS

501.6.1 TRAFFIC ACCIDENTS INVOLVING COUNTY VEHICLES

Traffic accident investigation reports shall be taken when a County-owned vehicle is involved in a traffic accident on a roadway or highway, wherein any damage or injury results. A general information report may be taken in lieu of a traffic accident report at the direction of a supervisor when the accident occurs on private property or does not involve another vehicle. Whenever there is damage to a County vehicle, a vehicle damage report shall be completed and forwarded to the appropriate Captain.

Photographs of the accident scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.6.2 INJURY OR FATALITY TRAFFIC ACCIDENTS WITH SHERIFF'S OFFICE EMPLOYEES

When an employee of this office, either on- or off-duty, is involved in a traffic accident within the jurisdiction of the Weld County Sheriff's Office and it results in a serious injury or fatality, the Shift Sergeant should request the Colorado State Patrol (CSP) or other outside agency to complete an investigation and report.

The term serious bodily injury is defined as bodily injury that involves a substantial risk of death, serious permanent disfigurement, protracted loss or impairment of bodily function (CRS § 18-1-901(3)(p)).

501.6.3 TRAFFIC COLLISIONS WITH OTHER COUNTY EMPLOYEES OR OFFICIALS

The Shift Sergeant may request assistance from the CSP or other outside agency for the investigation of any traffic accident involving any County official or employee where a serious injury or fatality has occurred.

501.6.4 TRAFFIC COLLISIONS INVOLVING INJURED ANIMALS

Office members should refer to the Animal Control Policy when a traffic accident involves disposition of an injured animal.

501.7 NOTIFICATION OF SERGEANT

In the event of a serious injury or death-related traffic accident, the deputy shall notify the Shift Sergeant to relate the circumstances of the traffic accident and seek assistance from the traffic accident reconstruction specialist.

Vehicle Towing and Release Policy

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Weld County Sheriff's Office and under the authority of CRS § 42-4-1803.

502.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

502.2.1 COMPLETION OF VEHICLE IMPOUND/STORAGE FORM

Office members requesting towing of a vehicle shall complete a vehicle impound/storage form that includes written authorization pursuant to CRS § 42-4-1803(1)(b) for the tow truck operator to possess the vehicle and a description of property within the vehicle. A copy is to be given to the tow truck operator and the original is to be submitted to the Weld County Records as soon as practicable after the vehicle is stored.

Towed vehicle information shall be promptly placed into the records management system (RMS) so that they are immediately available for release or for information should inquiries be made.

502.2.2 REMOVAL OF A VEHICLE DISABLED IN A TRAFFIC ACCIDENT

When a vehicle has been involved in a traffic accident and must be removed from the scene, the deputy shall have the driver select a towing company, if reasonably possible, and shall relay the request for the specified towing company to Dispatch. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated or for any reason it is necessary for the Office to assume responsibility for a vehicle involved in an accident, the deputy shall request the dispatcher to call a company selected from the rotational list of towing companies. The deputy will then conduct an inventory and store the vehicle using a vehicle impound/storage form.

502.2.3 DRIVING A NON-COUNTY VEHICLE

Vehicles that have been towed by or at the direction of the Office should not be driven by sheriff's personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with parking regulations.

502.2.4 RECORDS SECTION RESPONSIBILITY

Approved vehicle impound/storage forms shall be promptly filed so that they are immediately available for release or review should inquiries be made.

Weld County Records personnel should promptly enter pertinent data from a completed vehicle impound/storage form into the Motor Vehicle Verification System to determine if the vehicle has been reported stolen (CRS § 42-4-1804). No later than 10 working days after a vehicle has been towed by this office, Weld County Records personnel shall report the towing and related information to the Department of Revenue, Motor Vehicle Division as required by CRS § 42-4-1804(1)(b).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Vehicle Towing and Release Policy

Weld County Records personnel shall make a good faith attempt to notify the owner or lien holder of abandoned vehicles within 10 working days after receipt of a vehicle impound/storage form pursuant to (CRS § 42-4-1804(4)(a); CRS § 42-4-1804(4)(b)). The notice shall inform the owner that he/she can request a hearing concerning the legality of the towing of the abandoned motor vehicle (CRS § 42-4-1804(4)(c)).

The Weld County Records should use the notice forms available from the Department of Revenue, Motor Vehicle Division when sending required notices to the owners or lien holders of stolen or abandoned vehicles (CRS § 42-4-1804(5)).

502.3 TOWING AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this Office to provide reasonable safekeeping by towing the arrestee's vehicle subject to the exceptions described below. However, a vehicle shall be towed whenever it is needed for the furtherance of an investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be towed. For example, a vehicle shall be towed if it would present a traffic hazard or if it would be in jeopardy of theft or damage if left at the scene in a high-crime area.

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of towing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic-related warrant arrest
- Situations where the vehicle was not used to further the offense for which the occupant was arrested or is not subject to forfeiture proceedings
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene

In such cases, the handling employee shall note in the report that the owner was informed that the Office will not be responsible for theft or damages.

502.4 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if they are closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practicable in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while the owner is in sheriff's custody, to provide for the safety of deputies and the public, and to protect the Office against fraudulent claims of lost, stolen or damaged property.

If the apparent potential for damage to a locked container reasonably appears to outweigh the protection of the items inside, other options to consider regarding locked containers include, but are not limited to, obtaining access to the locked container from the owner, placing the locked

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Vehicle Towing and Release Policy

container into safekeeping or obtaining a written waiver of responsibility for the contents of the locked container.

502.5 PRESERVATION OF EVIDENCE

A deputy removing a vehicle pursuant to CRS § 42-4-1803, who has probable cause to believe that the vehicle or its contents constitute any evidence which tends to show that a criminal offense has been committed, or tends to show that a particular person has committed a criminal offense, should ensure that all legally required and reasonably necessary efforts to preserve the evidence, including but not limited to, safe storage, are taken until the evidence is released to the owner or otherwise disposed of according to law.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, a deputy should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cellular telephone, prescriptions) that are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property.

Impaired Driving

503.1 PURPOSE AND SCOPE

This policy provides guidance to those office members who play a role in the detection and investigation of driving under the influence (DUI).

503.2 POLICY

The Weld County Sheriff's Office is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of Colorado's impaired driving laws.

503.3 INVESTIGATIONS

Deputies should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All deputies are expected to enforce these laws with due diligence.

The Training Unit Sergeant will develop and maintain, in consultation with the prosecuting attorney, field practices and procedures to assist investigating deputies in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented in the approved report management system. The documented information should include, at a minimum:

- (a) The field sobriety tests (FSTs) administered and the results.
- (b) The deputy's observations that indicate impairment on the part of the individual, and the deputy's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- (c) Sources of additional information (e.g., reporting party, witnesses) and their observations.
- (d) Information about any audio and/or video recording of the individual's driving or subsequent actions.
- (e) The location and time frame of the individual's vehicle operation and how this was determined.
- (f) Any prior related convictions in Colorado or another jurisdiction.

503.4 FIELD TESTS

The Training Sergeant should identify the standardized FSTs and any approved alternate tests for deputies to use when investigating violations of DUI laws.

503.5 CHEMICAL TESTS

A person implies consent under Colorado law to a chemical test or tests, and to providing the associated chemical sample, when a deputy has probable cause to believe that the person was driving a motor vehicle in violation of CRS § 42-4-1301 (DUI, DUI per se, DWAI, or UDD) (CRS § 42-4-1301.1).

If a deputy has probable cause that a dead or unconscious person was driving a motor vehicle in violation of CRS § 42-4-1301, the person shall be tested to determine the alcohol or drug content

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Impaired Driving

of the person's blood or any drug content within such person's system as provided in CRS § 42-4-1301.1(8).

503.5.1 CHOICE OF TESTS

Deputies shall respect a viable choice of chemical test made by an arrestee as provided for by law (e.g., breath will not be acceptable for suspected narcotics influence). Generally, a person may request either a test of his/her blood or breath for determining alcohol content (CRS § 42-4-1301.1). However, if a person under the age of 21 is suspected of underage drinking and driving (UDD), the person may only submit to a breath test.

If a person is suspected of aggravated vehicular unlawful termination of a pregnancy, the type of test or tests shall be determined by the deputy (CRS § 18-3.5-108).

For purposes of determining drug content within a person's system, deputies may select the most appropriate and viable test of the of the person's blood, saliva and urine. The arrestee is required to take and complete the selected test or tests (CRS § 42-4-1301.1; CRS § 18-3.5-108).

503.5.2 BREATH SAMPLES

The Quartermaster should ensure that all devices used for the collection and analysis of breath samples are properly serviced and tested, and that a record of such service and testing is properly maintained.

Deputies obtaining a breath sample should monitor the device for any sign of malfunction. Any anomalies or equipment failures should be noted in the appropriate report and promptly reported to the Quartermaster and Shift Supervisor.

503.5.3 BLOOD SAMPLES

Only persons authorized by law to draw blood shall collect blood samples (CRS § 42-4-1301.1). The blood draw should be witnessed by the assigned deputy. No deputy, even if properly certified, should perform this task.

Deputies should inform an arrestee that if he/she chooses to provide a blood sample, a separate sample can be collected for alternate testing. Unless medical personnel object, two samples should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test shall not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

503.5.4 URINE SAMPLES

If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The deputy shall follow any directions accompanying the urine evidence collection kit.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Impaired Driving

Urine samples shall be collected and witnessed by a deputy or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample.

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

503.5.5 STATUTORY NOTIFICATIONS

Deputies requesting a sample from a person suspected of DUI should inform the person that failure to submit to testing may result in the revocation of his/her license.

503.6 REFUSALS

When an arrestee refuses to provide a chemical sample, deputies should:

- (a) Advise the arrestee of the requirement to provide a sample (CRS § 42-4-1301.1).
- (b) Audio- and/or video-record the admonishment and the response when it is practicable.
- (c) Document the refusal in the appropriate report.

503.6.1 STATUTORY NOTIFICATIONS UPON REFUSAL

Upon refusal to submit to a chemical test as required by law, deputies shall personally serve the notice of revocation upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person and issue the person a seven day temporary permit unless the person already possesses one (CRS § 42-2-126).

503.6.2 BLOOD SAMPLE WITHOUT CONSENT

A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

- (a) A search warrant has been obtained.
- (b) The deputy can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person's bloodstream. Exigency can be established by the existence of special facts, such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.
- (c) Exigent circumstances exist and the deputy has probable cause to believe the person committed any of the following offenses (CRS § 42-4-1301.1):
 - 1. Criminally negligent homicide
 - 2. Vehicular homicide

503.6.3 FORCED BLOOD SAMPLE

If an arrestee indicates by word or action that he/she will physically resist a blood draw, the deputy should request a supervisor to respond.

The responding supervisor should:

- (a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.
- (b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes, a viable form of testing in a timely manner.
- (c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another deputy), and attempt to persuade the individual to submit to such a sample without physical resistance.
 1. This dialogue should be recorded on audio and/or video when practicable.
- (d) Ensure that the blood sample is taken in a medically approved manner.
- (e) Ensure the forced blood draw is recorded on audio and/or video when practicable.
- (f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:
 1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
 2. In misdemeanor cases, if the suspect becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.
 3. In felony cases, force that reasonably appears necessary to overcome the resistance to the blood draw may be permitted. Deputies may physically restrain a person for the purpose of obtaining a sample only in cases of criminally negligent homicide, vehicular homicide, assault in the third degree, vehicular assault or aggravated vehicular unlawful termination of pregnancy (CRS § 42-4-1301.1; CRS § 18-3.5-108).
- (g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, deputies are expected to use sound judgment and perform as a responding supervisor, as set forth above.

503.7 ARREST AND INVESTIGATION

503.7.1 PRELIMINARY TESTING

A deputy may request that a person provide a breath sample for a preliminary screening test when the deputy (CRS § 42-4-1301):

A deputy may use the results of the preliminary test in determining whether probable cause exists to believe the person was DUI and whether to administer additional testing (CRS § 42-4-1301).

503.7.2 COLLECTING SAMPLES

Arrestee samples shall be collected and processed in accordance with standards set by the Department of Public Health and Environment (5 CCR 1005-2:1 et seq.).

503.7.3 TIME TO COLLECT SAMPLE

If a deputy requests that a person submit to a blood or breath test to determine the alcohol content of the person's blood or breath, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

If a deputy requests that a person submit to a blood, saliva or urine test to determine the drug content within the person's system, the person must cooperate with the request such that the sample can be obtained within two hours of the person's driving (CRS § 42-4-1301.1).

503.7.4 NOTICE TO COMMERCIAL MOTOR VEHICLE DRIVER

503.7.5 DEPUTY RESPONSIBILITIES

A deputy believing that a person should be subject to license revocation as a result of DUI shall forward the following to the Division of Motor Vehicles (DMV) on the forms prescribed by the DMV (CRS § 42-2-126):

If a deputy requests a person to submit to a chemical test and subsequently determines that there are extraordinary circumstances that prevent the completion of the test elected by the person within the two-hour time period, the deputy shall inform the person of such circumstances and request and direct the person to take and complete the other test. The person shall then be required to take and complete, and to cooperate in the completing of, the other test. Extraordinary circumstances include but are not limited to weather related delays, high call volume affecting medical personnel, malfunctioning breath test equipment and other circumstances that preclude the timely collection of a sample (CRS § 42-4-1301.1).

503.7.7 UNCONSCIOUS OR DECEASED PERSONS

If a deputy believes a person to be DUI and the person cannot submit to a chemical test because the person is unconscious, hospitalized, or undergoing medical treatment, the deputy may (CRS § 18-3.5-108; CRS § 42-4-1301.1):

- (a) Have access to and analyze any blood, urine, or saliva that was obtained and not utilized by the health care provider.

504.3 DISMISSAL OF TRAFFIC CITATIONS

Employees of this Office do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued. Any request from a recipient to dismiss a citation shall be referred to the Shift Sergeant . Upon a review of the circumstances involving the issuance of the traffic citation, the Shift Sergeant may request that the deputy recommend dismissal of the traffic citation to the prosecuting attorney or court. If approved, the citation will be forwarded to the appropriate prosecutor with a request for dismissal. All recipients of traffic citations whose request for dismissal has been denied shall be referred to the appropriate court.

Should a deputy determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate, the deputy may request that the court dismiss the citation. Upon dismissal of the traffic citation by the court, the deputy shall notify his/her immediate supervisor of the circumstances surrounding the dismissal and shall complete any paperwork as directed or required. The citation dismissal shall then be forwarded to the Shift Sergeant for review.

504.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Unit.

Disabled Vehicles

505.1 PURPOSE AND SCOPE

The Weld County Sheriff's Office has adopted this policy regarding providing assistance to motorists in disabled vehicles within this organization's jurisdiction.

505.2 DEPUTY RESPONSIBILITIES

When an on-duty deputy observes a disabled vehicle, the deputy should make a reasonable effort to provide assistance. If that deputy is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available deputy or other office member to respond as soon as practicable.

505.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After assistance is rendered or arrangements for assistance are made, continued involvement by Office personnel will be contingent on the time of day, the location, the availability of Office resources and the vulnerability of the disabled motorist.

505.3.1 MECHANICAL REPAIRS

Deputies are expected to assist motorists who are experiencing vehicle malfunctions and should assist, when able, with the changing of flat tires or other minor repairs. Deputies are discouraged from making mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety or to remove vehicles that are obstructing traffic pursuant to CRS § 42-4-1803(2) is not considered a mechanical repair.

505.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this office by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using office equipment.

Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

Deputies should record all follow-up investigative activities in the case management file. At a minimum deputies should record the type of investigative activity conducted, the date the activity was conducted, the time spent on the activity and a brief comment describing the activity. Deputies should not utilize the case management file as substitute for information that should be memorialized in a report.

Supervisors should query the case management file of their assigned deputies on a weekly basis to ensure that follow-up investigations are being conducted in a timely manner.

Cases may be assigned to the Investigations Unit if they exceed the investigative capabilities of the Patrol Unit, or require specialized investigative skills, or can be more effectively and efficiently managed by the Investigations Unit. Requests to transfer a case to the Investigations Unit are made through the case management system. The Investigations Unit supervisor will determine if the case will be accepted for transfer into the unit.

600.12 CASE FOLLOW-UP INVESTIGATION

Deputies assigned to conduct a follow-up investigation shall ensure victims receive frequent updates on the status of the case. Victim updates shall be recorded in the case management file.

Follow-up investigations should be completed in a maximum of 14 days from the date the case was initially assigned unless an extension is granted by a supervisor.

Deputies assigned to conduct a follow-up investigation are responsible for case preparation for the District Attorney's Office and completing all investigative tasks to the level that will allow a successful prosecution.

Upon reaching a disposition, the assigned deputy shall notify the victim of the final case status. Deputies shall close out all cases with a supplemental report showing victim notification date and closing status.

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Title 18, Article 3, Part 4 (Unlawful Sexual Behavior).

Sexual Assault Review Team (SART) - A multidisciplinary group generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate reviews of cases.

601.2 POLICY

It is the policy of the Weld County Sheriff's Office that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 REPORTING

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- (a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- (b) Conduct follow-up interviews and investigation.
- (c) Present appropriate cases of alleged sexual assault to the prosecutor for review.

 - 1. Initial response to sexual assaults.
 - 2. Legal issues.
 - 3. Victim advocacy.

 - 4. Serial crimes investigations.
 - 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (VICAP).
 - 6. Techniques for communicating with victims to minimize trauma.

601.6 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigations Unit supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in a report.

Weld County Sheriff's Office

Sexual Assault Investigations

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy. Victims should be notified if forensic medical evidence has been submitted to an accredited crime laboratory (CRS § 24-4.1-302.5).

601.7.1 TRUTH VERIFICATION EXAMINATIONS

Members of the Weld County Sheriff's Office shall not ask or require a victim of a sex crime to submit to a truth verification examination as a condition for proceeding with a criminal investigation (34 USC § 10451; CRS § 18-3-407.5).

A truth verification examination shall only be conducted upon a victim with the victim's written informed consent that includes notice that he/she has the right to refuse to submit to the examination. In addition, the victim shall be informed orally with information about the potential use of the result of the examination (CRS § 18-3-407.5).

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault. Forensic medical evidence shall be collected if the victim requests the collection (CRS § 24-33.5-113; 8 CCR 1507-29).

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable with consent.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

No Weld County Sheriff's Office member shall ask or require a sex crime victim to participate or cooperate in an investigation as a condition of receiving a forensic medical examination (CRS § 18-3-407.5).

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating sexual assaults or handling related evidence are required to do the following (CRS § 24-33.5-113; 8 CCR 1507-29):

- (a) Obtain the victim's written consent prior to collection of any forensic medical evidence, using the form required by the Department of Public Safety (DPS).
- (b) Submit evidence to the Colorado Bureau of Investigation or an accredited crime laboratory within 21 days, unless the victim withdraws consent.
- (c) Retrieve medical forensic evidence when contacted by a medical facility for appropriate retention (CRS § 18-3-407.5).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Sexual Assault Investigations

- (d) Participate in the DPS statewide sexual assault evidence collection kit system for monitoring the status and location of the victim's sexual assault kit as required by CRS § 24-33.5-113.5.

Forensic evidence associated with an anonymous report made pursuant to CRS § 12-240-139 shall not be submitted to a laboratory for testing (CRS § 18-3-407.5).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.8.2 DNA TEST RESULTS

Members investigating sexual assault cases should notify victims of any DNA test results as soon as reasonably practicable (CRS § 24-4.1-302.5).

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

Members investigating sexual assaults cases should ensure that DNA results are entered into databases when appropriate and as soon as practicable.

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigations Unit supervisor.

Classification of a sexual assault as unfounded requires the Investigations Unit supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted the victim's original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

The assigned investigator should inform the victim of any change in status of the case, including cases that are closed or reopened (CRS § 24-4.1-302.5).

601.10 CASE REVIEW

The Investigations Unit supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART or multidisciplinary review team and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Sheriff.

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Weld County Sheriff's Office for law enforcement purposes. This also includes a person agreeing to supply information to the Weld County Sheriff's Office for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Weld County Sheriff's Office recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this office that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, a deputy must receive approval from his/her supervisor. The deputy shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this office should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- (a) The juvenile's parents or legal guardians
- (b) The juvenile's attorney, if any
- (c) The court in which the juvenile's case is being handled, if applicable
- (d) The Sheriff or the authorized designee

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated office informant agreement. The deputy using the informant shall discuss each of the provisions of the agreement with the informant.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Informants

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

- (a) The identity of an informant acting in a confidential capacity shall not be withheld from the Sheriff, Captain, Weld County Drug Task Force supervisor or their authorized designees.
 - 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- (b) Criminal activity by informants shall not be condoned.
- (c) Informants shall be told they are not acting as sheriff's deputies, employees or agents of the Weld County Sheriff's Office, and that they shall not represent themselves as such.
- (d) The relationship between office members and informants shall always be ethical and professional.
 - 1. Members shall not become intimately involved with an informant.
 - 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of an authorized supervisor.
 - 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- (e) Deputies shall not meet with informants in a private place unless accompanied by at least one additional deputy or with prior approval of an authorized supervisor.
 - 1. Deputies may meet informants alone in an occupied public place, such as a restaurant.
- (f) When contacting informants for the purpose of making payments, deputies shall arrange for the presence of another deputy.
- (g) In all instances when office funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- (h) Since the decision rests with the appropriate prosecutor, deputies shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Office and, if so, what conditions will be placed on his/her participation or any information the informant provides. The

Weld County Sheriff's Office

Informants

supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- (a) The informant has provided untruthful or unreliable information in the past.
- (b) The informant behaves in a way that may endanger the safety of a deputy.
- (c) The informant reveals to suspects the identity of a deputy or the existence of an investigation.
- (d) The informant appears to be using his/her affiliation with this office to further criminal objectives.
- (e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- (f) The informant engages in any other behavior that could jeopardize the safety of deputies or the integrity of a criminal investigation.
- (g) The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of office members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigations Unit . The Investigations Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Sheriff, Captain, or their authorized designees.

The Captain or designee should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigations Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:

- (a) Name and aliases
- (b) Date of birth

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Informants

- (c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features
- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the deputy initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigations Unit supervisor will discuss the above factors with the Patrol Captain and recommend the type and level of payment subject to approval by the Sheriff.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

- (a) Payments of \$500 and under may be paid in cash from a Investigations Unit buy/expense fund.
 1. The Investigations Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.
- (b) Payments exceeding \$500 shall be made by issuance of a check, payable to the deputy who will be delivering the payment.
 1. The check shall list the case numbers related to and supporting the payment.

Informants

2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 4. An authorization signature from the Sheriff is required for disbursement of the funds.
- (c) To complete the payment process for any amount, the deputy delivering the payment shall complete a cash transfer form.
1. The cash transfer form shall include the following:
 - (a) Date
 - (b) Payment amount
 - (c) Weld County Sheriff's Office case number
 - (d) A statement that the informant is receiving funds in payment for information voluntarily rendered.
 2. The cash transfer form shall be signed by the informant.
 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of deputies or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Investigations Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Sheriff or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when deputies of this office employ eyewitness identification techniques (CRS § 16-1-109; CRS § 16-1-110).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process -Any field identification, live lineup or photographic identification.

Field identification or showup-A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup -A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

Confidence Statement - a statement by an eyewitness immediately following an identification regarding his or her confidence in the identification's accuracy.

604.2 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Investigations Unit supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

- (a) The date, time and location of the eyewitness identification procedure.
- (b) The name and identifying information of the witness.
- (c) The name of the person administering the identification procedure.
- (d) If applicable, the names of all of the individuals present during the identification procedure.
- (e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- (f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification (CRS § 16-1-109).
- (g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

Weld County Sheriff's Office

Eyewitness Identification

- (h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness (CRS § 16-1-109).
- (i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- (j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary (CRS § 16-1-109).

[See attachment: Showup Provisions.pdf](#)

604.3 EYEWITNESS IDENTIFICATION

Deputies are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case (CRS § 16-1-110). Deputies should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified, or failed to identify, the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

604.3.1 PHOTOGRAPHIC AND LIVE LINEUP CONSIDERATIONS

When practicable, the person presenting the lineup should not be directly involved in the investigation of the case. When this is not possible, the person presenting the lineup must take the utmost care not to communicate the identity of the suspect in any way.

When practicable, the person presenting a lineup to a witness should not know which photograph depicts the suspect or which person in the live lineup is the suspect (e.g., randomly numbering photographs, shuffling folders, using a computer program).

Other persons or photos used in any lineup should bear similar characteristics to the suspect to avoid causing him/her to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (CRS § 16-1-109).

The person presenting the lineup to a witness should do so sequentially and not simultaneously (i.e., show the witness one person at a time). The witness should view all persons in the lineup.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Eyewitness Identification

The order of the suspect or the photos and the fillers should be randomized before being presented to each witness (CRS § 16-1-109).

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating deputy should contact the appropriate prosecuting attorney before proceeding.

The following applies to photo arrays and live line ups:

- (a) After viewing the photo array, the administrator should ask the eyewitness the following questions. If the eyewitness' answers are unclear, the administrator should ask the eyewitness what he/she meant by the answers.
 1. Do you recognize anyone?
 2. If so, what number do you recognize?
 3. From where do you recognize this person?
- (b) If the eyewitness makes an identification, in addition to recording or memorializing any spontaneous statements made by the eyewitness, the eyewitness should be asked about his/her level of certainty. The administrator should ask the eyewitness to choose which of the following statements best describes his/her level of certainty in the identification:
 - I am confident that is the person I saw.
 - I am somewhat confident that is the person I saw.
 - I am not confident at all that is the person I saw.

604.3.2 FIELD IDENTIFICATION CONSIDERATIONS

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated. The eyewitness' confidence statement, including any spontaneous statements, should be documented word for word.

A Field Identification may occur under the following conditions:

1. Following the commission of a crime,
 - (a) A deputy acting on reasonable suspicion has detained the subject within minutes of the commission of the crime and near the location of the crime.
 - (b) A live lineup nor photo array are not available as a means of identification.
 - (c) The eyewitness reasonably believes he or she can identify the subject, or
2. To verify the identity of an intimate relationship as defined in section 18-6-800.3 (2) in a domestic violence case, or
3. To confirm the identity of a familial subject, including parent, child or sibling to the eyewitness.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Eyewitness Identification

When initiating a field identification, the deputy should observe the following guidelines:

- (a) Obtain a complete description of the suspect from the witness.
- (b) Assess whether a witness should be included in a field identification process by considering:
 - 1. The length of time the witness observed the suspect.
 - 2. The distance between the witness and the suspect.
 - 3. Whether the witness could view the suspect's face.
 - 4. The quality of the lighting when the suspect was observed by the witness.
 - 5. Whether there were distracting noises or activity during the observation.
 - 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 - 7. The length of time that has elapsed since the witness observed the suspect.
- (c) The deputy shall transport the eyewitnesses separately to the location of the person subject to the showup
- (d) The location must be as well-lit as practicable with an unobstructed view of the person subject to the showup
- (e) The deputy shall avoid external factors that can be suggestive to the eyewitness, such as verbal comments, computer screen data, or any other information concerning the person subject to the showup
- (f) The deputy shall not require the person subject to the show up to
 - 1. put on described clothing worn by the suspect, or
 - 2. speak specific words uttered by the suspect, or
 - 3. perform any specific actions mimicking those of the suspect that occurred during the commission of the reported crime
- (g) The deputy shall not show the subject to the eyewitness while the person is in handcuffs or in the back of a patrol vehicle, except in circumstances to prevent an imminent threat of physical harm to anyone or the escape of hte subject
- (h) When multiple eyewitnesses exist, the deputy shall
 - 1. permit only one eyewitness at a time to view the person subject to the showup.
 - 2. separate the subjects and conduct separate showups with each subject.
 - 3. separate the eyewitnesses from one another.
- (i) The deputy shall obtain an interpreter if feasible before proceeding with the showup if the eyewitness has limited English proficiency or is hearing impaired or deaf.
- (j) The deputy shall give the following admonition to the witness prior to conducting the showup:
 - You should not assume the person you are about to see has committed a crime

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Eyewitness Identification

- We could be showing you a person for many reasons, including to clear the person from investigation
 - Eliminating a person from an investigation serves an equally important purpose as identifying a person who might have been involved in the criminal activity
 - The investigation of this matter will continue whether or not you identify a person
 - Apart from individual assistance and cooperation with law enforcement, we cannot discuss the investigation with you and,
 - Please do not discuss what you saw, said, or did during this procedure with any other eyewitness.
- (k) Prior to the start of the identification procedure, the deputy shall
1. Ask the eyewitness if they understood the instructions
 2. Ask the eyewitness if they agree to comply with the instructions
 3. Ask the eyewitness if they have questions before the identification procedure begins
 4. Tell the eyewitness they must respond affirmatively in order for the showup to proceed.
- (l) The deputy shall use a body-worn camera to record a video of the entirety of the showup procedure including;
1. The appearance of each subject at the time of the showup
 2. The location and conditions of the showup
 3. The admonition provided to an eyewitness
 4. The eyewitness confidence statement
- (m) If an eyewitness makes an identification during a showup the deputy shall,
1. Ask the eyewitness whether the eyewitness is confident, somewhat confident or not confident about the identification
 2. Take a clear statement from the eyewitness and document the statement in the eyewitness's own words
 3. If an arrest occurs, any further acts to obtain an additional identification by subsequent eyewitnesses must be through a live lineup or photo array.

604.4 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report. Witness comments of how certain he/she is of the identification or non-identification should be quoted in the report (CRS § 16-1-109).

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

Documenting the Photo Array:

- (d) The eyewitnesses confidence statement, including any spontaneous statements, should be documented word for word.

The unmanned aircraft systems can be equipped to provide real-time and/or stored video reconnaissance to incident commanders, coordinators, etc., or to provide communications relay capabilities. UAS platforms are unarmed and prohibited from use for stand-alone law enforcement surveillance. All UAS operations will be undertaken with respect to citizen's civil liberties, rights and privacy, and safety.

The Weld County Sheriff Office's UAS may be deployed at the request of other Weld County public safety organizations, with the approval of Lieutenant or higher rank, Lieutenant designee, or UAS program supervisor, if the operation fits within the scope of the WCSO UAS policy. The Sheriff's Office may deploy an UAS platform in a safe, efficient, effective, and legal manner in other public safety events when an aerial perspective enhances tasks related to that event. Finally, this policy is not all inclusive but a supplement to other UAS guidelines, Federal Aviation Regulations (14 CRF Part 107), aircraft manufacturer's approved flight manuals, and applicable Weld County Sheriff's Office policies.

605.3 PERSONNEL

Though the person manipulating the controls of an UAS and VO are not required to obtain an airman medical certificate, they may not participate in the operation of an UAS if they know or have reason to know that they have a physical or mental condition that could interfere with the safe operation of the UAS.

605.6 CIRCUMSTANCES FOR APPROVED FLIGHT OPERATIONS

- A. When the sUAS is activated under existing mutual aid agreements.

A pilot will not conduct a mission deemed a search under the 4th Amendment without possession of a signed warrant or personal knowledge that one has been issued.

605.8 RESPONSIBILITIES

- A. The pilot controlling the aircraft is the PIC and is the final authority over the operation of the unmanned aircraft.

Asset Forfeiture

606.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Sheriff to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Weld County Sheriff's Office seizes property for forfeiture or when the Weld County Sheriff's Office is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The office member assigned by the Sheriff who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Office and the assigned attorney.

Property subject to forfeiture - Property may generally be subject to forfeiture under the Public Nuisance Abatement Act and the Contraband Forfeiture Act when (CRS § 16-13-303; CRS § 16-13-307; CRS § 16-13-504):

- (a) There has been a conviction or a negotiated plea of a specified offense (see statutes), or the owner fled from an arrest warrant charging one of those offenses.
- (b) Possession of the property was unlawful or the owner of the property was a party to the offense that led to the property's use or purchase.
- (c) The property was instrumental in the commission or facilitation of a specified crime, or the property constitutes traceable proceeds of the crime or related criminal activity.

Real Property - All lands and franchises and interests in land located within this state, including water rights, mineral rights, oil and gas rights, space rights, condominium rights, and air rights, and any and all other things usually included within said term. Real property includes any and all interests in such property less than full title, such as easements, incorporeal hereditaments, and every estate, interest, or right, legal or equitable. (CRS § 16-13-301)

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

606.2 POLICY

The Weld County Sheriff's Office recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

Asset Forfeiture

It is the policy of the Weld County Sheriff's Office that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer.

- (a) Real property pursuant to a court order (CRS § 16-13-302).
- (b) Non-real property when there is probable cause to believe that it will qualify as property subject to forfeiture and the seizure is incident to a lawful search (CRS § 16-13-315; CRS § 16-13-504).

Whenever practicable, a court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- (a) Cash and property that does not meet the district attorney's current minimum forfeiture thresholds should not be seized.
- (b) The owner of the property is an "innocent owner" and did not have knowledge of the illegal conduct prompting the seizure (CRS § 16-13-303; CRS § 16-13-504).
- (c) Rental vehicles, unless the seizing agency has probable cause to believe the motor vehicle rental company, at the time of rental, had knowledge or notice of the criminal activity for which the rental car was used (CRS § 16-13-315; CRS § 16-13-504).

606.3.3 SEIZED BOATS AND MOTOR VEHICLES

Vehicles, watercraft or aircraft seized subject to forfeiture will be taken to a designated storage facility appropriate for the storage of the item in a manner consistent with the Vehicle Towing and Release Policy. A seized vehicle should not be impounded. The deputy seizing the vehicle shall notify the detective supervisor and the forfeiture reviewer of the circumstances as soon as possible.

If the vehicle cannot be operated, a tow truck or trailer will be used to tow the boat or motor vehicle to the storage facility.

Personal property located in a seized boat or motor vehicle shall be removed and booked into property as either evidence or for safekeeping.

If a rented motor vehicle is seized, the lead case investigator shall notify the motor vehicle rental company of the seizure. A rented motor vehicle shall be returned to the rental company unless the vehicle must remain in custody for evidentiary purposes or if there is probable cause to believe the rental company had knowledge or notice of the criminal activity (CRS § 16-13-315(3) and CRS § 16-13-504(1.5)).

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the deputy making the seizure should ensure compliance with the following:

- (a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the deputy must leave the copy in the place where the property was found, if it is reasonable to do so.
- (b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- (c) Forward the original seizure forms and related reports to the forfeiture reviewer and District Attorney within two days of seizure.

The deputy will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items. Photocopies of the cash should be made and booked into evidence for use at hearings.

Deputies who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer and District Attorney.

606.5 MAINTAINING SEIZED PROPERTY

Assets shall be disposed of pursuant to Weld County Code and state law and may include (CRS § 16-13-311 and CRS § 16-13-506):

- (a) Retention by the Office.
- (b) Destruction.
- (c) Public sale.
- (d) Other disposition pursuant to applicable provisions of Colorado law.

 3. A space for the signature of the person from whom cash or property is being seized.
 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
- (g) Ensuring that deputies who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or General Orders. The training should cover this policy and address any relevant statutory changes and court decisions.

 - (n) If so ordered by the Court, placing currency seized in an interest-bearing account during forfeiture proceedings after ensuring that portions of the bills have been photocopied for evidence at hearings (CRS § 16-13-510; CRS § 16-13-303).

No member of this office may use property that has been seized for forfeiture until the forfeiture action has been completed and the Sheriff has given written authorization to retain the property for official use.

606.8 FORFEITURE PAYMENTS FROM FEDERAL AGENCIES

Payments or distributions from a federal agency as a result of a forfeiture action may only be received by this office when the aggregate net equity value of the property and/or currency seized is in excess of \$50,000, and a forfeiture proceeding has been commenced by the federal government related to a filed criminal case (CRS § 16-13-306.5; CRS § 16-13-504.5).

Warrant Service

614.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this office. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol deputies.

614.2 POLICY

It is the policy of the Weld County Sheriff's Office to balance the safety needs of the public, the safety of office members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 PATROL LIEUTENANT

The Sheriff will designate a member of this office to be the Patrol Lieutenant.

The Patrol Lieutenant will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations. The Patrol Lieutenant will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The Patrol Lieutenant will also have the responsibility for coordinating operations that are categorized as high risk.

The Patrol Lieutenant (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The Patrol Lieutenant will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS

Deputies should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the deputy will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the Patrol Lieutenant for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Patrol Lieutenant.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Warrant Service

614.5 ARREST WARRANTS

If a deputy reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the deputy should complete the risk assessment form and submit it to the appropriate supervisor and the Patrol Lieutenant for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Patrol Lieutenant. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.5.1 SERVICE OF ARREST WARRANTS

Arrest warrants may be executed only by sworn law enforcement officers. Any arrest made on a warrant must be verified by documentation that some agency has that warrant in its possession and that to the best of that agency's knowledge the warrant is still in effect or that the warrant is active in the warrant management system. No member shall make an arrest on a warrant unless he/she confirms the present status of the warrant immediately before making the arrest.

614.6 WARRANT PREPARATION

A deputy who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

- (a) Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution (CRS § 16-3-303; CRS § 16-3-305).
- (b) A clear explanation of the affiant's training, experience, and relevant education.
- (c) Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- (d) A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- (e) Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- (f) A specific description of the location to be searched, including photographs of the location, if reasonably available.
- (g) A sufficient description of the items to be seized.
- (h) Full disclosure of any known exculpatory information relevant to the warrant application (refer to the *Brady* Material Disclosure Policy).

614.7 HIGH-RISK WARRANT SERVICE

The Patrol Lieutenant or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of deputies deployed.

The member responsible for directing the service should ensure the following as applicable:

- (a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- (b) The warrant service is audio- and video-recorded as required by CRS § 24-31-902 (CRS § 16-3-305).
- (c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- (d) Reasonable efforts are made during the search to maintain or restore the condition of the location.
- (e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.
- (f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- (g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- (h) A copy of the search warrant is left at the location.
- (i) The condition of the property is documented with video recording or photographs after the search.

614.8 DETENTIONS DURING WARRANT SERVICE

Deputies must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, deputies must be mindful that only reasonable force may be used and weapons should be displayed no longer than the deputy reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Deputies should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The Patrol Lieutenant will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment

from the other agency. The Patrol Lieutenant should ensure that members of the Weld County Sheriff's Office are utilized appropriately. Any concerns regarding the requested use of Weld County Sheriff's Office members should be brought to the attention of the Sheriff or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the Patrol Lieutenant is unavailable, the Shift Sergeant should assume this role.

If deputies intend to serve a warrant outside Weld County Sheriff's Office jurisdiction, the Patrol Lieutenant should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Deputies will remain subject to the policies of the Weld County Sheriff's Office when assisting outside agencies or serving a warrant outside Weld County Sheriff's Office jurisdiction.

614.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

614.12 TRAINING

The Training Sergeant should ensure deputies receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.

Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by deputies on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY

It is the policy of the Weld County Sheriff's Office to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR

The Sheriff will designate a Patrol Lieutenant of this office to be the operations director.

The Patrol Lieutenant will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The Patrol Lieutenant will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The Patrol Lieutenant will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT

615.4.1 RISK ASSESSMENT FORM PREPARATION

Deputies assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the deputy should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the deputy should also submit information to these resources.

The deputy should gather available information that includes, but is not limited to:

Weld County Sheriff's Office

Operations Planning and Deconfliction

- (a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
- (b) Maps of the location.
- (c) Diagrams of any property and the interior of any buildings that are involved.
- (d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental health disorder, known drug use, threats against police, gang affiliation, criminal history).
- (e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
- (f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
- (g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
- (h) Other available options that may minimize the risk to deputies and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW

Deputies will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisors and the Patrol Lieutenant.

The supervisor and Patrol Lieutenant shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS

If the Patrol Lieutenant, after consultation with the involved supervisor, determines that the operation is high risk, the Patrol Lieutenant should:

- (a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 - (a) SWAT
 - (b) Additional personnel
 - (c) Outside agency assistance
 - (d) Special equipment
 - (e) Medical personnel

- (k) Specialized mapping for larger or complex locations
- (b) Contact the appropriate office members or other agencies as warranted to begin preparation.
- (c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
- (d) Coordinate the actual operation.

615.5 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The deputy who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The deputy should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN

The Patrol Lieutenant should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

- (a) Operation goals, objectives, and strategies.
- (b) Operation location and people:
 - (a) The subject of investigation (e.g., history of weapon possession/use, known mental health disorder issues, known drug use, threats against police, gang affiliation, criminal history)
 - (b) The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,

 - (d) Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties, and children
 - (c) Information from the risk assessment form by attaching a completed copy in the operational plan.
 - 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
 - (d) Participants and their roles.
 - 1. An adequate number of uniformed deputies should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 - 2. How all participants will be identified as law enforcement (CRS§ 16-3-305).
 - (e) Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.
 - (f) Identification of all communications channels and call-signs.
 - (g) Use of force issues.
 - (h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

 - (l) Responsibilities for writing, collecting, reviewing, and approving reports.
 - (m) Requirements for no-knock entries as provided in CRS § 16-3-305 and CRS § 16-3-312.

615.6.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and

responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

- (a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.
- (b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.
- (c) The Patrol Lieutenant shall ensure that all participants are visually identifiable as law enforcement officers.
 1. Exceptions may be made by the Patrol Lieutenant for deputies who are conducting surveillance or working undercover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.
- (d) The briefing should include details of the communications plan.
 1. It is the responsibility of the Patrol Lieutenant to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to deputies arriving at the location.
 2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.
 3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 SWAT PARTICIPATION

If the Patrol Lieutenant determines that SWAT participation is appropriate, the Patrol Lieutenant and the SWAT supervisor shall work together to develop a written plan. The SWAT supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the SWAT supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the deputies present.

615.9 SPECIAL EVENTS AND DIGNITARY PROTECTION

For special events, including dignitary visits, that require office involvement, the Patrol Lieutenant should also consider whether to apply some or all of this policy to the event and address the following:

- (a) The size of any crowds anticipated to gather and the likelihood that crowd control could pose a problem
- (b) The possibility of crime in the area
- (c) Protection of VIPs

No advance information regarding planned operations shall be released without the approval of the Sheriff. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

615.11 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any SWAT debriefing.

615.12 TRAINING

The Training Sergeant should ensure deputies and SWAT team members who participate in operations subject to this policy receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.

Chapter 7 - Equipment

Office-Owned Property

700.1 PURPOSE AND SCOPE

Office employees are expected to properly care for Office property assigned or entrusted to them. Employees may also suffer occasional loss or damage to Office issued property while performing their assigned duties. Certain procedures are required depending on how the loss or damage of the item occurred.

700.1.1 DEFINITIONS

Property – any item or equipment owned in whole or in part by the Office or Weld County Government including but not limited to uniforms, duty gear, firearms, less-lethal weapons, radios, body armor, computing equipment, vehicles, body worn cameras, and supporting equipment.

700.2 DOCUMENTATION OF ISSUED PROPERTY

All property issued, including uniforms, should be documented in the appropriate property form and receipt acknowledged by signature of the employee receiving the equipment.

The Quartermaster, Accounting Technician, Body Worn Technician or Unit Supervisor that issues Office owned property to an employee, shall document the property on the property form, and obtain a signature from the employee acknowledging receipt. The employee issued property form can be found at [See attachment: PROPERTY FORM-BLANK.pdf](#)

Signed forms should be forwarded to the Quartermaster for electronic archiving into the employee's issued property file. The Quartermaster should update the employee's issued property file as needed to accurately reflect Office issued property possessed by the employee.

700.2.1 CARE OF OFFICE PROPERTY

Employees should be responsible for the safekeeping, serviceable condition, proper care, use and replacement of Office property assigned or entrusted to them. 700.2.2 SUPERVISORY RESPONSIBILITIES

A supervisor receiving an employee's report of loss, damage or unserviceable condition should conduct an appropriate inquiry to determine whether the employee exercised reasonable care.

Loss or damage resulting from circumstances beyond the employee's control, enforcement or security action, or due to normal wear-and tear of property should not be grounds for disciplinary action, unless carelessness, negligence, recklessness, or misconduct are the proximate cause.

The supervisor should complete the Weld County Accident and Damage Property Loss Report (See attachment: [PROPERTY-ACCIDENT-DAMAGE - LOSS REPORT.pdf](#)) and forward to the Quartermaster.

700.3 EQUIPMENT LOSS OR DAMAGE OF PROPERTY OF ANOTHER

Employees intentionally or unintentionally may cause damage to the real or personal property of another while performing their duties. Any employee who damages or causes to be damaged any real or personal property of another while performing any work-related function should report it as provided below:

- (c) The employee's supervisor should notify the Lieutenant or Captain.

700.3.1 DAMAGE BY PERSON OF ANOTHER AGENCY

Upon an employee's separation from the Office, all issued property must be returned.

A supervisor receiving the notice of separation from the employee shall make notification to the Quartermaster, Accounting Technician and the BWC group via the "No Longer Employed" email group, or other established process.

The supervisor should review the employee's electronic issued property file, collect the Office property and conduct an inventory on or about the employee's last day of work. Ideally the return of equipment and inventory should be planned in advance to allow the employee enough time to correct deficiencies, locate lost property or make reimbursement prior to separation from the Office.

Office-Owned Property

The supervisor should give notice to the separating employee that all other Office property not returned prior to the time of separation shall be returned on the next business day, unless reasonable arrangements are made.

Requests for criminal action should be referred to the Patrol Division or appropriate law enforcement agency. Requests for civil action should be referred to Weld County Attorney's Office.

Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of office-issued mobile telephones and personal communication devices, and the on-duty use of such devices owned by personnel.

Because of technical advances and varying manufacturer nomenclature, this policy will generically refer to all Personal Communication Devices (PCD) as such, but is intended to include all mobile telephones, Personal Digital Assistants (PDA) and other such wireless two-way communications and/or portable Internet access devices.

In addition, the use of any computer, internet service, phone service or other wireless service, including employee-owned devices and services, to send or receive information that may be related to public business may be subject to review or disclosure.

701.1.1 PRIVACY POLICY

Any employee utilizing any computer, Internet service, telephone service or other wireless service provided by or funded by the Office expressly acknowledges and agrees that the use of such service, whether for business or personal use, shall remove any expectation of privacy the employee, sender and recipient of any communications utilizing such service might otherwise have, including the content of any such communications. The Office also expressly reserves the right to access and audit any and all communications (including content) sent, received and/or stored using such service at any time.

701.2 POLICY

Depending on an employee's assignment and needs of the position, the Office may, at its discretion, issue a PCD. Such devices shall remain the sole property of the Office and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without reason.

701.2.1 USE OF PERSONAL COMMUNICATION DEVICES

Employees are discouraged from using personally owned PCDs to conduct Office business. Any form of personal computing technology, including personally owned PCDs, that synchronizes information, transfers information or communicates with the Weld County Government's network infrastructure or data may be subject to inspection of the device and review and disclosure of the contents. Employees may be personally liable in a legal action involving Weld County as a result of their use of a personally owned PCDs for Office business.

Employees should use Office issued PCDs to conduct legitimate Office business except as provided for below. Employees may use a PCD to communicate with other personnel in those situations where the use of the radio is either impracticable or not feasible. PCDs should not be used to replace regular radio communications.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communication Devices

- (a) PCDs shall not be carried in a manner that allows it to be generally visible while in uniform, unless it is contained within a carrier that has been approved by the Office.
- (b) Office issued PCDs may not be used to conduct personal business while on-duty, except when brief personal communications may be warranted by the circumstances (e.g., to inform family of extended hours). While employees may use personally owned PCDs for personal business during authorized breaks, such usage should be limited as much as practicable to areas where the communication will not be seen or heard by the public.
- (c) Employees should avoid off-duty use of agency-owned PCDs unless exigent circumstances exist; i.e. recall to work, specialty unit call-outs, court call-offs, etc. Routine calls, and messages, can be returned during the employee's scheduled shift. Off-duty use for routine, work activities cannot be claimed as work time.
- (d) The on-duty use of PCDs, including personally owned PCDs, for purposes other than what is specifically permitted within this policy is prohibited and may be subject to discipline. Employees may be responsible for reimbursing the Office for any charges incurred as a result of personal use of the agency-owned PCD.
- (e) Any images, audio recordings, or digital data files collected with a PCD, during the course of an employee's duties, are considered to be agency documents and may only be distributed in accordance with agency policy.
 - 1. Agency-issued or personally-owned PCDs shall not be used as an improvised body camera.

701.2.2 USE WHILE DRIVING

The use of a PCD while operating a motor vehicle can cause unnecessary distractions and presents a negative image to the public. Deputies operating emergency vehicles should restrict the use of these devices while driving to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location when utilizing the device.

Except in the case of an emergency, employees who are operating non-emergency vehicles should avoid the use of cellular telephones or other PCDs while driving unless the device is specifically designed and configured to allow hands-free listening and talking. Such use should be restricted to business-related calls or calls of an urgent nature (CRS §42-4-239(3)).

Manual dialing calls, while an agency vehicle is in motion, should be avoided. To place an outgoing call, employees should pull their vehicle off the road and stop in a safe location, or use voice-dialing features, to avoid driver distraction. Manual operation of PCDs, either issued by the department, or personally-owned, to send or read text messages and emails, internet browsing, programming navigation apps, or any other manual operation, while an agency-owned vehicle is in motion is prohibited. Hands-free operation, i.e. voice-to-text, Siri, Cortana, or any similar app, is permitted.

Mobile Fingerprint Scanner

702.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of Mobile Fingerprint Scanners (scanner) in a patrol setting. Due to a variety of situations confronting the deputy, the decision to utilize the scanner shall be left to the discretion of the involved deputy based on the totality of the circumstances available at the time of the contact.

702.2 DEFINITIONS

Consensual encounter – Occurs when a deputy contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the deputy is voluntary.

Reasonable Suspicion – Occurs when, under the totality of the circumstances, a deputy has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

702.3 USE OF FINGERPRINT SCANNER

The scanners are to be used at the deputy's discretion, in consultation with the shift supervisor whom has physical control and accountability of the device. The scanner will be used to provide presumptive identification of persons or deceased subjects. Approved uses include:

- Probable cause to arrest exists and there is reason to believe that obtaining fingerprints will assist in the investigation;
- If reasonable suspicion exists that a driver or suspect is providing false or fictitious identification;
- In a death investigation in which no other reasonable means exists for identifying the deceased AND when a member of the Coroner's Office is present or gives approval
- On juveniles, with parent or legal guardian consent;
- Voluntary consent, must be articulated to the person so encountered and documented at a minimum in police reports (written consent is best). Voluntary consent may be withdrawn at any time by the person contacted
- At-risk or missing persons whom are unable to provide positive identification

702.4 UNAUTHORIZED USE OF FINGERPRINT SCANNER

- NOT TO BE USED FOR RANDOM OR GENERAL INVESTIGATIVE OR INTELLIGENCE GATHERING

Severe conditions may include rough roadway or off-road operation, hard or extended braking, pursuits or prolonged high-speed operation.

703.2.3 REMOVAL OF WEAPONS

All firearms, weapons, conducted energy devices and kinetic impact weapons shall be removed from a vehicle, and safe control will be maintained of each item, prior to the vehicle being released for maintenance, service or repair.

Safe control of all firearms, weapons, and kinetic impact weapons must be maintained by securing the items in the agency armory, or any other method that renders the weapon safe from unauthorized use. (i.e. disassembly, trigger locks or personal gun safe)

703.3 VEHICLE EQUIPMENT

Certain items shall be maintained in all Office vehicles for emergency purposes and to perform routine duties.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

707.1.1 DEFINITIONS

Definitions related to this policy include:

Personal protective equipment (PPE) - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

Respiratory PPE - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory personal protection equipment does not include particulate-filtering masks such as N95 or N100 masks.

707.2 POLICY

The Weld County Sheriff's Office endeavors to protect members by supplying certain PPE to members as provided in this policy.

707.3 DEPUTY RESPONSIBILITIES

Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

707.4 HEARING PROTECTION

Approved hearing protection shall be used by members during firearms training.

Hearing protection should meet or exceed industry standards for use at firing ranges.

707.5 EYE PROTECTION

Approved eye protection, including side protection, shall be used by members during firearms training. - (b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
- (c) Medical evaluations.
- (d) PPE inventory control.
- (e) PPE issuance and replacement.
- (f) Cleaning, disinfecting, storing, inspecting, repairing, discarding, and otherwise maintaining respiratory PPE, including schedules for these activities.

- (i) Ensuring that self-contained breathing apparatus (SCBA) equipment is regularly tested and certified in accordance with all applicable federal standards (CRS § 29-5-114).

707.7.1 RESPIRATORY PROTECTION USE

Designated members may be issued respiratory PPE based on the member's assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member's degree of exposure or stress may affect respirator effectiveness, the scene commander should reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes :

- (a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

Weld County Sheriff's Office

Personal Protective Equipment

- (b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.
- (c) The member needs to replace the respirator, filter, cartridge or canister.

707.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall:

- (a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.
- (b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.
- (c) Perform a user seal check per office-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.
- (d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

707.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances .

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

- (a) They smell, taste or are irritated by a contaminant.
- (b) They experience difficulty breathing due to filter loading.
- (c) The cartridges or filters become wet.

Personal Protective Equipment

707.7.4 SELF-CONTAINED BREATHING APPARATUS

Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

- (a) Entering the hot zone of a hazardous materials incident.
- (b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
- (c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

707.7.5 RESPIRATOR FIT TESTING

No member should be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor.

After initial testing, fit testing for respiratory PPE should be repeated:

- (a) At least once every 12 months.
- (b) Whenever there are changes in the type of SCBA or facepiece used.
- (c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

707.8 RECORDS

The Training Sergeant is responsible for maintaining records of all:

- (a) PPE training.
- (b) Initial fit testing for respiratory protection equipment.
- (c) Annual fit testing.

707.9 TRAINING

Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members should be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations .

Members issued respiratory PPE should attend annual training on the proper use of respiratory protection devices.

Body Armor

708.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

708.2 POLICY

It is the policy of the Weld County Sheriff's Office to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

708.3 ISSUANCE OF BODY ARMOR

The Training Sergeant shall ensure that body armor is issued to all Patrol/Courts deputies when the deputy begins service at the Weld County Sheriff's Office and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Quartermaster shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

The Office may issue active shooter kits to first responders. Active shooter kits consist of hard body armor in molle carriers and ballistic helmets with face shields. They are intended to provide the first responder additional lifesaving protection during crisis and riot situations.

The active shooter kits are equipped with a molle system plate carrier, designed to attach no more than the following items.

- (a) Rifle magazines secured in a black molle, single or double-stacked carrier (no more than 3 rifle magazines total).
- (b) Medical pouch will be black and no larger than 6X6 inches.

Body Armor

- (e) A deputy may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.
- (f) Any deputy that chooses not to wear body armor, when their duty's require such use, must have a signed waiver of liability acknowledging they understand the financial and physical risks of choosing to not wear the provided protective equipment.

708.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness and signs of damage, abuse and wear.

708.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

708.4 ARMORER RESPONSIBILITIES

The Sheriff or his designee should:

- (a) Monitor technological advances in the body armor industry for any appropriate changes to Office approved body armor.
- (b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.
- (c) Provide training that educates deputies about the safety benefits of wearing body armor.

- (d) Complete an evidence/property label and attach it to the packaging in which the property is stored, ensuring each item has the appropriate case number listed and supplemental report sequence number associated in the RMS or EMS.
- (e) Items that are inconsistent with standard packaging containers shall be tagged, labeled and submitted with deference given to the integrity of the item's evidentiary value.
- (f) At time of submission, when applicable, deputies shall submit the Request for Laboratory Examination (RFLE) and associated cover letter electronically through Forensic Advantage and provide a printed or e-mailed copy with the associated item. (email to evidence@weldgov.com)

Property and Evidence

- (g) All property and evidence submitted to Evidence in the EMS shall be documented in the associated case report or supplemental in the RMS for reference.
- (h) When the property or evidence is too large to be placed in a temporary evidence locker, the submitting deputy should coordinate the item(s) submission with Evidence Unit personnel, in compliance with direction from the WCSO Evidence Packaging Manual.

801.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a separate property and evidence record. Drug and narcotics paraphernalia shall also be booked separately.

The deputy seizing the narcotics and dangerous drugs shall weigh all items prior to submission with another certified deputy present as a witness. The submitting deputy and witness deputy shall document their actions per the property and evidence booking procedure and WCSO Evidence Packaging Manual.

801.3.3 EXPLOSIVES

Deputies who encounter a suspected explosive device shall promptly notify an immediate supervisor or the Shift Sergeant. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives and known combustible devices such as VAPE Pens will not be accepted into the Evidence Unit facility. Only fireworks that are considered stable and safe, "exploding targets" available at retailers that maintain a factory seal, and road flares or similar signaling devices may be booked into the Evidence Unit. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Evidence Unit personnel are responsible for coordinating the transfer to an appropriate agency that is equipped to safely dispose of such materials, on a regular basis, or any such items that are not retained as evidence.

801.3.4 EXCEPTIONAL HANDLING

Certain property and evidence items require a separate process as identified in the WCSO Evidence Packaging Manual. The following items shall be processed in the described manner:

- (a) Items wet with bodily fluids such as blood or semen stains shall be air-dried prior to booking.
- (b) Items that are potential biohazards shall be appropriately packaged and marked to reduce the risk of exposure or contamination. Any evidence collected which may contain DNA, should be properly labeled as such.
- (c) License plates found not to be stolen or connected with a known crime should be released directly to the registered owner of said license plate, returned to the Department of Motor Vehicles, or in the event of unsuccessful attempts of return, submitted as safekeeping.
- (d) Vehicles without evidentiary value will not be accepted by the Evidence Unit. Vehicles that contain items of evidentiary value associated within or on the vehicle may be temporarily stored in a secured bay in the Evidence Unit, pending the execution of a

search warrant and/or processing by Field Evidence Technicians or Lab Personnel. In such cases the vehicle itself is not considered evidence. After processing the vehicles for evidence that may be contained in or on the vehicle, coordinated efforts will be made with the controlling deputy for proper storage and/or release to the owner.

1. If the vehicle itself is determined to be maintained as a custodial evidence item by the controlling deputy, the storage location will be determined by the Evidence Unit once it has been submitted for physical custody and documented in the EMS. All property and evidence shall be removed and submitted appropriately (evidence/found/safekeeping) by the controlling deputy prior to long-term storage.
 2. Due to the operational and logistical constraints of vehicle storage, if the relevant parts or portions of the vehicle with evidentiary value can be submitted without submitting the entire vehicle, the controlling deputy shall make a reasonable attempt to do so:
 - (a) If the evidence is specific to a bumper, quarter panel, head rest, seat, carpet or upholstery, etc - AND it can be separated from the vehicle without compromising the integrity of the evidence - such items should be removed, packaged, and submitted into Evidence and the vehicle stored or released as appropriate for a non-evidentiary item.
 - (b) Prior to taking such actions, the deputy shall consult with his/her supervisor and appropriate chain of command.
 3. If the vehicle needs to be moved to another location for storage, the controlling deputy shall assist with securing and monitoring the tow and transport.
 4. Reasonable efforts should be made to preserve the vehicle as evidence with a defensible chain of custody.
- (e) All bicycles and bicycle frames require a property record in the EMS. Property tags will be securely attached to each bicycle or bicycle frame. Bicycles with no evidentiary value should be released directly to the registered owner of the bicycle, or in the event of unsuccessful attempts of return by the controlling deputy, submitted as found property or safekeeping property in the EMS.
- (f) All cash shall be counted in the presence of another deputy and the envelope initialed by both deputies. A currency counter with the ability to capture serial numbers in a PDF format is available for evidentiary purposes.
- (g) All evidence collected by personnel processing a crime scene requiring specific storage requirements pursuant to laboratory procedures should clearly indicate storage requirements on the property label.
- (h) Submission of items that are believed to contain child pornography shall be affixed with the appropriate sticker.
- (i) County property, unless connected to a known criminal case, should be released directly to the appropriate County department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

- (d) Jewelry
- (e) Property with more than one known owner

801.4.1 PACKAGING CONTAINER

Employees shall package all property and evidence in a suitable container that is appropriate for its size as outlined in the WCSO Evidence Packaging Manual. Knife boxes or sharps tubes should be used to package knives or any other sharp items. Handgun boxes should be used for handguns. Syringe tubes should be used to package syringes and needles.

An individual property label shall be securely attached to the outside of all items or group of items packaged together.

801.4.2 PACKAGING CONTROLLED SUBSTANCES

The deputy seizing narcotics and dangerous drugs shall retain such evidence in his/her possession until it is properly weighed, packaged, labeled and submitted. Prior to packaging and if the quantity allows, a presumptive test should be made on all suspected controlled substances. When conducted, the result of this test shall be included in the deputy's report.

The weighing, field testing and entering into evidence of any controlled substance shall be witnessed by a deputy or supervisor in addition to the submitting deputy. The witness signature must be included with the evidence entry.

- (a) All narcotics and dangerous drugs shall be submitted separately from paraphernalia. Controlled substances shall not be packaged with other property.
- (b) The submitting deputy should weigh the suspected narcotics or dangerous drugs in the container in which it was seized.
- (c) The weight of the submitted evidence shall be noted by a scale printout and the printout initialed by the submitting and witnessing deputies in compliance with the Weld Evidence Packaging Manual.

A full description of the item, along with packaging and total weight of the item as seized, will be placed in the case report and on the property label.

A completed evidence label shall be attached to the outside of the packaging. The chain of custody shall be recorded through the EMS.

801.4.3 RIGHT OF REFUSAL

The Evidence Unit personnel have the right to refuse any piece of property or evidence that is hazardous or that has not been properly documented or packaged. Should the Evidence Unit personnel refuse an item of property, they shall maintain secure custody of the item in a temporary property locker or other safe location and inform the submitting deputy through the RMS or EMS to address the deficiency.

The submitting deputy shall correct the packaging or submission issue as soon as practical. Unreasonable delays by the submitting deputy to correct the issue(s) will be brought to his or her supervisor.

801.5 RECORDING OF PROPERTY AND EVIDENCE

Evidence Unit personnel receiving custody of evidence or property shall utilize a standard property control process for each piece of property received as provided in the RMS or EMS to document the chain of custody.

The chain of custody shall be maintained and documented, including a unique item number created for each piece of property received. The chain of custody shall record, by item number (as applicable), the date received, case number, tag number, item description, item location and date disposed.

Any changes in the location of property held by the Weld County Sheriff's Office shall be noted in the EMS to identify proper chain of custody records.

801.6 PROPERTY CONTROL

Each time Evidence Unit personnel receives or releases property/evidence to another person, they shall enter this information in the EMS as provided. Deputies desiring evidence for court shall contact the Evidence Unit personnel at least one business day prior to the court day.

801.6.1 RESPONSIBILITIES OF OTHER PERSONNEL

Every time property is released or received, an appropriate entry in the EMS shall be completed to maintain the chain of custody. No property or evidence is to be released without first receiving the appropriate authorization from a controlling deputy and/or District Attorney's Office if required.

If a deputy has a request for analysis of items, subsequent to initial submission, they shall submit the RFLE and associated cover letter electronically through Forensic Advantage and provide a printed or emailed copy with the associated item to the Evidence Unit (email to evidence@weldgov.com).

801.6.2 EVIDENCE RELAY FROM SUBSTATIONS

Deputies who submit evidence to the authorized substations and secured evidence drop-off locations shall conform to standard submission practices, documentation and packaging.

Submitting deputies who request an RFLE for an item or items, should consider submitting at the main Evidence Unit facility to limit delays for the transfer to the regional lab.

Authorized personnel transferring evidence items from the substations and secure evidence drop-off locations shall conform to standard transfer practices, ensuring each individual item receives an appropriate entry on the RMS or EMS as provided, to maintain the chain of custody. To avoid delays in processing evidence items, the evidence relay should be conducted once per calendar week.

801.6.3 TRANSFER OF EVIDENCE TO CRIME LABORATORY

When releasing evidence for forensic analysis to the crime laboratory, Evidence Unit personnel will release the evidence out of the Evidence Unit, indicating the location change and required information in the EMS. Accompanying forms and the request for laboratory analysis (RFLE) will be provided to the lab at the time of submission.

Upon delivering the evidence to the lab, the transporting employee will receive a submission receipt from the lab to document chain of custody. The lab submission receipt shall be submitted to Weld County Records for filing with the case.

801.6.4 TEMPORARY STATUS CHANGE OF PROPERTY AND EVIDENCE

Temporary release of property to deputies for investigative purposes, or for court, shall be noted in the EMS, stating the date, time and to whom it was released.

Evidence Unit personnel shall obtain the signature of the person to whom property was released and the reason for release. Any employee receiving property shall be responsible for such property until it is returned to Weld County Evidence or released to another authorized person or entity. If the property is not to be returned to the Evidence Unit, Evidence Unit personnel must be notified to document the chain of custody in the EMS as a final release.

The return of the property should be recorded in the EMS, indicating date, time and the person who returned it.

801.6.5 AUTHORITY TO RELEASE PROPERTY AND EVIDENCE

Evidence Unit personnel property and evidence technicians shall not release any property or evidence without authorization from an appropriate authorized member of the Sheriff's Office. The controlling deputy (and/or District Attorney's Office as required), shall authorize the disposition or release of all evidence and property coming into the care and custody of the Sheriff's Office when the items are not required for the prosecution of a criminal case.

For property in custody of the Sheriff's Office for investigatory or prosecutorial purposes and owned by a victim or witness, evidence personnel shall, upon the request of the owner, with authorization from the controlling deputy and/or prosecuting attorney:

Weld County Sheriff's Office

Property and Evidence

- (a) Provide a list describing the property, unless such release would seriously impede an investigation.
- (b) Return the property expeditiously, unless the property is contraband or required as evidence.

Upon the authorization of a prosecuting attorney, property held as evidence of a crime may be photographed and released to the owner.

801.6.6 RELEASE OF PROPERTY

A reasonable attempt shall be made to identify the rightful owner of found or stolen property or evidence no longer needed for an investigation or prosecution. Per Weld County Code 2-8-60 (a1) "Reasonable notice shall consist of written notice sent by certified mail to the last known address of the presumed owner."

Property belonging to a crime victim shall be promptly released to the victim unless needed for evidence (CRS 24-4.1-302.5(1)(k)). Following a request from the victim, property no longer needed for evidence shall be returned to the victim within five working days unless the property is contraband or subject to forfeiture proceedings (CRS § 24-4.1-303(7)).

Release of property shall be made upon receipt of an authorized release notification. The release authorization shall be signed by the authorizing controlling deputy (or District Attorney representative) and must conform to the items listed on the property label or must specify the specific item to be released. Release of all property shall be properly documented.

With the exception of firearms and other property specifically regulated by statute, found property and property held for safekeeping shall be held for a minimum of 30 days, or longer in compliance with Weld County Code. During such period, the Evidence Unit shall attempt to contact the rightful owner by certified mail when sufficient identifying information is available. Per Weld County Code 2-8-60 (2), the property may be disposed of in twenty (20) days if the property is not claimed.

The Evidence Unit shall release the property to the owner or finder, upon valid identification and proper documentation presented by the owner or finder, for which an authorized release has been received. The owner or finder shall also be required to pay any costs incurred by the agency, including costs for advertising or storage. A signature of the person receiving the property shall be recorded in the RMS or EMS.

Property with potential resale value and not held for any other purpose and not claimed within 20 days after notification (or 30 days after submission if notification is not feasible for found or safekeeping property, 180 days for evidence authorized for release and abandoned) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed or converted as allowed.

Property with no assessed value, or which potential value would be nullified by the effort and expense to auction it, may at the discretion of the Evidence Unit be donated or destroyed.

The final disposition of all such property shall be fully documented in the item's chain of custody history. Upon release or other form of disposal, the proper entry shall be recorded in the RMS or EMS.

Proceeds from the auction of unclaimed property shall be deposited into the County General Fund.

801.6.7 STOLEN OR EMBEZZLED PROPERTY

Stolen or embezzled property or property believed to be stolen or embezzled that is in the custody of this office shall be restored to the legal owner at the authorization of the controlling deputy. Pursuant to CRS § 13-25-130 (1), "any photographic, video tape, or film record, when satisfactorily identified and authenticated, is as admissible into evidence as the property itself." Such property may be released from law enforcement custody when the following is satisfied (CRS § 13-25-130(3)):

- (a) Photographs of the property are filed and retained by the Weld County Evidence.
- (b) Satisfactory proof of ownership is shown by the owner.
- (c) A declaration of legal ownership is signed under penalty of perjury.
- (d) If a defendant has been filed upon, he/she has been notified that such photographs, video tapes or films have been taken, recorded or produced.
- (e) A receipt for the property is obtained from the owner upon delivery.

801.6.8 DISPUTED CLAIMS TO PROPERTY

Occasionally more than one party may claim an interest in property being held by the office, and the legal rights of the parties cannot be clearly established. Such property shall not be released until one party has obtained a court order or other proof of the undisputed right to the involved property.

All parties should be advised that their claims are civil. In extreme situations, legal counsel for the Office may be asked to file an interpleader in court to resolve the disputed claim.

801.6.9 RELEASE AND DISPOSAL OF FIREARMS

A firearm may not be released until a background check has been completed and it has been verified that the person receiving the weapon is not prohibited from receiving or possessing the weapon. (18 USC § 922 (d); CRS § 13-14-105.5; CRS § 18-1-1001; CRS § 18-6-801)

801.6.10 DISTRICT ATTORNEY AND DEFENSE COUNSEL EVIDENCE VIEWING

The WCSO is responsible for ensuring the security and integrity of all evidence stored at the evidence facility. The WCSO has adopted property and evidence policies and guidelines which include procedures used to adhere to industry standards related to evidence, and to ensure that reasonable steps have been taken to obtain a secure and efficient property and evidence management system. Importantly, the policies also provide protection of the chain of custody.

SCHEDULING - A minimum of 72 hours advance notice is required (or longer if the case involves voluminous items of evidence) for evidence viewings. All appointments to view items in evidence

Weld County Sheriff's Office

shall be scheduled during normal business hours and only when sufficient personnel are available to conduct the viewing (minimum of two WCSO employees).

Defense Attorneys or their Investigators who want to view evidence shall contact the controlling deputy handling the case and make arrangements for viewing the evidence. The controlling deputy is responsible for contacting the Evidence Unit to set a date and time for the viewing.

The allotted time for evidence viewings will not exceed two hours. To ensure the most effective use of this time, requestors should provide a list of specific items to be viewed or a priority of items to be viewed. If necessary, multiple or extended viewings may be pre-arranged as personnel are available.

Any viewing can be terminated at the discretion of the controlling deputy or Evidence Unit personnel for violations of procedure, unprofessional conduct or for any unforeseen law enforcement emergency.

GENERAL PROCEDURES:

- (a) All parties shall wear appropriate Personal Protective Equipment if deemed necessary by WCSO personnel.
- (b) Viewings are conducted in the presence of the controlling deputy or sworn designee.
 - 1. WCSO personnel are prohibited from disclosing anything overheard or observed during the viewing that carries established Attorney-Client Privilege to the case being viewed.
 - 2. The exceptions to this disclosure include the need to report administrative or criminal violation by the viewing parties that could result in termination of the viewing.
 - 3. The controlling deputy or sworn personnel present at the viewing shall only document their presence at the viewing as appropriate in the RMS.
- (c) Evidence should only be handled by WCSO personnel.
 - 1. Viewing parties may not touch or manipulate evidence items removed from packaging.
 - 2. In appropriate circumstances and when authorized by Evidence Unit personnel, and when such manipulation does not compromise the integrity of the packaging or evidence item, minimal handling of packaged evidence items may be permitted.
 - 3. Appropriate and reasonable requests for WCSO personnel to position the evidence items for viewing and/or photography will be accommodated.
- (d) At no time shall WCSO personnel leave evidence unattended during the viewing by others.
- (e) Only sworn deputies are authorized to open evidence.
- (f) Only one item of evidence shall be opened and viewed at one time.

Property and Evidence

- (g) Any items that are fragile, whose evidentiary value may be destroyed, lost or otherwise compromised or any item that could be hazardous (i.e. biohazard, chemicals/drugs, SANE kits, control kits, etc.) will not be opened or manipulated.
- (h) As a reasonable security measure, the evidence viewing room at the Evidence Facility is video monitored. No audio is recorded.
 - 1. Due to the presence of CCTV footage, the activation of a deputy's Body Worn Camera is not authorized.
 - 2. The WCSO does not intend to review the recording, and deputies do not have access to the video recording room.
 - 3. The exceptions to this would be the need to report administrative or criminal violations by the viewing parties that could result in the termination of the viewing.
- (i) A court order or written authorization from the District Attorney's Office will be required to view cell phones or other items that have not yet been sent to CBI or other laboratory for testing.

EVIDENCE UNIT PERSONNEL PROCEDURES:

- (a) When the attorney/investigator (or his/her designee) arrives, the Evidence Unit personnel will verify that person's identification and make a photocopy of the identification which is retained in the record.
- (b) The Evidence Unit personnel will note in the property records that the items are being viewed. The evidence will be placed in the viewing room.
- (c) The Evidence Unit personnel will be available to assist the controlling deputy if necessary, with viewing supplies or evidence handling.
- (d) At the conclusion of the viewing and at the discretion of the controlling deputy present, the Evidence Unit personnel will assist, if needed, in repackaging evidence with the controlling deputy.
- (e) The Evidence Unit personnel will return the evidence to the proper storage location and document appropriate notes in the evidence software for chain of custody purposes.

DEPUTY/DETECTIVE PROCEDURES:

- (a) Only the controlling deputy may open evidence for the item to be examined or photographed.
- (b) Deputies should carefully scrutinize inappropriate or unreasonable requests for handling or manipulating evidence. If a request is deemed questionable, the controlling deputy should decline the request until consultation with the District Attorney's Office can be made.
- (c) When handling evidence subject to cross-contamination or other loss, a clean pair of rubber/latex gloves shall be worn by each participant prior to each item being opened, and a clean piece of butcher paper shall be placed under each item before it is opened and viewed.

- (d) Scissors or other implements used to open any item shall be wiped clean with alcohol (or other cleaning fluid/wipes) prior to opening any such item, if subject to cross contamination.
- (e) After each item is viewed, it shall be re-sealed in or with its original packaging.

CONFIDENTIAL VIEWINGS:

Viewings requested without a controlling deputy present, are not consistent with Evidence best practices and contrary to WCSO Policy. If a confidential viewing is sought, the requesting party shall make a written motion to the court and provide notice to the Sheriff's Office legal counsel, providing the opportunity for the WCSO to respond and advocate for Evidence best practices and appropriate jurisdiction. If a court orders a confidential viewing, it will be conducted as follows:

- (a) It will be conducted at the Weld County Evidence Facility.
- (b) The controlling deputy or another sworn deputy must be present at the Evidence Unit and is responsible for opening any evidence being viewed. If the assigned controlling deputy is prohibited from the viewing room, the controlling deputy may open the evidence immediately outside the viewing room. Evidence Unit personnel will take the evidence into the viewing room and remain in the viewing room with the evidence to maintain the chain of custody.
- (c) The defense counsel or investigator may not touch open evidence. If evidence needs to be moved or turned over, Evidence Unit personnel shall move the evidence. As described in the general procedures, certain evidence still may not be touched at any time, however, certain evidence, with approval of Evidence Unit personnel in consultation with the sworn representative, may be touched while remaining inside the packaging.
- (d) The cameras in the evidence viewing room will remain on. These cameras do not have audio capabilities and will not be viewed by anyone unless Evidence Unit personnel believes a policy has been violated.
- (e) The controlling deputy or sworn personnel present at the viewing shall document only their presence at the confidential viewing in the RMS system without disclosing specific details. The Evidence Unit personnel and controlling deputy will not disclose anything overheard or observed during the viewing, unless there is a policy violation.

801.7 DISPOSITION OF PROPERTY

All property no longer held for evidence in a pending criminal investigation or proceeding and held for 180 days or longer where the owner has not been located or fails to claim the property, may be sold at a public auction in compliance with existing laws, upon receipt of proper authorization for disposal by the controlling deputy or District Attorney's Office.

Property with potential resale value and not held for any other purpose and not claimed within 20 days after notification (or 30 days after submission if notification is not feasible for found or safekeeping property, 180 days for evidence authorized for release but abandoned) may be auctioned to the highest bidder at a properly published public auction. If such property is not sold at auction or otherwise lawfully claimed, it may thereafter be destroyed or converted as allowed.

801.7.4 ADMINISTRATIVELY CLOSED DISPOSITION

In the event a property or evidence item(s) cannot be physically accounted for and cannot be reconciled to another physical location through the chain of custody, the item may be Administratively Closed, as a noted disposition in the item's individual chain of custody record.

An item may be Administratively Closed only after the matter has been referred to Professional Standards for review and recommendation of a course of action and all due diligence has been exhausted to locate the item. The status of Administratively Closed shall only be approved by the Sheriff, in writing, and this authorization attached to the RMS or EMS as the final disposition for chain of custody. The Evidence Unit shall provide written notice to the controlling deputy, the owner, and the District Attorney's Office (as applicable) of the item(s) status and final disposition.

801.8 RETENTION OF BIOLOGICAL EVIDENCE

Evidence Unit personnel shall ensure that no biological evidence held by the Office is destroyed without adequate notification to the following persons, when applicable:

- (a) The defendant
- (b) The defendant's attorney
- (c) The appropriate prosecutor
- (d) Any sexual assault victim

Biological evidence shall be retained for a minimum period established by law, or the expiration of any sentence imposed related to the evidence, whichever time period is greater. A record of all certified mail receipts shall be retained.

Biological evidence related to a homicide shall be retained indefinitely and may only be destroyed with the written approval of the applicable prosecutor's office.

801.8.1 SUFFICIENT SAMPLE PRESERVATION

DNA evidence that is subject to preservation pursuant to CRS § 18-1-1103 shall be preserved in an amount and manner sufficient to develop a DNA profile, based on the best scientific practices at the time of collection, from the biological material contained in or included on the evidence (CRS § 18-1-1104 (2)).

If DNA evidence is of such a size, bulk or physical characteristic as to render retention impracticable, the submitting or controlling deputy shall remove and preserve portions of the evidence likely to contain DNA related to the offense in a quantity sufficient, based on the best scientific practices at the time of collection, to permit future DNA testing.

The preserved DNA evidence shall, whenever possible, include a sample sufficient to allow for independent testing by the defendant. After preserving the necessary amount of the DNA evidence, the remainder of the evidence may be properly destroyed as allowed by law.

801.8.2 RECORDS RETENTION AND PRESERVATION

The Evidence Unit shall maintain a DNA item for the statutory period of a DNA specimen collection from an eligible individual from the date of collection.

801.8.4 DISPOSITION OF DNA EVIDENCE

In cases described in state law (CRS § 18-1-1102(1)(c); CRS § 18-1-1102(1)(d)), the Office may seek to dispose of DNA evidence by providing notice to the District Attorney who prosecuted the charges (CRS § 18-1-1105(2)).

If the District Attorney determines that the DNA evidence should not be disposed of, the District Attorney will provide notice. Upon receipt of the notice, the Office shall preserve the DNA evidence until such time that a court order is obtained to dispose of the DNA evidence (CRS § 18-1-1105(4)).

If the District Attorney determines the DNA evidence may be returned, the District Attorney may file a petition with the court for the return of the DNA evidence. Upon proper receipt, the Office will release DNA evidence belonging to the victim (CRS § 18-1-1107).

803.4.1 REQUESTS FOR RECORDS

The processing of requests for any record is subject to the following:

- (a) The request must be submitted in writing. It may be submitted electronically, by facsimile or in hard copy.
- (b) The Office is not required to create records that do not exist.
- (c) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.
 - 1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the office-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.
- (d) The payment of any authorized fees for personnel time in the amounts published in the Weld County Code and required for the copying or mailing of the records requested must be received before release as authorized by CRS § 24-72-306.
- (e) Records related to final official actions shall, and all other records may, be made available for inspection at reasonable times except as otherwise provided by law (CRS § 24-72-303; CRS § 24-72-304).
- (f) If the records requested are related to an official action and are in active use, in storage, or otherwise not readily available, the Custodian of Records shall notify the requester of the status. This notice shall be in writing if requested by the requester. If requested, the Custodian of Records shall set a date and hour, within three working days, at which the records will be available to the requester (CRS § 24-72-303):
 - 1. If the Office does not have the records related to an arrest, the Custodian of Records shall include in the notice, in detail to the best of his/her knowledge and belief, the agency which has custody or control of the requested record.
- (g) For all other records requested (i.e., not related to an official action) that are not in the custody or control of the Office, the Custodian of Records shall notify the requester of the status. The notice shall be in writing if requested by the requester. The notice shall include the reason for the absence of the records from the Office's custody or control, their location, and what person has custody or control of the records (CRS § 24-72-304).

- (i) Records related to completed internal investigations (including any appeals) into the alleged misconduct of an in-uniform or on-duty deputy, when involving a member of the public, shall be made available for inspection as required by CRS § 24-72-303.

803.4.2 IDENTIFICATION

Under both CORA and the CCJRA, government agencies are allowed to adopt reasonable procedures for release of records in compliance with the act. (See 24-72-203(1)(a) and Citizens Progressive Alliance v. Southwestern Water Conservation Dist. 97 P.3d 308 (2004)). Procedures may include requesting identification.

- (a) CORA. For release of records under CORA (non-criminal justice records) identification may be requested from a person pursuing the release of any record (written, video, or audio) but is not a mandatory requirement for the release of these records to the public.
- (b) CCJRA. Most records released by WCSO are considered criminal justice records. Under CRS Section 24-72-305.5, the CCJRA requires additional procedures related to protecting the public interest including a written and notarized statement affirming that the record will not be used for pecuniary gain.
 - 1. "Affirmation" means a declaration, made by an individual on oath or affirmation before a notarial officer, that a statement in a record is true. (See 24-21-502).
 - 2. The custodian of records will provide a sheet for the statement and free notarization services at the time of request. Proper notarization requires presenting a government issued form of identification. If the requester prefers or cannot provide a government issued identification to the custodian of record, the requestor may take the form to an independent notary and return the fully notarized form to the custodian of records before release of records.
 - 3. A false statement regarding use for pecuniary gain may result in a criminal misdemeanor charge and fine to the individual.
- (c) Refusal or inability to provide identification for either CORA or CCJRA records may result in additional information being redacted than otherwise necessary due to the inability of the Custodian of Records to effectively evaluate what information the person is entitled to receive. Criminal justice records will not be released without a properly notarized statement.
- (d) In the rare circumstance where an individual cannot appear at the records office or reach an independent notary due to a medical condition, the custodian will attempt to assist the requester to find a reasonable accommodation in meeting this requirement.

803.5 RELEASE RESTRICTIONS

Examples of release restrictions include but are not limited to:

- (a) Personal identifying information, including an individual's photograph; Social Security and driver identification numbers; name, address, and telephone number; and medical or disability information that is contained in any driver's license record, motor vehicle record, or any office record, including traffic accident reports, are restricted except as authorized by the Office, and only when such use or disclosure is permitted or required

 - (m) Information regarding the immigration status of any victim who is requesting certification for a U visa or T visa, or any documents submitted for U visa or T visa certification and any written responses to a certification request except where allowed by law (CRS § 24-4.1-404).

 - 1. Contrary to any state statute.
 - 2. Prohibited by rules promulgated by the state supreme court or by order of any court.

803.6 SUBPOENAS AND DISCOVERY REQUESTS

Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a

subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, County Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Office so that a timely response can be prepared.

803.7 RELEASED RECORDS TO BE MARKED

Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the office name and to whom the record was released.

Each audio/video recording released should include the office name and to whom the record was released.

803.8 EXPUNGEMENT OR SEALED RECORDS

Expungement orders or orders to seal criminal records received by the Office shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall expunge or seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is expunged or sealed, members shall respond to any inquiry as though the record did not exist (CRS § 24-72-702; CRS § 24-72-703).

803.8.1 EXPUNGEMENT OF ARREST RECORDS RESULTING FROM MISTAKEN IDENTITY

If the Sheriff determines that a person was arrested based on mistaken identity and no charges were filed following the arrest, the Custodian of Records shall file a petition for an order to expunge any arrest or criminal records resulting from the mistaken identity. The petition must be filed no later than 90 days after the investigation into the arrest, in the judicial district where the arrest occurred (CRS § 24-72-701.5)

803.8.2 EXPUNGEMENT OF CERTAIN JUVENILE RECORDS WITHOUT COURT ORDER

The Custodian of Records shall acknowledge receipt of a notice issued by the district attorney or other diversion provider that a juvenile has successfully completed a prefiling diversion. Upon receipt of the notice, the Custodian of Records shall treat the records as expunged within 35 days and without need of a court order (CRS § 19-1-306).

803.9 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO ALLEGED MISCONDUCT

Unedited video and audio recordings related to an incident where a peace officer, civilian, or nonprofit organization has made a complaint of deputy misconduct shall be released upon a proper public record request within 21 days of the request (CRS § 24-31-902).

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Records Maintenance and Release

The Custodian of Records should work as appropriate with the Sheriff or the Internal Affairs Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received.

803.9.1 DELAY OF RELEASE

Disclosure of recordings related to alleged misconduct during active criminal or administrative investigations may be delayed up to 45 days from the date the Office knew or reasonably should have known about the incident if disclosure would substantially interfere with or jeopardize the investigation. The Sheriff or the authorized designee should work as appropriate with the prosecuting attorney so that the prosecuting attorney may produce the required notice (CRS § 24-31-902).

803.9.2 RELEASE OF AUDIO OR VIDEO RECORDINGS DEPICTING A DEATH

Upon request, the Custodian of Records shall release unedited video and audio recordings depicting a death to the victim's spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative, and inform the requesting party of the requesting party's right to receive and review the recording at least 72 hours prior to public release (CRS § 24-31-902).

The records custodian shall require identification from the person requesting the unedited video and audio recording depicting death prior to release to ensure compliance with statute regarding relationship to the victim.

803.9.3 RESTRICTIONS RELATED TO PRIVACY

If the Custodian of Records, in consultation with the Sheriff or the authorized designee, determines that specific portions of a recording may raise substantial privacy concerns for a person depicted in the recording, the Office should use technology to blur portions of a recording made available for release.

If blurring is insufficient to protect the substantial privacy interest of a person, the Custodian of Records should, within 20 days of receipt of the complaint of alleged misconduct (CRS § 24-31-902):

- (a) Provide a copy of the recording upon request to the victim or the victim's next of kin.
- (b) Inform the person whose privacy interest is implicated of the right to waive the interest in writing and allow release of the unedited recording.
- (c) In such cases, unblurred footage shall not be released without the written authorization of the victim or the victim's next of kin (CRS § 24-31-902).

Protected Information

804.1 PURPOSE AND SCOPE

This policy provides guidelines for the release of criminal offender records, security of those records and persons authorized to release those records.

804.2 DEFINITIONS

Definitions related to this policy include:

Criminal History Records Information (CHRI) - Information collected by Colorado criminal justice agencies on individuals consisting of identifiable descriptions and notations of arrests, detentions, indictments or other formal criminal charges, and any disposition, including acquittal, sentencing, correctional supervision or release.

804.3 RELEASE OF CHRI

The Records Manager and/or Records Unit is responsible for releasing CHRI of this Office as provided in the Records Maintenance and Release and the Weld County Records Procedures Policies.

If a record requested is in the custody or control of another agency, the Records Manager will notify the requestor of this fact and in writing if requested. The notification shall identify to the best of the Records Manager's knowledge and belief, the agency which has custody or control of the record in question.

804.4 JUVENILE RECORDS

Nothing in this procedure is intended to alter existing statutes, case law or the policies and orders of both the county juvenile board and the designated juvenile court regarding the release of juvenile offender records.

Absent a court order, juvenile records and information may only be inspected or disclosed to the public under circumstances provided by law. For example, CRS § 19-1-304(1)(b.5) may require disclosure of some records when the juvenile has been charged with or is subject to a revocation of probation for committing the crime of possession of a handgun, a class 1, 2, 3 or 4 felony, or an offense involving a weapon. However, even then the information that can be released may be limited to the following:

- (a) Physical description of the accused
- (b) Information reporting the arrest and filing of charges
- (c) Date and place of the arrest and filing of charges
- (d) Name, gender, date of birth and last known address of the accused
- (e) Nature of the charges
- (f) Disposition of the charges

804.5 CHALLENGE TO CRIMINAL OFFENDER RECORD

Any person has the right to challenge the accuracy and completeness of records pertaining to him/her and to request that said records be corrected. Any such requests shall be forwarded to the Records Manager.

Upon receipt of a request to correct the record, the Records Manager will evaluate the request as follows (CRS § 24-72-307):

- (a) The Records Manager will review the request for correction and make a determination of whether to grant or refuse the request, in whole or in part.
- (b) In the event that the Records Manager requires additional time to evaluate the merit of the request for correction, the Records Manager shall notify the applicant in writing.
 1. The Records Manager shall then have 30 days from the date of receipt of the request for correction to evaluate the request and to make a determination of whether to grant or refuse the request, in whole or in part.
 2. The Records Manager will communicate that decision to the applicant in writing.
- (c) If the Records Manager refuses to make the requested correction and the person requests a written statement of the grounds for the refusal, the Records Manager shall promptly provide such a written statement.
- (d) If the Records Manager decides to make the correction, the Records Manager will ensure the change is made in the records of the Weld County Sheriff's Office and communicate the correction to the Colorado Bureau of Investigation.

804.6 PROTECTION OF CHRI

The Records Manager is responsible for setting any necessary internal records procedures to protect confidential National Crime Information Center (NCIC) or Colorado Crime Information Center (CCIC) information, including any policies related to the following:

- (a) Where and how such records may be stored
- (b) Access to such records
- (c) Computer terminal security
- (d) Destruction of such records

804.7 PENALTIES FOR MISUSE OF RECORDS

Employees may obtain, or attempt to obtain, records or information from the Office files only in accordance with their official duties.

Criminal history record information may not be used in any unauthorized manner, for any unauthorized purpose or disclosed to any person who is not entitled to the information.

Computers and Digital Evidence

805.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information. This policy also establishes procedures for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

805.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Deputies should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- (a) Photograph each item, front, back and surrounding desktop or office setup, specifically including cable connections to other items. Look for a telephone line or cable to a modem for Internet access.
- (b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation, such as fingerprints, biological or trace evidence and/or documents.
- (c) If the computer is off, do not turn it on.
- (d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box. If the computer is a portable notebook style, disconnect any power cable from the case and remove the battery.
- (e) Label each item with the case number, evidence number and item number.
- (f) Handle and transport the computer and storage media (e.g., tape, disks, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- (g) Lodge all computer items into Weld County Evidence. Do not store computers where normal room temperature and humidity is not maintained.
- (h) At minimum, deputies should document the following in related reports:
 1. Where the computer was located and whether it was in operation
 2. Who was using it at the time

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Computers and Digital Evidence

3. Who claimed ownership
 4. If it can be determined, how it was being used
- (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (e.g., printers, remote drives, hard drives, tape drives and disk drives) should be seized along with all media. Accessories (e.g., printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture or the equipment is proprietary (e.g. Apple keyboard and mouse) and necessary for examination of the associated media.

805.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Until properly secured, networked computers can be accessed remotely to alter critical hard drive data. Therefore, cases involving networks require specialized handling. Deputies should contact a certified forensic computer examiner as soon as practicable for instructions or a response to the scene. It may be possible to perform an on-site inspection or to image the hard drive only of the involved computer. This should be done by someone specifically trained in processing computers for evidence. The forensic copy of the image of the hard drive shall be marked and maintained as primary evidence.

805.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, disks or any other storage media is required, forward the following items to a computer forensic examiner:

- (a) A copy of reports involving the computer, including the evidence/property sheet
- (b) A copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to the investigation or other legal authority for examination
- (c) A list of the items to search for (e.g., photographs, financial records, e-mail, documents)
- (d) A forensic copy of the media will be made; subsequent forensic examination of the copy will be conducted by a trained digital forensic examiner.

805.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media, including hard drives, floppy disks, CDs, DVDs, tapes, memory cards or flash memory devices, should be seized and stored in a manner that will protect them from damage.

- (a) If the media has a write-protection tab or switch, it should be activated.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Computers and Digital Evidence

- (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation, request the Weld County Evidence to copy the contents to an appropriate form of storage media.
- (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- (d) Do not leave storage media where it would be subject to excessive heat, such as in a parked vehicle on a hot day.
- (e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

805.4 SEIZING PERSONAL COMMUNICATION DEVICES

Personal communication devices (PCD), such as cellular phones, Personal Data Assistants (PDA) or other handheld devices connected to any communication network must be handled with care to preserve evidence that may be on the device, including messages, stored data and/or images.

- (a) Deputies should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- (b) Do not turn the device on or off. The device should be wrapped in no less than six sheets of heavy duty aluminum foil, or placed in a solid metal container, such as a paint can or in a Faraday bag, to prevent the device from sending or receiving information from its host network.
- (c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead, all the data may be lost.

Animal Control

806.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for Animal Control Officers (ACO) and Weld County Sheriff's Office personnel in dealing with calls related to animal control and to set forth procedures regarding animal control services, the handling of injured animals and the abatement of animal nuisances.

806.1.1 TRAINING

ACOs shall successfully complete the required basic and continuing education animal control courses as approved by the Office or required by local or state authorities.

806.2 ANIMAL CONTROL OFFICER RESPONSIBILITIES

ACOs shall be responsible for enforcing local, state and federal laws relating to animals and for appropriately resolving or referring animal problems as outlined in this policy. Specifically the ACO is assigned the tasks necessary for the day-to-day responsibilities including, but not limited to, those identified under the Colorado Animal Protection Act (CRS § 35-42-101, et seq.).

ACOs shall be under the operational control of the Patrol Division. The assigned working hours will be scheduled by the Support Unit Sergeant. During hours when an ACO is on-duty, requests for animal control services shall be assigned by Dispatch or the Shift Sergeant.

Requests for assistance by an ACO shall be acknowledged and responded to promptly.

It is the policy of the Weld County Sheriff's Office to be responsive to the needs of the community regarding animal-related issues. This includes enforcing local, state and federal laws relating to animals and appropriately resolving or referring animal-related problems, as outlined in this policy.

806.3 DEPUTY RESPONSIBILITIES

During hours when no ACO is on-duty, or if an ACO is otherwise unavailable, the following animal-related calls for service will be handled by the appropriate on-duty deputy.

Deputies may be dispatched to animal-related calls and should take appropriate actions to control the situation until the arrival of an ACO. Due to the hazards of handling animals without proper equipment, responding deputies generally should not attempt to capture and pick up any animal, but should keep the animal under observation until the arrival of an ACO. The following are examples of when a deputy may consider acting before the arrival of an ACO:

- (a) When there is a threat to public safety
- (b) When an animal has bitten someone, deputies should take measures to confine the animal and prevent further injury
- (c) When an animal is creating a traffic hazard
- (d) When the owner/handler has been arrested and there is no other alternative placement for the animal

- (e) When an animal is gravely injured

806.3.1 ANIMAL CRUELTY COMPLAINTS

An ACO or deputy shall conduct a preliminary investigation on all reports of animal cruelty and forward the information to the ACO for follow up. ACOs and Deputies shall not hesitate to take any immediate actions deemed necessary to prevent the perpetration of any act of cruelty to animals in his/her presence and may use such force as is necessary to prevent the crime. CRS § 18-9-202 et seq.

806.3.2 STRAY ANIMALS

If an animal has a license or can otherwise be identified, the owner should be contacted, if possible. If the owner is contacted, the animal should be released to the owner and a citation may be issued if appropriate. If an animal is taken into custody, it shall be transported to the animal shelter or other appropriate facility, making sure the animal has food, water and bedding.

The animal pickup form must be completely filled out and routed appropriately. Release of impounded animals requires a fee be paid. Releases will be handled by the Human Society.

Once an animal has been taken into custody, all releases should be handled by the animal shelter.

806.3.3 ANIMAL BITES TO HUMANS

ACO Officers and Deputies shall obtain as much information as possible about the bite incident before forwarding to the ACO unit for follow-up. ACO Officers and Deputies shall instruct the owner of a biting animal, if contacted, to keep the animal confined on the property until the animal can be assessed by an ACO. If the animal is a stray, then every effort shall be made to capture and impound the animal immediately.

If a biting dog has been killed in order to prevent further injury or death, the local board of health shall be notified of the facts related to the bite and the killing, and the body of the dog shall be held for release to the board of health (6 CCR 1009-1:1).

806.3.4 PUBLIC NUISANCE CALLS RELATING TO ANIMALS

Deputies shall obtain and forward to an ACO as much information as possible regarding the nature of the complaint, the complaining person, owner information (if possible) and location of the problem. Deputies will also document any actions taken, citation issued and related report numbers.

In the event responding deputies cannot fulfill urgent requests for service because the animal is difficult or dangerous to handle, an ACO may be called. If an ACO is unavailable, the patrol supervisor may request that an ACO be called in or may request the assistance of an animal control officer from an outside agency.

806.4 DECEASED ANIMALS

Deceased animals on public property will be removed and properly disposed of by an ACO. Deputies will remove deceased animals when an ACO is not on-duty.

806.5 INJURED ANIMALS

When any injured domesticated animal is brought to the attention of a member of this agency, all reasonable attempts shall be made to contact the owner or responsible handler. When the owner or responsible handler cannot be located and the animal is not an immediate danger to the community, it shall be taken to a doctor of veterinary medicine as described below:

- (a) During normal business hours, the animal should be taken to an authorized veterinary care clinic.
- (b) If it is after normal business hours, the animal should be taken to an authorized veterinary emergency services clinic.
- (c) The only exception to the above is when the animal is an immediate danger to the community or the owner of the animal is identified and takes responsibility for the injured animal.
- (d) When it is necessary to dispatch a seriously injured or dangerous animal, the Firearms Policy shall be followed.
 - 1. An ACO or a deputy may euthanize an animal when, in his/her judgment and in the opinion of a licensed veterinarian, the animal is experiencing extreme pain or suffering or is severely injured, disabled or diseased past recovery. In the event a licensed veterinarian is not available, the animal may be euthanized at the request of the owner or by the written certificate of two persons called to view the animal (CRS § 35-42-110).
 - 2. Injured wildlife may be euthanized whenever the ACO or deputy determines that no other reasonable action would be practical, humane or effective for the rehabilitation of the wildlife (2 CCR 406-14:1405).
- (e) Injured or deceased wildlife should be referred to the appropriate agency as listed by the Colorado Division of Wildlife.
- (f) When handling dead or injured animals, Office employees shall attempt to identify and notify the owner of the final disposition of the animal.
- (g) Each incident shall be documented, at minimum, to include the name of the reporting party and the veterinary hospital and/or person to whom the animal is released. If an ACO is off-duty, the information will be forwarded for follow-up.

806.6 ENFORCEMENT

An ACO of this office may issue citations or summonses and complaints enforcing any local or state law concerning the control of pet animals (CRS § 30-15-105).

It should be at the discretion of the handling deputy or the field supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

806.7 POST-ARREST PROCEDURES

Employees should take reasonable efforts to ensure that animals or pets in an arrestee's care will be provided with proper care. This is only required when there is no person to provide care and the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animals. Relatives or neighbors may be contacted, with the owner's consent, to care for the animals. If no persons can be found or the owner does not consent, the appropriate animal control authority should be notified.

 - 7. The names, sex and roles of any office members present.

Chapter 10 - Personnel

GRATUITIES

1000.1 PURPOSE AND SCOPE

The agency concern is whether accepting a gratuity violates the public trust. The determination of whether a gratuity is acceptable, or not, must meet a three-prong analysis consisting of how a reasonable person would perceive the intent of the giver, the employee's reasonable belief of the reason behind the gift, and the circumstances surrounding the gift. The defining difference is whether the gift is given in appreciation, or as a spontaneous act of kindness, versus getting special consideration, exerting influence, or having been solicited by the recipient.

1000.2 DEFINITIONS

Gratuity - any discount, gift, or benefit one receives by virtue of their profession.

1000.3 PROCEDURE

1. Employees shall not accept any gift, or other item, that is prohibited by the Colorado Constitution, Colorado Revised Statutes, or reasonably appears to be given for the purpose of obtaining special consideration or exerting influence. Examples of prohibited gift/gratuity situations:

- (a) Receiving any thing of monetary value that would, to a reasonable person, appear to have been accepted with the belief that the giver's intent is to obtain special consideration or exert influence.
- (b) Discounted or free beverages, snacks, or meals offered, by a business, while the employee is on duty, or while the employee is off duty and known by the proprietor to be an employee.
 - 1. The prohibition exists even if the discounted or free item is a company, or corporate, policy, because these types of discounts are not typically advertised to the public and are not spontaneous or random, in nature.
- (c) Soliciting any form of gratuity, whether on, or off, duty.
- (d) Using or attempting to use their official position for personal gain.
- (e) Soliciting any personal notoriety and/or award, for services rendered incident to their position, or duty, as an employee of the agency.

2. Employees receiving prohibited gifts or gratuities are required to report and document such items to their immediate supervisor.

- (a) The supervisor will document the nature of the gift, the attendant circumstances, and the disposition of the gift as an incident in Blue Team.

1000.4 UNSOLICITED ITEMS PROCEDURE

1. Employees may accept the following unsolicited items, unless it would appear, to a reasonable person, that the item was offered with the intent to influence the employee's official actions, or in response to a special consideration.

- (a) Items that are placed in a common area, where they are shared with coworkers

GRATUITIES

- (b) Tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item.
 - 1. An award, with a monetary component, that honors or recognizes an employee is acceptable if; the nomination was made without the employee's knowledge, other similarly situated employees were eligible for the award, and there is no evidence that the award is based upon the employee's governmental status.
- (c) Nominal purchases (<\$25.00) made for an individual employee, either anonymously, or by a community member, as a spontaneous and random token of appreciation (e.g., a cup of coffee, a snack, a meal, or a beverage).
- (d) Gifts motivated by a family or personal relationship, and not due to the recipient's status as a law enforcement officer.
- (e) Discounts on services or items that are publicly advertised to all law enforcement officers or first responders by a company or corporation.

Colorado Constitution Article XXIX, Section 3

Colorado Revised Statute § 24-18-104

Anti-Retaliation

1001.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or collective bargaining agreement.

1001.2 POLICY

The Weld County Sheriff's Office has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1001.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1001.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Sheriff or the County Director of Human Resources.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1001.4.1 WHISTLE-BLOWING

Colorado law protects public employees who (CRS § 8-3.3-103; CRS § 29-33-104):

- Discuss or express personal views regarding representation and workplace issues, subject to the restrictions in CRS § 8-3.3-101 et seq., if applicable.
- Engage in protected, concerted activity for their mutual aid or protection.
- Participate in the political process while off-duty and not in uniform including:
 - Speaking with members of the [city/county]'s governing body on terms and conditions of employment, or any other matter of public concern.
 - Engaging in other political activities in the same manner as other citizens of Colorado.
- Organize, join, or assist an employee organization or refrain from the same.

Members who believe they have been the subject of retaliation for engaging in protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Internal Affairs Unit for investigation in accordance with the Personnel Complaints Policy.

1001.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Anti-Retaliation

- (b) Receiving all complaints in a fair and impartial manner.
- (c) Documenting the complaint and any steps taken to resolve the problem.
- (d) Acknowledging receipt of the complaint, notifying the Sheriff via the chain of command and explaining to the member how the complaint will be handled.
- (e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- (f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.
- (g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- (h) Not interfering with or denying the right of a member to make any complaint.
- (i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1001.6 COMMAND STAFF RESPONSIBILITIES

The Sheriff should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- (a) Communicating to all members the prohibition against retaliation.
- (b) The timely review of complaint investigations.
- (c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- (d) The timely communication of the outcome to the complainant.

1001.7 RECORDS RETENTION AND RELEASE

The Records Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1001.8 TRAINING

The policy shall be reviewed with each new member (CRS § 24-31-906).

All members shall receive periodic refresher training on the requirements of this policy (CRS § 24-31-906).

Communicable Diseases

1002.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of office members contracting and/or spreading communicable diseases.

1002.1.1 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Weld County Sheriff's Office. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1002.2 POLICY

The Weld County Sheriff's Office is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1002.3 EXPOSURE CONTROL OFFICER

The Sheriff will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- (a) Exposure-prevention and decontamination procedures.
- (b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- (c) The provision that office members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- (d) Evaluation of persons in custody for any exposure risk and measures to separate them.
- (e) Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Providing baseline testing for members who are exposed to known or possible sources of hepatitis C during the course and within the scope of employment (CRS § 8-42-101).

Weld County Sheriff's Office

Communicable Diseases

2. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
3. Reporting of diseases (6 CCR 1009-1:1 et seq.; 6 CCR 1009-7:1 et seq.).
4. Reporting cases of active or suspected tuberculosis to the Colorado Department of Public Health and Environment (CRS § 25-4-502; 6 CCR 1009-1:4).

The ECO should periodically review and update the exposure control plan and review implementation of the plan.

1002.4 EXPOSURE PREVENTION AND MITIGATION

1002.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to:

- (a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or office vehicles, as applicable.
- (b) Wearing office-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
- (c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
- (d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
- (e) Using an appropriate barrier device when providing CPR.
- (f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
- (g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
- (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
- (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
- (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

Communicable Diseases

1002.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost.

1002.5 POST EXPOSURE

1002.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

- (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- (b) Obtain medical attention as appropriate.
- (c) Notify a supervisor as soon as practicable.

1002.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented:

- (a) Name of the member exposed
- (b) Date and time of the incident
- (c) Location of the incident
- (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- (e) Work being done during exposure
- (f) How the incident occurred or was caused
- (g) PPE in use at the time of the incident
- (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury and Death Reporting and Illness and Injury Prevention policies).

1002.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Office members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary.

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- (a) Whether the member has been informed of the results of the evaluation.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communicable Diseases

- (b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1002.5.4 COUNSELING

The Office shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure.

1002.5.5 SOURCE TESTING

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate. Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- (a) Obtaining consent from the individual.
- (b) Working with the Colorado Department of Public Health and Environment or local health officers through their authority to investigate and control communicable diseases (CRS § 25-1.5-102; CRS § 25-4-506; CRS § 25-4-408; CRS § 25-4-412; CRS § 25-4-413).
- (c) Obtaining a court order for exposures related to assault offenses (CRS § 16-3-303.8; CRS § 18-3-202; CRS § 18-3-203; CRS § 18-3-204; CRS § 18-3-415).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the County Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1002.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law).

Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1002.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training:

- (a) Should be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

Weld County SO Patrol Policy Manual

Communicable Diseases

- (b) Should be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- (c) Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Seat Belts

1003.1 PURPOSE AND SCOPE

The use of seat belts and other safety restraints significantly reduces the chance of death or injury in case of a traffic collision. This policy establishes guidelines for seat belt and child safety seat use to promote maximum operator and passenger safety, thus reducing the possibility of death or injury as the result of a motor vehicle collision. This policy will apply to all employees operating or riding in Office vehicles.

1003.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - A specially designed seating system that is designed to protect, hold, or restrain a child in a motor vehicle in such a way as to prevent or minimize injury to the child in a motor vehicle accident that is either permanently affixed to a motor vehicle or is affixed to such vehicle by a safety belt or a universal attachment system that meets Federal Motor Vehicle Safety Standards and Regulations set forth in 49 CFR 571 (CRS § 42-4-236).

Safety belt system - A system utilizing a lap belt, a shoulder belt or any other belt or combination of belts installed in a motor vehicle to restrain drivers and passengers, and that conforms to Federal Motor Vehicle Safety Standards and Regulations (CRS § 42-4-237(1)(b)).

1003.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this office while on- or off-duty or when in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1003.2.1 TRANSPORTING CHILDREN

An approved child restraint system should be used for all children younger than 8 years of age (CRS § 42-4-236(2)).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance that requires careful seating and positioning of seat belts. Due to this reduced clearance, children and the child passenger safety seat system or booster seat should be secured properly in the front seat of these vehicles, provided this positioning meets the vehicle and the child passenger safety seat system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the passenger side air bag should be deactivated. If this is not possible, deputies should consider arranging alternative transportation.

Seat Belts

1003.3 TRANSPORTING PRISONERS

Safety belts are required for the rear seats of sheriff's vehicles. However, prisoners who are combative and pose a risk of injury to the arresting officer may be transported without safety belts if no alternative safe transportation method can be utilized.

1003.4 INOPERABLE SEAT BELTS

No Office vehicle shall be operated if the seat belt in the driver's position is inoperable. No person shall be transported in a seating position in which the seat belt is inoperable.

No person shall modify, remove, deactivate or otherwise tamper with the vehicle safety belt system, except for vehicle maintenance and repair staff, who shall do so only with the express authorization of the Sheriff.

Employees who discover an inoperable restraint system shall promptly report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1003.5 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operating requirements for safe use.

Fitness for Duty

1004.1 PURPOSE AND SCOPE

Monitoring members' fitness for duty is essential for the safety and welfare of the members of the Office and the community. The purpose of this policy is to ensure that all employees of this office remain fit for duty and able to perform their job functions.

1004.2 POLICY

The Weld County Sheriff's Office strives to provide a safe and productive work environment and ensure that all members of this office can safely and effectively perform the essential functions of their jobs. Under limited circumstances, the Office may require a professional evaluation of a member's physical and/or mental capabilities to determine the member's ability to perform essential functions.

1004.3 DEFINITIONS

Invalid evaluation -- A finding indicating the employee may not have cooperated with the evaluation, has not been truthful, or has shown malingering or other response manipulation on psychological tests causing test findings to be inconsistent or invalid.

No psychological diagnosis -- The results of the evaluation do not suggest that the employee is unfit for duty as a result of a mental disorder or mental health diagnosis.

Required Review Incidents--First responders to, or an active participant in, a line of duty death or serious injury of a colleague, an event where personal safety is unusually jeopardized or any significant event capable of causing considerable emotional distress to those who are exposed to it.

Unfit for duty -- A finding that the employee is unfit for duty and unlikely to become fit in the foreseeable future, with or without treatment.

Unfit but treatable -- A finding that the employee is currently unfit but appears amenable to treatment that will restore fitness in a reasonable amount of time. These findings mean employee leave time is considered as sick leave and no longer as administrative leave from that time the finding is made.

Treatment Practitioner: A practitioner selected by the employee that provides treatment to the employee for a condition.

Examining Practitioner: A practitioner appointed by the Sheriff or Human Resources that determines if an employee is fit for duty. At the discretion of the Sheriff, the examining practitioner may also be the treatment practitioner.

Safety-Sensitive Job Assignment--Any job assignment with essential duties that require the employee be armed, have custody of another person, supervise prisoners, operate an emergency motor vehicle, provide security to the Court or transport prisoners. This also includes employees

Weld County Sheriff's Office

who control the dispatch or movement of employees performing these essential duties. Safety-Sensitive Jobs include the following:

- Undersheriff
- Captain
- Lieutenant
- Sergeant
- Corporal
- Deputy
- Master Control Operator
- Reserve Deputy

Cause—objective facts and rational inferences drawn from those facts that would cause a reasonably prudent supervisor to conclude an employee may be a risk to public or workplace safety because of psychological fitness. Examples of behaviors that may be considered for cause may include, but are not limited to, threats of violence, impaired concentration, abusive behavior of co-workers, prisoners or the public, emotional responses disproportionate with stimuli, angry outbursts, paranoia, anxiety, or unexplained changes in behavior.

1004.4 MEMBER RESPONSIBILITIES

It shall be the responsibility of each member of this office to maintain physical stamina and psychological stability sufficient to safely and effectively perform the essential duties of the position.

During working hours, all members are required to be alert, attentive, and capable of performing their assigned responsibilities.

Members who feel unable to perform their duties shall promptly notify a supervisor. In the event that a member believes that another office member is unable to perform the member's duties, such observations shall be promptly reported to a supervisor.

1004.4.1 LIMITATION ON HOURS WORKED

Absent emergency operations, members should not work more than:

- 16 hours in a one-day period (24-hour period)
- 30 hours in any two-day period (48-hour period)
- 84 hours in any seven-day period (168-hour period)

Except in very limited circumstances members should have a minimum of eight hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Fitness for Duty

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, special events, contract work, general overtime, and any other work assignments.

1004.5 SUPERVISOR RESPONSIBILITIES

All supervisors should be alert to any indication that a member may be unable to safely perform the member's duties due to an underlying physical or psychological impairment or condition.

Such indications may include:

- (a) An abrupt and negative change in the member's normal behavior.
- (b) A pattern of irrational conduct, hostility, or oppositional behavior.
- (c) Personal expressions of instability.
- (d) Inappropriate use of alcohol or other substances, including prescribed medication.
- (e) A pattern of questionable judgment, impulsive behavior, or the inability to manage emotions.
- (f) Any other factor or combination of factors causing a supervisor to believe the member may be suffering from an impairment or condition requiring intervention.

Supervisors shall maintain the confidentiality of any information consistent with this policy.

1004.5.1 REPORTING

A supervisor observing a member, or receiving a report of a member, who is perceived to be unable to safely or effectively perform the member's duties shall promptly document all objective information and/or observations.

The supervisor should attempt to meet with the member to inquire about the conduct or behavior giving rise to the concerns.

If a meeting does not resolve the supervisor's concerns or does not take place, the supervisor shall promptly document the supervisor's observations and actions in a written report and inform the member's Lieutenant or Captain.

1004.5.2 DUTY STATUS

If exigent circumstances exist, the supervisor may place the employee on paid administrative leave. The supervisor shall determine if an application for a seventy-two-hour hold as provided in 27-65-106 is necessary.

Absent exigent circumstances, in conjunction with the Lieutenant or the member's Captain, the supervisor should make a preliminary determination regarding the member's duty status.

If a determination is made that the member can safely and effectively perform the essential functions of the member's job, the member should be returned to duty and arrangements made for appropriate follow-up.

If a preliminary determination is made that the member's conduct or behavior represents an inability to safely and effectively perform the essential functions of the member's job, the supervisor

the member's Lieutenant or Captain should immediately relieve the member of duty and placed on paid administrative leave pending further evaluation.

Employees relieved of duty shall comply with the administrative leave provisions of the Personnel Complaints Policy.

The Sheriff or Undersheriff shall be promptly notified in the event that any member is relieved of duty.

1004.6 FITNESS-FOR-DUTY EVALUATIONS

A fitness-for-duty evaluation may be ordered by the Sheriff or Undersheriff whenever circumstances reasonably indicate that a member is unfit for duty or following an officer-involved shooting or death-in-custody incident.

A fit for duty may also be ordered when a required review incident has occurred.

1004.6.1 PROCESS

The Sheriff or Undersheriff, in cooperation with the Department of Human Resources, may order the member to undergo a fitness-for-duty evaluation.

Paid administrative leave may be used while the member undergoes a fit-for-duty evaluation.

Approved requests are forwarded to the IA sergeant. The IA sergeant or designee contacts the member and provides instructions about scheduling and where to go.

The examining practitioner will provide the Office with a report indicating whether the member is fit for duty. If the member is not fit for duty, the examining practitioner will include the existing restrictions or conditions in the report.

In order to facilitate the evaluation of any member, the Office will provide all appropriate documents and available information.

All reports and evaluations submitted by the examining practitioner or the treatment practitioner shall be stored in a secure confidential file.

Any member ordered to undergo a fitness-for-duty evaluation shall comply with the terms of the order and cooperate fully with the examining practitioner. Any failure to comply with such an order and any failure to cooperate with the practitioner may be deemed insubordination and shall subject the member to discipline, up to and including termination.

Employees not fit for duty may be required to undergo treatment from a qualified treatment practitioner at their own expense. At the completion of the treatment, the employee may be required to submit all reports and evaluations from the treatment practitioner to the examining practitioner to determine if the employee is fit for duty.

Determinations regarding duty status of members who are found to be unfit for duty or fit for duty with limitations will be made in cooperation with the Department of Human Resources.

1004.6.2 PSYCHOLOGICAL EXAMINATIONS

The Sheriff's Office is committed to providing a safe working environment and to protect the health and safety of staff, visitors, prisoners and the public. Personal and work-related trauma, injuries, and other significant events can occur that may result in psychological problems that could compromise public and workplace safety. Employees in safety-sensitive job assignments may be assessed to establish the employee's psychological fitness for duty, when reasonably necessary, to ensure public and workplace safety.

Referral to peer-support, or the agency psychologist, for voluntary counseling is not considered criteria for placing an employee on administrative leave, nor does it require that a psychological fit for duty assessment be initiated.

1004.7 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness-for-duty examination shall be entitled to an administrative appeal as outlined in the County Code.

Lactation Break Policy

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child.

1005.2 POLICY

It is the policy of this office to provide, in compliance with the Fair Labor and Standards Act and the Colorado Workplace Accommodations for Nursing Mothers Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing child for up to two years after a child's birth (29 USC § 207, CRS § 8-13.5-101 and CRS § 8-13.5-104(1)).

1005.3 LACTATION BREAK TIME

Employees wishing to express breast milk for their nursing child shall be permitted to do so during any authorized break. A break period should be permitted each time the employee has the need to express breast milk (29 USC § 207). Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled break or meal periods. In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period are reasonable.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled break time will be considered unpaid.

A reasonable period for such break should be consistent with existing law regulating work breaks under the FLSA, which are generally 5 to 20 minutes in duration (29 CFR § 785.18).

Employees desiring to take a lactation break shall coordinate such break with their immediate supervisor prior to taking said break. Such breaks may be reasonably delayed if they would seriously disrupt Office operations.

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1005.4 PRIVATE LOCATION

The Office will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207).

The area assigned for this purpose should not be used for storage of any devices, supplies or expressed milk and should be returned to its original state after each use.

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid

Payroll records are submitted to Human Resources on a monthly basis for the payment of wages.

1006.1.1 RESPONSIBILITY FOR COMPLETION OF PAYROLL RECORDS

Employees are responsible for the accurate and timely submission of payroll records for the payment of wages.

- Specific time reporting requirements may be imposed for employees depending upon their assignment.
- The time logged for the scheduled work day will be logged with the time reporting code of REG in the payroll software
 - Deputies are allotted an additional.25 hours on their scheduled work days for vehicle pre-operational checks, equipment maintenance and preparation.

This time is logged with the time reporting code of REG time in the payroll software
 - REG time will not exceed the deputy's regularly scheduled shift, plus the.25 hours for equipment; (i.e. 10.25 hours REG)

Any time worked beyond the regularly scheduled shift will be documented with the time reporting code of EXTDS
 - Work time will be classified with the time reporting code of CIH, only if the deputy has gone off-duty prior to being recalled or is being called out on an unscheduled day.
 - All other time reporting codes will be used as appropriate for the situation; i.e. sick time, vacation time, personal leave, etc.

1006.1.2 TIME REQUIREMENTS

All employees are paid on a monthly basis usually on the last business day of the month with certain exceptions such as holidays. Payroll records shall be completed and submitted to Human Resources within 5 calendar days of the end of said pay period.

Overtime

1007.1 PURPOSE AND SCOPE

It is the policy of the Office to compensate nonexempt employees who work authorized overtime by payment of wages or through the use of flex time. Flex time must be utilized within the same pay cycle that it was earned.

1007.1.1 OFFICE POLICY

Because of the nature of law enforcement work, and the specific needs of the Office, a degree of flexibility concerning overtime policies must be maintained.

Nonexempt employees are not authorized to volunteer work time to the Office. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, approval shall be sought as soon as practicable during the overtime shift and in no case later than the end of shift in which the overtime is worked.

1007.2 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. The supervisor approving the overtime must log their approval on the employee's time sheet.

1007.2.1 CALL-IN TIME

Collateral duties occasionally require an employee to appear on his/her off-duty time, due to a call-in situation (SWAT, K-9, Detectives, FET, etc.). In these situations, the employee will be compensated accordingly.

All employees will receive a minimum of 2-hours credited time for all call-in appearances that occur outside of the employee's regularly scheduled work time.

- If the call-in appearance does not exceed two hours, the employee logs two hours of call-in time on their time sheet.
 - The 2-hour minimum applies only if the employee has begun their response to the call-in; i.e. logged on with dispatch, and enroute to the call.
- If the call-in appearance extends longer than two hours, the employee logs the actual time worked.

1007.2.2 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

TIME WORKED	INDICATE ON TIMESHEET
Up to 15 minutes	.25 hour
16 to 30 minutes	.50 hour
31 to 45 minutes	.75 hour
46 to 60 minutes	1.0 hour

1007.2.3 VARIATION IN TIME REPORTED

Where three or more employees are assigned to the same activity, case or court trial, and the amount of time for which payment is requested varies between the three, the Shift Sergeant or other approving supervisor may require each employee to include the reason for the variation on their time sheet.

On-Duty Injuries

1008.1 PURPOSE AND SCOPE

The purpose of this policy is to provide for the reporting of on-duty injuries, occupational illnesses or deaths, the circumstances of the incident and to ensure proper medical attention is received by the employee. (Refer to Accident & Injury Reporting policy)

1008.2 INJURY NOT REQUIRING MEDICAL ATTENTION

Injuries and illnesses not requiring medical attention are still required to be recorded on a Supervisor's Report of Injury Form. This form shall be completed and signed by a supervisor.

This form shall be signed by the affected employee, indicating that he/she desired no medical attention at the time of the report. By signing this form, the employee will not preclude his/her ability to seek medical attention later.

1008.3 SETTLEMENT OF INJURY CLAIMS

Occasionally, an employee's work-related injury results from the negligent or wrongful acts of another, the losses for which the employee, the County and/or other insurers are entitled to recover civilly. To ensure that the County's interests are protected and that the employee has the benefit of the County's experience in these matters, the following procedure is to be followed.

1008.3.1 EMPLOYEE TO REPORT INITIAL CONTACTS

When an employee sustains work-related injuries caused by another person and is then approached by such person or an agent, insurance company or attorney and offered a settlement of claims, that employee shall take no action other than to make a written report of this contact to his/her supervisor as soon as practicable.

1008.3.2 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an on-duty injury, the employee shall provide the Sheriff or his designee with written notice of the proposed terms of such settlement.

In no case shall the employee accept a settlement without first giving such written notice to the Sheriff. The purpose of the notice is to permit the County to determine whether the offered settlement will affect any claim the County may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the accident or injury, and to protect the County's right of subrogation, while ensuring that the employee's rights to receive compensation for injuries are not affected.

PEER SUPPORT TEAM

1009.1 PURPOSE AND SCOPE

The Sheriff's Office employs over 400 full and part time employees. With an ever growing population, the office and its staff encounter an ever increasing number of critical incidents that may affect employees psychologically and emotionally. Deputies have traditionally supported each other when experiencing emotional difficulties or troubling stressors, however, there has been no structure or outreach defined by policy.

The Peer Support Team (PST) will provide support to personnel experiencing personal and/or work related stress and also during and following critical incidents while on or off duty. In addition, the PST provides peer support for personnel and their families who experience stresses generated by the role of law enforcement in today's society. The Peer Support Team also assists the department licensed mental health professional as needed.

The Peer Support Team and the PST Clinical Supervisor (department licensed mental health professional) will assist the Professional Standards Unit in providing pre-incident training for all Sheriff's Department sworn personnel. This pre-incident training will address the Officer Involved Shooting Protocol and associated potential responses to Office Involved shootings and other critical incidents at a minimum.

1009.2 DEFINITIONS

Critical Incident: An incident that has the potential to cause significant physical or mental injury or to overwhelm the individual's capacity to manage the emotional impact.

Examples of critical incidents may include but are not limited to:

- (a) Shootings involving serious bodily injury or death.
- (b) Unusual catastrophic incidents such as an airplane crash, school bus crash, a fire, flood or tornado that causes loss of personal property, serious bodily injury or death.
- (c) Vehicular crashes that involve serious bodily injury or death.
- (d) Employee hostage situations.
- (e) Significant suicide attempts.
- (f) In custody deaths.
- (g) Assault on an employee.
- (h) Death of a fellow or former employee.
- (i) Deputy involved shootings.

Note: After many critical incidents, staff members may be placed on paid/unpaid administrative leave pending the results of an internal/criminal investigation or court proceedings. Peer Support Team members are still authorized to communicate with individuals during these time periods.

Weld County Sheriff's Office

Weld County SO Patrol Policy Manual

PEER SUPPORT TEAM

The Peer Support Team Coordinator should be notified before any of these meetings take place. If a meeting would potentially hurt the image or mission of the Sheriff's Office, it should be brought under the advisement of the Sheriff before the meeting takes place. After a staff member is separated from the Sheriff's Office, they may be contacted by a member of the Peer Support Team to be advised of available counseling and assistance if they should need any. The Department's licensed mental health professional may also provide counseling to individuals who have separated from the Sheriff's Office for up to three additional months after separation.

Leave following a critical incident: An employee directly involved in a critical incident that does not involve the death of serious injury of another person due to the employee's actions may be granted immediate administrative leave at the discretion of a supervisor. Additional time off for sick (administrative) leave may be granted by the Sheriff or designee.

In incidents where an employee's actions result in the death or serious injury of another person, the employee may be placed on administrative leave until the administrative investigation of the incident is completed. Administrative leave beyond the completion of the administrative investigation is at the Sheriff's discretion.

1009.3 ORGANIZATION AND ADMINISTRATION

The PST is comprised of Sheriff's Office personnel and operates under the general direction of the PST Clinical Supervisor and the specific direction of the team coordinator and assistant coordinators. If the team coordinator is unavailable to oversee the team, one of the assistant coordinators assumes responsibility. In the event of the absence of the team coordinator and the assistant coordinators, an acting coordinator will be designated.

1009.4 TEAM SELECTION

The PST Coordinator is designated by the Sheriff. The assistant coordinators are selected by the PST Clinical Supervisor and PST Coordinator. Department personnel are notified when there are vacancies on the PST. Interested personnel must submit a letter of interest to the PST coordinator within the specified time limit. In the letter of interest, applicants must include (1) information about why they wish to become a member of the PST, (2) a list of any past training relevant to peer support, (3) a description of experiences relevant to peer support, (4) a brief statement about how they personally manage stress, and (5) any other information pertinent to their application.

Applicants are screened and interviewed by the Coordinator and selected members of the PST to determine suitability. Current PST members may provide input before an applicant is appointed to the team. The PST Coordinator submits a list of qualified applicants to the Sheriff, via the Chain of Command, for final approval and appointment to the PST.

1009.5 CONFIDENTIALITY

PST confidentiality is specified under Colorado Revised Statutes 13-90-107(m). Specific interactions are protected under this statute.

There are several circumstances where information obtained by PST members is not confidential, that include but are not limited to:

The PST is available on a 24-hour call-out basis. Any Sheriff's Office personnel may request a team member to respond to an incident and any team member may respond to any incident where assistance may be required. The PST Coordinator should be advised before any team member response whenever practical.

Any person associated with the Sheriff's Office may request PST assistance with personal or work-related matters. Weld County's Employee Assistance Program is available as well.

Supervisors may recommend that persons under their direct supervision contact the PST Clinical Supervisor or members of the PST if it is believed that PST support would assist the person to better manage personal or work-related stress. Recommendations do not constitute a supervisory order and PST contact is optional.

1009.7 CRITICAL INCIDENT DEBRIEFING

Critical incident debriefing is a resource for personnel who have recently experienced a critical incident. The PST, under the direction of the PST Clinical Supervisor, will determine whether a debriefing is necessary following an incident. Critical incident debriefing is open to all personnel directly involved and/or affected by the critical incident. Participation in any critical incident debriefing or other group interaction is optional. Debriefings and other group interactions conducted under the facilitation of the PST clinical supervisor are confidential within the limits prescribed by law.

PST member facilitated critical incident debriefings must be approved by the PST Clinical Advisor and shall be conducted in accordance with the PST Operational Guidelines which will be found in the most recent Peer Support Team Manual. The identity of participants and information discussed during any PST-member facilitated debriefing or other group PST interactions are considered confidential and shall not be subject to inquiry by Internal Affairs or other administrative inquiry.

Personnel involved in an Internal Affairs investigation or a supervisory inquiry that request assistance in dealing with the stress related issues arising from the investigation or inquiry may utilize the support services of the PST Clinical Advisor or uninvolved members of the PST.

1010.2 PROGRAM COORDINATOR

The program coordinator may select individual deputies to serve as advisers for the Cadet and Explorer Program. These deputies will serve as mentors for each cadet and explorer. Cadets and explorers will bring special requests, concerns and suggestions to their program adviser for advice or direction before contacting the program coordinator. One adviser may be designated as the coordinator's assistant to lead scheduled meetings and training sessions involving the cadets and explorers. Multiple cadets and explorers may be assigned to each program adviser. Program advisers are not intended to circumvent the established chain of command. Any issues that may be a concern of the individual's supervisor should be referred back to the program coordinator.

1010.3 ORIENTATION AND TRAINING

Newly appointed cadets and explorers will receive an orientation of the organization and facilities before reporting to their first assignment. On-the-job training will be conducted in compliance with the Cadet and Explorer Training Manual. Training sessions will be scheduled as needed to train cadets and explorers for as many assignments as possible. In addition to job-specific training, information will be offered to prepare cadets and explorers to compete successfully in the sheriff's deputy selection process, as well as the academy training. All training will focus on improving job performance, as well as preparation to become sheriff's deputies. These meetings will also offer an opportunity to receive continuous feedback regarding progress of the program.

1010.4 CADET AND EXPLORER UNIFORMS

Each cadet and explorer will be provided two uniforms meeting the specifications described in the uniform and equipment specifications manual for civilian employees.

1010.5 ROTATION OF ASSIGNMENTS

Upon receipt, the Lieutenant will review each Performance History Audit Report and determine whether it should be provided to a deputy's immediate supervisor for further consideration. The deputy's immediate supervisor will carefully review the Performance History Audit Report with the deputy to assess any potential trends or other issues that may warrant informal counseling, additional training or a recommendation for other action, including discipline.

If a supervisor determines that a deputy's performance warrants action beyond informal counseling, the supervisor shall advise the appropriate Lieutenant through the chain of command of such recommendation.

Supervision

1113.1 RATIONALE

Effective and efficient command, control and communication are furthered by a hierarchal chain-of-command organizational structure and accountability.

1113.2 DEFINITIONS

Accountability—for the purpose of this directive, accountability means personal responsibility for actions that are personally taken or for the actions of others when the authority to act is delegated

Chain-of-Command—a hierarchical order of supervisors through which authority is delegated from top management to every agency employee at every level of the organization. Generally speaking, direction or instructions flow downward along the chain of command and accountability flows upward.

Open Door—a Sheriff's policy that allows any subordinate in the chain-of-command to directly communicate with the Sheriff without retribution. Open door, however, is not an alternative to following the chain of command to resolve work-related conflicts.

Unity-of-Command-- a subordinate being responsible to only one supervisor at any time and a supervisor giving direction or orders only to subordinates the supervisor is responsible for

1113.3 PROCEDURE

- (a) The basic chain of command from the Sheriff to an employee is Sheriff to Undersheriff, Undersheriff to Division Captain, Division Captain to Lieutenant, Lieutenant to Sergeant or Unit Supervisor, Sergeant or Unit Supervisor to detentions deputy, patrol deputy, other subordinates or employees
 - (a) **Booking Corporals largely exercise their authority in a Booking/Detentions environment
 - (a) Supervisors in the chain of command will maintain the unity of command
 - (b) All supervisors, deputies and employees are responsible to ask for clarification when the unity of command is unclear
 - (c) Exceptions to the chain of command are allowed to report misconduct, a crime or excessive force
- (b) Subordinates receiving an order or direction from a supervisor in the chain of command are responsible to tell the supervisor when that order or directive is in conflict with that from another supervisor
 - (a) If circumstances do not allow the opportunity to resolve conflicting orders, subordinates are expected to follow the most recent directive and seek to resolve the conflict at the earliest opportunity
- (c) Subordinates finding a conflict in written directives are responsible to inform a supervisor in the chain of command to resolve the conflict

Supervision

- (a) If circumstances do not allow the opportunity to resolve the conflict, subordinates are expected to follow the most recent written directive and seek to resolve the conflict at the earliest opportunity
- (d) A subordinate having conflict with a supervisor will first attempt to resolve the conflict directly with that superior
 - (a) Exceptions are allowed for cases of misconduct, criminal activity or excessive force
 - (b) If conflict remains unresolved, a subordinate may schedule a meeting with his/her supervisor and the next person in the chain of command to attempt resolution
 - i. The process may be continued through successive levels of the chain of command to the Sheriff or Undersheriff

Use of Accrued Vacation Leave in Lieu of Suspension

1114.1 RATIONALE

A hardship from an unplanned absence to employees and/or a financial hardship to the family and/or dependents of the employee involved may be collateral consequences of a disciplinary suspension without pay. Employees may request that accrued vacation leave hours be deducted in lieu of the suspension to mitigate hardships.

1114.2 PROCEDURE

- (a) The use of accrued vacation leave in lieu of suspension without pay is strictly voluntary and requested at the sole discretion of the employee
 - (a) An approved request means vacation hours will be deducted from accrued vacation hours in the amount equal to the number of scheduled work hours that would be otherwise not be worked because of the suspension
 - i. If approved, the employee will work and be paid for regularly scheduled work hours because the only impact is the deduction of accrued vacation hours
 - (b) No supervisor will reward, encourage or discourage an employee's request to use accrued vacation leave in lieu of suspension leave without pay
 - (c) No employee is compelled to use accrued vacation leave in lieu of suspension leave without pay
- (b) No employee has a right to use accrued vacation leave in lieu of suspension leave without pay
 - (a) Approval of a request is discretionary
- (c) Request to use accrued vacation leave in lieu of suspension leave without pay by completing a request form ([See attachment: Use of Accrued Vacation in Lieu of Suspension form - Appendix A.pdf](#))
 - (a) Submit completed request forms to the Undersheriff via chain of command beginning with the employee's supervisor
- (d) Each person in the chain of command considers the totality of circumstances in the recommendation for suspension leave without pay and documents their support or non-support before forwarding the request to the next level of the chain of command
- (e) The Undersheriff reviews recommendations, considers the totality of circumstances and approves or denies the request
 - (a) The written decision is returned via chain of command
 - i. A copy is forwarded to the employee's file at Human Resources
 - (b) The immediate supervisor keeps a copy of the approval pending a electronic timesheet submission from the employee

PAT courses are validated based upon a job task analysis in which the elements are germane to the physical requirements of the position(s). The analysis and validation should be established by external professional experts.

Not-for-Record – A PAT administered to determine suitability for future promotion or transfer, practice, training, measuring fitness progression or course familiarization. The time from a not-for-record PAT will not be used to determine if a deputy is physically able to perform the essential functions their current primary job assignment, but may be used for other administrative purposes such as a promotional process, determining suitability for future transfer to another Division, and assignment to a POST Academy, SWAT or K9 units.

Encrypted Radio Channels

1138.1 PURPOSE AND SCOPE

The Sheriff's Office is committed to remaining transparent in how it carries out duties in the community. The Office welcomes community efforts to monitor all emergency and routine radio communications through commonly available lawful means such as radio scanner apps. Community members have an interest in ensuring laws are enforced fairly and deputies carryout their duties professionally according to community standards.

Occasionally, operational needs require secure and confidential law enforcement radio communications. To meet this need, WCSO designated several radio channels that utilize encryption technology. Radio encryption technology prevents third parties from monitoring communications or transmitting in the encrypted channels unless they have the authorized encryption key.

1138.2 ENCRYPTED CHANNELS

TAC 2 and TAC 3 in Zone 3 are encrypted radio channels available to all deputies in the Patrol Division in their hand-held and vehicle radios. SWAT 1 and SWAT 2 in Zone 7 are encrypted radio channels available to deputies assigned to SWAT, Hostage Negotiations and K9 teams in their hand-held radios only. Executive Staff can monitor and transmit in all encrypted channels. Radio communications in all encrypted channels is recorded and available for review if necessary.

Weld County Regional Communications Center (Dispatch) cannot monitor or transmit in the encrypted radios channels. Deputies and supervisors should remain cognizant, and plan for, the officer safety implications of WCRCC not being able to monitor or transmit in the encrypted radio channels.

1138.2.1 ENCRYPTED CHANNEL USE

The use of all WCSO encrypted channels is authorized when:

1. There is a substantial officer safety need, such as when deputies are about to contact a suspect and there is previous information that the suspect is armed and/or known to monitor police radio communications to defeat arrest.
2. The content of the communication is of such high sensitivity to warrant an elevated level of confidentiality, such as when deputies conduct covert surveillance on subjects known to employ counter surveillance techniques, or are suspected of monitoring police radio communications to evade law enforcement or defeat arrest.

To achieve the goal of remaining transparent to the community, the time spent in the encrypted channels shall be minimized. The use of the encrypted channels should only occur during portions of a call that warrant such capability, instead of for a whole operation. Time usage should be like when a channel is "cleared". The time spent under encryption should be minimized to what's needed.

Operational rules for the use of WCSO encrypted channels:

Weld County Sheriff's Office

 - (b) Advise dispatch when leaving the normal radio channels to the encrypted channels.
 - (c) Minimize the time in the encrypted channels to what is essential.
 - (d) Advise dispatch when returning to the normal radio net.
2. Supervisors:

 - (b) If different, shall notify the on-duty patrol supervisor that operations are occurring in the encrypted channels.
 - (c) Shall ensure dispatch is notified that operations are occurring in the encrypted channels.

Showup Provisions.pdf

Eyewitness Showup provisions

The following are guidelines to perform an eyewitness showup that complies with state statute 16-1-109 Eyewitness Identification Procedures. The following guidelines are based upon nationally recognized peer-reviewed research.

- If there are multiple eyewitnesses, they shall be kept separate from each other; including when transported, while viewing the subject, and at any other time.
- If there are multiple subjects, the deputy shall separate the subjects and conduct separate showups for each subject.
- The location must be as well-lit as practicable with an unobstructed view of the subject.
- The deputy shall avoid external suggestive factors such as verbal comments, MDT screen data, or any other information related to the subject.
- The deputy shall not require the subject to put on clothing, speak specific words, or perform any specific actions intended to mimic the suspect.
- The subject shall not be shown to the eyewitness in handcuffs or in the back of a patrol car, **except when necessary to prevent an imminent threat of harm or escape**. If necessary, document the circumstances in a written report.
- If feasible, an interpreter should be used for eyewitnesses who have limited English proficiency or are hearing impaired.
- The deputy shall photograph or video the subject and the showup location to preserve a record of the subject at the time of the identification. If the deputy is wearing a bodycam, the entire procedure shall be recorded including the admonition given to the witness.
- If the eyewitness makes an identification during a showup, the deputy shall ask whether the witness is "confident," "somewhat confident," or "not confident" about the identification. The deputy shall take a clear statement from the eyewitness and document it in the witness's own words.

All appointments to view items in evidence shall be scheduled during normal business hours and only when sufficient personnel are available to conduct the viewing (minimum of two WCSO employees).

Defense Attorneys or their Investigators who want to view evidence shall contact the District Attorney's Office or the Deputy/Detective handling the case and make arrangements for viewing the evidence. The DA representative or Detective is responsible for contacting the Evidence Unit to set a date and time for the viewing.

Should Defense Attorneys want to view evidence without a DA representative or Detective present, they will obtain a court order which will be directed to the respective Deputy's chain of Command.

Any viewing can be terminated at the discretion of the Deputy or Evidence Staff for violations of procedure, unprofessional conduct or for any unforeseen law enforcement emergency.

The time allotted for evidence viewings will not exceed two hours.

**2022 WCSO Bloodborne Pathogen
Exposure Control Plan (Approved).pdf**

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

Purpose and Scope

The purpose of the Bloodborne Pathogen Exposure Control Plan (ECP) is to establish a unified approach throughout the agency to handle exposure incidents in which employees are exposed to bloodborne pathogens (BBP) or other potentially infectious materials (OPIM) while performing their assigned duties. The ECP will guide Exposure Control Officers (ECOs) as they ensure appropriate post-exposure care for affected employees while accounting for agency needs and ensuring compliance with applicable standards of care while considering legal obligations.

Rationale

Any employee may experience an occupational exposure to blood or other potentially infectious materials. All employees shall observe universal precautions to prevent contact with BBP or OPIM. All bodily fluids, to include blood/OPIM, will be considered infectious regardless of the perceived status of the source or source individual(s). Engineering and work practice controls will be provided where applicable and utilized by employees in order to eliminate or minimize exposure risk. When exposures are reported, trained employees (ECOs) must respond to determine if an exposure occurred. In the event of an exposure, the ECO will respond to investigate the infectious status of the source individual(s).

United States Code 42 USC § 300ff131 – 140 (Ryan White Care Act, Part G) [Notification of Possible Exposure to Infectious Diseases]

Definitions

Bloodborne pathogen (BBP) - Pathogenic microorganisms that are present in human blood that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV).

Exposure Control Officer (ECO) - A trained employee of the Weld County Sheriff's Office who assists members of the agency by ensuring that proper notification of exposures takes place and that employees are provided appropriate post exposure medical treatment, in accordance with Centers for Disease Control guidelines, Colorado Revised Statutes, and the Ryan White Care Act. ECO's are primarily responsible for the creation and completion of Exposure Incident Reports, the gathering of information and investigating exposures, and act as a liaison between

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

the affected employee and their supervisor with regards to medical treatment or follow-up. ECO's act as medical professionals in the execution of their duties.

ECC (Coordinator) – A Sergeant acting as the Exposure Control Coordinator responsible for the creation, maintenance, and oversight of the exposure control plan and its execution, coordination of required training, and generating statistical reports as necessary. The ECO Coordinator reports to an Administrative Lieutenant regarding the ongoing management of the ECO Team.

Exposure Incident - An incident in which blood or other potentially infectious materials comes in direct contact with the non-intact skin, eye, mouth, or other mucous membrane, or other parenteral contact that results from the performance of the employee's duties.

Exposure Incident Report – A report that documents the circumstances of an exposure incident including the names of the parties involved, date and time of exposure, location where the exposure occurred, nature and type of the exposure, and source patient information to include infectious status for HBV, HCV, and HIV.

Personal Protective Equipment (PPE) - Specialized clothing or equipment worn by an employee to reduce the risk of exposure of an employee's skin or mucous membranes to potentially infectious materials (i.e. latex gloves, goggles/masks, gowns, one-way CPR masks, etc.) General work clothes (uniforms, pants, shirts, etc.) are not intended to function as protection against a hazard and are not considered to be personal protective equipment.

Secure Precautions (SECP) or Universal Precautions Hazard Flag - A deliberately vague notation in the flags/hazards section of an inmate's page in the JMS or hazard notation that exists solely if an individual is known to have an infectious disease which emergency response employees would be required by law to be informed of, while simultaneously protecting the individual's medical privacy rights.

Occupational Exposure - Reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious material that may result from the performance of an employee's job duties.

Universal Precautions - An approach to infection control in which all human blood and certain other bodily fluids defined by 29 CFR 1910.1030 (semen, vaginal secretions, amniotic fluid, cerebrospinal fluid, synovial fluid, pleural fluid, and peritoneal fluid) are treated as if known to be infectious for bloodborne pathogens and require infection control procedures using protective barriers such as PPE.

Engineering Controls – a prevention strategy that eliminates or reduces exposure to blood or potentially infectious material through the use of substitution of engineered machinery or equipment. Examples include, but are not limited to, self-capping syringe needles, ventilation systems such as a fume hood or a negative air pressure room.

Control Plan Administration

Employees within the agency will receive an explanation of this Exposure Control Plan (ECP) during their initial agency training. Annual refresher training on the control plan will be reviewed with employees that are ECOs.

1. The ECO Coordinator is responsible for reviewing and updating the ECP annually, or more frequently if necessary. These updates should reflect new or modified tasks and procedures that affect occupational exposure as well as new or revised positions with occupational exposure.
2. The ECO Coordinator will investigate any complaints made regarding the ECP as a whole or the performance of an ECO related to their involvement with an exposure incident.
3. The ECO Coordinator is responsible for ensuring that there are adequate numbers of ECO's within the agency to be able to handle exposures that occur.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

4. The ECO Coordinator will ensure that all ECO's are trained and that an updated list with contact phone numbers of current ECO's is available to supervisors (to be stored in a file on the current server).

PREVENTION AND MITIGATION OF OCCUPATIONAL EXPOSURE

Hepatitis B Vaccination Program

1. The Hepatitis B vaccination series is available to all employees through the Weld County Employee Medical Clinic. The vaccination and any routine boosters are offered at no cost for employees.
 - a. Vaccination is encouraged but not mandatory.
 - b. If refused, the vaccination remains available at no cost, at any time throughout employment if the employee later decides to receive this benefit.

Personal Protective Equipment (PPE)

1. Approved PPE is provided to employees by the agency at no cost. Employees are required to use appropriate PPE for the task being performed.
 - a. Exceptions may be articulated when applying PPE is impractical or hazardous to the safety of the staff member or to members of the public.
 - b. Provided PPE shall not permit blood/OPIM to pass through or reach the employee's clothing, skin, mouth, or other mucous membranes under normal conditions of use and for the duration of time the PPE is expected to be used.
2. Disposable protective gloves shall be made available to all staff at all agency work sites, including jail housing unit stations, assigned county vehicles, and crime scenes. Gloves shall be worn by employees when touching/handling items or surfaces where blood/OPIM, non-intact skin, or mucous membranes may be reasonably anticipated.
 - a. Gloves will never be washed or decontaminated for reuse and must be replaced as soon as feasible when they become contaminated or if their ability to function as a barrier against contamination is compromised.
3. Wearing masks in combination with eye protection devices (i.e. goggles, glasses with solid side shield, or chin length face shields), is highly encouraged whenever splashes, spray, spatter, or droplets of blood/OPIM may be generated and potential contamination of the eye, nose, or mouth can reasonably be anticipated.

Engineering Controls, Work Practices, and General Precautions

1. All staff members are expected to use good judgment and follow training to mitigate the risks of occupational exposure. This includes, but is not limited to the following:
 - a. Using universal precautions, treating all human blood and bodily fluids/tissues as if it is known to be contaminated with bloodborne pathogens.
 - b. Stocking disposable gloves, blood exposure control kits, one-way CPR masks, and any other appropriate PPE at any duty station, and reporting any deficiencies to a supervisor.
 - c. Washing hands immediately or as soon as feasible after removing PPE or handling any potentially infectious material.
 - d. Handling all sharps, needles, razors, knives, broken glass, or other items that cut or puncture cautiously, using mechanical means (brush & pan, forceps, etc.) to handle these items or recap needles, and storing these items in a puncture resistant container for storage or transportation.
 - e. Decontaminating non-disposable equipment (i.e. flashlight, restraints, radios, etc.) as soon as possible.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

- f. Housing inmates suspected of having airborne pathogens in a negative airflow cell within the jail.
 - g. Avoiding eating, drinking, applying cosmetics or lip balm, handling contact lenses, or any other action likely to result in exposure in a work area where blood/OPIM is present or likely to be present.
 - h. Disposing of biohazardous waste appropriately or labelling biohazardous material properly when it is stored.
2. When an individual's infectious status is known, employees involved in the transport or supervision of that individual are given general advisement of the individual's status as requiring Universal Precautions and having a bloodborne pathogen (but not the specific pathogen) satisfying both medical privacy concerns as well as legal requirements for notification to emergency response employees as mandated under the Ryan White Care Act (42 USC § 300ff-133; 42 USC § 300ff-136) to inform these employees of a life-threatening infectious disease.
 - a. Patrol deputies and other staff may be notified via a "Universal Precautions" Hazard Flag advisement from dispatch within the call log for a given incident or contact.
 - b. Detentions deputies and other staff may be notified via a Special Security Precautions (SECP) Hazard Flag on the Inmate screen in the JMS.
 - i. Within the jail, these flags are entered by Sergeants once notified by medical staff when they become aware of an individual having a bloodborne pathogen during a medical screening or assessment.
 - ii. When deputies become aware of an inmate with a bloodborne pathogen, a supervisor will enter this flag to make the same notification to staff

Housekeeping, Laundry, and Decontamination

1. All contaminated areas, work surfaces, or equipment shall be decontaminated as soon as possible. Decontamination may be accomplished by using EPA germicides or a 1:10 bleach to water solution.
2. When decontamination is not feasible, a clearly observable label shall be attached stipulating what remains contaminated and the nature of that contamination prior to other personnel interacting with the contaminated area or equipment.
3. All garments or clothing penetrated by blood/OPIM shall be removed as soon as possible.
4. Used inmate razors within the jail shall be collected from housing units, placed in a bag or container to prevent leakage, and disposed of as soon as practicable.
5. Sharps containers are puncture resistant, leak proof, labelled with a biohazard label or color-coded, and closed prior to removal, replacement, or movement to prevent spillage or protrusion of contents during handling. If the primary container leaks or may leak, the primary container should be placed into a secondary container that meets these stated requirements to prevent leakage.
 - a. Evidentiary sharps shall be stored in sharps containers prior to submission for storage or evidence processing.
6. Clothing and other non-sharps either saturated with or covered in blood or OPIM which are to be disposed of should be done in regulated waste container in a manner compliant with the regulations of the facility managing the storage and pickup of regulated waste.
 - a. Within the Weld County Jail, leak-proof, puncture-proof, and closeable regulated biohazard waste bins are managed by contracted medical staff and are colored red.
 - i. Waste placed in these bins must be tied off tightly in a red biohazard bag to prevent leakage and may not be overfilled or filled above 35 lbs.
 - ii. Mere presence of blood/OPIM does not meet the requirements to use these bins or be disposed of as "biohazard trash" and may instead be disposed of as normal waste.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

Items placed into these bins must have soaked up or been covered in a significant quantity of blood or OPIM (i.e. bandages, wound wrapping or packing, a shirt used as a compress over a wound, etc.)

7. All soiled laundry should be assumed to be contaminated and handled with universal precautions.
 - a. Uniforms and work clothing are laundered at a private contract laundry facility, (i.e., a dry cleaner under contract with the county.)
 - i. Employees shall notify the contractor to use standard precautions for post-exposure clothing when delivering it to the contract facility.
 - b. Inmate workers at the Weld County Jail launder institutional laundry generated by the jail and are trained to decontaminate the prisoner transport compartments of law enforcement vehicles in the booking garage.
 - c. Soiled laundry should be handled as little as possible with minimal agitation, being bagged or containerized at the location where it was used or encountered in such a fashion as to prevent exterior leakage.

POST-EXPOSURE EVALUATION, INVESTIGATION, AND FOLLOW-UP

1. Employees who experience an exposure or suspected exposure shall begin decontamination procedures as soon as practicable (i.e. wash hands any other exposed skin with soap and hot water, flush eyes or other mucous membranes with water).
 - a. Employees will immediately report the incident to a supervisor as soon as practicable.
 - b. Supervisors notify an Exposure Control Officer as soon as possible.
2. Once the ECO is activated by the supervisor, they become a medical representative for the Sheriff's Office and are subject to confidentiality regulations.
3. Duties are delineated between the on-duty supervisor and the ECO in order to limit supervisor knowledge of protected medical information while promptly providing for both Worker's Compensation processes and the care of the employee and investigation of the source individual in the exposure incident.
4. Supervisors are responsible for reporting, documenting, and handling the exposure through normal Worker's Compensation forms and processes.
 - a. Supervisors should not seek out nor include information regarding the infectious or medical statuses of either the employee or the exposure source individual.
5. The ECO will investigate the incident to determine if an exposure occurred and generate a Pathogen Exposure Incident Report, filed under the restricted-access "Pathogen Exposure" folder on the network "M" Drive.
6. The ECO shall first determine if the involved employee has suffered an exposure incident, relaying this finding immediately to the employee & supervisor.
 - a. If the incident is deemed not to be an exposure, the ECO generates an Exposure Incident Report to document the rationale of a non-exposure finding. The employee will receive written notification of the non-exposure finding from the ECO within 24 hours.
7. If the employee has suffered an exposure, the ECO shall ensure the employee receives a confidential medical evaluation and follow-up for the exposure as soon as possible.
 - a. If the employee has been sent for treatment/evaluation already, this determination should be communicated to the employee as soon as possible.
 - b. While the ECO ensures that the employee is sent for follow-up care, the ECO does not transport or act as a "guardian deputy" for the exposed employee. The ECO instead assists the exposed employee by immediately attempting to gain voluntary source individual testing.

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

8. The ECO shall interview and investigate the source individual to determine HBV, HCV, and HIV infectious status. Documented consent from the source individual for a blood draw to test for these diseases or any other applicable disease is the primary goal of the interaction, in order to determine the source individual's infectious status. The identity of the source individual and their consent or refusal should be documented in the report narrative. The source individual's identity and infectious status or possible infectious status should be included in the report, including but not limited to:
 - a. The individual's statements regarding their status
 - b. Hazard flags or other notations in the JMS or call log
 - c. Information provided by medical staff on scene or in the jail
 - d. Employee personal or prior knowledge of the individual
 - e. The individual's charges, possessions, or surroundings
 - i. Information gained in this interview is confidential medical information and inadmissible for purposes of criminal reporting.
 - ii. If the source individual can't be identified, efforts to identify them will also be documented in the report.
9. Blood draws are performed at no cost to the source individual and are instead billed to the WCSO through Worker's Compensation to aid in the employee's post-exposure care.
 - a. Source individuals are entitled to the results of their blood tests
10. If the source individual provides consent for a blood draw, the ECO will facilitate the blood draw or coordinate its completion.
 - a. The signed consent form for blood draw should be scanned and included in the exposure report, and if applicable, placed into the inmate's file at the Weld County Jail.
 - i. In exigent circumstances, consent may be given verbally, in the presence of two staff members who may attest to the granting of that consent or a recording of such consent. This must be witnessed by the two staff members in writing and included in the inmate's file at the Weld County Jail.
 - ii. Note: Consent may be revoked at any time.
 - b. Within the jail, contracted medical staff may perform the blood draw of a consenting source individual that is an inmate in custody. Medical staff does not perform testing on the specimens and will instead provide the specimens to the ECO to be taken offsite for testing.
 - c. Outside of the jail, source individuals may be transported to a local hospital for blood draws or blood may be drawn by a medical professional qualified to do so. The transport may be done either as part of a medical clearance prior to acceptance for book-in at the jail, or as a courtesy ride for source individual(s) in a non-criminal exposure scenario. If testing of a blood specimen is unavailable at the location of the blood draw, samples may be provided to the ECO to be taken off-site for testing.
 - d. Completed blood draws are run as "rush" orders and may be submitted through the Horizon Outpatient Laboratory at Northern Colorado Medical Center.
11. If the source individual refuses to provide consent for a blood draw or is unable to provide consent for a blood draw, options for pursuing a court ordered blood draw will vary depending upon the particular circumstances of the exposure. Exposures happening as a result of an assault or other criminal act will require the ECO to coordinate with the on-call Detective (via the on-duty Patrol Sergeant) or a Detentions Criminal Specialist in order to pursue a court ordered blood draw. Exposures that happen as a result of an accident or a non-criminal act require the ECO to contact the Weld County Attorney's Office and speak directly to the Attorney responsible for the WCSO to pursue the blood draw in coordination with the ECO, the ECO Coordinator, and the County Attorney.

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

- a. Refer to CRS § 16-3-303.8 or CRS § 18-3-415 for court ordered blood draws when an employee suffers an exposure during a criminal act by the source individual
 - b. Refer to CRS § 25-4-410 for court ordered blood draws when an employee suffers an accidental exposure to a source individual
 - c. Refer to CRS § 25-4-410(1)(b)(II) & 42 USC § 300ff-133(f) for blood draws when an employee suffers an exposure and the source individual is unable to provide consent
12. Any relevant information found in the investigation of the source individual shall be provided, without delay, to the exposed employee for post-exposure evaluation and care.
13. Source individual testing will include, at a minimum, tests for HBV, HCV, and HIV. Rapid response test types should be used for all tests when available. If articulable facts exist to expand the scope of a source individual's test to include other pathogens (such as sexually transmitted diseases), this should be coordinated with the ECO Coordinator and clearly documented in the Incident Report.
 - a. When the source individual is factually known to be infected a known pathogen including HBV, HCV, or HIV, that specific test (and only that test) need not be repeated.
14. A "hard-copy" of source individual test results shall be provided to the exposed employee as soon as possible if they wish.
 - a. The employee shall also be given an advisement informing of applicable laws and regulations concerning disclosure of the source individual's protected information.
 - b. The outcome of source testing results should be clearly noted in the Incident Report, as well as their provision to the exposed employee and associated advisement.
15. The ECO shall not provide medical advice or counsel.
16. The ECO shall not solicit, collect or retain employee infectious status information.
17. ECO's may use the State of Colorado Health Department, Centers for Disease Control, and the National Institute of Occupational Safety & Health as information resources as needed regarding necessary steps in the exposure process.
18. When an exposure investigation report is complete, the ECO Coordinator shall be informed, and will review the report for quality and compliance with this policy.

MEDICAL RECORDS

1. Only members of the Exposure Control Team shall have access to exposure records.
2. Medical information obtained by an ECO shall remain confidential and kept securely in a controlled electronic format.

Exposure Control Plan (Approved 2023).pdf**

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

Purpose and Scope

The purpose of the Bloodborne Pathogen Exposure Control Plan (ECP) is to establish a unified approach throughout the agency to handle exposure incidents in which employees are exposed to bloodborne pathogens (BBP) or other potentially infectious materials (OPIM) while performing their assigned duties. The ECP will guide Exposure Control Officers (ECOs) as they ensure appropriate post-exposure care for affected employees while accounting for agency needs and ensuring compliance with applicable standards of care while considering legal obligations.

Rationale

Any employee may experience an occupational exposure to blood or other potentially infectious materials. All employees shall observe universal precautions to prevent contact with BBP or OPIM. All bodily fluids, to include blood/OPIM, will be considered infectious regardless of the perceived status of the source or source individual(s). Engineering and work practice controls will be provided where applicable and utilized by employees in order to eliminate or minimize exposure risk. When exposures are reported, trained employees (ECOs) must respond to determine if an exposure occurred. In the event of an exposure, the ECO will respond to investigate the infectious status of the source individual(s).

Definitions

Bloodborne pathogen (BBP) - Pathogenic microorganisms that are present in human blood that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV).

Exposure Control Officer (ECO) - A trained employee of the Weld County Sheriff's Office who assists members of the agency by ensuring that proper notification of exposures takes place and that employees are provided appropriate post exposure medical treatment, in accordance with Centers for Disease Control guidelines, Colorado

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

Revised Statutes, and the Ryan White Care Act. ECO's are primarily responsible for the creation and completion of Exposure Incident Reports, the gathering of information and investigating exposures, and act as a liaison between the affected employee and their supervisor with regards to medical treatment or follow-up. ECO's act as medical professionals in the execution of their duties.

ECC (Coordinator) – A Sergeant acting as the Exposure Control Coordinator responsible for the creation, maintenance, and oversight of the exposure control plan and its execution, coordination of required training, and generating statistical reports as necessary. The ECO Coordinator reports to an Administrative Lieutenant regarding the ongoing management of the ECO Team.

Exposure Incident - An incident in which blood or other potentially infectious materials comes in direct contact with the non-intact skin, eye, mouth, or other mucous membrane, or other parenteral contact that results from the performance of the employee's duties.

Exposure Incident Report – A report that documents the circumstances of an exposure incident including the names of the parties involved, date and time of exposure, location where the exposure occurred, nature and type of the exposure, and source patient information to include infectious status for HBV, HCV, and HIV.

Personal Protective Equipment (PPE) - Specialized clothing or equipment worn by an employee to reduce the risk of exposure of an employee's skin or mucus membranes to potentially infectious materials (i.e. latex gloves, goggles/masks, gowns, one-way CPR masks, etc.) General work clothes (uniforms, pants, shirts, etc.) are not intended to function as protection against a hazard and are not considered to be personal protective equipment.

Secure Precautions (SECP) or Universal Precautions Hazard Flag - A deliberately vague notation in the flags/hazards section of an inmate's page in the JMS or hazard notation that exists solely if an individual is known to have an infectious disease which emergency response employees would be required by law to be informed of, while simultaneously protecting the individual's medical privacy rights.

Occupational Exposure - Reasonably anticipated skin, eye, mucous membrane, or parenteral contact with blood or other potentially infectious material that may result from the performance of an employee's job duties.

Universal Precautions - An approach to infection control in which all human blood and certain other bodily fluids defined by 29 CFR 1910.1030 (semen, vaginal secretions, amniotic fluid, cerebrospinal fluid, synovial fluid, pleural fluid, and peritoneal fluid) are treated as if known to be infectious for bloodborne pathogens and require infection control procedures using protective barriers such as PPE.

Engineering Controls – a prevention strategy that eliminates or reduces exposure to blood or potentially infectious material through the use of substitution of engineered machinery or equipment. Examples include, but are not limited to, self-capping syringe needles, ventilation systems such as a fume hood or a negative air pressure room.

Control Plan Administration

Employees within the agency will receive an explanation of this Exposure Control Plan (ECP) during their initial agency training. Annual refresher training on the control plan will be reviewed with employees that are ECOs.

1. The ECO Coordinator is responsible for reviewing and updating the ECP annually, or more frequently if necessary. These updates should reflect new or modified tasks and procedures that affect occupational exposure as well as new or revised positions with occupational exposure.
2. The ECO Coordinator will investigate any complaints made regarding the ECP as a whole or the performance of an ECO related to their involvement with an exposure incident.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

3. The ECO Coordinator is responsible for ensuring that there are adequate numbers of ECO's within the agency to be able to handle exposures that occur.
4. The ECO Coordinator will ensure that all ECO's are trained and that an updated list with contact phone numbers of current ECO's is available to supervisors (to be stored in a file on the current server).

PREVENTION AND MITIGATION OF OCCUPATIONAL EXPOSURE

Hepatitis B Vaccination Program

1. The Hepatitis B vaccination series is available to all employees through the Weld County Employee Medical Clinic. The vaccination and any routine boosters are offered at no cost for employees.
 - a. Vaccination is encouraged but not mandatory.
 - b. If refused, the vaccination remains available at no cost, at any time throughout employment if the employee later decides to receive this benefit.

Personal Protective Equipment (PPE)

1. Approved PPE is provided to employees by the agency at no cost. Employees are required to use appropriate PPE for the task being performed.
 - a. Exceptions may be articulated when applying PPE is impractical or hazardous to the safety of the staff member or to members of the public.
 - b. Provided PPE shall not permit blood/OPIM to pass through or reach the employee's clothing, skin, mouth, or other mucous membranes under normal conditions of use and for the duration of time the PPE is expected to be used.
 - c. Proper donning and doffing of PPE plays an important role in avoiding inadvertent exposures. Employees should not only properly don and doff PPE as prescribed in training, but all PPE should fit properly as well.
2. Disposable protective gloves shall be made available to all staff at all agency work sites, including jail housing unit stations, assigned county vehicles, and crime scenes. Gloves shall be worn by employees when touching/handling items or surfaces where blood/OPIM, non-intact skin, or mucous membranes may be reasonably anticipated.
 - a. Gloves will never be washed or decontaminated for reuse and must be replaced as soon as feasible when they become contaminated or if their ability to function as a barrier against contamination is compromised.
3. Wearing masks in combination with eye protection devices (i.e. goggles, glasses with solid side shield, or chin length face shields), is highly encouraged whenever splashes, spray, spatter, or droplets of blood/OPIM may be generated and potential contamination of the eye, nose, or mouth can reasonably be anticipated.

Engineering Controls, Work Practices, and General Precautions

1. All staff members are expected to use good judgment and follow training to mitigate the risks of occupational exposure. This includes, but is not limited to the following:
 - a. Using universal precautions, treating all human blood and bodily fluids/tissues as if it is known to be contaminated with bloodborne pathogens.
 - b. Stocking disposable gloves, blood exposure control kits, one-way CPR masks, and any other appropriate PPE at any duty station, and reporting any deficiencies to a supervisor.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

- c. Washing hands immediately or as soon as feasible after removing PPE or handling any potentially infectious material.
 - d. Handling all sharps, needles, razors, knives, broken glass, or other items that cut or puncture cautiously, using mechanical means (brush & pan, forceps, etc.) to handle these items or recap needles, and storing these items in a puncture resistant container for storage or transportation.
 - e. Decontaminating non-disposable equipment (i.e. flashlight, restraints, radios, etc.) as soon as possible.
 - f. Housing inmates suspected of having airborne pathogens in a negative airflow cell within the jail.
 - g. Avoiding eating, drinking, applying cosmetics or lip balm, handling contact lenses, or any other action likely to result in exposure in a work area where blood/OPIM is present or likely to be present.
 - h. Disposing of biohazardous waste appropriately or labelling biohazardous material properly when it is stored.
2. When an individual's infectious status is known, employees involved in the transport or supervision of that individual are given general advisement of the individual's status as requiring Universal Precautions and having a bloodborne pathogen (but not the specific pathogen) satisfying both medical privacy concerns as well as legal requirements for notification to emergency response employees as mandated under the Ryan White Care Act (42 USC § 300ff-133; 42 USC § 300ff-136) to inform these employees of a life-threatening infectious disease.
- a. Patrol deputies and other staff may be notified via a "Universal Precautions" Hazard Flag advisement from dispatch within the call log for a given incident or contact.
 - b. Detentions deputies and other staff may be notified via a Special Security Precautions (SECP) Hazard Flag on the Inmate screen in the JMS.
 - i. Within the jail, these flags are entered by Sergeants once notified by medical staff when they become aware of an individual having a bloodborne pathogen during a medical screening or assessment.
 - ii. When deputies become aware of an inmate with a bloodborne pathogen, a supervisor will enter this flag to make the same notification to staff

Housekeeping, Laundry, and Decontamination

1. All contaminated areas, work surfaces, or equipment shall be decontaminated as soon as possible. Decontamination may be accomplished by using EPA germicides or a 1:10 bleach to water solution.
2. When decontamination is not feasible, a clearly observable label shall be attached stipulating what remains contaminated and the nature of that contamination prior to other personnel interacting with the contaminated area or equipment.
3. All garments or clothing penetrated by blood/OPIM shall be removed as soon as possible.
4. Used inmate razors within the jail shall be collected from housing units, placed in a bag or container to prevent leakage, and disposed of as soon as practicable.
5. Sharps containers are puncture resistant, leak proof, labelled with a biohazard label or color-coded, and closed prior to removal, replacement, or movement to prevent spillage or protrusion of contents during handling. If the primary container leaks or may leak, the primary container should be placed into a secondary container that meets these stated requirements to prevent leakage.
 - a. Evidentiary sharps shall be stored in sharps containers prior to submission for storage or evidence processing.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

6. Clothing and other non-sharps either saturated with or covered in blood or OPIM which are to be disposed of should be done in regulated waste container in a manner compliant with the regulations of the facility managing the storage and pickup of regulated waste.
 - a. Within the Weld County Jail, leak-proof, puncture-proof, and closeable regulated biohazard waste bins are managed by contracted medical staff and are colored red.
 - i. Waste placed in these bins must be tied off tightly in a red biohazard bag to prevent leakage and may not be overfilled or filled above 35 lbs.
 - ii. Mere presence of blood/OPIM does not meet the requirements to use these bins or be disposed of as "biohazard trash" and may instead be disposed of as normal waste. Items placed into these bins must have soaked up or been covered in a significant quantity of blood or OPIM (i.e. bandages, wound wrapping or packing, a shirt used as a compress over a wound, etc.)
7. All soiled laundry should be assumed to be contaminated and handled with universal precautions.
 - a. Uniforms and work clothing are laundered at a private contract laundry facility, (i.e., a dry cleaner under contract with the county.)
 - i. Employees shall notify the contractor to use standard precautions for post-exposure clothing when delivering it to the contract facility.
 - b. Inmate workers at the Weld County Jail launder institutional laundry generated by the jail and are trained to decontaminate the prisoner transport compartments of law enforcement vehicles in the booking garage.
 - c. Soiled laundry should be handled as little as possible with minimal agitation, being bagged or containerized at the location where it was used or encountered in such a fashion as to prevent exterior leakage.

POST-EXPOSURE EVALUATION, INVESTIGATION, AND FOLLOW-UP

1. Employees who experience an exposure or suspected exposure shall begin decontamination procedures as soon as practicable (i.e. wash hands any other exposed skin with soap and hot water, flush eyes or other mucous membranes with water).
 - a. Employees will immediately report the incident to a supervisor as soon as practicable.
 - b. Supervisors notify an Exposure Control Officer as soon as possible.
2. Once the ECO is activated by the supervisor, they become a medical representative for the Sheriff's Office and are subject to confidentiality regulations.
3. Duties are delineated between the on-duty supervisor and the ECO in order to limit supervisor knowledge of protected medical information while promptly providing for both Worker's Compensation processes and the care of the employee and investigation of the source individual in the exposure incident.
4. Supervisors are responsible for reporting, documenting, and handling the exposure through normal Worker's Compensation forms and processes.
 - a. Supervisors should not seek out nor include information regarding the infectious or medical statuses of either the employee or the exposure source individual.
5. The ECO will investigate the incident to determine if an exposure occurred and generate a Pathogen Exposure Incident Report, filed under the restricted-access "Pathogen Exposure" folder on the network "M" Drive.
6. The ECO shall first determine if the involved employee has suffered an exposure incident, relaying this finding immediately to the employee & supervisor.

Weld County Sheriff's Office

BLOODBORNE PATHOGEN EXPOSURE CONTROL PLAN

- a. If the incident is deemed not to be an exposure, the ECO generates an Exposure Incident Report to document the rationale of a non-exposure finding. The employee will receive written notification of the non-exposure finding from the ECO within 24 hours.
7. If the employee has suffered an exposure, the ECO shall ensure the employee receives a confidential medical evaluation and follow-up for the exposure as soon as possible.
 - a. If the employee has been sent for treatment/evaluation already, this determination should be communicated to the employee as soon as possible.
 - b. While the ECO ensures that the employee is sent for follow-up care, the ECO does not transport or act as a "guardian deputy" for the exposed employee. The ECO instead assists the exposed employee by immediately attempting to gain voluntary source individual testing.
8. The ECO shall interview and investigate the source individual to determine HBV, HCV, and HIV infectious status.  - d. Employee personal or prior knowledge of the individual
 - e. The individual's charges, possessions, or surroundings
 - i. Information gained in this interview is confidential medical information and inadmissible for purposes of criminal reporting.
 - ii. If the source individual can't be identified, efforts to identify them will also be documented in the report.
9. Blood draws are performed at no cost to the source individual and are instead billed to the WCSO through Worker's Compensation to aid in the employee's post-exposure care.
 - a. Source individuals are entitled to the results of their blood tests
10. If the source individual provides consent for a blood draw, the ECO will facilitate the blood draw or coordinate its completion.
 - a. The signed consent form for blood draw should be scanned and included in the exposure report, and if applicable, placed into the inmate's file at the Weld County Jail.
 - i. In exigent circumstances, consent may be given verbally, in the presence of two staff members who may attest to the granting of that consent or a recording of such consent. This must be witnessed by the two staff members in writing and included in the inmate's file at the Weld County Jail.
 - ii. Note: Consent may be revoked at any time.
 - b. Within the jail, contracted medical staff may perform the blood draw of a consenting source individual that is an inmate in custody. Medical staff does not perform testing on the specimens and will instead provide the specimens to the ECO to be taken offsite for testing.

WELD COUNTY SHERIFF'S OFFICE GENERAL ORDER

General Order Administration

Adopted:

Sten Reave

Directive Number: 10.1.700

Effective Date: January 21, 2015

Title: Temporary Protection Orders

References: CRS §30-10-515

Rationale:

Colorado Revised Statutes impose a *duty* on the Sheriff, and therefore all deputies, to serve temporary protection orders when directed to the Sheriff for service. Processes and orders requiring service during normal county business hours are processed by Sheriff's staff at the Weld County Law Enforcement Administration Building (1950 O Street, Greeley) lobby. Temporary Protection Orders (TPO), however, are an exception because the inherent need for the safety of the person protected by the order transcends normal business hours. Therefore, when minimum conditions are met, a TPO will be served 24 hours daily.

The circumstance predicating the need for a TPO is usually traumatic and filled with conflict. Every member of the Sheriff's Office is encouraged to be empathic and understanding when a TPO is presented for service.

Procedure

1. Temporary Protection Order documents are only accepted for service during regular business hours, Monday – Friday, 0800-1700 hours (closed holidays) at Weld County Law Enforcement Admin building (preferred location), SW Sub Station and SE Sub Station. Documents are processed at the Law Enforcement Admin building for service by the Civil Process technicians and sent out for service with the civilian civil process servers. Certain circumstances may dictate the document be sent out for service with the Patrol Division. The circumstances include but are not limited to:
 - a. Subject has an active arrest warrant
 - b. Documented history of threats or violence towards law enforcement
 - c. Order restrains the subject from the same residence as the protected party hence requiring the removal of the restrained person from the residence
2. Information documenting acceptance of the TPO is entered into the Civil system computer by a Civil process technician at the Law Enforcement Admin Building during normal business hours.
 - a. TPO and Protection Order Information documents received at Southwest and Southeast buildings are faxed or relayed to the to the civil process

WELD COUNTY SHERIFF'S OFFICE GENERAL ORDER

- technician at the Law Enforcement Admin Building or in some exceptions the SW office technician will make the entries.
- i. Original documents are relayed to the Civil process technician at the Law Enforcement Admin Building in regular intra-county mail
 - b. A court date appears in the TPO document. The TPO must be served by the court date or a non-service completed showing what *diligent* effort was made to serve the document in order to close the document in the computer system in the appropriate civil program.
3. During normal business hours, the civil technician attaches the routing slip and civil number generated by the civil system computer to the TPO documents to be served and send out for service.
- a. Defendant in custody at the North Jail Complex:
 - 1) The desk deputy is first contact for service; if not available, an on duty civil process server or civil deputy should be contacted, if not available, an on-duty patrol Sgt. should be contacted for service.
 - b. The TPO documents are faxed to the Law Enforcement Admin Building from Southwest or Southeast Buildings during normal business hours
 - 1) TPO documents for service will be emailed to the appropriate building for service and assigned to the deputy or the district.
4. Successful service of TPO's requires the deputy and/ or civil process server to call the Greeley/ Weld records department to update CCIC records.
- a. The records clerk will update CCIC records to reflect time and date that the order was served.
 - i. The deputy and/ or civil process server utilizes the computer civil system enters service attempt information, prints an affidavit of service, or fills in court affidavit attached to routing sheet.
 - b. Signed affidavits of service are attached to the routing slip and returned to the civil process technicians at the Law Enforcement Admin Building.
 - c. Affidavits signed by Sheriff's Office personnel are notarized by the civil office technician.
5. The routing slip is updated to document every attempt of service, what deputy attempted service, information regarding an attempt of service and/or completed service.
- a. Return completed routing slips to the civil process technicians at the Law Enforcement Admin Building.
 - b. Routing slip attempt information is entered into the civil system computer by the deputy and/ or civil process server making the attempts/service.
 - 1) Deputies and/or civil process servers are required to document in the computer civil system under the associated number assigned to the order documenting actions and attempts made to serve the order and any other related follow up or investigative information.
 - c. Non serves will be returned to the courts along with the evidence of service diligent efforts.
 - d. An affidavit of service or non-service document is generated.
6. Affidavits of service are signed by the deputy and/ or civil process server serving the TPO and returned to the civil process technician at the Law Enforcement Admin Building.

WELD COUNTY SHERIFF'S OFFICE GENERAL ORDER

7. The civil process technician sends completed affidavits or non-service documents to the court and plaintiff.
8. After hours TPO's shall be served in scope of 13-14-102 (11). After hours TPO's are not entered in to the civil computer system and the plaintiff is responsible to return the signed affidavit to the courts.
 - a. **13-14-102(11)** *"If the order has not been personally served, the peace officer responding to a call for assistance shall serve a copy of said order on the person named defendant therein and shall write the time, date, and manner of service on the protected person's copy of such order and shall sign such statement."*

Definitions:

10.1.900 NCMC Security Access.pdf

WELD COUNTY SHERIFF'S OFFICE GENERAL ORDER

General Order Administration

Adopted:

Stem Reams

Directive Number: 10.1.900

Effective Date: January 21, 2015

Title: Northern Colorado Medical Center Security Access

References:

Rationale:

Guidelines:

A. Employee Access to Northern Colorado Medical Center (NCMC):

Weld County Sheriff's Office employees will be required to have a Security Badge issued by Northern Colorado Medical Center to access the emergency unit at NCMC. Sheriff's Office employees that do not have a security badge issued by NCMC will have to gain entrance into the emergency unit by checking in with hospital security staff in the triage area of the hospital.

B. Issuance of the security badges:

Security badges will be issued to Weld County Sheriff's employees by the security staff at Northern Colorado Medical Center upon employment with the Sheriff's Office. The security badges will be proximity access cards and will be issued in the name of the Sheriff's Office employee if that employee is assigned to the Patrol Division. The badges will contain the employees name and a serial number that identifies it to that specific employee.

Employees assigned to the Detention Division will have access to six general purpose security badges.

If an individual employee is separated from employment with the Weld County Sheriff's Office for any reason, the Administration Office Manager must be immediately notified. The Administration Office Manager will then contact the Security Office at NCMC to advise them of the employee's leave status so that the employee's security badge can be deactivated. The Administration Office Manager will then return the badge to the Security Office at NCMC.

WELD COUNTY SHERIFF'S OFFICE GENERAL ORDER

C. Areas of Authorized access with security badges.

Entry into the hospital facility should be made through the intake triage area and movement through the facility should be limited to the specific area(s) where the employee is conducting official business.

Only when there is an emergency response requested to the emergency unit area may the ambulance service entrance be used.

Weld County Sheriff's Office employees that are at the hospital for private matters, are not authorized to use their security badges to gain access to any portion of the hospital.

- Arrange transportation for the family and other survivors upon their departure from the hospital.

Appendix C: Office Liaison

This individual should be an employee who has the authority to make critical decisions in order to expedite the tasks of employing agency resources and the delegation of assignments. The duties and responsibilities of the Office Liaison include, but are not limited to, the following:

- General supervisory oversight of the hospital liaison, the funeral liaison, the benefits coordinator, and the family support advocate. The Office Liaison is responsible for ensuring their duties and assignments are carried out in accordance with this procedure and or verbal instructions from superiors.
- Due to the number of duties and responsibilities of the Funeral Liaison, and the limited amount of time to accomplish them, the Office Liaison may appoint additional personnel to assist the Funeral Liaison.

Appendix D. Funeral Liaison

The Funeral Liaison acts as a facilitator between the decedent employee's family and the department during the wake, visitation, funeral and graveside activities. This is not a decision-making position but works closely with the Office Liaison. The Funeral Liaison does not need to be a command staff officer but the assignment is critically important. This person should be close enough to the deceased employee to be aware of the family dynamics but not so emotionally involved as to be ineffective. The duties and responsibilities of the Funeral Liaison include, but are not limited to, the following:

- Meet with family members to explain his/her responsibilities
- Be immediately available to the family prior to and throughout the wake, visitation and funeral

- Advise the surviving family of the role of law enforcement associations and organizations in the nature of support programs they sponsor for survivors (C.O.P.S)
- Coordinate contributions to the family through any agency assisted funds collected

Appendix F. Family Support Advocate

The Family Support Advocate is a long-term liaison and provides in-going support to the surviving family. The Family Support Advocate should have extensive experience dealing with victims and witnesses. The duties and responsibilities of the Family Support Advocate include, but are not limited to, the following:

- Provide contact with surviving family members in order to keep them abreast of criminal proceedings relating to the death or serious injury of their family member
- Accompany surviving family members to criminal proceedings, explain the nature of the proceedings, answer questions concerning the proceedings, and introduce them to the prosecutors and other persons as required
- Identify support services available to family members and work on their behalf to secure services needed or necessary
- Maintain contact with family members to provide companionship and emotional support and maintain an ongoing relationship between the agency and the immediate family
- Relay the concerns and needs of the family to those individuals or organizations that may provide assistance. Encourage others to visit the family and help is necessary.

Appendix G. Continued Support for the Family

- Members of the Sheriff's Office need to remain sensitive to the needs of the survivors long after the employee's death. The grief process has no timetable and survivors may develop a complicated grief process. Statistically, more than half of the surviving spouses can be expected to develop a post-traumatic stress reaction to the tragedy.
- Survivors should continue to feel a part of the "law enforcement family". They should be invited to agency activities and functions to ensure continued contact.
- Members of the agency are encouraged to keep in touch with the family. Close friends, coworkers, and official should make arrangements with the family to visit the home from time to time so long as the family expresses a desire to have these contacts continue.
- The Sheriff's Office should observe the employee's death date anniversary.
- Holidays may be especially difficult for the family, particularly for small children who are involved. Increase contact with the survivors and additional support is important during these times.
- Ensure close contact is maintained between the Sheriff's Office and the survivors. To the extent possible, assist their needs for as long as the family feels the need for support. This is especially important in instances of prolonged court proceedings litigation.
- If no court proceedings surround the circumstances of the employee's death, the Family Support Advocate will relay all details of the incident to the family at the earliest opportunity.
- If criminal violations surround the death, the Family Support Advocate will inform the family of all new developments prior to a press release. Keep the family apprised of legal and parole proceedings and introduce the family to victim assistance specialists. Encourage the family to attend the trial and accompany them when possible. Arrange for investigators to meet with the family at the earliest opportunity following the trial to answer their questions.

Appendix H. Inter-Office Issues

- It may be necessary to request outside Law enforcement assistance regarding a line of duty death or serious injury. This may include requesting outside agency assistance in handling calls for service and traffic control within the county.
- Agency members who work on a daily basis with one another should never be assigned responsibility of working the death of an immediate coworker. A partner or close friend should never be allowed to assume an active role in the investigation of the death or serious injury. However, the survivors should be kept completely apprised of case developments.
- Do not use a partner or close friend as the primary liaison with the family.* This partner or friend should be considered a survivor and should not be assigned the responsibility of notifying the family or making arrangements with the hospital. This does not preclude them from being present with the family when notification is made. This employee should be free to provide assistance to the family, upon the family's request, if the employee feels capable of carrying out this responsibility. This should be the employee's choice, not a responsibility assigned by the agency. It must be understood that a partner or close friend of the deceased employee may need to be placed on leave through the time of the funeral.
- Upon the death or serious injury of an employee, personal notification of any agency personnel known to be a close friend should be made by a supervisor or by an agency member who is close to the employee. This notification should be done as soon as possible after the incident occurs to prevent the possibility of the employee learning of the incident by a telephone call her through the news media.
- Notification of a serious injury or death of an employee to other off-duty employees and agency members should be made by supervisor. The supervisor may be within the Bureau of the deceased employee or a designated supervisor from another Bureau. This notification should be done in person to all non-affected on duty at the time of the incident. Under no circumstances should this notification be done by radio.
- As additional shift report for duty, they should be notified by their supervisor of the serious injury or death of the employee.
- A preliminary debriefing of the incident as soon as practical should be conducted by a trained team for all personnel involved at the scene of the incident, communications specialist, and others who feel in need of this debriefing. This meeting is not to be a critique of the incident, only a debriefing for those employees and agency members involved.
- Supervisors should be aware and maintain vigilance assessing employees under their supervision for signs and symptoms associated with the incident involving the death or serious injury of a coworker.

Appendix I Honors Accorded and Honor Guard

- Any employee who dies in the line of duty will be accorded full honors if desired by the surviving family. This could include the Honor Guard, Casket Guard, Pallbearers, Firing Team, Taps, Bagpiper(s), bugler(s), and flag presentation.
- The Honor Guard Corporal is responsible for coordinating and directing the activities of the Honor Guard. The Funeral Liaison will work closely with the Honor Guard Corporal coordinating Casket Guard(s), Pallbearers, Firing Team, Bugler, Bagpiper, and Flag Presentation.
- The Casket Guard is usually comprised of members from the Honor Guard, however, volunteers may stand watch at the discretion of the Honor Guard Corporal.

Appendix J General Funeral Procedures

- All uniformed employees will maintain an exemplar personal appearance at law enforcement funeral services. Civilian employees must also maintain excellent personal appearance and wear appropriate clothing.
- Law enforcement funerals require uniformed personnel to wear a Class A or Dress Uniform with badge draped or shrouded
- Uniformed employees attending a law-enforcement funeral will maintain a professional bearing. If professional bearing is unable to be maintained, the employee should remove themselves, if at all possible, with the least amount of commotion.
