Dear Citizens of Weld County,

Here at the Weld County Sheriff's Office, we are dedicated to the needs of our community and work hard each and every day to serve and protect Weld County citizens.

Unfortunately, the impact of crime can have far reaching effects. We are proud to collaborate with caring citizens who volunteer their time as an important part of the team within our Victim Services Unit. Throughout my career, I have been truly inspired by the people who give of themselves to impact the lives of others. It is my goal to continue to work in partnership with such dedicated individuals to create the support services necessary for victims to begin to recover from what may be the most traumatic experience of their lives. Thank you for considering becoming such an important part of our team here at the Weld County Sheriff's Office and I look forward to working alongside you in the near future.

-Sheriff Steve Reams

Victim Assistance Unit

The Victim Assistance Program is a specialized unit of the Weld County Sheriff's Office working together closely with the Investigations Unit and the Patrol Division. The program responds to victims of crime, family survivors in cases of sudden or violent death, and delivers many of the death notifications in Weld County in cooperation with the Weld County Coroner's Office. Deputies contact the Victim Assistance Unit in many situations when a victim needs caretaking, information, or referrals.

Crisis Intervention

A Victim Advocate is available 24 hours a day, 7 days a week, to assist victims of crime and their families. Victims of specific crimes have rights to request and utilize these services. If immediate assistance is not needed, Victim Advocates are in the office on regular workdays. The advocates provide short-term crisis intervention to victims. These advocates include full time staff as well as dedicated community volunteers that are trained in addressing the needs of those touched by crime and crisis in our community.
